The 1992 edition of the Exeter Town and School Report is dedicated to Selectman Victor Baillargeon. Victor has dedicated 11 years of his life to serving his native Exeter. He served as Selectman from 1986 to 1992, as a member of the Planning Board from 1980 to 1985, and the Water & Sewer Advisory Committee from 1980 to 1992, including one year as its Chairman. Victor's selfless dedication to so many aspects of Exeter's government is an example to us all. Exeter is a better place for his faithful participation in Town government. We all owe him a debt of gratitude.

WARRANT 1992

TOWN OF EXETER
STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Exeter, in the County of Rockingham, in said State, qualified to vote in town affairs: You are hereby notified to meet at the Town Hall in said Exeter on Tuesday, March the tenth, at eight o'clock in the forenoon, to choose all necessary Town Officers for the ensuing year, by official ballot; the polls to open at eight o'clock in the forenoon and to close not earlier than eight o'clock in the evening, and thereafter to reconvene at the Exeter High School Gymnasium on Monday, March 16, 1992 at seven o'clock in the afternoon, for the purpose of acting on all other matters to come before the meeting.

ARTICLE 1

To choose by ballot and plurality vote two (2) Selectmen for the term of three (3) years.

ARTICLE 2

To choose by ballot and plurality vote three (3) Trustees of the Library Committee for the term of three (3) years.

ARTICLE 3

To choose by ballot and plurality vote one (1) Trustee of the Trust Fund for the term of three (3) years.

ARTICLE 4

To choose by ballot and plurality vote one (1) Trustee of the Robinson Fund for the term of seven (7) years.

ARTICLE 5

To choose by ballot and plurality vote one (1) Trustee of the Swasey Parkway for the term of three (3) years.

ARTICLE 6

To choose by ballot and plurality vote one (1) Supervisor of the Checklist for the term of six (6) years.

ARTICLE 7

To choose by ballot and plurality vote one (1) Town Moderator for the term of two (2) years.

ARTICLE 8

To choose by ballot and plurality vote two (2) School Board members for the term of three (3) years.

ARTICLE 9

To choose by ballot and plurality vote one (1) School Moderator for the term of three (3) years.

ARTICLE 10

To choose by ballot and plurality vote one (1) School District Clerk for the term of three (3) years.

ARTICLE 11

To choose by ballot and plurality vote one (1) School Treasurer for the term of three (3) years.

ARTICLE 12

To see if the Town shall permit the Public Library to retain all money it receives from its income-generating equipment to be used for general repair and upgrading and for purchase of books, supplies and income-generating equipment. This article is pursuant to RSA 202-A:11-a.

ARTICLE 13 - ZONING AMENDMENT #1

"Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend 'Section 9.34.7.(4) and (5)', by changing the references from 'Section D' and 'Section A' to 'Section 9.34'

and 'Section 9.31', respectively?"

ARTICLE 14 - ZONING AMENDMENT #2

"Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend 'Section 4.30, Schedule II: Density and Dimensional Regulations - Residential', by deleting the 'Minimum Lot Area' column heading and amending the language for the first two column headings to read: 'Minimum Lot Area without Public Water and Sewer' and 'Minimum Lot Area with Public Water and Sewer?'"

ARTICLE 15 - ZONING AMENDMENT #3

"Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend 'Section 5.51 a., Side Yard of Corner Lot', by deleting the words 'side yard' throughout the section and replacing with the words 'side street setback', and by adding the words 'fronting on the side street' to the end of the section?"

ARTICLE 16 - ZONING AMENDMENT #4

"Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 4.20, Schedule I: Permitted Uses, by adding 'expansion of non-conforming uses' as a use permitted by special exception in the Waterfront Commercial zoning district?"

ARTICLE 17 - ZONING AMENDMENT #5

"Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 4.20, Schedule I: Permitted Uses, by adding 'expansion of non-conforming uses' as a use permitted

by special exception in the Exeter Shoreland Protection District?"

ARTICLE 18 - ZONING AMENDMENT #6

"Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 2.20, Definitions - Wetlands, by adding the following after the word 'Survey': 'or those poorly and very poorly drained soils as identified by a high intensity soil survey prepared by a certified soil scientist, as defined in Section 9.12 of this ordinance?"

ARTICLE 19 - ZONING AMENDMENT #7

"Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 9.15 Buffer Areas, by replacing the existing language with the following: 'No subsurface wastewater disposal system from which wastewater is to be discharged shall be constructed within 50 feet of any poorly drained soils or within 75 feet of any very poorly drained soils?"

ARTICLE 20 - ZONING AMENDMENT #8

"Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 5.62 Off-Street Loading, by deleting the text after the word 'berths' at the end of the first paragraph and adding: 'The required number of loading/unloading berths shall be determined in accordance with the applicable terms of the 'Site Plan Review Regulations?"

ARTICLE 21 - ZONING AMENDMENT #9

"Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning

Ordinance as follows:

Amend Section 9.34.2 Shoreland Protection District Use Regulations, Maximum Lot Coverage, by adding the following language after the word 'District': 'unless a Conditional Use Permit is granted by the Planning Board under the terms of the Section 9.34.7.b.?"

ARTICLE 22 - ZONING AMENDMENT #10

"Are you in favor of the adoption of Amendment #10 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 9.11 Wetland Conservation District, District Boundaries, by adding the word 'either' after the word 'by' and adding the following text after the word 'Hampshire': 'or a high intensity soil survey prepared by a certified soil scientist*'. In addition, delete the second paragraph in its entirety?"

ARTICLE 23 - ZONING AMENDMENT #11

"Are you in favor of the adoption of Amendment #11 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 2.20, Definitions, by deleting the definition for 'Mobile Home' and replacing with the State definition for 'Manufactured Housing' as follows: 'Any structure transportable in one or more sections, which, in the traveling mode, is eight (8) body feet or more in width and 40 body feet or more in length, or when erected on site, is 320 square feet or more, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to required utilities, which include plumbing, heating and electrical systems contained therein?"

ARTICLE 24 - ZONING AMENDMENT #12

"Are you in favor of the adoption of Amendment #12 as proposed by the

Planning Board for the Town Zoning Ordinance as follows:

Amend Section 4.20, Schedule I: Permitted Uses by adding 'manufactured housing subdivisions' as a permitted principal use in the R-1 Zoning District only, deleting the words 'excluding mobile homes and trailers', deleting any references to 'Mobile Homes' and 'trailers' and excluding 'manufactured housing subdivisions' from the R-2, R-3 and R-4 Residential Districts?"

ARTICLE 25 - ZONING AMENDMENT #13

"Are you in favor of the adoption of Amendment #13 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 2.20, Definitions, by adding the following definition for 'Manufactured Housing Subdivision': 'A subdivision designated by the applicant for the exclusive use of manufactured housing on individually deeded lots and consisting of a minimum of four (4) lots, each lot conforming to the density and dimensional regulations of the R-1 Zoning District?"

ARTICLE 26

To choose all other necessary Town Officers, Auditors or Committees for the ensuing year.

ARTICLE 27

To see if the Town will vote to authorize the Board of Selectmen to raise and appropriate the sum of \$2,568,130 for the upgrade of the Water Treatment Plant, by the issuance of serial notes or bonds of the Town under, and in accordance with the provisions of RSA Chapter 33 (Municipal Finance Act), as amended; the discretion of fixing dates, maturity, interest, or discount rates, the place of payment, the forms and the details of said bonds or notes, to be delegated to the Board of Selectmen.

ARTICLE 28

To see what sums of money the Town will raise and appropriate for the maintenance of the poor, for repairing and rebuilding bridges, for repairing and building sidewalks, for building drains and sewer, for oiling streets, for payment of the Town departments, for lighting the streets, for defraying expenses of decorating the graves of soldiers, for payment of firemen during the ensuing year, and for other charges arising within the Town.

ARTICLE 29

To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town gifts, legacies and devises made to the Town in trust for any public purpose, as permitted by RSA 31:19.

ARTICLE 30

To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the year, in accordance with RSA 31:95-b.

ARTICLE 31

To see if the Town will vote to authorize the Board of Selectmen to convey any real estate acquired by the Town by tax collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.

ARTICLE 32

To see if the Town will vote to authorize the Board of Selectmen to accept the dedication of any street shown on a subdivision plat approved by the Planning Board, provided that such street has been constructed to applicable town specifications as

determined by the Board of Selectmen or their agent.

ARTICLE 33

To see if the Town will vote to authorize the Treasurer, with the approval of the Board of Selectmen, and pursuant to RSA 33:7 and 33:7-a to incur debt for temporary loans in anticipation of 1992 taxes, and in anticipation of any bond issue which may be voted by the Town, and to issue, therefore, notes of the Town payable within one year after their date, and to pay or renew the same by issue of new notes payable within one year after the date of the original publication.

ARTICLE 34

To see if the Town will vote to raise and appropriate the sum of \$12,608.00 to be deposited into the Town Retirement Sick Leave Fund and to authorize the Selectmen to expend such monies from said fund as are required by the Town to meet its obligation to retiring employees.

ARTICLE 35

To see if the Town will vote to recommend to the Board of Selectmen the adoption of semi-annual property tax billing; one half being due July 1st of each year based on the previous year's assessment, with the other half or balance due December 1st of each year.

ARTICLE 36

To see if the Town will vote to authorize the Board of Selectmen to sell, by sealed bid, a 2.4 acre parcel of land located at 8 Tamarind Lane.

ARTICLE 37

To see if the Town will vote to raise and appropriate the sum of \$450,000 for the purpose of constructing a 200,000 gallon water tank off Kingston Road; such funds to be raised by withdrawing \$150,000 from the water reserve fund; by accepting a gift of \$150,000 from

Life Care Services of N.H., and by transfer of \$150,000 in land use change tax revenue associated with the construction of Life Care Services of N.H.'s facility, to the water division.

ARTICLE 38

To see if the Town will vote to authorize the Board of Selectmen to accept Boulder Brook Drive as a public street.

ARTICLE 39

To see if the Town will vote to establish a Town Forest, as authorized by NH RSA 31:110 to include the following lands: Tax Map parcels 5-2-12, 5-2-21, 5-2-23, and 6-1-19, formerly Deene Estate lands; Tax Map parcels 5-2-10, 5-2-11, and 5-2-13, formerly Jensen lands; Tax Map parcel 5-2-7, formerly Stockbridge land; Tax Map parcel 5-2-3, formerly Chamberlin land; and Tax Map parcels 5-2-20.1, 5-2-22, 5-2-6, and 5-2-9; and to authorize the Conservation Commission to manage the Town Forest under the provisions of RSA 31:112 II; and to authorize the placement of any proceeds which may accrue from said forest management in a conservation fund and allowed to accumulate from year to year as authorized by NH RSA 36-A:5.

ARTICLE 40

To see if the Town will vote to convey, by Quitclaim Deed, whatever interest it may have in Governor's Lane to the Society of the Cincinnati, in the State of New Hampshire, for the consideration of One Dollar (\$1.00), subject to whatever rights the public may now have to pass and repass by foot.

ARTICLE 41

To see if the Town will vote to authorize the Board of Library Trustees to apply for, accept, and expend, without further action by the Town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year requiring that such

funds be used only for purposes for which a Town may legally appropriate money. This article is pursuant to RSA 202-A:4-c.

ARTICLE 42

To see if the Town will vote to authorize the Board of Selectmen to negotiate for and to grant an easement to Granite State Gas Transmission, Inc., for the relocation of the existing gas transmission pipeline over land of the Town off Newfields Road, near the Public Works Department buildings, from its current location adjacent to the sewer lagoons to a more suitable location.

ARTICLE 43

On petition of David Weber and others, to see if the Town will vote to reauthorize the Exeter Conservation Commission to negotiate and sell a 1.7 acre parcel north of Swasey Parkway (Tax Map parcel 9-5-06-001), subject to a conservation easement and architectural covenants, for an amount not less than its fair market value to be confirmed by an MAI appraisal with proceeds from the sale to be returned to the Exeter Conservation Fund.

ARTICLE 44

On petition of Judith Sheldon and others, to see if the Town will vote to authorize the Exeter Conservation Commission to negotiate and sell an 11.2 acre parcel adjacent to the Exeter River on Linden Street (Tax Map Parcel 12-2-22.001) subject to a conservation easement, for an amount not less than its fair market value to be confirmed by an MAI appraisal with proceeds from the sale to be returned to the Exeter Conservation Fund.

ARTICLE 45

On petition of Diane Kollmorgan and others, to see if the Town will vote to raise and appropriate the sum of Four Hundred Dollars (\$400.00) for the Seacoast Area Chapter of the American

Red Cross in support of its emergency services.

