

John D. Lusona, 1919-1984

TOWN OF EXETER
ANNUAL REPORT

FOR THE YEAR ENDING DECEMBER 31, 1983

John D. Lusona, 1919-1984

In the death of Johnny Lusona on January 22, Exeter has lost a faithful public servant and a warm friend. Government works best when its employees are diligent and helpful. Citizens who had recourse to the Building Inspector's office found Johnny unfailingly courteous, conscientious, and impartial in the discharge of his complicated duties. He was equally even-handed in his other town job, that of assistant to the moderator at town meetings and other elections.

Wherever he was — at Brewitt's, where he worked for twenty years as a mortician's assistant; in the Navy, aboard PC 564 during World War II; as a young man on the baseball diamond (he was one of the area's best semi-pro players, a reliable outfielder and a crack base runner); in his long allegiance to the Democratic party — Johnny made friends. We shall miss equally his eagerness to serve us and his cheerful and affectionate regard for us. Farewell, Johnny, and God bless you.

TOWN OF EXETER

ANNUAL REPORTS

OF THE

SELECTMEN and TREASURER

THE TOWN MANAGER

AND ALL OTHER

OFFICERS and COMMITTEES

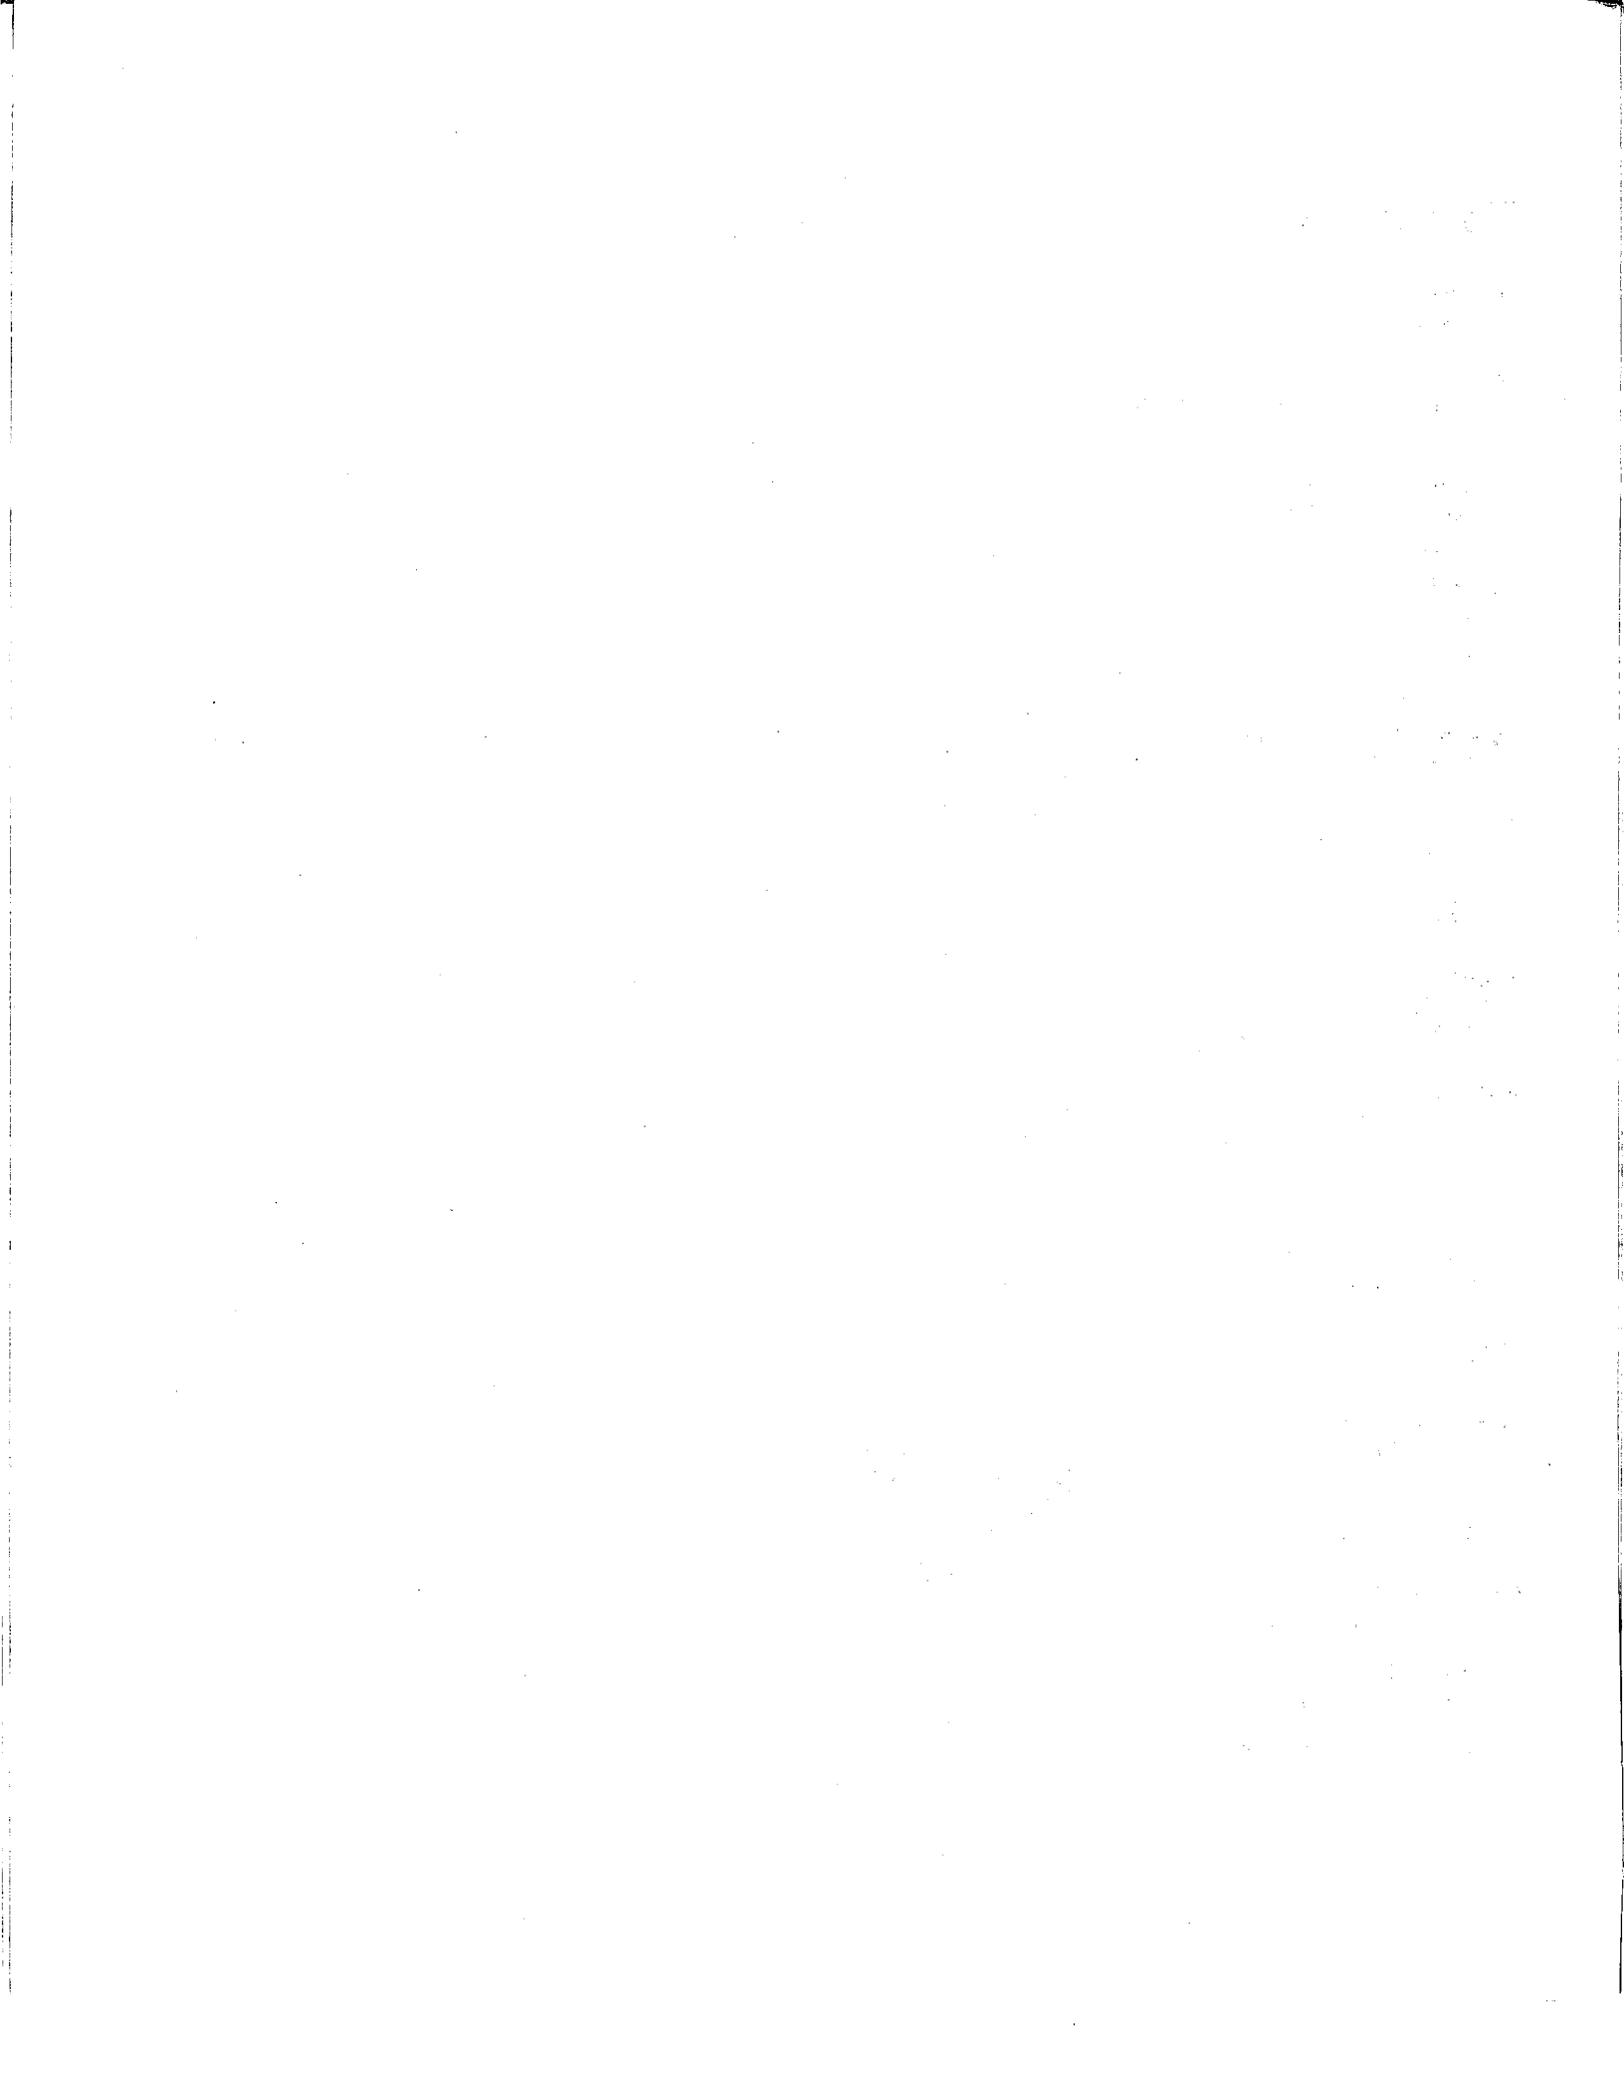

FOR THE

Financial Year Ending December 31

1983

PLEASE DO NOT WASTE THESE REPORTS

Town Warrant

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Exeter, in the County of Rockingham, in said state qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Exeter, on Tuesday, the thirteenth day of March next, at eight o'clock in the forenoon, to choose all necessary Town Officers for the ensuing year, by official ballot, and to take other action required to be inserted on said official ballot; the polls to open at eight o'clock in the forenoon and to close not earlier than eight o'clock in the evening, and thereafter to reconvene at the Exeter High School gymnasium on Monday, March 19, 1984 at seven o'clock in the afternoon, for the purpose of acting on all other matters to come before the meeting.

ARTICLE 1

To choose by ballot and plurality vote two (2) Selectmen for the term of three (3) years.

ARTICLE 2

To choose by ballot and plurality vote a Town Clerk for the term of three (3) years.

