This year Flag Day comes on a Saturday and we invite all youth groups and the general public to participate. The time of the ceremonies will be in local newspapers and on our website.

We closed our range to members for a number of days of Exeter Police training, We do this whenever the Firearms Training Officer asks. We also provide an honorary membership with full use of our facilities to every member of the Exeter Police Department.

The Town obtained final approval from the NHDES and we negotiated an agreement to incorporate into our new berm, the soil subject to the remediation order. This public/private cooperation will save Exeter taxpayers much expense. Construction is expected to start later this month when ground and weather conditions permit.

We held three NH F&G Hunter Safety Classes, consisting of 20 students each. The next one will be during the week of April 28 through May 3.

Two more club members became trained Hunter Safety Instructors and joined our club team.

We continue to grant free membership to military personnel on active duty. Whether stationed in this area or at home on leave.

We hosted several cadets from the U. S. Coast Guard Academy for a practice session. The father of one of them had recently moved to Exeter and contacted us when the Cadets were coming from Connecticut for a few days.

Our self-policing program has been greatly enhanced by the video monitoring system reported to you last April. Our Range Captain and assistants monitor at home and respond promptly when the need arises.

If you have questions or comments about any of the above, please do not hesitate to contact me.

Respectfully Submitted,

Joseph L. Kenick Jr.