ARTICLE 46

On petition of Richard Park and others, to see if the Town will vote to provide trash collection services to the residential condominiums in Exeter and, failing that, to reimburse the various residential condominium associations for the cost of trash collection, monthly.

ARTICLE 47

On petition of Richard Park and others, to see if the Town will vote to allow all occupants of residential condominiums, within the Town of Exeter, the same landfill usage rights offered to all other homeowners/occupants.

ARTICLE 48

On petition of Barbara H. Leake and others, to see if the Town will vote to raise and appropriate the sum of \$20,580.45 to the Rockingham Visiting Nurse Association for providing continued health care service to the residents of the Town for the year 1992.

ARTICLE 49

On petition of John Marzinik and others, to see if the Town will vote to raise and appropriate the sum of \$13,580.45 to the Rockingham Visiting Nurse Association for having provided health care services to the residents of the Town of Exeter for the year 1991, which sum represents the balance of the commitment made by the Town for 1991 which has not been paid and is still due and outstanding.

ARTICLE 50

On petition of James Tobey and others, being 'Friends of Exeter Recreation', to see if the Town will vote to raise and appropriate the sum of \$45,000 which shall be used to complete the construction of a multi-sport youth recreation park off Kingston Road (across from Brickyard

Pond), on 12 acres of land deeded to the Town exclusively for said recreational uses.

ARTICLE 51

On petition of Patricia Dawley and others, to see if the Town will vote to raise and appropriate the sum of \$7400.00 to assist Seacoast Hospice, a non-profit organization.

ARTICLE 52

On petition of Thomas Tarantino and others, to see if the Town will vote to authorize the Board of Selectmen to accept Louisburg Circle as a public street, subject to the Grantors complying with all conditions stipulated by said Board at their February, 1992 meeting.

ARTICLE 53

On petition of Gerald D. Taillon and others, to see if the Town will vote to designate Birch Road, from Epping Road (Route 101) to the Brentwood/Epping Town lines, as a Scenic Road under the provisions of RSA 231:157, 158 and RSA 253:17, 18. The purpose is to protect and enhance the scenic beauty of Exeter.

ARTICLE 53A

To see if the Town will vote to accept the Fact Finder's report of the Exeter Firefighter's Association, State Employees Association of New Hampshire, Inc., and the Town of Exeter, received February 22, 1992; said Fact Finder's report calls for a pay increase of 1.6% in 1991, an additional 9.3% increase in 1992, and an additional 6.2% increase of \$23,383, in 1993; and to raise and appropriate the sum of \$37,383 for calendar year 1992, such sum representing the additional costs attributed to the increase in Fire Department salaries and benefits over those paid in 1990. [This article was posted as a warrant amendment on February 24, 1992].

ARTICLE 54

To transact any other business that may legally come before said meeting.

Given under our hands and seals this 19th day of February, 1992.

Paul A. Binette, Chairman
Herbert S. Moyer, Vice Chairman
Ronald Roy, Clerk
Victor A. Baillargeon
Helen C. Dix

EXETER BOARD OF SELECTMEN

We certify that on the 20th day of February, 1992, we caused a true copy of the within warrant to be posted at the Exeter Town Hall on Front Street, the Exeter Public Library at Founder's Park, and at the Exeter High School Talbot Gymnasium on Linden Street in Exeter.

5 Selectmen

ARTICLE 22 - BUDGET. Moderator Tucker announced a petition signed by 10 voters had been received asking that Article 22 be voted on by secret ballot. Motion made by Jonathan Leavitt to amend the budget by \$11,500 to line 27 - Library, representing the amount cut by the Budget Committee, for a new budget total of \$9,013,448. Voice vote taken; then a hand vote was requested. Results: YES - 57; NO - 125. Amendment was defeated.

Richard Park moved \$1,000 be added to provide additional money requested by the Exeter Area Homemakers, explaining that a petition submitted to the Town was

omitted from the warrant. Results: YES - 65; NO - 110. Amendment was defeated. Original Article was called for a vote. A ballot vote resulted in: YES - 181; NO - 17. Article 22 passed at an amount of \$9,001,948.

ARTICLE 23: Voice vote: passed.
ARTICLE 24: Voice vote: passed.
ARTICLE 25: Town Retiree's Sick Leave Fund - Add \$5,632.00. Voice vote: passed.
ARTICLE 26: Voice vote: passed.
ARTICLE 27: Voice vote: passed.
ARTICLE 28: Voice vote: passed.
ARTICLE 29: Voice vote: passed

ARTICLE 30: Town Manager Olson moved to amend as follows: "All payments to be made no later than March 27, 1991. Costs are defined as back taxes, interest, costs associated with notification of the back taxes, staff time, legal fees, and other ancillary costs." Amendment seconded. Discussion followed with the Town Manager answering many questions regarding the property. Voice vote: amendment passed. Voice vote on amendment article: passed.

ARTICLE 31: Voice vote: not carried.
ARTICLE 32: Establish Town Forest. Voice vote: passed.

ARTICLE 33: Richard Niebling moved to amend by adding "to go into effect July 1, 1992"; motion was seconded. Voice vote: amendment passed. Treasurer Brabant moved to amend article by striking the wording "with a 2% discount allowed on entire assessment to be deducted from December 1st amount, provided payments have been made and are received as specified"; motion was seconded. Voice Vote: passed. Voice vote on amended article: not carried. Hand vote requested: YES - 49; NO - 121. Article defeated.

ARTICLE 34: Ballot Vote: YES - 125; NO 41.
ARTICLE 35: Voice vote carried article.
ARTICLE 36: Voice vote: passed.
ARTICLE 37: Voice vote: passed.
ARTICLE 38: Voice vote: passed.
ARTICLE 39: Ballot box vote: YES - 96; NO - 60. Passed.
ARTICLE 40: Ballot vote: YES - 138; NO - 15. Passed.

ARTICLE 42: Amended motion: "to exclude any roads that are currently being plowed as a result of approval by Exeter residents from previous Town Meetings". Voice Vote: amendment passed. Voice vote on amended article: passed as amended.

ARTICLE 42: Voice vote: passed.

ARTICLE 43: - Transact any other business. Moderator Tucker stated there was none that required a vote that requires notice.

Voice Vote to adjourn the meeting. Passed. Time: 8:55PM.

March 8, 1991

To the Members of the Board
of Selectmen and Town Manager
Town of Exeter
Exeter, New Hampshire

We have audited the financial statements of the Town of Exeter for the year ended December 31, 1990, and have issued our report thereon dated March 8, 1991. In planning and performing our audit, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

During the course of our review, the following conditions were noted that we do not consider to be material weaknesses:

A. TAX COLLECTOR'S ACCOUNTS

As a follow-up to prior year's comments and recommendations, we were pleased with the improvement in the reporting of the Tax Collector's summary of warrants (State form MS-61) completed at year end.

B. TOWN CLERK'S ACCOUNTS

As a follow-up to prior year's comments and recommendations, we were pleased with the improvement in reporting of cash collections from the Town Clerk's office. However, we would recommend that the cash book of permits and other fees be footed (added) and compared against the cash register tape daily as a procedure of good internal control.

TOWN OF EXETER
NEW HAMPSHIRE

COMMUNICATION OF REPORTABLE CONDITIONS,
COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1990

C. GENERAL TOWN RECORDS AND ACCOUNTING SYSTEM

1. *Need for Experienced Accountant/Financial Manager to Supervise All Town Accounting Functions (Repeat Recommendation)*

We continue to recommend that the Town consider hiring an experienced Accountant/Financial Manager to assume the responsibility and supervision of all Town accounting and record-keeping functions. The individual must be competent and experienced in governmental accounting to assume the responsibility for the following:

- a. Reviewing and appraising the soundness, adequacy and application of accounting, financial and operating controls
- b. Ascertaining the extent of compliance with established policies, plans and procedures, to include State and Federal statutes where applicable
- c. Ascertaining the extent to which the Town's assets are accounted for and safeguarded from losses of all kinds
- d. Supervising the various clerical aspects of the accounting functions, including bookkeeping and responsibility for preparing periodic financial reports, such as the Tax Collector's summary of warrants and tax sale reports
- e. Confirming the reliability of accounting and other data within the organization
- f. Monitoring the data processing systems and applications to determine reliability in processing data in a timely, accurate, and complete manner

We feel that a Town the size of Exeter cannot afford to keep postponing the need for this vital position.

2. *Documentation of Accounting Policies and Procedures (Repeat Recommendation)*

In our previous management letter, we recommended that, in order to minimize the risk of operational hardships in the event of the unexpected absence of certain employees, consideration be given to the formal documentation of accounting and administrative procedures and to the cross-training of employees in the performance of key

TOWN OF EXETER
NEW HAMPSHIRE

COMMUNICATION OF REPORTABLE CONDITIONS,
COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1990

accounting functions. While this was not accomplished during 1990, we are pleased that it was considered and that goals have been established for developing these internal control elements in the future.

The New Hampshire Government Finance Officers Association and State of New Hampshire Department of Revenue Administration are working on an accounting policies and procedures manual for all New Hampshire cities and towns, which should be available sometime in 1991.

3. *Centralized Standard Purchase Order System*

We were pleased that the Town had adopted a centralized standard purchasing order system in 1990.

D. *GENERAL FIXED ASSET ACCOUNTING (REPEAT RECOMMENDATION)*

In general, accounting for fixed assets provides information for estimating the amount of insurance needed, monitors asset utilization, provides a safeguard over the asset, and allows for depreciation to be estimated when applicable. The Town does not maintain records for its investment in property, plant, and equipment. Fixed asset accounting should be considered when determination of applications to be automated is made. Revenue sharing and certain grants, as well as generally accepted accounting principles, require that adequate fixed asset records be maintained.

In closing, we would like to express our appreciation to those persons whose cooperation and assistance during the course of our audit has helped us to achieve efficiencies in completing our audit.

If, after you have had the opportunity to review our report, you have any questions, we would be pleased to meet with you at your convenience to discuss them.

Very truly yours,

PLOWLIK & SANDERSON
Professional Association

EXETER BOARD OF SELECTMEN

Nineteen ninety-one was a very busy year, even with the economy continuing to decline. The Board oversaw the development of significant plans for Portsmouth Avenue improvements, the extension of the life of the landfill, and twice-a-year tax billing. Colcord Pond Dam was rebuilt, as was half of String Bridge; 911 came to Exeter, along with the Combined Sewer Overflow project. The CSO project, as it is referred to, lead to no end of short term problems getting around town, but will, in the long term, mean at least 20 years of life for the town's sewer lagoons and better draining from the west side of town.

Town departments continued to work together to provide us all with the best of service. For example, the Fire Department responded to 1,507 emergency calls during 1991; the Police Department's percentage of cases closed rose by 6.6% to 28.6%; Public Works cleared the roads after 10 storms; our Water Treatment Plant treated 376 million gallons of water, and the Parks & Recreation Department continued to break records with more and more program participants, with over 400 participating in youth baseball.

Through the year, the Town's 18 volunteer boards and committees, with a combined total of 177 members, continued to provide direction to the Board and our residents. The Planning Board continued its work on the Master Plan; the Council on Aging distributed a questionnaire aimed at how to improve its programs, and the Conservation Commission acquired another 271 acres of land to be maintained as open space.

Looking to the future, the Board is committed to maintaining service at the lowest possible cost, to finding ways to do more with less, and to bring responses to all our residents' needs.

The Board would like to thank everyone who has served as a volunteer on a town board or committee through 1991; town employees, the department heads, and our Town Manager for their commitment to serving Exeter.

Respectfully submitted,

Paul A. Binette, Chairman
Herb Moyer, Vice Chairman
Ronald Roy, Clerk
Victor Baillargeon
Helen C. Dix

EXETER BOARD OF SELECTMEN

TOWN MANAGER'S REPORT

Efforts directed at maintaining services in a flat, if not declining, economy characterized Town administration this year. Fortunately for 1991, Exeter's residents saw a decline in their property taxes and a maintenance of services through the year. This was accomplished by cutting back on Capital acquisitions, freezing staff at existing levels, and doing projects in-house. While this approach is and will help us weather the economic decline, it does mean that the Town will face major capital investments when the economy turns upward in the future.