ARTICLE 3

To choose by ballot and plurality vote a Tax Collector for the term of three (3) years.

ARTICLE 4

To choose by ballot and plurality vote a Town Treasurer for the term of three (3) years.

ARTICLE 5

To choose by ballot and plurality vote three (3) members of the Library Committee for the term of three (3) years.

ARTICLE 6

To choose by ballot and plurality vote one (1) member of the Library Committee for the term of one (1) year.

ARTICLE 7

To choose by ballot and plurality vote one (1) Trustee of Trust Funds for the term of three (3) years.

ARTICLE 8

To choose by ballot and plurality vote one (1) Trustee of the Robinson Fund for the term of seven (7) years.

ARTICLE 9

To choose by ballot and plurality vote one (1) Trustee of the Swasey Parkway for the term of three (3) years.

ARTICLE 10

To choose by ballot and plurality vote one (1) Trustee of the Swasey Parkway for the term of two (2) years.

ARTICLE 11

To choose by ballot and plurality vote one (1) Moderator for the term of two (2) years.

ARTICLE 12

To choose by ballot and plurality vote one (1) Supervisor of the Check-list for the term of six (6) years.

ARTICLE 13 — Zoning Amendment #1

Are you in favor of the adoption of Amendment #1 to

the zoning ordinance as proposed by petition of the voters for this Town as follows?

Amend Section 4.10 and zoning map to change the use zone for the property located at 2 Lincoln St., Exeter, from R-2 to C-1.

ARTICLE 14 — Zoning Amendment #2

Are you in favor of the adoption of Amendment #2 to the zoning ordinance as proposed by petition of the voters for this Town as follows?

Amend Article 5, Section 32 so that the reference to a twenty (20) foot transition side or rear yard be amended to sixty (60) feet and striking the words "at least equal in depth to that required in the residence district" so that it reads:

Where the side or rear yard in a residence district abuts a side or rear yard in a nonresidence district, there shall be provided in the nonresidence district along such abutting line or lines, a side or rear yard not to be used for parking. In no case shall the abutting side yard be less than sixty (60) feet in depth and the abutting rear yard be less than sixty (60) feet in depth.

