By petition of Herb Moyer and other eligible voters of the Town of Exeter, NH, “to see if the town will vote to urge:

That the New Hampshire State Legislature join nearly 500 municipalities and 16 other states, including all other New England states, in calling upon Congress to move forward a constitutional amendment that: 1) guarantees the right of our elected representatives and of the American people to safeguard fair elections through authority to regulate political spending, and 2) clarifies that constitutional rights were established for people, not corporations.

That the New Hampshire Congressional delegation support such a constitutional amendment.

That the New Hampshire State Legislature support such an amendment once it is approved by Congress and sent to the State for ratification.

And furthermore, that this Town Meeting vote be a record that We the People want Congress and our state legislature to:

- Institute full, effective and immediate electronic disclosure of all election-related spending by any individual, group, corporation, party or institution.
- Provide for fair, nonpartisan and vigorous enforcement of existing campaign laws and regulations by federal and state agencies.
- Enact an absolute ban on campaign contributions by foreign governments, foreign agencies, foreign corporations or their subsidiaries and employees in the U.S.
- Enact legislation that would cut down on the influence of big bankroll donors by multiplying the power of small donations through the use of voter vouchers, tax credits and matching public funds.

The record of the vote approving this article shall be transmitted by written notice to Exeter’s congressional delegation, and to Exeter’s state legislators, and to the President of the United States informing them of the instructions from their constituents by the Board of Selectmen within 30 days of the vote.

### **Article 24**

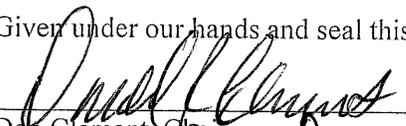

By petition of Jill and Allan Mayo and others, “to see if the Town will vote to help lessen our nation’s dependence on fossil fuels and to promote the use of solar energy in our town, by adopting the provisions of RSA 72:61 through RSA 72:64 inclusively, which allows for each New Hampshire city and town, to adopt an exemption from the assessed value of the solar-related equipment, for property tax purposes, for persons owning real property, which is equipped with solar energy systems intended for use at the immediate site. The property tax exemption shall only be in the amount equal to 100% of the assessed value of qualifying solar related equipment under these statutes. Per RSA 72:61, a “solar energy system” means a system which utilizes solar energy to heat or cool the interior of a building or to heat water for use in a building and which includes one or more collectors and a storage container. “Solar energy system” also means a system which provides electricity for a building by the use of photovoltaic panels. (A majority

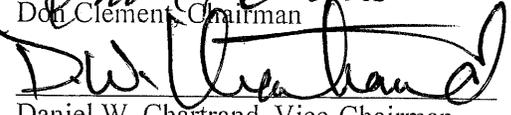

vote of yes would continue the Town's current practice of not increasing home valuation due to the solar installation for assessment purposes and would preclude the Town from, in the future, potentially collecting property tax on the assessed value of the solar-related equipment, as such a tax would reduce the benefit of installing such a system and would disincentivize installing one.)

Majority vote required.