Even with the successful effort to keep the budget down, several major improvements were completed during the year. The Robert Stewart Waterfront Park was completed, with the final landscaping put in in May; the final grading of the old landfill was completed; half of String Bridge was completely rebuilt, and Colcord Pond Dam was reconstructed. These latter two projects are examples of how the sagging economy forced the Town to look at its responsibilities differently. These two projects were estimated to cost in excess of \$100,000 if done by an outside contractor. Given the need to get the job done, and fewer resources, the Town used its own crews to do the work. The result was first class work at a total cost of \$18,000.

Other major projects during the year included the Combined Sewer Overflow project that, in the short run, made driving in Exeter an adventure, but will lead to considerable savings on future water and sewer bills; the institution of 911 for emergency calls; completion of the final grading plan for the landfill; acquisition of some 291 acres of land by the Conservation Commission, and computerization of the Town Clerk's office. Other steps toward continuing to make Exeter a better community was the upgrade of the Brickyard Pond water pump station, putting the final cover on the old landfill, continuation of one of the State's most successful recycling programs, and bringing art into the Town Offices.

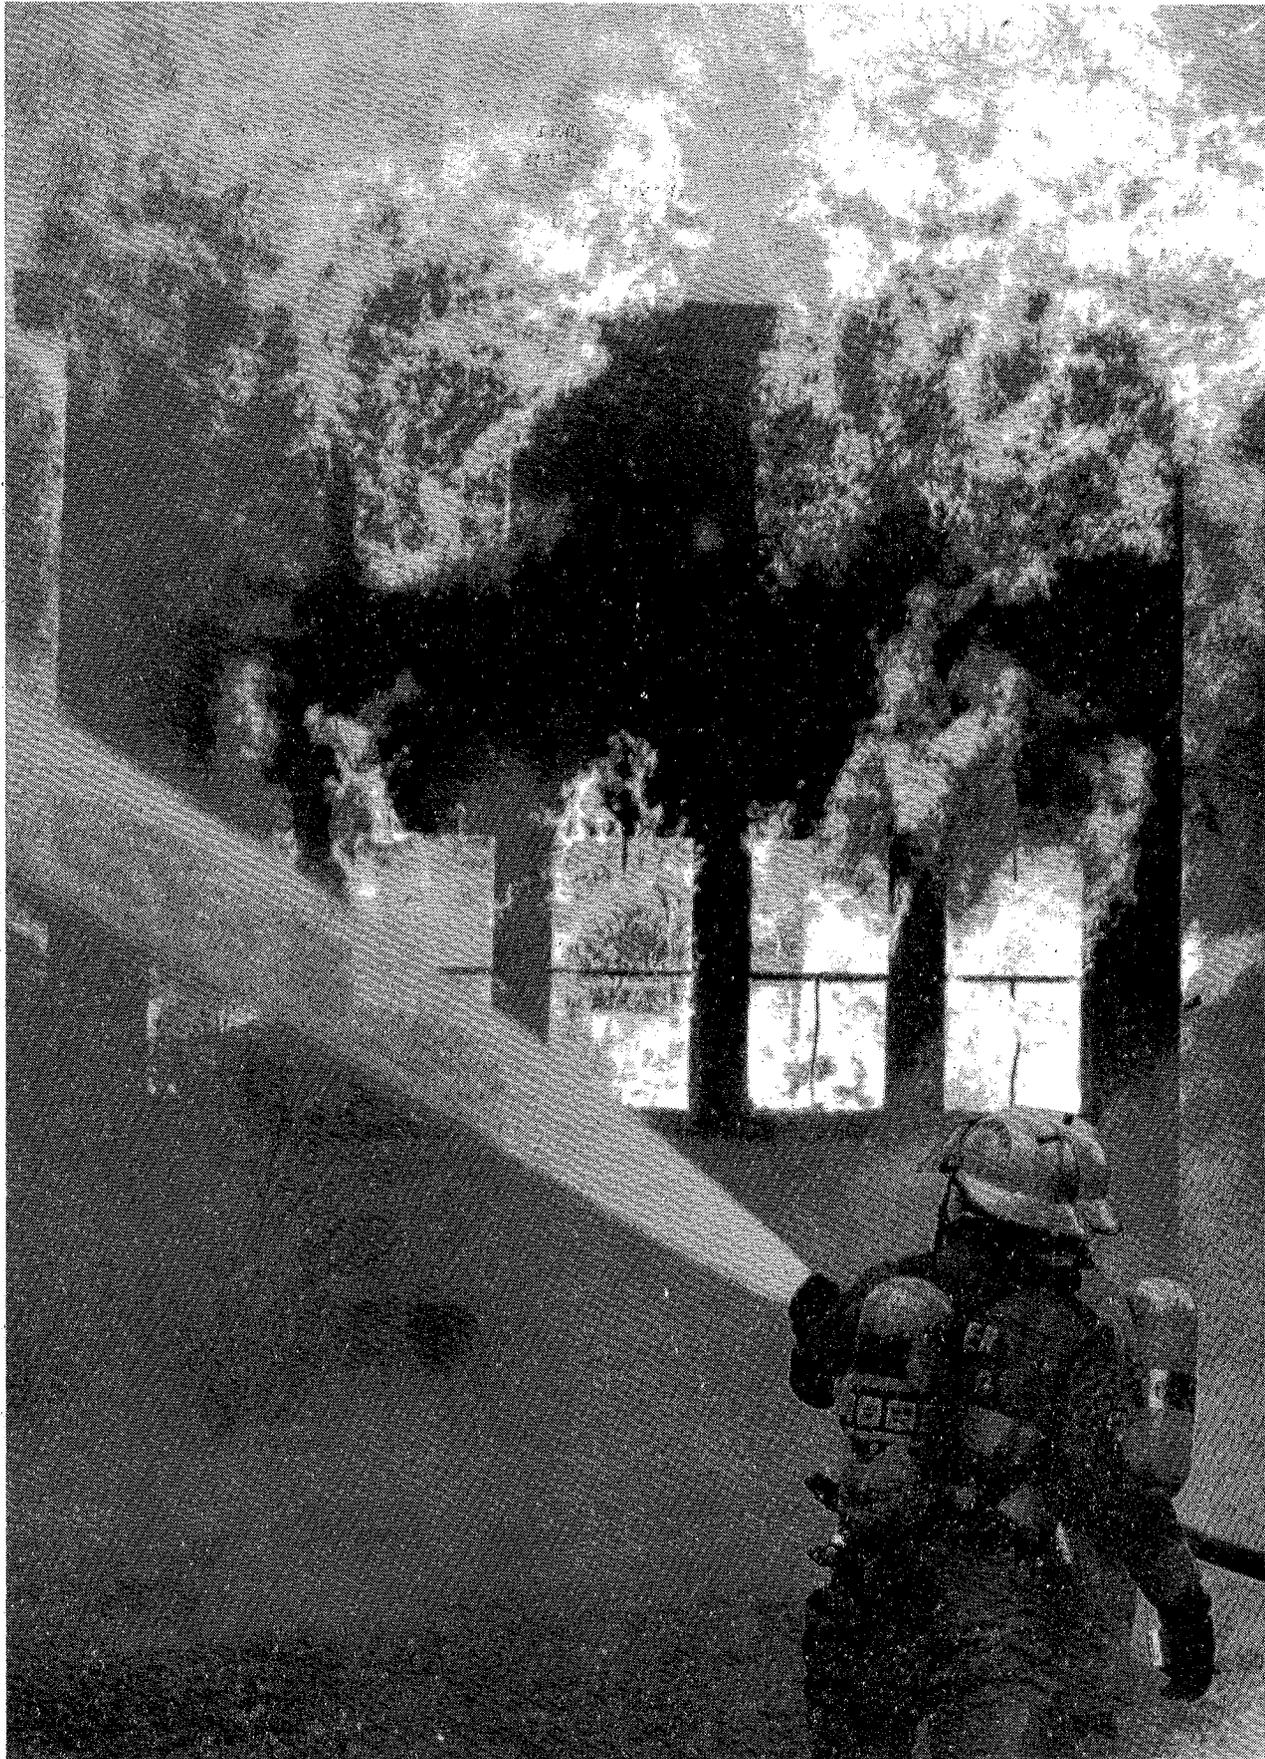

Beyond these improvements, 1991 also saw the Town addressing a number of issues that must be addressed if Exeter is to be ready to face the changes that time makes inevitable. The Portsmouth Avenue Committee completed its plan for a 4-lane avenue all the way to the Stratham line; the Exeter Development Commission began a series of meetings with local industry as a first step in taking a proactive position on development; the Twice-a-year Tax Billing Committee presented its recommendations to collect taxes twice a year; the Selectmen voted in a new policy on road acceptance aimed at clarifying the process; the Recycling Committee presented its plan to extend the life of the landfill for 5 more years, and the Selectmen, Planning Board, Conservation Commission, Exeter Development Commission all have addressed the on-going issue of the 4-laning of Route 101 & 51 through Town.

All of this has happened while we all keep an eye on the budget and maintain day to day Town functions. It's all pretty exciting, especially when everyone is concerned about what tomorrow's economic news will be. Through it all, the emphasis remains on you, the resident, as the customer. We're here to serve each of you. It's your money we're spending, and you deserve our attention, assistance and service.

As always, I would personally like to thank the Selectmen, the Department Heads, all of our fine employees, and you, the residents, for your help and support throughout the year.

Respectfully submitted,

George N. Olson
Town Manager

Training Burn on Bell Avenue - Spring, 1991

TOWN CLERK

The office of Municipal Clerk has been in existence for centuries. Its roots can be traced back to ancient Greece and beyond; to a time when the Clerk was called the "Recorder" and reminded the King of important State matters. When the Pilgrims came to American, they appointed a person to act as the Recorder as they set up their governments. Today, the office of the Clerk (Town or City) may be found worldwide in every unit of local government.

The Town Clerk's office is the guardian of all town records. In Exeter, the records have been recorded since 1636. These records include legal papers; genealogical records of families; rules, regulations and ordinances passed by town officials for the benefit of the Town and its residents; election results and town meeting minutes and votes on warrant articles; all births and deaths that take place in Exeter, as well as marriages filed in our town are recorded here. The historical value of these records is of continuing concern to this Office. This year, we were able to have one book restored by Brown's River Bindery, and it is our hope that we will be able to continue this important project in 1992.

Not only do we record and file these important documents, but the Town Clerk's office is responsible for preparing the records on these same births, deaths and marriages for the State Bureau of Vital Statistics. It is to the Town Clerk's office that individuals must come for certified copies of these documents. The revenue realized this year for the Town from such certified copies amounted to \$13,435. This office is also responsible for any legalization and/or amendments that must be made to a birth record filed in Exeter - a responsibility not taken lightly. In 1991, there were 920 births and 322 deaths recorded in Exeter; there were also 105 marriage certificates issued and filed in Exeter. Please turn to the back of the Town's portion of this Annual Town Report for the listings of the 1991 births, deaths and marriages involving Exeter residents of which this Office is aware.

The Town Clerk's office is, in all essence, an extension of the Secretary of State's Office. If it were not for the Town Clerk's office, Town, State and Federal elections would not be held. It is the Town Clerk who prepares the Town ballot, certifies voter registration for absentee ballots and mails these ballots, reports election results to the State, registers voters in addition to the Checklist Supervisors' sessions, and is in communication with the Secretary of State regarding election law updates. Preparations for elections are very time consuming and the ballot must be correct to insure a fair and just election. It is the Town Clerk who has the responsibility of keeping the minutes of the Annual Town Meeting and Special Town Meeting(s); and it is only the Town Clerk who can certify these minutes before any monies can be borrowed or spent. By law, the Town Clerk is the keeper of the Town Seal, and no other person is authorized to use this seal to attest and certify town records. Elected or appointed officials are sworn in by the Town Clerk before they can assume their duties and responsibilities of office.

The year of 1991 was an "easy" year as far as elections and Town Meetings are concerned. We held the annual March Town Meeting and a Special Town Meeting in October. However, 1992 will be a busy election year with the February Presidential Primary, Annual Town Meeting in March, September State Primary Election, and November General Election. Voting is a privilege for all U.S. citizens; but, in order to exercise this privilege, one must be a registered voter in his/her town or city. By State law, every ten years the voter checklists are updated. The Supervisors of the Checklist were very busy in 1991 with this project. Any person who voted in the

1988 general election, or voted in the 1990 general election, or voted in the 1991 Annual Town election was considered re-registered. However, those people not voting in any one of those three (3) elections were removed from the voter checklist, sent a letter informing them of this removal, and need to re-register to vote.