ARTICLE 15 — Zoning Amendment #3

Are you in favor of the adoption of Amendment #3 to the zoning ordinance as proposed by petition of the voters for this Town as follows?

Amend Article 4, Section 30, Schedule II so that the fifty (50) foot 'minimum rear yard' dimensions in a C-2 highway district be amended to seventy-five (75) feet.

ARTICLE 16 — Zoning Amendment #4

Are you in favor of the adoption of Amendment #4 to the zoning ordinance as proposed by petition of the voters for this Town as follows?

Amend the Historic District regulations of the Zoning Ordinance by striking and eliminating therefrom Ordinance Section 6.73, paragraph 3, subparagraphs a, b, c, f and h, which read as follows:

- a. Proportions of facade (scale, massing of elements)
- b. Proportions of openings within the facade
- c. Rhythm of solids to voids within the facade
- f. Size and rhythm of projections
- h. Relationship of texture

ARTICLE 17 — Zoning Amendment #5

Are you in favor of the adoption of Amendment #5 to the zoning ordinance as proposed by petition of the voters for this Town as follows?

Amend the Historic District of the Zoning Ordinance Section 672-2, lines 14, 15 and 16 by adding after the words on line 15, "... northerly along Pleasant Street and ..." the words "... then from Woodlawn Circle along ..." so that lines 14, 15 and 16 would read as follows:

"... the district includes an area beginning at the intersection of Pleasant Street with High Street and running northerly along Pleasant Street and then from Woodlawn Circle along Chestnut Street to its intersection with Chestnut Hill Ave ..."

ARTICLE 18 — Zoning Amendment #6

Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

To see if the Town will vote to rezone approximately 60 acres of land adjacent to Hampton Road and Route 101 Bypass to a 'Professional/Technology Park' and establish certain allowable uses and regulations for the area so that they read:

Amend Article 2, Section 20 Definitions by adding the following:

Prototype Production A use limited to the fabrication of new or experimental products produced in quantities not exceeding those necessary for research and development or testing of the product within the corporation and not intended for sale.

Research and Development Laboratories A use devoted to technological experimentation or the development of new products and processes.

Transfer Referring to the transportation activity of collection, temporary storage and re-shipment of material.

And amend Article 6, Section 51 **OFFSTREET PARKING SCHEDULE** by adding the following:

USES	REQUIRED PARKING SPACES
Professional/	— 3 for each 1,000 sq. ft. of gross
Tech Park	floor area

And amend Article 6, Section 60 **SPECIAL EXCEPTIONS** by adding a new paragraph 'j', so that it

reads as follows:

j. That if the application is for a use in the 'Professional/Tech Pk. such exception will not:

- (1) affect the water quality of Water Works Pond or other water supplies;
- (2) constitute a health hazard to the community;
- (3) permit temporary structures;
- (4) permit the recycling, disposal or transfer of materials defined as hazardous waste and set forth in Art. 4.50(5) of this ordinance.

The applicant shall demonstrate that handling, storage and containment of any chemicals or substances defined as 'hazardous' will be handled in strict accordance with the regulations and recommendations of the EPA and/or any other governmental body charged with enforcing compliance with any laws or statutes regulating hazardous substances.

And amend Article 6, Section 83 **Signs, Exterior** by adding to paragraph 'b' **Signs in Commercial and Industrial Districts**, subparagraph '4) Size', a new section 'd)', to read as follows:

d) **Professional/Tech Park** No sign or aggregate sign area may be larger than thirty-two (32) square feet. For a multi-tenancy building, the sign area shall be limited to a thirty-two (32) square foot 'directory' sign as approved by the Planning Board and a two (2) square foot building sign for each tenant.

And amend Article 4.20 **SCHEDULE I: ZONING SCHEDULE OF USE CONTROLS** by adding the following:

