

2013 Lamprey Rivers Management Plan

Review of Draft

- Please review the plan to see how it fits with your organization's mission or with the town's master plan, natural resource inventory, or zoning regulations, such as shoreland buffers.
- Please note how the Lamprey Rivers Advisory Committee and your group could work together to address common issues.
- Please comment on the Committee's goals that might be at odds with your group or town's efforts to protect the river or tributary.
- Please make this available to colleagues or town residents who can or might want to help with our efforts.

If you comment directly on this draft, please use the area below to provide your name and contact information. If you sign on line 1, please add a 1 in a circle next to your written comments so we can contact you if we have questions.

If you prefer to write comments separately, they can be sent electronically to Suzanne Petersen, spetersen.lrac@comcast.net or by mail to Sharon Meeker at 203 Wadleigh Falls Road, Lee, NH 03861. You are also welcome to call Sharon at home at 659-5441. **Comments are due by June 15, 2013**