The Town Clerk's office is the office to which every resident eventually comes. We are responsible for vehicle registrations (approximately 13,000 this past year) and, in essence, for declaring a person an Exeter resident. Our office functions in this capacity for the Town but also for the State as we are a Municipal Agent, able to complete the majority of vehicle transactions at the State level. Because of this important function, this office is accountable for a large portion of the revenue for the Town, and we are responsible for the bookkeeping at both the Town and State level for this revenue. In 1991, the Town Clerk's office took in \$938,916 in vehicle transactions revenue for the Town. The new computer system and Town Clerk software program that we began to use in May of this year has helped shorten the lines for registrants, as the time to process each transaction has been greatly reduced by computerization and no longer requires the manual computation of expenses due for the town and the state. This Town Clerk program is constantly updated and we in this office are continually learning the new techniques that are available to us to better serve the public. In 1992, we are planning to provide a mail-in renewal vehicle registration option to Exeter residents.

Among the Town Clerk's other responsibilities are the filing of liens, the licensing of dogs, the filing of utility and telephone police licenses, answering various questions from residents and other people, and managing the budgets of the Town Clerk's office and Election accounts. Revenue realized this year from the various filing and miscellaneous fees amounted to \$13,108.90.

Although many of the Municipal Clerk's duties are State-mandated, and there is no Statute prescribing the office hours of the Clerk, other than the office hours set by the Town for servicing the residents, reality requires that the actual work hours be determined by the amount of work to be done. Election day hours can be from early A.M. until the ballots have all been tallied and reported to the State, sometimes as late as 2:00A.M. Often office work needs to be done on Saturdays and Sundays, and/or evenings. It is still the variety of residents' concerns which must be dealt with on a daily basis that makes the Clerk's job interesting and pleasant.

At this time, it is most appropriate to thank my co-workers, Peg Titus and Lois Mazurka, for their support and assistance throughout the year. It also thank them for their patience with the new computer program. Technological progress is part of the changing times and, therefore, we thank the many people who helped us research and procure our computer system. It is our hope to keep pace with the changing times in order to provide the best possible service to our fellow residents.

I also thank the Town Manager, Selectmen, Department Heads, all the Town employees, and you, the Exeter residents, for another enjoyable year of serving you as Town Clerk.

Respectfully submitted,

Linda Hartson, Town Clerk

DEPARTMENT OF PUBLIC WORKS
FISCAL YEAR 1991

I am pleased to submit my seventh annual report to the citizens of Exeter. This Department oversees and maintains all Town roads, bridges and sidewalks; all municipal buildings and vehicles; the landfill; rubbish and recycling systems; and the Town dams. We also prepare contracts, specifications and plans for construction and renovation projects. Reviews and inspections of subdivision and developments are continually being completed by our staff, in cooperation with the Planning Department.

Two major projects completed by the Highway Division were the Colcord's Pond Dam renovation and improvements to the super-structure of String Bridge (one of two bridges). Utilizing the deteriorated remains of the old dam as a foundation and form we were able to refurbish the structure with additional reinforcing steel and concrete. The spillway was improved with the addition of a new main timber and removable flash boards. The completed structure will be stronger, last longer and is a significant improvement aesthetically. String Bridge improvements included installing a waterproof membrane over the sub-structure concrete arch, correcting drainage problems, installing new granite curbing and asphalt deck. These pro-active improvements will extend the life span of the bridge significantly.

The recycling program has been running well. We are still enjoying an 80 percent participation rate, however the estimated 17 percent reduction rate in solid waste disposal could be improved. We are hoping to include additional items in the program to further reduce the waste stream with the new program contract upcoming in 1992. The municipal yard waste composting program has been a great success. Many residents took advantage of the wood chips and compost available during much of the summer. The waste oil recycling program is working well, heating a large equipment building at the Public Works Complex.

The water treatment plant's previous year upgrade project was monitored and assessed. This information was the basis for the design work for the Phase II upgrade we hope to go to construction with in 1992. We are very pleased with the performance of the new wastewater treatment plant. The new plant's effluent quality is excellent and will help ensure the Squamscott River remains unpolluted.

The ongoing stormwater separation project is proceeding ahead of schedule. Due to the economy's effect on lower construction costs, we will be able to complete more work than originally planned. The condition of the underground piping system has been found in worse shape than anticipated. By completing this project, which was funded 55 percent by the Environmental Protection Agency and 20 percent by the State, we will be reducing the load of the wastewater system by as much as 35 percent. I would like to thank the residents for their patience while living with the project disruptions. The reward for the community's inconvenience will be lower sewer system costs and newly paved roads. The gas company has also taken this opportunity to replace much of their distribution system in the project areas, which will help reduce future repair excavations in the streets.

The Maintenance Division's major project was the completion of the Community Center building renovation. We now have a new roof and windows, and the building has been totally insulated with new siding. The shell of the building should not require additional work for a long time. We have been busy at the landfill

preparing for future solid waste disposal needs. A plan developed by our engineers to design the final size and shape of the landfill has been sent to the State for review. If approved as presented, it will allow the Town additional use of the landfill. According to estimates, when the landfill closes and we ship the waste out of town, our disposal costs will be more than double and, considering transportation costs, triple. In conjunction with the Police Department we have implemented a new vehicle and equipment maintenance computer program which will help us to track all costs associated with the large inventory we have.

To reduce operations and budget costs, we are doing most engineering projects with our own staff rather than hiring outside consultants. Engineering costs, which compare with legal and medical fees, are very expensive. The only time we contract with outside consultants is when the project is beyond our capabilities.

A brief itemization of our performance and accomplishments follow this report. Although the Public Works budget decreased by 3.5 percent in 1991, we have worked hard to deliver the same level of service as in previous years. I remind the community that the level of services we provide are effected by the budget the townspeople approve. As I continue to say, I welcome any input from residents on the service we provide to you. To the residents that have taken me up on this, I thank you--your advice and suggestions have been well taken and helpful.

I would like to thank the Selectmen, the Water/Sewer Advisory Committee, the Town Manager, fellow department heads and employees for their assistance and guidance this year. I continue to enjoy my job and the challenge I face. I hope I'm serving you well and I promise to do my best to continue to do so!

Respectfully submitted,

Keith R. Noyes

Officer John LeSage with a roll-over motor vehicle accident

EXETER POLICE DEPARTMENT

This past year was an active year both in criminal activity and in changes within the agency. We continued our effort to expand services within the community while addressing a number of areas in the department to increase our efficiency.

The Exeter Police Department is made up of 21 sworn personnel (a Chief, 2 Lieutenants, 3 Sergeants, a Detective, and 14 officers), and 14 support personnel made up of 9 in Communications (4 part-time) and 5 in Records (2 part-time). Three new officers were hired this year to fill vacancies due to resignations; we were disappointed upon learning in December that Detective James Valiquet, a 16 year veteran, had accepted a position as Chief of Police with another New Hampshire community. We wish him the best of luck: his expertise will be sorely missed.

We implemented a new Records system at the beginning of 1991 which would make it difficult to compare the total number of calls for service with that of previous years. We are able to make comparisons with specific criminal activity and found there was a 16.5% increase in all Part I crimes (all serious crimes listed in the table below) as compared to 1990. Even though we experienced an increase in this category, we improved our Clearance of those investigations (cases closed) by 6.6%. The National Average for our population group is 24.4%.

<u>CRIME</u>	<u>1991</u>	<u>1990</u>	<u>1989</u>	<u>1988</u>	<u>1987</u>
Rape	2	6	0	1	0
Robbery	2	1	2	4	6
Aggravated Assault	3	4	1	3	2
Burglary	51	57	64	43	71
Larceny	305	266	203	158	210
M/V Theft	24	23	24	29	23
TOTAL	387	360	281	262	304
Clearance Rate	28.6%	22%	22.4%	30.25%	30.5%

In reviewing these numbers, we attribute one reason for the rise to stolen bicycles. Exeter had 67 bikes stolen in 1991, as compared to 37 the year before. As bikes become more sophisticated and become more valuable, there is a tendency for thefts to increase. We conducted an active bike registration campaign licensing over 300 bikes. We encourage all citizens to work with us in preventing this crime.

One personnel change that may have improved our clearance rate was to move a patrol officer into our Staff Division as an Investigator to increase our concentration in following up criminal offenses. This move sacrificed services we provide out on the street and we observed the effects in those areas. This agency continues to be understaffed by at least 5 officers by any recognized method to measure staffing levels.

A small sampling of other calls for service and general police activity is as follows:

Drunk Drivers Arrested	137	Town Ordinance Violations	246		
M/V Written Warnings	1,366	M/V Summons	1,277		
Total Number Arrested	332				
Value of Property Stolen	\$456,885	Property Recovered	\$276,493		
Total Number - M/V Accidents	249				
Personal Injury:	110;	Property Damage:	69;	Hit & Run:	20
Dog Complaints	52	Untimely Deaths	17		
Vandalism Complaints	111	Disorderly Conduct	56		
Runaways	27	Simple Assaults	48		

Throughout 1991 we looked at many of the services we provided and attempted to identify areas where we could increase programs to the community. As a result of that effort, a number of projects were started including Neighborhood Watch, implementing Exeter Crimeline, establishing several Crime Prevention Programs, and expanding the C.O.P. (Community Oriented Policing) program. In addition, our first locally run D.A.R.E (Drug Abuse Resistance Education) class graduated this spring.

Internally, the Exeter Police Department saw the Emergency 9-1-1 telephone lines installed to improve our response to emergencies in the community. Stickers for phones can be picked up at the Safety Complex. This number is for reporting emergencies only: we encourage all parents to educate their children on how to use this number for the need occurs.

The Exeter Police Department also announced in 1991 our intention to pursue National Accreditation, similar to the process involved in accrediting hospitals and academic institutions. This will be an involved project taking up to three years to achieve. Exeter Police will be complying with over 900 national standards to upgrade operations, improve professionalism and increase services to the community. You'll be reading more about this effort as we continue to work towards this goal.

The goals for the Police Department in 1992 include addressing specific problem crime areas, reviewing and improving internal needs of the agency (including expanded training, job tasks analysis and rank structure review), and continuing to establish programs for community involvement and service.

At this time, I would like to thank all the officers and employees of the police department in working with me to achieve all the accomplishments that have occurred thus far. The Town of Exeter can take great pride in the men and women of this agency for their dedication to duty and commitment to the community. I want to thank our volunteers who work the agency, both on various volunteer boards and individually in the department on a day to day basis. And finally, I am appreciative of the continued support of the Town Manager and Board of Selectmen, and assistance from other town departments and staff.

Respectfully submitted,

Stephen Mac Kinnon
Chief of Police

EXETER FIRE DEPARTMENT

The Exeter Fire Department responded to 1507 emergency calls in 1991. These calls included 900 fire calls and 607 emergency medical calls.

Fire and rescue crews faced several serious challenges in 1991. In January, a malfunction in a high pressure gas valve resulted in two fires and the evacuation of 25 homes in the Jady Hill/Webster Avenue neighborhood. In April, firefighters battled a two alarm fire on Court Street. And in August, fire and rescue crews responded to 88 emergency calls during a two-day period as a result of Hurricane "Bob".

Specific fire department responses included 161 fires, 109 hazardous materials emergencies, 141 rescue calls, 216 fire alarms, and 244 other emergency calls. Fire loss for 1991 was \$464,500.

Ambulances responded to 607 emergency medical calls in 1991. The value of the second ambulance was again proven as it responded to 67 calls.

Ambulances responded to 132 motor vehicle accidents in 1991. Several accidents were serious, entrapping the occupants. The Jaws of Life were used frequently to free the trapped occupants. Other ambulance responses included 70 breathing difficulty, 65 fractures, and 49 heart attacks.

The Emergency Medical Technician-Intermediate Program (EMT-I) continues with a high rate of success. The advanced medical training and equipment has allowed the EMT-I personnel to save the lives of many seriously injured and ill people.

The Exeter Fire Department continues to strive to offer the best service possible to the residents of Exeter. In 1991, fire department personnel devoted 4580 hours to training and advancing their skills. We will continue to keep pace with our rapidly changing environment and attempt to assist you in anyway possible.

Respectfully submitted,

William H. Pepler, Jr.
Fire Chief

EMERGENCY MANAGEMENT

The following is a summary of the events and activities of the Exeter Office of Emergency Management for 1991.

The Emergency Planning Committee has continued to meet on a random schedule during 1991, after receiving approval of a new and updated emergency plan for the town. The Town of Exeter now has a comprehensive plan that deals with all natural and manmade disasters and emergencies, not just those concerned with 'Nuclear Power Plant Emergencies'. A simple pamphlet has been prepared and will be distributed to each household in early Spring 1992. All the "Old Red Civil Defense Sirens" have been removed and we will now use the pole-mounted sirens located throughout the town to warn and inform residents of emergencies. A regular schedule of siren testing has been established for the coming year.