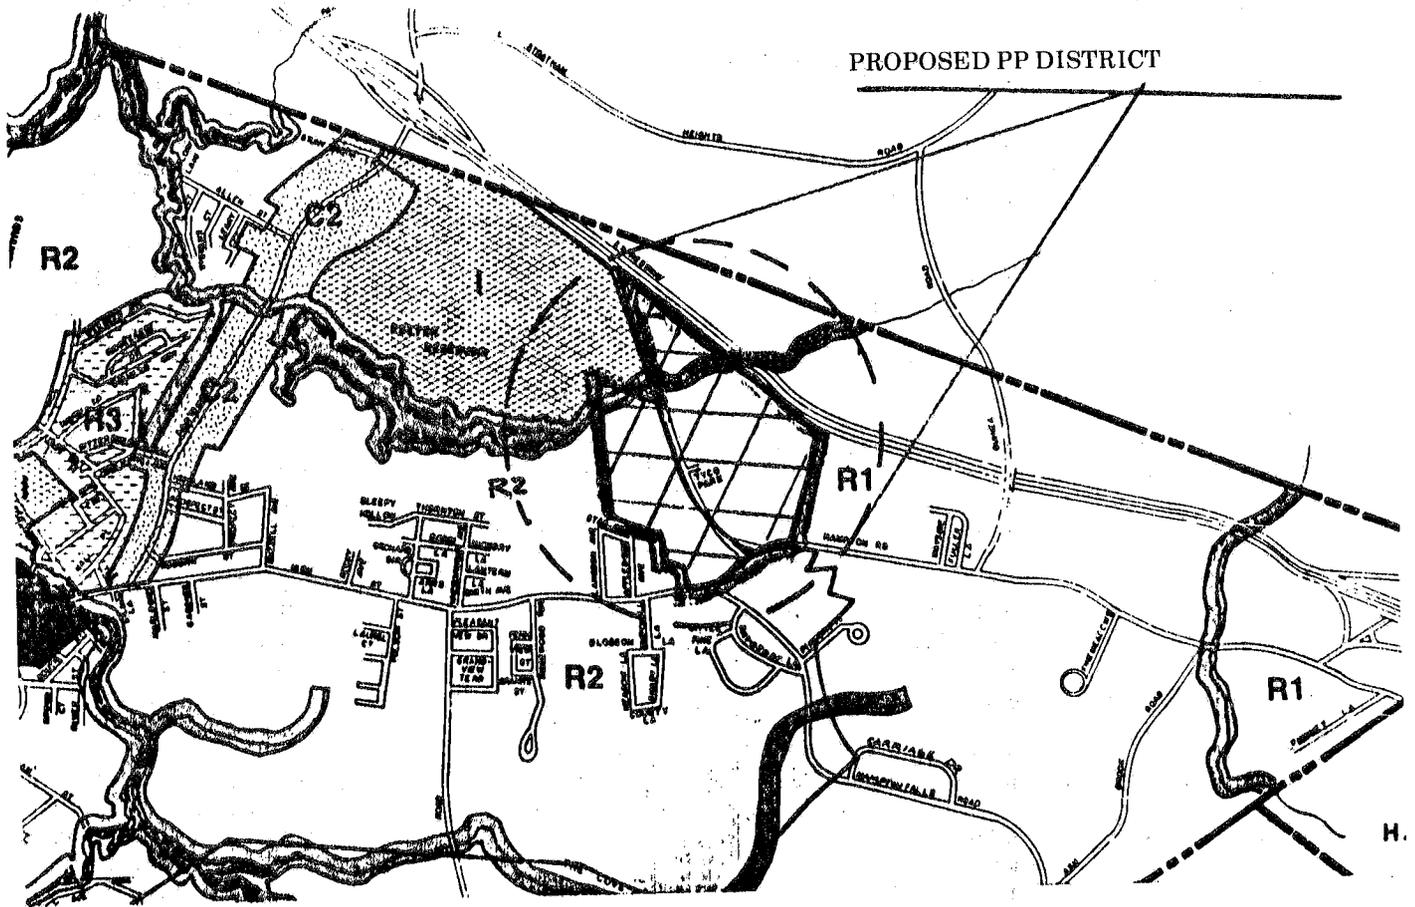

DISTRICT	PERMITTED PRINCIPAL	PERMITTED ACCESSORY	SPECIAL EXCEPTION
PP Professional/Technology Park	Business, professional and banking offices. Data processing facilities.	Customer services as a part of banking offices. Customary accessory uses incidental to the principal uses, including maintenance, recreation and concession facilities.	Research and development laboratories and related facilities for research development and testing, including prototype production but excluding biological, radiological or chemical laboratories. Chemical, biological or radiological processes may be permitted as an accessory use in a research and development laboratory and/or related facility.

And amend Article 4.30 **SCHEDULE II: ZONING SCHEDULE OF BULK AND COVERAGE CONTROLS** by adding the following:

DISTRICT	LOT DIMENSIONS	Public Water and Sewer	Min. Lot Area (sq. ft.)	Min. Lot Area per Dwelling Unit (sq. ft.)	Min. Lot Width (feet)	Min. Lot Depth (feet)	Max. Height	Max. Cover			
							Ft/Stories	YARD	Dimensions	(%)	
PP Professional/Technology Park	Not permitted	2 acres	2 acres	Not permitted	200	200	50/4	75	30/60	50	20

* A minimum of 35% of the lot shall be maintained for open space and landscaped areas.

Amended the Town Zoning Map as illustrated:

ARTICLE 19 — Zoning Amendment #7

Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend Article 4.20 **SCHEDULING I: ZONING SCHEDULE OF USE CONTROLS**, footnote on page 17, by striking the words 'dimensional requirements' and amending it so that it reads:

* The conversion of existing residential buildings and attached barns into not more than four (4) dwelling units provided: (a) there are no more than two (2) dwelling units converted in the barn; (b) the number of spaces for offstreet parking shall comply with Article 6.51; (c) the minimum lot size required shall be such that each dwelling unit is provided with twenty-five percent (25%) of the minimum lot size required for the district; (d) that the structure was in existence prior to 1972. When a 'home occupation' exists on the premises, no more than three (3) dwelling units shall be permitted.

Amend Article 2.20 **DEFINITIONS** by replacing the definition for the term 'Conversion' with the following:

Conversion The conversion of existing residential

buildings and attached barns into not more than four (4) dwelling units provided: (a) there are no more than two (2) dwelling units converted in the barn; (b) the number of spaces for offstreet parking shall comply with Article 6.51; (c) the minimum lot size required shall be such that each dwelling unit is provided with twenty-five percent (25%) of the minimum lot size required for the district; (d) that the structure was in existence prior to 1972. When a 'home occupation' exists on the premises, no more than three (3) dwelling units shall be permitted.

ARTICLE 20 — Zoning Amendment #8

Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend Article 1 **SHORT TITLE AND PURPOSES**, by adding a new section 1.34 **Continuance of**, to read as follows:

1.34 Continuance of:

Continuance of a nonconforming use shall be allowed to continue in the same manner and extent, however, a change to a substantially different purpose or to use in a manner substantially different from that to

which the use was previously put is not permitted. It shall be within the discretion of the Town's code enforcement officer to determine in the first instance whether the change involves a substantially different purpose or manner of use. In his discretion, not withstanding the foregoing, the code enforcement officer, upon written application made, may approve a change in use to another less intense nonconforming use. In exercising his discretion, the code enforcement officer shall consider:

1. The nature of the prior nonconforming use.
2. The nature of the proposed nonconforming use.
3. Impact on traffic, parking and the site.
4. Impact on abutting properties.
5. Other criteria applicable to the particular uses involved.

Any action taken by the code enforcement officer under this provision shall be in writing and shall include detailed findings as to the above factors.

ARTICLE 21 — Zoning Amendment #9

Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town building code as follows?

To see whether the Town will vote to rescind the National Building Code and adopt the BOCA Basic Building Code, as amended, with the following amendments as recommended by the Planning Board:

1. **TITLE**, Section 100.1
These regulations shall be known as the Building Code of Exeter, New Hampshire, hereinafter referred to as "this code".
2. **FEE SCHEDULE**, Section 114.31
A fee for each plan examination, building permit and inspections shall be paid in accordance with the following schedule:

Plan examination	Actual cost
Building permit and inspections	\$4.00 per \$1,000 value of work

Plans requiring more extensive review than can be rendered by the local official shall be referred to the BOCA Design Review Service for a plan examination and charges billed on an actual cost basis to the applicant for the permit. Such costs shall be in addition to the building permit fee.
A fee is hereby established for an appeal to the Board of Appeals, as specified under Chapter 124.2.1, as \$25.00.
The value for building construction exempted from the requirements of obtaining a building permit shall be \$1,500, nevertheless, work shall be in compliance with all codes and ordinances.
- 3/4. **VIOLATION PENALTIES**, Section 117.4
Any person who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, construct, alter or repair a building or structure in violation of an approved plan or directive of the building official, or of a permit or certificate issued under the provisions of this code,

shall be guilty of a misdemeanor, if a natural person, or of a felony if any other person. Any such violation shall be punishable by a fine of not more than One Hundred Dollars (\$100), nor less than Ten Dollars (\$10) for each day that a violation continues after the conviction date; provided, however, that the total fines imposed for any single violation shall not exceed Five Hundred Dollars(\$500) which sum shall inure to the Town of Exeter for such uses as the Board of Selectmen may direct.

5. **UNLAWFUL CONTINUANCE**, Section 118.2
Any person who shall continue any work in or about the structure after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or to remedy unsafe conditions identified by the building inspector, shall be guilty of a misdemeanor, if a natural person, or of a felony if any other person and be punished as provided in the preceding subsection entitled **VIOLATION PENALTIES**.
6. **COMPENSATION OF BOARD OF SURVEY**, Section 123.3
The third member of the board shall receive for services a fee based upon a bill for expenses, not to exceed \$150 per day. If the appellant is sustained by vote of the Board of Survey, the fee will be borne by the Town, otherwise, payment shall be made by the appellant.
7. **FIRE LIMITS**, Section 501.2
The fire limits shall comprise the areas containing congested business, commercial, manufacturing and industrial uses or in which such uses are developing. The limits of such areas are described upon the accompanying map entitled "Fire Limits Map", attached and made a part of this section.
8. **DEEP EXCAVATIONS**, Section 1807.2.1
Whenever an excavation is made to a depth of more than four (4) feet below an established curb, the person who causes such excavation to be made, if afforded the necessary license to enter the adjoining premises, shall preserve and protect from injury at all times and at his own expense such adjoining structure or premises which may be affected by the excavation. If the necessary license is not afforded, it shall then be the duty of the owner of the adjoining premises to make his building or structure safe by installing proper underpinning or foundations or otherwise. Such owner if it be necessary for the prosecution of his work, shall be granted the necessary license to enter the premises where the excavation or demolition is contemplated.
9. **SHALLOW EXCAVATIONS**, Section 1807.2.2
Wherever an excavation is made to a depth less than four (4) feet below the curb, the owner of a neighboring building or structure the safety of which may be affected by the proposed excavation, shall preserve and protect from injury and shall support his building or structure by the necessary underpinning or

foundations. If necessary for that purpose, such owner shall be afforded a license to enter the premises where the excavation is contemplated.

10. **SECTION 1906.0**

Bonds and Liability Insurance for signage over or on a public way.

Amend Article 1, "Administration and Enforcement", Section 117.4 by adding, after the last sentence, the following:

"Both the owner and contractor will be held responsible for any violation under this article and be subject to the penalties for violations specified above. In any criminal or civil proceeding brought to enforce the provisions of this Code, the owner and/or contractor responsible for any violation shall be required to reimburse the Town of Exeter for its reasonable costs and attorney's fees in taking action to enforce the provisions of this Code, including but not limited to sums incurred by the Town prior to the commencement of judicial proceedings."

Amend Article 21, "Elevator, Dumbwaiter and Conveyor Equipment, Installation and Maintenance", by deleting Sections 2102.0, 2103.0, 2104.0 and including the following:

2101.4 General

The Building Inspector requires compliance with RSA 157:B "N.H. Elevator Law" for matters relating to tests and inspection, certificate of compliance, maintenance and accidents.

DELETE the contents of Article 25, "Energy Conservation", and refer to the N.H. Energy Code, so that it reads as follows:

2500.0 General

Matters relating to energy conservation shall be governed by the N.H. Energy Code.

INSERT a new article titled "Article 26 Flood Hazard Zones" which reads as follows:

ARTICLE 26

FLOOD HAZARD ZONES

The following regulations shall apply to all lands designated as flood hazard areas by the Federal Emergency Management Agency in its "Flood Insurance Study for the Town of Exeter, N.H.", together with the associated Flood insurance Rate Maps and Flood Boundary and Floodway maps of the Town of Exeter, dated May 17, 1982, and as amended, which are declared to be a part of this Ordinance.

2600 If a proposed building site is in a flood prone area, all new construction and substantial improvements (including the placement of prefabricated buildings and mobile homes) shall (i) be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure; (ii) be constructed with materials and utility equipment resistant to flood damage; and (iii) be constructed by methods and practices that minimize flood damage.

2600.01 Each building permit application for construction or substantial improvement, within Zone A of the Flood Hazard Boundary Map, shall contain the following information:

- i) elevation (in relation to mean sea level) of the lowest habitable floor (including basement) of new or substantially improved structures, and whether or not such structures contain a basement;
- ii) obtain, if the structure has been floodproofed, the elevation (in relation to mean sea level) to which the structure was floodproofed;
- iii) maintain a record of all such information with the official designated by the community under Section 1909.22(a)(9)(iii).

2600.02 If any party proposes to alter or relocate a water course, the building inspector shall notify the New Hampshire Office of Comprehensive Planning and the Administrator of the F.I.A.

2600.03 No permit shall be given for a project which reduces the flood carrying capacity of a water course.

2600.04 All mobile homes placed within Zone A on the Flood Hazard Boundary Map shall be anchored to resist flotation, collapse, or lateral movement by providing over-the-top frame ties to ground anchors. Specific requirements shall be that (i) over-the-top ties be provided at each of the four corners of the mobile home, with two additional ties per side at intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side; (ii) frame ties be provided at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side; (iii) all components of the anchoring system be capable of carrying a force of 4,800 pounds; and (iv) any additions to the mobile home be similarly anchored.

2600.10 In zones "A1 through A30", as defined on the community's FIRM map, for new construction and substantial improvements, the building inspector shall require that:

- i) Residential structures have the lowest floor (including basement) elevated to or above the base flood level.
- ii) Non-Residential structures have the lowest floor (including basement) elevated to or above the base flood level; or together with attendant utility and sanitary facilities, to be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

2600.11 In zones "A1 through A30", where floodproofing

is used in lieu of elevation, a registered professional engineer or architect shall certify to the building inspector that the floodproofing methods used are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the base flood.

2600.12 In zones "A1 through A30", for new, substantially improved or expanded mobile home parks, and for mobile home placement not in existing mobile home parks, the building inspector shall require that:

- i) Stands or lots are elevated on compact fill or on pilings so that the lowest floor of the mobile home will be at or above the base flood level;
- ii) Adequate surfacing drainage and access for a hauler are provided; and
- iii) In the instance of elevation on pilings:
 - a. lots are large enough to permit steps;
 - b. piling foundations be placed in stable soil and are no more than ten (10) feet apart; and
 - c. reinforcement is provided for pilings that extend more than six (6) feet above the ground level.

ARTICLE 22

To choose all other necessary Town Officers, Auditors, or Committees for the ensuing year.

ARTICLE 23

To see if the town will vote to raise and appropriate the sum of fifty two thousand five hundred (\$52,500.00) dollars as the first of two equal installments for the purchase of land containing approximately 35,000 square feet with a building thereon in the W-C district and authorize the withdrawal of this amount from Federal Revenue Sharing Funds to be received by the town in the 1984 calendar year, and to further authorize the selectmen to issue a promissory note in the same amount payable to the seller one year from date of purchase.

ARTICLE 24

To see if the town will vote to raise and appropriate the sum of eight hundred forty thousand (\$840,000.00) dollars, for the purpose of constructing sewerage and sewage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 United States Code, Section 1251 et seq.) and will qualify the town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed three hundred seventy eight thousand (\$378,000.00) dollars under and in compliance with the provisions of the Municipal Finance Act (NH Revised Statutes Annotated, Chapter 33, Section 1 et seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Exeter, and to allow the Selectmen to expend such monies as become available from the

Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 United States Code, Section 1251 et seq.) and pass any vote relating thereto.

ARTICLE 25

To see if the town will vote to raise and appropriate the sum of three hundred forty thousand (\$340,000.00) dollars for the purpose of constructing the Court Street sewer pumping station and force main project, said project to be funded in the following manner:

\$225,000.00 from Federal Aid;

\$ 68,000.00 from State Aid;

\$ 17,000.00 from the Exeter Sewer Reserve.

ARTICLE 26

To see what sums of money the Town will raise and appropriate for the maintenance of the poor, for repairing and building bridges, for repairing and building sidewalks, for building drains and sewers, for oiling streets, for payment of the Town debts, for lighting streets, for defraying expenses of decorating the graves of soldiers, for payment of firemen during the ensuing year, and for other charges arising within the Town.

ARTICLE 27

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, and pursuant to New Hampshire Revised Statutes Annotated Section 33:7 and Section 33:7-a to incur debt for temporary loans in anticipation of 1984 taxes, and in anticipation of any bond issue which may be voted by the Town, and to issue therefor notes of the Town payable within one (1) year after their date, and to pay or renew the same by issue of new notes payable within one (1) year after the date of the original publication.

ARTICLE 28

To see if the Town will authorize the Board of Selectmen to apply for, accept, and expend money from the state, federal, or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in New Hampshire Revised Statutes Annotated Chapter 31, Section 95-b, requiring that such sums be used only for legal purposes for which a town may appropriate funds; and provide that the Selectmen hold a prior public hearing on the action to be taken; and that town funds not be expended.