During 1991, there were several actual emergencies and a number of drills that involved the Office of Emergency Management. On two occasions, the Emergency Operation Center was activated due to natural emergencies. "Hurricane Bob" was the first occasion and the telephone outage was the other. These two emergencies provided a good test of the newly implemented 'Town of Exeter Local Emergency Plan' and the Plan worked well as designed.

A local volunteer program has been started and all the town departments have developed an indoctrination and training program for those wishing to volunteer to assist in time of emergencies. Volunteers are needed to assist the Fire, Police and Public Works Department as well as assist in the Emergency Operations Center as runners, communicators, and recorders. Forms are available at the Emergency Management office located at the Safety Complex on Court Street. Information on volunteering or questions about emergencies are available by calling the business number at the Exeter Dispatch Center.

Respectfully submitted,

Albert (Bud) Field
Emergency Management Director

EXETER PUBLIC HEALTH

Throughout the year, this department worked closely with the Department of Public Health in several areas for health code requirements and compliance. There were three product recall surveys conducted at local retail food stores during 1991. Two cases of food poisoning were investigated, three residential lead paint screenings were conducted and two lead paint screenings at school facilities were also conducted, as well as supervision of the de-leading projects.

Several Food Service and Restaurant inspections were conducted, resulting in 12 new food service licenses being issued in Exeter. Eight of these required plans review, inspections and approval. Five new changes of ownership licenses were issued. Five food service establishments closed and one food service business manufacturer was discovered operating without a license.

A breakdown of all health activities is included in the Exeter Fire Department consolidated report. A total of 488 health-related activities were handled during 1991.

Questions or concerns regarding Public Health issues may be directed to the Exeter Fire Department at 772-1212.

Respectfully submitted,

John E. Carbonneau
Assistant Fire Chief
Town Health Officer

ASSESSOR'S OFFICE

The Assessor's Office, in 1991, has had another busy year. We have been actively resolving and adjusting assessments on property abatement requests, building permits and subdivision approvals.

Inquiries on the Elderly Exemption and Hardship abatements have increased due to the change of exemption amounts and the weakening of New Hampshire's economy. If property owners wish to know if they qualify for an Elderly Exemption or Veteran's credit, they have until April 15th to file the appropriate forms. "Current Use" and "Intent to Cut" forms are available at the Assessor's Office.

Also available at our office counter, for your use, is a Property Tax Warrant, Street Listing, Alpha Property List, Tax Maps, and information regarding exemptions, all of which have become a valuable resource for residents.

Additional assessed value for 1991, through new construction, houses, garages and decks, amounted to \$9,100,000.

The Assessor and office staff are always available to address any concerns or needs relating to your property and welcome your participation in the education and understanding of the assessment process.

The Assessor's Office would like to thank Exeter residents for letting us serve you and we look forward to a challenging 1992.

Itemized 1991 Tax Rate:

School	\$11.98	64%
Town	5.95	32%
County	.83	4%

Total: \$18.76

Respectfully submitted,

John L. DeVittori
Assessor

BUILDING INSPECTOR

We, of the Building Inspector's office, are down in the amount of revenue generated by building permits for 1991. This is a reflection of hard economic times. The past year has been as bad as I've ever seen for the local business people. Bankruptcy filings, liens and attachments are daily topics in my office.

We look forward to 1992, with several super-sized projects in the works. Exeter Hospital plans to build a new nursing home at the Hospital site, to replace the present one on Court Street. Another project is Riverwoods at Exeter, an assisted, independent living project. Still others are in the planning stages. For over a year now, the Fire Marshall's office has been out of the plan review business, so my involvement in these projects has increased.

Permits for 1991 were issued in the amount of \$6,316,379.90, which generated \$24,229.69 in revenue for the Town.

As in past years, the Building Inspector's office works closely with the Planning Board, Public Works Department, Fire Department, Health Officer, Police Department, Historic District Commission and Zoning Board of Adjustment.

My sincere thanks to the citizens of Exeter for allowing me to serve as your Building Inspector.

Respectfully submitted,

E. Melvin Bowley, Building Inspector

EXETER RECREATION & PARKS DEPARTMENT

Your Parks and Recreation Department continues to see participation increases in youth and adult programs. 1991 saw increases in registrations for youth baseball, as we went over the 400 figure again this past season; youth soccer was about the same as 1990, but youth basketball went up in all age groups with 22 teams participating in the 5-12 year old age groups. In the junior/senior high school age group, we doubled the numbers from 1990 with six teams in the league this season. In the men's 30-over basketball league we added two more teams to make six for this season.

We continued to plant trees in our parks, including Swasey Parkway. More than 30 trees have been purchased by you, the public, in memory or in honor of loved ones and friends. Our goal is to set out 10 trees per year. We will accomplish this figure with your help. This past year we set out Summit Ash, Locust, Red Maple and Blue Spruce. We try to plant the trees in April or early May, so you still have time to order your tree for 1992 by calling the Parks & Recreation office, 778-0591, ext. 130. Just ask for me, Doug Dicey.

The summer months were a busy time for the year, with well over 12,000 people using the pool during the 12-week period. We had more than 380 students take swimming lessons during our two four-week sessions, and saw an increase in the number of toddlers taking lessons this year. PlayCamp was a very popular program this summer.

We did a sample survey of the tennis court use and found that play was up this past summer. Our tennis lessons were very popular this year and we anticipate increase in participation to continue in 1992. The two basketball courts at the Recreation Park were used a great deal last summer by all age groups.

The men's and co-ed softball leagues had a total of 22 teams in 1991. The same number is expected in 1992, as we find that more adults are playing the game.

We had a good year. It was not an outstanding year with our trips, but one that saw enjoyment from those who did go on some of our concert trips like the Boston Pops, Andrew Lloyd Webber's music, the musical "A Chorus Line", and the Boston Ballet's "The Nutcracker". We continue to have problems finding bus drivers during the week to drive our coach bus. Evenings and weekends are no problem, as we have a driver that is available during those times. We have sold out two trips to see the "Phantom of the Opera" scheduled for September 21 & 22, 1992, at the Wang Center in Boston. These two trips were sold out within two weeks of announcing that we had 80 tickets. We placed our order for tickets two years ago, once we heard the production was coming to Boston.

Our department has two needs. One is for more ball fields, with hopes of developing the Westside Park (across from Brickyard Pond on Kingston Road), with two or three ball fields. Your help is requested once this project gets underway. We originally had three-and-one-half acres at this site. A little more than nine additional acres were donated by Brian and Adela Grisct, having a value of about \$80,000, as part of the Greybird Farms Development. We have not added one ball field in Exeter for our youth program in more than 16 years, but have seen our numbers triple during this time period. We have plans to build another field at Gilman Park provided funds are available.

Our second need is a storage building next to the Recreation Center on Court Street to house all our lawn care equipment and an area for our vehicles. Again, the need is there once funds become available.

We have seen the use of the Recreation Center building continue to increase and its use is regularly scheduled. We are pleased that the Town replaced all the windows in the building and repainted the outside. It was in need of these two major repairs. The interior of the building will also be fixed up once funds become available. The building was built in 1884 and has served the community well over the years. As many of you know, it was once a school, prior to the Town having it for a community building.

If you read this Town report, you will see budget figures for all departments including ours. The one figure you won't see is that we bring in about \$165,000 each year to help offset our budget figure. In other words, our appropriation is approximately \$373,000. Of that, \$165,000 is revenues, so the actual cost to fund our department, which includes parks, recreation, historical areas including the waterfront park, and fountain park, is about \$208,000 or 27 cents on your tax bill.

We now have our Friends of Recreation fund set up through the efforts of former advisory board member Mark Sullivan. You can make donations to this fund to help with programs and special events, knowing that the money is well spent for those extras that we cannot provide through the budget request.

Our summer concert series went well this past year. Our first of many, we hope, clambakes was successful and helped raise funds for our Friends group. We thank the Town for providing funds for the fireworks at the clambake. We hope they will do the same for 1992. We had music by five different groups, and our annual bed race with more entries this year, with about 20 teams participating. We thank the many volunteers who helped that evening.

We look to a very busy 1992 with participation up in most programs and activities. We will continue to look for your support.

Our new logo, introduced by the National Recreation and Park Association, is "COME OUT AND PLAY, AMERICA". This logo will be used together with our department logo.

A special thank you to you, the townspeople, for your support, and to the Town fathers, the Town departments, Phillips Exeter Academy, and the Exeter School District, we thank you. Thanks also go to the Friends of Recreation, and to the Exeter Recreation Advisory Board: James Tobey, Chairman, Donald Foye, Vice-chairman, Kathleen Barbato, Susan Couch, Christopher Davies (resigned 9/91), Scott Estle (appointed 10/91) and James Valiquet.

Yours in Recreation,

Douglas E. Dicey, CLP
Director

Jan French Dicey, CLP
Assistant Director

GILMAN PARK TRUSTEES

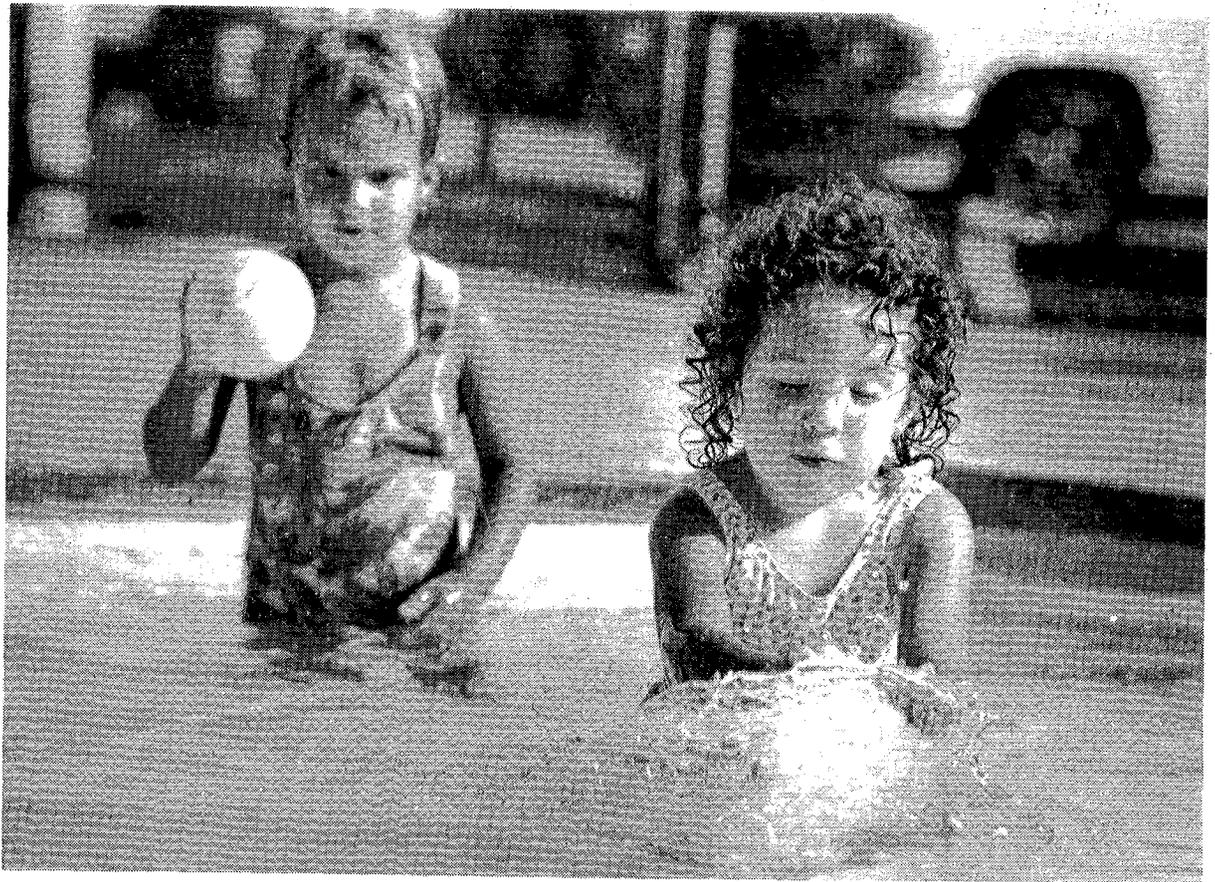

Gilman Park, the gift of Daniel Gilman, was accepted by the Town at the March, 1891 Town Meeting. The Park totals some eleven acres at the confluence of the Exeter and Little Rivers, and is administered by a board of five trustees; the original board being named by Mr. Gilman himself.