ARTICLE 29

To see if the Town will vote to fix the annual salary of the Town Clerk at twenty thousand nine hundred ninety-four and seventy-five hundredths dollars (\$20,994.75), and to raise and appropriate an additional sum of eight hundred seven and forty-nine hundredths dollars (\$807.49) above the sum budgeted therefor.

ARTICLE 30

To see if the Town will vote to fix the annual salary of the Tax Collector at at sixteen thousand one hundred fifty-two and eighty-four hundredths dollars (\$16,152.84) and

to raise and appropriate an additional sum of six hundred twenty-one and twenty-six hundredths dollars (\$621.26) above the sum budgeted therefore.

ARTICLE 31

To see if the Town will vote to fix the annual salary of the Town Treasurer at five thousand eight hundred forty and eighty-five hundredths dollars (\$5,840.85) and to raise and appropriate an additional sum of two hundred twenty-four and sixty-five hundredths dollars (\$224.65) above the sum budgeted therefor.

ARTICLE 32

To see if the Town will vote to fix the annual salary of the Bookkeeper of the Trustee of Trust Funds at five hundred dollars (\$500.00) and to raise and appropriate an additional sum of two hundred and fifty dollars (\$250.00) above the sum budgeted therefore.

ARTICLE 33

To see if the Town will vote to raise and appropriate the sum of fourteen thousand eight hundred fifty-three dollars (\$14,853.00) for the purpose of contracting for mosquito control services for the period of March 1984 to March 1985.

ARTICLE 34

To see if the Town will vote to expend the twenty thousand dollars (\$20,000.00) in the Capital Reserve Fund for a Highway Department front-end loader and to raise and appropriate an additional twenty-five thousand dollars (\$25,000.00) for same and authorize the withdrawal of this amount from Federal Revenue Sharing Funds to be received by the Town in the 1984 calendar year.

ARTICLE 35

To see if the Town will vote to expend seventy thousand dollars (\$70,000.00) from the Fire Department Capital Reserve Fund and twenty-five thousand dollars (\$25,000.00) from the Fire Department Ambulance Reserve Fund and to raise and appropriate an additional fifty thousand dollars (\$50,000.00) and authorize the withdrawal of this amount from Revenue Sharing Funds to be received by the Town in the 1984 calendar year. This money to be used to purchase a new 1,500 gallon per minute pumper-type fire truck.

ARTICLE 36

To see if the Town will vote to raise and appropriate thirty nine thousand dollars (\$39,000.00) for a computer fund for replacement or repair of existing accounting equipment and authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1984 calendar year.

ARTICLE 37

To see if the Town will vote to raise and appropriate the sum of twenty-five thousand dollars (\$25,000.00) to add to the Library Capital Reserve Fund established in 1982, and authorize the withdrawal of this sum for this purpose from Federal Revenue Sharing Funds to be received by the Town in the 1984 calendar year.

ARTICLE 38

To see if the Town will vote to raise and appropriate

twenty thousand dollars (\$20,000.00) to establish a Capital Reserve Fund for the purpose of expanding the Recreation Center for added Senior Citizen activities and to authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1984 calendar year.

ARTICLE 39

To see if the Town will vote to raise and appropriate three thousand five hundred dollars (\$3,500.00) to establish a Capital Reserve Fund for the purpose of purchasing a replacement for the Recreation Bus and to authorize the withdrawal of this amount from Federal Revenue Sharing Funds to be received by the Town in the 1984 calendar year.

ARTICLE 40

To see if the Town will vote to raise and appropriate the sum of twelve thousand six hundred seventy-eight dollars (\$12,678.00) as partial reimbursement to the Exeter Area Visiting Nurses Association, Inc. for providing continual home health care services to residents of the Town of Exeter.

ARTICLE 41

To see if the Town will vote to raise and appropriate the sum of eight thousand seventy-nine and forty hundredths dollars (\$8,079.40) as its contribution to the Rockingham Planning Commission.

ARTICLE 42

To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) to defray a portion of the cost of service rendered by the Area Homemaker-Home Health Aide Service, Inc.

ARTICLE 43

To see if the Town will vote under the provisions of New Hampshire Revised Statutes Annotated 37:16 to authorize the Selectmen to appoint the Town Manager to also be Tax Collector of taxes within and for the Town of Exeter and to fix his compensation therefore beginning at the end of the Tax Collector's present term of office which ends on the second Tuesday of March, 1987 or when a vacancy occurs in the office of Tax Collector, whichever occurs first.

ARTICLE 44

To see whether the Town will authorize the Selectmen to enter into agreements with the owners of property situated between Water Street and the Squamscott River to enable the Town to create filled land beyond the current banks of the Squamscott River and to establish the rights of property owners and the public thereto, to abandon whatever rights the Town may have to the currently used roadway on said properties, and to establish conditions for the maintenance, repair and/or relocation of the sewer line situated on said premises.

ARTICLE 45

To see whether the Town will authorize the Selectmen to quitclaim to Phoenix Development Company the remnant portion or portions of Downing Court, Stevens Court and Leary Court, previously deeded to the Town, beyond the end of the existing developed roads, which will

not be needed for access to any existing lots owned by third parties, on such terms and conditions as the Selectmen shall deem appropriate.

ARTICLE 46

To see if the Town will vote to raise and appropriate the sum of two thousand dollars (\$2,000.00) to assist the Newmarket/Exeter Child Care Centers, Inc., a non-profit child care organization.

ARTICLE 47

To see whether the Town will vote to adopt the following ordinance to regular vendors, hawkers, peddlers, solicitors and other itinerant vendors:

802. ORDINANCE TO REGULAR VENDORS, HAWKERS, PEDDLERS, SOLICITORS AND OTHER ITINERANT VENDORS.

802.1 No person, partnership, corporation or other entity not having a permanent location in the Town of Exeter, may sell, barter, purchase or otherwise carry on commerce in goods or services within the Town of Exeter through door-to-door solicitations without first receiving a license to do so from the Town of Exeter.

802.2 Persons subject to this Ordinance shall apply to the Office of the Selectmen for a license. The application for license shall include the following information:

- a. the name of the person applying, and the name of the entity, if different, for whom the application is made;
- b. the local address of a person applying, the permanent address of the person applying, and of the entity, if different from the person making the application;
- c. the local and permanent telephone numbers of said person and/or said entity;
- d. the social security number of said person and the social security or taxpayer's identification number of the entity;
- e. the nature of the goods or services involved, the areas to be canvassed, the vehicles to be used and the names of all solicitors;
- f. the method of solicitation to be used and copies of any proposed contracts, agreements, promotional materials, or other materials designed to be used in solicitation.

802.3 The Selectmen shall send one copy of the application together with a copy of the attachments to the Chief of the Exeter Police Department.

802.4 The Selectmen shall grant such license at the next regularly scheduled meeting unless they determine that:

- a. the applicant has been convicted of actions involving consumer fraud, or
- b. the applicant has outstanding charges for consumer fraud lodged against him anywhere in the State of New Hampshire either with local or state agencies.

802.5 There shall be no fee for said license.

802.6 If an applicant believes the permit to have been wrongly denied, he may appeal the decision to the Board of Selectmen who shall hold a hearing on the issue and who shall grant or deny the license. The Selectmen shall hold said hearing within seven (7) business days of the request for same by the applicant.