The Trustees of Gilman Park met three times this year. Among other matters, they voted to purchase and install a drinking fountain for summer use at the Park, purchase trees and shrubs for a buffer strip along the river bank to be planted in 1992, and seek ways to restrict vehicle access to the entrance parking area.

Respectfully submitted,

Roger Sloan, Chairman
Peter Smith, Treasurer
Dana Wyman

Joanna Pellerin, Secretary
Douglas Dicey, Assistant Treasurer

EXETER COUNCIL ON AGING

The Exeter Council on Aging is a group that is trying to improve the quality of life for Exeter senior citizens and continues to try to improve services to the seniors of our community. The volunteer group of eleven adults meets on a monthly basis to discuss how we can improve what is provided for our seniors. The Council, along with the Parks and Recreation Department, provide 11,000 taxi rides per year with funding from the Town of Exeter and COAST (Cooperative Alliance for Seacoast Transportation), and has provided this program for the last 18 years. The Town signs a contract with Exeter Taxi Service to provide these rides. Through the efforts of both parties, the cost to the seniors here in Exeter has remained the same for the last three years. The program is one of a kind and, to our knowledge, is the only one in the country offered as a service to senior citizens.

The Council sent out a survey in early October to try to update many of the services provided to our seniors. The response is not as good as we expected, but enough information was gathered to help us in our planning for 1992. The Council is planning on offering certain programs at the Exeter Senior Citizens' Center throughout 1992, with special events each month. If you have any ideas, please share them with any Council member.

The Council, with members of the Exeter Senior Citizens Trust Fund, purchased small booklets for seniors that are available at the Exeter Senior Citizens Center and the Exeter Parks & Recreation office. The Trust Fund also purchased a handicapped swing for the Parks & Recreation Department and had it placed at Park Street Common on Epping Road.

The Council has a monthly newsletter, with Editor Vernon Schnare continuing to do a fine job with this publication. We thank Vernon for his many years of service to our seniors. This publication does not cost the Council or Town any money, as the advertisers pay for the printing costs. We thank the people who have an ad in the monthly newsletter.

Would you like to help with a senior citizen project? If yes, just call the Recreation office at 778-0591, ext. 130, and ask to be included in the monthly meeting agenda.

SWASEY PARKWAY

The Swasey Parkway Trustees continue to operate the Park on a very limited budget, with all the funding from the trust fund set up in 1929 by the late Ambrose Swasey. The Parkway Trustees are allotted about \$9,000 to work with each year from the trust fund. With this limited budget, we are able to keep the grass mowed and trees rimmed, but have not been able to purchase benches, trees and do other work that should be done due to the cost of upkeep of the Parkway. The Exeter Parks & Recreation Department tree program has helped with the replacement of trees. As many of you know, we lost one of our largest trees to Hurricane "Bob" in August, and had some damage from flooding.

The Swasey Parkway is used by many people throughout the year for walking, concerts, special events and weddings. The only major problem, other than funding, is the dogs that people continue to bring through the Parkway even though we have posted signs prohibiting dogs. They make a mess and many times, when people want to bring their young children to play, to relax in the sun, or just have a picnic, this poses a problem. We cannot hire a person to be at the Parkway all the time, so we continue to request your help with ending the dog problem. If you see someone with a dog in the Parkway, please have them note that dogs are not allowed. We want the Parkway to be enjoyed by all and will continue to do our best to keep it looking nice.

The one thing we do not want to do is ask for funds from the Town. But, if the cost of repairs and upkeep continues to increase, we may have to ask the Town for help.

We, the Trustees, are not paid, but volunteer our time to see that you have a nice looking park in the center of town. It is your park, also. Help us keep it looking nice.

We still have problems with cars speeding through the Parkway and have considered placing speed bumps in the roadway. If we feel it unsafe for families and users of the Parkway, we will try to take some action.

We have seen more people use the Parkway for lunch at noontime. This we like to see, and just request that you pick up rubbish and place it in the barrels throughout the Parkway.

Respectfully submitted,

THE SWASEY PARKWAY TRUSTEES

Douglas Dicey

PLANNING BOARD

The Planning Board is responsible for the review and approval of all residential, commercial and industrial development within the Town of Exeter. In addition to this ongoing review of development, the Board is responsible for undertaking long-range planning for the community through the preparation of a master plan and a capital improvements plan, as well as recommending amendments to the Zoning Ordinance. In discharging its duties, the Board is guided by the Zoning Ordinance, and the Subdivision Site Plan Review Regulations. The Board is assisted in fulfilling its responsibilities by the Planning Department staff.

The Board holds regularly scheduled meetings on the second and fourth Thursdays of each month at 7:00 p.m. in the Nowak Room of the Town Office building.

Nineteen Ninety One was a year marked by continued slow growth in both residential and non-residential development. The Board met twenty-one (21) times and considered a total of twenty-three (23) applications. Some of the major developments approved by the Board in 1991 included a 4,900 square foot showroom for Dreher Holloway; a nine (9) lot subdivision off of Kingston Road; the relocation of the Montessori School to Newfields Road (Fort Rock Farm); and a new Exxon service station on Portsmouth Avenue. In addition to these projects, the Board was successful in reaching an agreement with the developers of Exeter Falls Estates, which resulted in the completion of Exeter Falls Drive.

The process of updating the Town's Master Plan also began in 1991. Assisting the Board in this update were six (6) citizen subcommittees who prepared reports in the areas of housing, transportation, land use, community facilities, conservation/open space, and recreation.

The Rockingham Planning Commission completed two important studies for the Board in 1991. The first was an "Open Space Plan"; the second was a resource inventory map of the Squamscott River and its environs. The information from both of these reports will be incorporated into the Master Plan update.

In addition to the activities outlined above, the Board proposed fifteen (15) zoning amendments for the March Town Meeting, of which fourteen (14) were approved by voters. Some of the major amendments passed included a provision to provide higher density to subdivisions which dedicate land area for open space and/or recreation purposes and rezoning the area on the east side of Epping Road from a Highway Commercial District to an Epping Road Highway Commercial District.

Nineteen Ninety Two will be a busy year for the Planning Board as work continues on the Master Plan update and revisions to the Subdivision and Site Plan Review Regulations. Other major projects will include the completion of a computer generated map of the Town and the preparation of a corridor study for Epping Road.

The Board would like to express its thanks to those Town employees, citizens and developers who contributed to the planning process in Exeter during 1991 and invite others to take part in the upcoming year.

PLANNING DEPARTMENT

The Planning Department is responsible for exercising three separate functions: planning (short and long range), building inspection and code enforcement. In the area of planning, the department provides staff support and administrative assistance to the Planning Board, Zoning Board and Historic District Commission. Within this planning function, one of the major roles of the department is the processing and review of site plan and subdivision applications for the Planning Board. The department also provides assistance to other Town departments as required for planning and development related issues. A second major function of the department is building permit approval and inspection for all construction within the Town of Exeter. Finally, the department is responsible for enforcement of the Zoning Ordinance and all applicable building codes.

While development related activity was at its lowest point in over a decade in 1991, the department was involved in a number of special projects such as the Route 101 expansion, completion of roads for the Captain's Meadow, Exeter Falls Estates and Exeter Highlands subdivisions and completion of the Robert H. Stewart Waterfront Park. The department also continued to update and revise the "Subdivision" and "Site Plan Review" regulations and the "Planning and Zoning Fee Schedule", in addition to drafting zoning amendments for Planning Board review and sponsorship.

In 1992 the Planning Department will work to complete the updates of the Subdivision and Site Plan Review regulations and to provide the necessary support to the Planning Board as it updates the Master Plan. The Planning Department will also continue to work with the Rockingham Planning Commission on special studies and projects such as the geographic information system computer mapping of the Town and the Epping Road Corridor Study.

I would like to thank the Planning Department staff for their hard work and professionalism during the past year. I would also like to thank those within the various Town departments who supported our efforts, particularly those members of the Technical Review Committee.

Finally, I would like to express my thanks for the opportunity to have served the citizens of Exeter in 1991. I look forward to a productive 1992.

Respectfully submitted,

Zachary Gordon, Planning Director

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment sits as a five member quasi-judicial body to hear three types of applications: variance, special exception and appeal from an administrative decision. A variance application alleges that the strict literal interpretation of a particular provision of the Zoning Ordinance would result in an unnecessary hardship. An application for a special exception is a request to permit a specific use subject to meeting certain criteria set forth in the Zoning Ordinance. An appeal from an administrative decision involves a request for review of a decision by an administrative official with respect to enforcement of any provision of the Zoning Ordinance.

The Board of Adjustment meets the third Tuesday of each month at 7:00 p.m. in the Nowak Room of the Town Office building to hear applications. In 1991, the Board met eleven (11) times and reviewed a total of twenty-five (25) applications. Eleven (11) applications for variance were heard, of which seven (7) were granted. Fourteen (14) applications for a special exception were heard, of which twelve (12) were granted. One appeal from an administrative decision was heard and denied.

WELFARE/MEDIATION

Direct Relief is a town-funded program to assist persons whose income is not sufficient to maintain a decent standard of living. Assistance is temporary and is available on an emergency, as needed, basis.

With the continuing downturn in the economy and high unemployment rate, the number of applicants is still high. Recipients of this aid are expected to reimburse the town and, if able, are asked to work at a town job within their capabilities.

The Exeter Mediation Program, a parent-child dispute resolution process, continues to assist families in resolving conflicts.

May 1992 bring us peace and prosperity.

Respectfully submitted,

Maureen Barrows
Welfare/Mediation Director

HISTORIC DISTRICT COMMISSION

The primary purpose of the Historic District Commission is to preserve Exeter's heritage as seen in its exterior architecture while promoting full use and enabling development and renovation consistent with the guidelines of the zoning ordinances. The Commission also functions as a resource for those interested in promoting the spirit and intent of the District outside its boundaries.

During 1991, the Commission met for 11 regular meetings. Hearings were held on 19 applications and certifications of approval were issued in all but one case which is still pending. It has been a pleasure to work with the proprietors, organizations and construction professionals involved with these and other projects toward the common goal of effecting pleasing and historically sensitive improvements to the townscape. The Commission has adopted a new fee structure for applications that is more compatible with the building permit schedule.

The Commission thanks Code Enforcement Officer Peter Dow and Building Inspector Mel Bowley for their efforts in communicating the purposes of the Historic District ordinances and administering the decisions of the Commission on a daily basis.

The Commission wishes to recognize the service of Larry Cosgren and Virginia Carl who ended their terms on the Commission this year. Larry set a new standard as Secretary in recording our proceedings. Virginia chaired the Commission and was the utility infielder doing whatever needed to be done while serving six years. Fortunately, the Commission will not lose their experience because they have agreed to serve as alternates.

The Commission administers the Exeter Zoning Ordinances relating to the Front Street and downtown Historic Districts by reviewing applications for changes to property and signs therein. Please contact the Building Inspector's office for further information if you are considering changes to properties within the Historic Districts. The Historic District Commission may be reached through the Planning Department or in person at its monthly meeting on the third Thursday of each month in the Nowak Room of the Town Office building, 10 Front Street at 7:00PM. Anyone wishing to fill the vacancy on the Commission should make their request to the selectmen.

We thank you for your cooperation and look forward to meeting and working with you.

Respectfully submitted,

RECYCLING COMMITTEE

The Exeter Recycling Committee met 14 times during 1991 and focused most of its energies on looking to the future of the Town landfill. The year began with interviews with six solid waste disposal vendors and a recommendation to the Board of Selectmen that the Town no longer look to expanding the existing landfill. For most of 1990, the Committee, with the help of its consultant, had been looking at the potential of expanding the landfill onto adjacent land. In January, the Committee, based upon word from the State Department of Environmental Services that, in all likelihood, a permit would not be forthcoming, recommended to the selectmen that the expansion option no longer be considered. The Board of Selectmen concurred, and the Committee began to look for options, including transportation out of town, and a final grading plan for the existing landfill.

While these options were being considered, the Committee renegotiated the Town's recycling contract to continue services through March of 1992, took receipt of two tractor trailer boxes to be used for storage of recyclables at the landfill, and prepared an application for grant funds to help in the purchase of recycling containers in the downtown.

Based on the high cost of disposal options, for yard waste, in April the Committee presented recommendations to the Board of Selectmen to extend the life of the stump dump including a prohibition on the disposal of demolition waste. The selectmen voted the ordinance into effect in May.

During the second half of the year, the Committee focused on two issues: the details of the future of the landfill, and preparations for a rebidding of the recycling contract. In October, the Committee presented its plan to the Board of Selectmen aimed at maintaining the use of the landfill for as long as practicable. The plan calls for limiting to three the number of 35 gallon bags to be picked up at each address in Exeter, with the same limitations applied to private vehicles entering the landfill. The plan also calls for opening the landfill two to four times a year for the disposal of bulky items, and the expansion of the recycling program. The Committee's recommendation is that the plan go into effect April 1, 1992. Implementation of the plan, in conjunction with the final grading plan, will allow for increasing the useful life of the landfill to 5 years. Following two public meetings, the Selectmen are scheduled to vote on the plan in early 1992.

With the contract for recycling due to expire in March of 1992, the Committee looked to how the program could be expanded to permit more waste to be diverted from the landfill. The bid package to recycling firms, besides maintaining the status quo, asks the firms to describe the cost of adding cardboard, mixed paper and all HDPE & PET plastics to the list of recyclables. The bids are due in January, 1992.

In closing, the Committee would like to thank all the residents of Exeter for their continuing support for and participation in the Town's recycling program. Participation rates remain in the 80% range, with the Committee receiving almost weekly suggestions for how to make the program better. In addition, the Committee would like to thank the Board of Selectmen for their consistent support over the course of the year.

EXETER PUBLIC LIBRARY

They say time flies when you're having fun, and it must be true because 1991 flew by quickly at the public library. With programs and projects, reference questions and reader's advisory service, employment information and educational support, we reached into the lives of thousands of Exeter residents.

Circulation of library materials rose two percent in 1991. This was due in part to the overwhelming success of our children's summer reading program. The 721 participants read over 5,000 books in just six weeks. Many youngsters whose parents could not afford the expense of camps or vacations used the library as a no-cost source of summer entertainment.

Young adults read more last year, too. The junior and senior high schools helped us create a taskforce to promote school and public library cooperation in all of the Exeter AREA towns. Teens now use the library more often and more effectively for school projects and recreational reading.

The number of adults using the library continued to rise in 1991, and they are doing much more than simply borrowing books for leisure reading. Job seekers are checking the newspapers, borrowing resume books, and finding sources for jobs in library reference materials. Program attendees enjoyed interesting presentations on Celia Thaxter's garden, New Hampshire architecture, money management, and local author Robert Begeibing, as well as Friends of the Library reading/discussion series.

Many residents visit the library daily to read newspapers and magazines and to enjoy the restful atmosphere of the river view. The reference questions patrons bring us every day continue to challenge us, and the number of interlibrary loan requests processed through the New Hampshire Automated Information system doubled during the year.

In December, long-time reference librarian and much-loved town historian Nancy Carnegie Merrill retired from the library staff. As a result, staff duties have been redistributed, and now library users will find a staffed reference desk for better information assistance and interlibrary loan information.

The library continues to grow and change to meet the demands of Exeter. To plan for orderly development, the Board of Trustees appointed a 14-member committee to write a five-year plan. The committee met for eight months and presented its recommendations to the Board in December. The plan is a blueprint for creating a more comprehensive, well-promoted, accessible, and automated library. The Board will soon decide what parts of the plan to implement first. Some exciting changes and challenges lie ahead.

One of those challenges is securing sufficient funding to sustain the library's present level of service while adding new services demanded by library users. The region's poor economy and high unemployment rate prompted the Board of Selectmen to hold our 1991 appropriation at the 1990 level, leaving the library with an inadequate amount of money for books and periodicals. The day was saved when 65 businesses stepped forward to sponsor at least one magazine subscription each for a year. Numerous memorial donations bought books and videocassettes. Best of all, the 1991 Annual Giving Fund far exceeded our goal of \$7,500 with more than 300 donors, a new record. Your generosity never ceases to amaze me!

Much hard work went into 1991. Nearly 4,000 hours of volunteer time was spent processing, repairing and shelving books, barcoding the collection for automated circulation, and performing countless clerical jobs to free the staff up for direct patron services. The Board of Trustees met monthly to wrestle with matters of funding and policy. The staff put out their usual 150 percent effort. But it was all worth it to see the wonder in a child's face at storyhour, to hear that a woman landed a job through a lead from the library, and to know that a high school senior got an A in English because we had books on Ernest Hemingway.

As we end another year, I extend my heartfelt thanks to the staff, volunteers, trustees, Friends of the Library donors, supporters, and most of all you, the people who use and value the library. It's been a pleasure to serve you, and I look forward to all the great things we'll do together in 1992.

Respectfully submitted,

Ellen L. Hardsog
Library Director

CONSERVATION COMMISSION

This has truly been a banner year for the protection of open space in Exeter. As 1991 comes to a close, we can report that approximately 290 acres were protected during the year. This brings the total of town protected land to approximately 920 acres. Our undying thanks to all who have supported funding over the past several years for the purpose of preserving open space. These funds have made it possible to participate, twice now, in the State-funded Land Conservation Investment Program, leveraging far more than a simple dollar match.

Two hundred and fifty of the newly protected areas are north of Route 101 and comprise some of the backland which lies between Watson and Newfields Roads. A conservation easement was purchased on approximately a quarter of these acres and the rest were purchased fee-simple. This ambitious and complicated acquisition project is credited to Peter Dow who, with the enthusiastic approval and backing of the Conservation Commission, and with great vision, dedication and skill, put together an application which served the best interests of the town as well as those of the participating land owners. We are all indebted to Peter, whose countless hours of volunteer services over the past two years have "paid off" so handsomely for everyone. The Commission would also like to thank the Jensens, the Deenes, the Chamberlins, and the Stockbridges for their willing participation and their infinite patience.

In addition to the L.C.I.P. project the Commission, with Peter Dow as its agent, purchased two lots totaling 12+ acres which it will protect with conservation easements before resale as single family house lots. One of these, the Simmons lot, commands a fine view of the Squamscott River and will provide a partial link for a future trail to Henderson Swasey Town Forest; the other, purchased from the McDonnell family, will provide a trail along a portion of the Exeter River at the Linden Street bridge. Another purchase of four acres is anticipated shortly. The Commission has entered an agreement to acquire the Rowell parcel which lies in the interior of Henderson Swasey Town Forest.

The Town has also received a gift of land for conservation and open space from the Lewis Deene family. This 22 acre parcel lies north of the recent L.C.I.P. acquisitions in the Oaklands. Our sincere and heartfelt thanks to the Deenes for their gift and for their many years of protecting and caring for the land.

In other pursuits this year, the Commission held a public informational meeting to air its professionally prepared Forest Management Plan. It is the Commission's goal to maintain the current volume of standing stock while improving its quality and enhancing wildlife habitat and recreation value. The plan was developed for Henderson Swasey Town Forest, and the Commission is eager to begin its implementation.

Trails and trail signage were given an important position on the Commission's agenda this year. Once again under the leadership of Peter Dow, together with Trailwrights, a N.H. non-profit group, the Commission sponsored a one-day trail making workshop which produced a remarkably esthetic, as well as functional, segment of trail on the Country Club easement. The Commission plans to sponsor another workshop in the spring of 1992 with the eventual goal of training a local cadre of volunteers versed in trail making and maintenance skills. Many thanks to all those who participated. We hope the experience was rewarding and that you are looking forward to the next Exeter Trails Day.

Up North Orienteers continue to hold meets in the Town Forest and additionally

provided us an assist this year by opening up a new trail. Many thanks to Tony Federer and UNOs.

The Seacoast Striders held a Volksmarch in late summer which included Henderson Swasey Town Forest in its 6.2 mile walk and drew some 340 participants. By all accounts it was a highly successful, day-long event which attracted national attention. Exeter's own Pat and Bob Lowther planned and hosted this Volksmarch. A well deserved round of applause for Pat and Bob!

The prototype of a trail marking system has been commissioned of Reedy Signs. A simple but sturdy design has been developed which we hope will be the future solution to the identification of public lands and trails. Once again we thank Peter Dow, who volunteered his time to get this project rolling. Look for the first trail marker and sign to appear at the McDonnell Conservation Area on Linden Street.

The boundary search and mapping of Henderson Swasey Town Forest was completed in 1991 by Don Wilson Land Boundary Consultants. This work, commissioned over the course of several years, has produced information needed for management purposes and possible future acquisitions.

Earth Day and Arbor Day were celebrated for the second year with a classroom presentation to the fifth graders at Main Street School by Commissioner and Exeter Tree Warden Peter Waltz and County Forester Phil Auger. The Commission provided a Fraser Fir seedling to each of the 159 grade students. On two separate occasions in September, Commissioner Jody Pellerin talked to the Main Street fourth graders about Exeter's public lands, and Commissioner Judy Sheldon gave them a presentation on bogs.

The Exeter Garden Club continued its support of environmental education by sponsoring Tracy Sabin, an Exeter Area High School Junior to a week long seminar entitled "Managing New Hampshire's Land, A Seminar for Future Leaders" and James French, an EAHS Senior, to a week long program entitled "Youth Environmental Leadership Forum". Thank you, Garden Club!

The Commission wishes to thank the Planning Department for funding an Open Space Plan for the Town. The Plan was prepared by Steve Wallace of the Rockingham Planning Commission with input from the Conservation Commission and the Planning Department. It will be included in the updated Master Plan.

The Commission continues to discharge its regular responsibilities as detailed in NH RSA 36-A and RSA 483-A. Thank you to all who have supported the Commission's work and cheered us on.

ROCKINGHAM PLANNING COMMISSION

The Rockingham Planning Commission provided Exeter with a variety of planning-related services during 1991. The following is a summary of services provided directly to the Town:

Throughout the year the Commission staff provided periodic assistance and advice regarding planning and land use regulations including such topics as the adoption of ordinance amendments, circumstances for rejecting jurisdiction on applications, expansion of non-conforming uses and allowing non-conforming lots, survey standards, handling of conditional approvals, handling of amended site plans and subdivisions, proper layout of public roads, defensible wetland setbacks and septic system receiving layer depth.

The Open Space and Recreation Plan component of the Town's Master Plan was completed. The plan incorporates extensive input from the Planning Department and Conservation Commission and establishes priorities for future protection of the Town's open space.

The Commission assisted the Town Clerk in preparing a Request for Proposal to solicit bids on computer systems for automating Town Clerk transactions. The staff also helped in the review and evaluation of the proposals received.

Grant applications were prepared on behalf of the Town for the Governor's Municipal Recycling Grants program to fund the purchase of sidewalk recycling receptacles and additional curbside collection bins, and for the NH Coastal Program to fund rewriting the Town's subdivision and site plan review regulations. Following approval of the Coastal Program grant, the RPC assisted the Planning Department in rewriting of the Town's subdivision regulations.

A computerized map of the land and natural resources along the Squamscott River was prepared. The resource inventory maps include detailed tax parcel mapping of the river corridor and entire downtown area. The results will be incorporated into a town-wide computerized map in the coming year. In a separate but related project the Commission completed an inventory for the Industrial Development Committee identifying all land parcels greater than three acres in size.

The Commission monitored progress on the Route 101 Expansion project and kept the Town informed. An extensive review of Route 101 Draft EIS was made and shared with the Town. Public comments supportive of the Town's position on the project were made at the public hearing and submitted to the NHDOT and various federal agencies. The Commission staff also performed a highway capacity analysis of the impact of eliminating the Route 88/Portsmouth Avenue connector road from the Route 101 Expansion project.

In addition to Town-specific assistance, Exeter benefitted from planning services provided on a region-wide basis to member communities including educational programs for local land use boards, the publication of advisories about planning and land use practices, regional transportation planning and technical assistance to the Southeast Regional Solid Waste District.

Respectfully Submitted,

ROCKINGHAM PLANNING COMMISSION REPRESENTATIVES
Joseph Kenick (RPC Chairman, 1991-92)
Herb Moyer
Peter Dow

ARTS COMMITTEE

In 1991, the Selectmen established an Arts Committee to promote local artists and their work. Appointed to the Committee were Constance Brown, Donald Galvin, Jane Leonard and Leo DesRoches.

The Committee's organizational meeting was held in September and Leo DesRoches was elected chairman. The Committee's first project was organizing an art display in the public areas of the town office building. The artists' response was very enthusiastic, and seventeen participated in the initial exhibition with display space being allocated by lot. An introductory open house on November 29 and 30 was very well attended. Helen Carr Dix and Herb Moyer, members of the Board of Selectmen, hosted for the town.