803.5 Other Persons Covered

This ordinance covers Itinerant Purchases of goods from persons, or organizations in the community which are not normally in the business of retail or wholesale trade and which have not displayed such goods for sale or otherwise advertised or notice the availability of said goods for sale. This shall include persons seeking to purchase such items as gold, jewelry, antiques, junk, mobile home accessories, and other items which are not held out for sale in the normal course of business by the owners thereof. This shall not be deemed to include real estate.

804.6 Complaints

Upon receipt of any complaint concerning nuisance, hazard, annoyance, or disorderly conduct concerning any Section of this chapter, any or all solicitors may be asked to stop solicitation and a petition to revoke the permit may be filed with the Board of Selectmen by any person.

804.7 Notification to Police

Upon the issuance of a permit to any person, corporation, religious group or church, the Selectmen shall notify the Police Department of the same.

804.8 Identification Required

Any person, firm, corporation, charitable organization, religious group or church granted such a permit shall upon demand show suitable identification to any person demanding same and shall at each solicitation or inquiry identify the unit benefiting from the funds received.

804.10 Penalty

Any person violating any section of this ordinance shall be guilty of a violation, and shall be fined not more than \$500.

ARTICLE 48

On petition of Virginia L. Franzoni and others, to see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the Seacoast Task Force on Family Violence, a private non-profit organization which operates A SAFE PLACE, a shelter for battered women and their children, which serves residents from the town.

ARTICLE 49

On petition of Paul R. Mahoney and others, to see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) for Seacoast Big Brother/Big Sister, a non-profit volunteer organization, to help defray some of the expenses for fiscal year 1984.

ARTICLE 50

On petition of Karen K. Moyer and others, to see if the

Town will vote to raise and appropriate the sum of five thousand two hundred ninety-seven dollars (\$5,297.00) for the Greater Raymond Community Action Center, part of the Rockingham County Community Action Program, Inc., a private, non-profit, anti-poverty agency.

ARTICLE 51

On petition of Calvin A. Lewis and others, to see if the Town will vote to raise and appropriate the sum of nine thousand dollars (\$9,000.00) for the Seacoast Regional Mental Health Center, Inc.

ARTICLE 52

On petition of Leona James and others, to see if the Town will vote to raise and appropriate the sum of one thousand four hundred dollars (\$1,400.00) to help defray some of the expenses for fiscal year 1984-1985 of the Retired Senior Volunteer Program.

ARTICLE 53

On petition of Charles M. Swift and others, to see if the Town will vote to raise and appropriate the sum of seven thousand five hundred forty-three dollars (\$7,543.00) to assist Rockingham Child and Family Services, a private, non-profit organization.

ARTICLE 54

On petition of Mary Fleischman and others, to see if the Town shall call upon the Governor and Executive Council, its State Representative(s) and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools and agencies in the Town, and to direct the Selectmen to promptly notify our above listed elected officials of the Town's desire.

ARTICLE 55

On petition of Daniel S. Davis and others, to see if the Town will vote to authorize the Selectmen to sell lots in the subdivision known as Oak Haven under such terms and conditions for their development as may be established by the Planning Board. Funds received from such sales shall be placed in a sewer reserve fund and shall be earmarked for the eventual installation of sanitary sewers in the Oak Haven Subdivision.

ARTICLE 56

On petition of Herbert S. Moyer and others, to see if the Town will vote to reject the Emergency Planning which has been done to date as being ineffective in providing reasonable assurance that adequate protective measures can and will be taken in the event of a radiological emergency at Seabrook Station.

ARTICLE 57

To transact any other business that may legally come before said meeting.

Given under our hands and seals this 24th day of February, 1984.