Each display will last about three months and be available to the public during normal working hours of the town offices. After each three months, new artists will be admitted to the group and spaces reallocated. An open house with special events will accompany each new display. Working with the artists, the Committee hopes to sponsor additional events during the year.

A special thank you to our local newspapers, radio and cable television for their special announcements and articles. Their support got our story out in a short time and contributed greatly to our success.

We are looking forward to the events of 1992 and hope the people will enjoy meeting the many talented local artists and seeing the work they do so well.

Respectfully submitted,

Leo DesRoches, Chairman	Constance Brown
Donald Galvin	Jane Leonard
Helen Carr Dix, selectmen's representative	

**EXETER HOUSING AUTHORITY
YEAR END 1991**

The Exeter Housing Authority offers two programs in which an applicant may apply for rent subsidy: Public Housing and Section 8 Existing Housing Program.

Public Housing is designed to help Elderly (62 years of age or older), Disabled or Handicapped or Families.

Squamscott View Apartments, located at 277 Water Street, houses eighty-five (85) apartments consisting of eighty-one (81) one bedroom units and four (4) two bedroom units. Of the eighty-five apartments, ten (10) units are designed for the handicapped.

In addition to the eighty-five units for the Elderly, Disabled and Handicapped located on Water Street, the Exeter Housing Authority also owns and operates three (3) Family sites: Linden Fields, Portsmouth Avenue and Auburn Street. Linden Fields is located off Linden Street with fifteen apartments of two, three and four bedroom units. Of the fifteen units, three are designed for handicapped families.

Our Portsmouth Avenue location consists of four (4) units of two (2) and three (3) bedrooms. Auburn Street is a town house design of three (3) apartments each containing two (2) bedrooms, for a total of 107 apartments on our Public Housing Program.

Section 8 Existing Housing Program is designed to help Elderly (62 years of age or older), Disabled or Handicapped as well as Families. The Exeter Housing Authority subsidizes rents for 169 apartments located throughout the Town of Exeter owned by private landlords. During the year of 1991, the Section 8 Program took on a change called "Portable Certificates" which enables a resident on the Section 8 Program for one year, to transfer or relocate to another area within the State of New Hampshire.

Current Eligibility Income for Public Housing		Current Eligibility Income for Section 8	
Elderly - 1 person	\$23,050	Elderly - 1 person	\$14,400
Elderly - 2 persons	26,350	Elderly - 2 persons	16,500
Family - 2 persons	16,500	Family - 2 persons	16,500
Family - 3 persons	18,550	Family - 3 persons	18,550
Family - 4 persons	20,600	Family - 4 persons	20,600
Family - 5 persons	22,250	Family - 5 persons	22,250
Family - 6 persons	23,900	Family - 6 persons	23,900
Family - 7 persons	25,550	Family - 7 persons	25,550
Family - 8 persons	27,200	Family - 8 persons	27,200

Eligible applicants will only pay 30% of their adjusted gross income towards rent.

Anyone owning property for rent in Exeter who may be interested in placing their apartment with our Program, may contact us at the number listed below.

The Authority paid to the Town of Exeter \$20,769 in lieu of taxes for 1991.

During it's fiscal year, the Housing Authority assisted up to 169 residents in paying \$711,393 to private landlords. We operate 107 Public Housing apartments at an average rent (without utilities) of \$203.00.

Those interested in our Program should contact the office at 277 Water Street by calling 778-8110 or 778-1479.

EXETER VETERANS COUNCIL

The Exeter Veterans Council was formed to organize and conduct the patriotic observances for Memorial Day and Veterans' Day. Also to be of assistance to the Town of Exeter concerning Veterans' affairs. This organization is made up of representatives of the Veterans Organizations in Exeter as follows:

World War I Barracks & Auxiliary
American Legion & Auxiliary
Veterans of Foreign Wars & Auxiliary
Disabled American Veterans & Auxiliary

This organization is funded by an appropriation from the Town at the Town Meeting each year.

For Memorial Day, 1991, observances were held on 30 May 1991 at 6PM with a parade. A memorial service was held in the park and flowers were placed on the water to honor our fallen Naval veterans; a service was held at the Gale Park, with the guest speaker, Linnius Vance, Commander of Post 32 American Legion giving a Memorial Day message; wreaths were placed at the monument to honor the World War I veterans; a salute to our fallen veterans was fired by the Rifle Squad from Stratham; services were conducted at the Exeter Cemetery by Walter Anderson, President of the Exeter Veterans Council; prayers were offered at Swasey Parkway, Gale Park and the Exeter Cemetery by local clergy. The graves of our fallen veterans were decorated on Sunday, 26 May 1991 by members of the local veterans organizations.

Veterans' Day, 1991 observances were held on 11 November, 1991 at the Exeter Town Hall due to bad weather. The guest speaker was U.S. Marine Corp. Retired Lt. Col. John Vogt. Other speakers were Linnius Vance, President of the Veterans Council, Barbara Blackwell, Acting President of the Unit 32 American Legion Auxiliary. Prayers were given by Alfred Copp, Chaplain for the American Legion, V.F.W., and the D.A.V; a tribute was given to Ray Olmstead, director of the Keene American Legion Marching Band in the form of a tape recording of God Bless America, sung by Ray Olmstead. Our special guest was 12 year old Jamie Sample, of Alton Bay, NH, who sang the Star Spangled Banner.

Respectfully submitted,

Linnius V. Vance, President
Exeter Veterans Council

EXETER SCHOOL DISTRICT WARRANT

TO THE INHABITANTS OF THE SCHOOL DISTRICT OF THE TOWN OF EXETER, COUNTY OF ROCKINGHAM, STATE OF NEW HAMPSHIRE, QUALIFIED TO VOTE UPON DISTRICT AFFAIRS:

You are hereby notified to meet at the Talbot Gym at Exeter AREA High School in said Exeter on Monday, the second day of March, 1992, at seven o'clock in the evening to act upon the following articles:

1. To see if the School District will vote to raise and appropriate the sum of TWO MILLION THREE HUNDRED THOUSAND (\$2,300,000.00) DOLLARS for the construction of renovations and additions to the Exeter AREA High School, the entire TWO MILLION THREE HUNDRED THOUSAND (\$2,300,000.00) DOLLARS to be raised through the issuance of serial notes or bonds under and in compliance with the Municipal Finance Act, RSA 33:1 et seq, as amended, and to authorize the School Board to: issue and negotiate such notes or bonds; determine the rate of interest thereon; to apply for, obtain and accept any federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; take such other action as may be necessary to effect the issuance, negotiations, sale, and delivery of such notes or bonds as shall be in the best interests of the School District; and to invest said funds.

(This article will be voted on by ballot with the polls to remain open not less than one hour, which one hour may be simultaneous with voting on article 2. A 2/3 vote is necessary to authorize the issuance of said notes or bonds).

2. To see if the School District will vote to raise and appropriate the sum of TWO MILLION THREE HUNDRED THOUSAND (\$2,300,000.00) DOLLARS (Gross Budget) for the construction of renovations and additions to the Main Street School and to authorize the issuance of not more than ONE MILLION SIX HUNDRED SIXTY THOUSAND (\$1,660,000.00) DOLLARS of serial notes or bonds in compliance with the Municipal Finance Act, RSA 33:1 et seq, as amended, and to authorize the School Board to: issue and negotiate such notes or bonds; determine the rate of interest thereon; to apply for, obtain and accept any federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; take such other action as may be necessary to effect the issuance, negotiations, sale, and delivery of such notes or bonds as shall be in the

best interests of the School District; and to invest said funds; furthermore, to authorize the withdrawal of the total sum of SIX HUNDRED FORTY THOUSAND (\$640,000.00) DOLLARS from the two Capital Reserve Funds, established at the 1985 District meeting for the purpose of improvements in the pavement of District parking lots and at the 1988 District meeting for the purpose of reconstructing the buildings of the Exeter Public Schools, the entire balance to be withdrawn from said 1985 Fund and the remainder of the SIX HUNDRED FORTY THOUSAND (\$640,000.00) DOLLARS to be withdrawn from said 1988 Fund.

(This article will be voted on by ballot with the polls to remain open not less than one hour, which one hour may be simultaneous with voting on article 1. A 2/3 vote is necessary to authorize the issuance of said notes or bonds).

3. To see if the District will vote to establish an expendable trust fund under RSA 198:20-c I for the purpose of funding payments due to professional employees of the District for unused accumulated sick days and to name the School Board as agents to expend such trust funds and to transfer to such trust fund the District's unencumbered surplus funds remaining on hand at the end of the 1991-1992 fiscal year up to the maximum amount of \$25,000.00.

4. To see if the District will vote to authorize the School Board to transfer to the Capital Reserve Fund established at the 1988 District meeting for the purpose of reconstructing the buildings of the Exeter Public Schools, including associated engineering and architectural fees, whatever remains of the District's unencumbered surplus funds remaining on hand at the end of the 1991-1992 fiscal year after article 3, above. The total payment to the Capital Reserve Fund shall not, however, exceed one-half of one percent of the last assessed valuation of the Town of Exeter.

5. To see if the District will vote to convey to the Trustees of Phillips Exeter Academy approximately 9,940 square feet of land situated at the southeast corner of the Lincoln Street School property in exchange for which the Trustees of the Phillips Exeter Academy will convey to the District approximately 9,940 square feet of land situated near the southwest corner of the Lincoln Street School property and to authorize the School Board to execute, deliver, and accept the deeds in connection therewith.

6. To see if the District will vote to authorize the School Board to lease the School Street School to Newmarket-Exeter Child Care Centers, Inc., a non-profit

agency providing daycare services, for a term of ten years on such terms as the School Board may require including a requirement that the Newmarket-Exeter Child Care Centers, Inc. pay not less than \$150,000.00 towards the cost of renovations to the School Street School prior to occupancy.

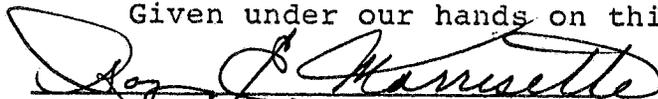

7. To see if the District will vote to authorize the School Board to make application for, accept, and expend, on behalf of the School District, and without further action by the District, all gifts, advances, grants in aid, revenue sharing funds, or any other funds for educational purposes as may now, or hereafter be, available or forthcoming from the United States Government, the State of New Hampshire, any of its municipalities, any other state, local or federal agency, or a private source.

8. To hear reports of Agents, Auditors, and Committees or Officers heretofore chosen and pass any vote relating thereto.

9. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for the School District officials and agents, and for the payment of the statutory obligations of the District.

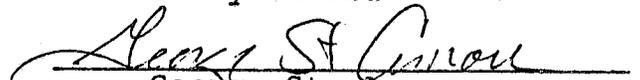

10. To transact any other business which may legally come before the meeting.

Given under our hands on this 11th day of February, 1992.

REPORT OF SAU 16 ADMINISTRATORS
March, 1992

William J. Clancy, Superintendent
Darrell J. Lockwood, Assistant Superintendent
Kathleen M. Lynch, Assistant Superintendent

The school year 1991-1992 has seen the first year of our secondary schools functioning under the amended AREA Agreement.

Also, during the 1991-1992 year we have implemented the revised K-6 Reading Curriculum and the revised K-2 Math Curriculum. Much appreciation is owed to those teachers and administrators from all SAU 16 schools who participated in these critical projects.

The tuition rate for 1992-1993 at EAHS and EAJHS was set by the cooperative process detailed in the AREA agreement and the AREA Capital Committee has made a recommendation to the Exeter School Board regarding the science area of the EAHS.

The major focus of the development of each of our six school budgets for 1992-1993 has been the balance between the economic limitations we are all experiencing and the requirements we all share to adequately fund the education of our young who have only this opportunity to receive their public education.

There are plans for science classroom additions at EAHS and classroom additions and renovations at Exeter's Main Street School which will be placed before the Exeter taxpayers at the Annual District Meeting. A series of informational hearings sponsored by the respective building committees and the Exeter School Board have been held to inform the electorate of the specifics of each proposal. We are very grateful to those citizens who are serving on these facility committees.

Finally, a word of appreciation must be extended to the members of the budget committees in each of our communities. The input and advice each offers during the budget process is insightful and helpful as we attempt to construct responsible budgets which can meet our responsibilities to children.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Exeter Area School District
Exeter, New Hampshire

We have audited the accompanying general purpose financial statements of the Exeter Area School District and the combining and individual fund financial statements of the School District as of and for the year ended June 30, 1991, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Assets Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Exeter Area School District at June 30, 1991, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1991, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.