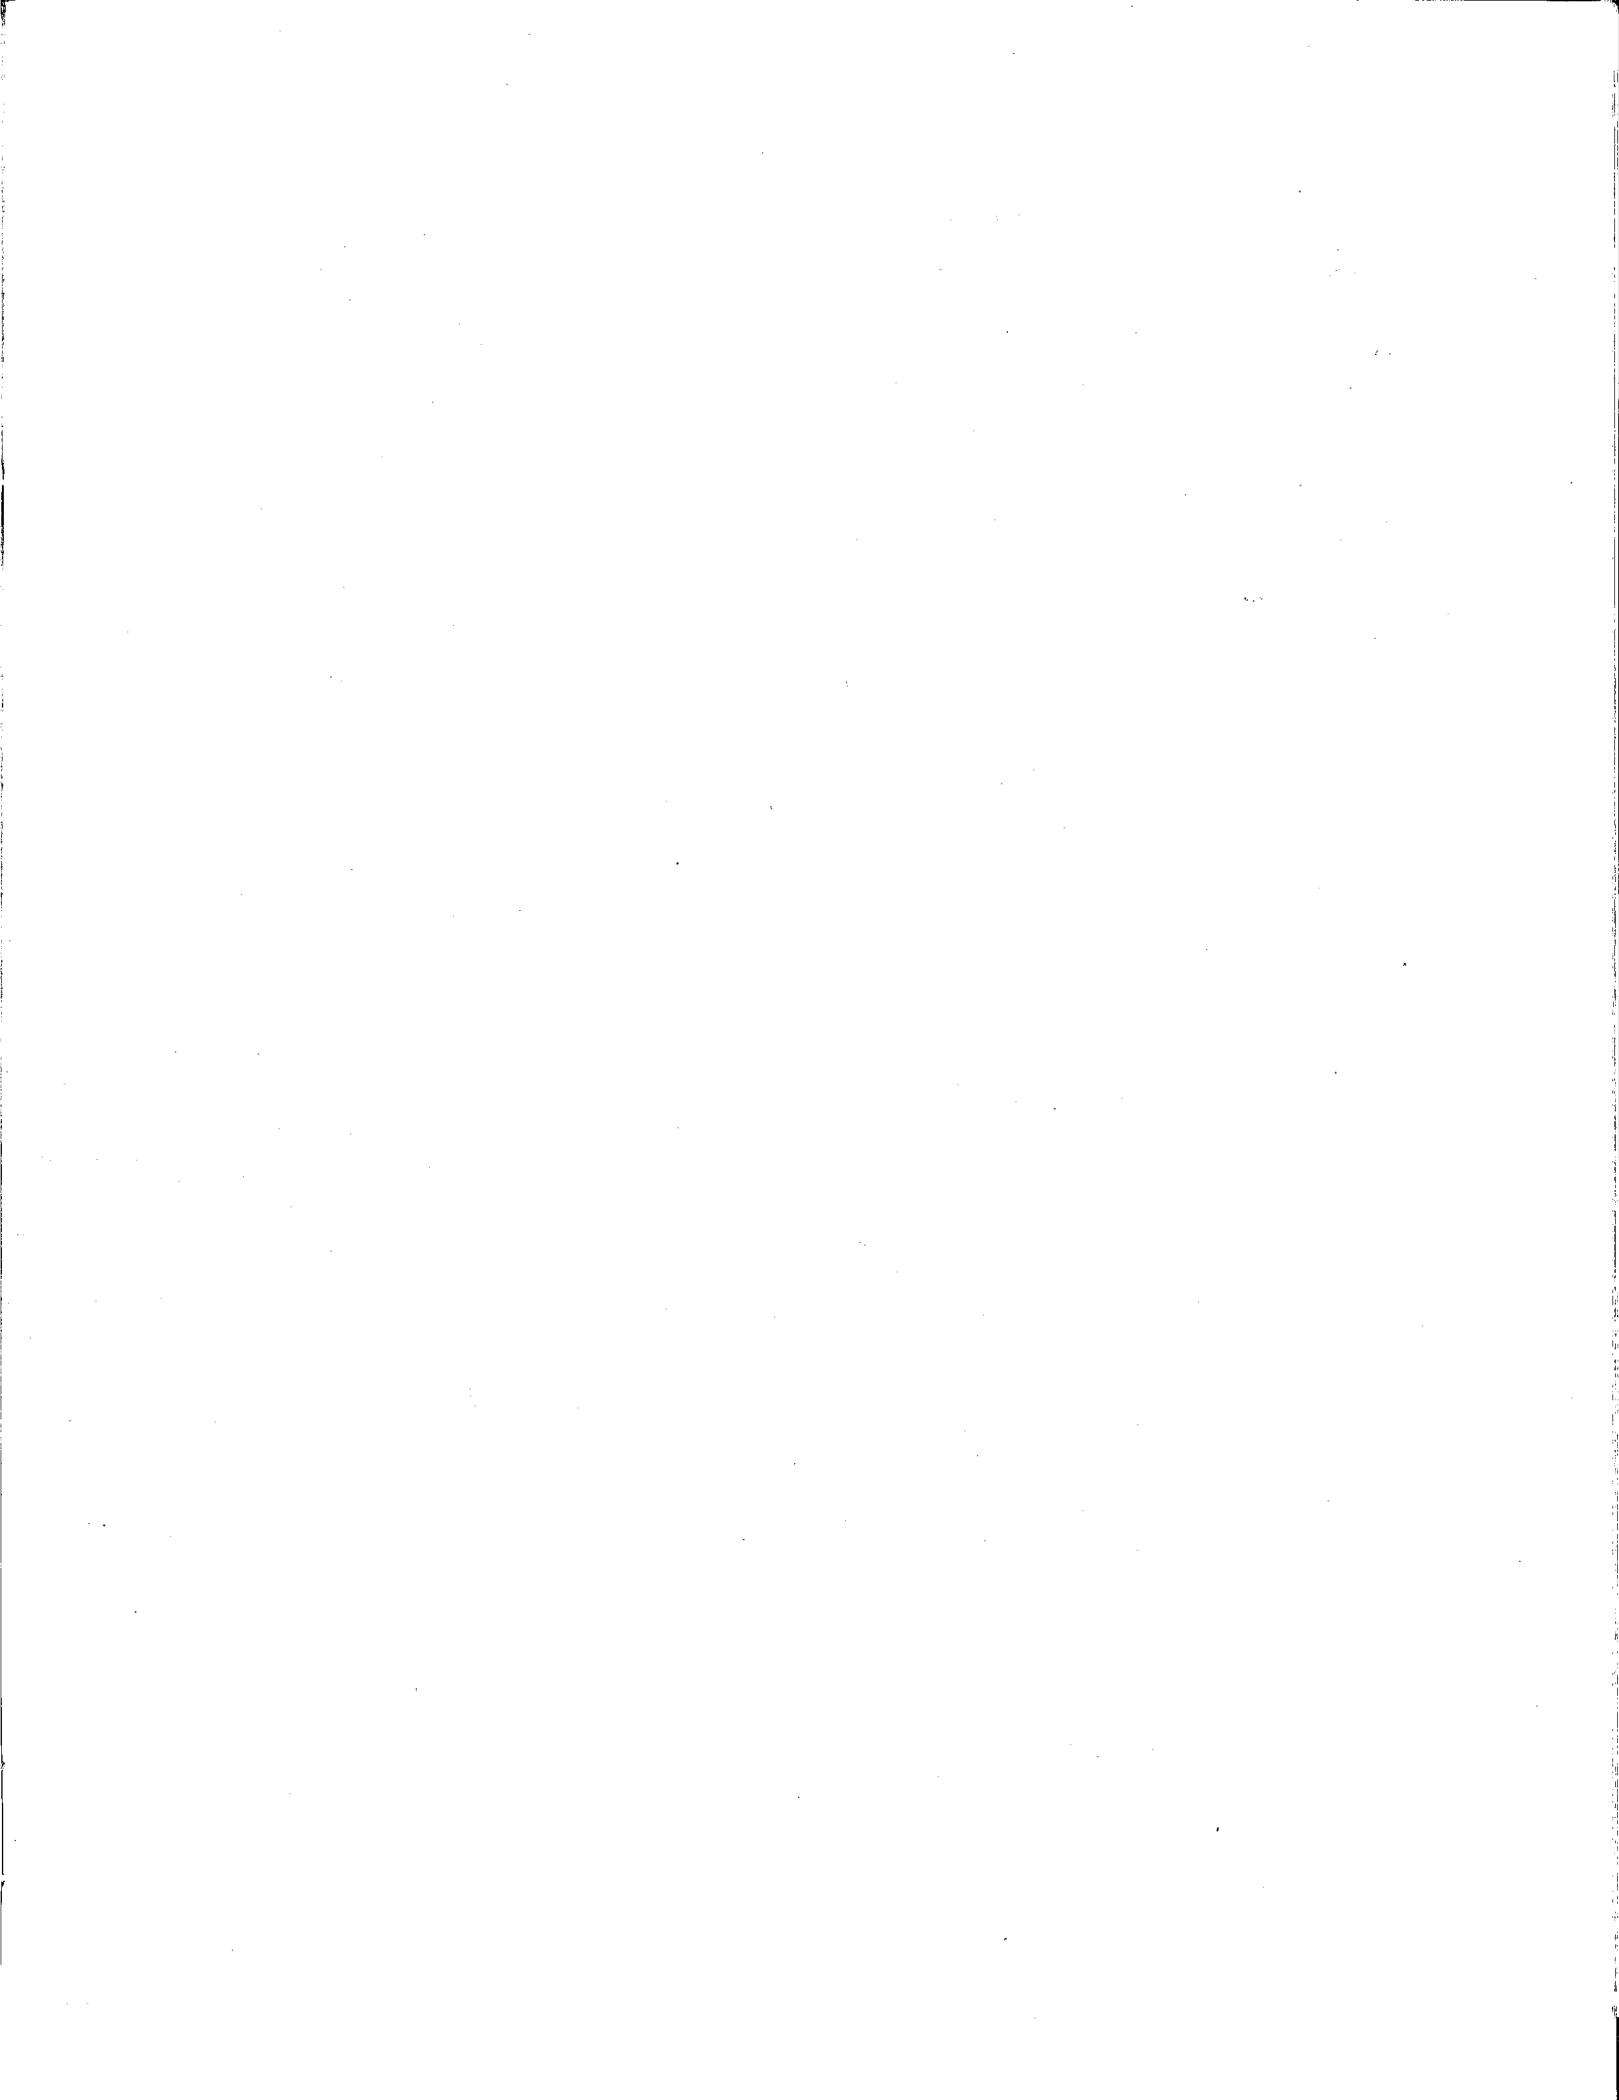

Robert H. Rowe,
Chairman,
Evelyn H. Zarnowski,
Vice Chairman,
James A. Plourde,
Clerk,
Sherman E. Chester,
Richard M. Heath,
Board of Selectmen.

We certify that on the 24th day of February, 1984, we caused a true copy of the within Warrant to be posted at the Town Hall in Exeter, at Gerry's Variety Store in Exeter, and at the Exeter AREA High School gymnasium in Exeter, and caused a true copy to be published in The Exeter News-Letter on the 24th day of February, 1984.

Robert H. Rowe,
Evelyn H. Zarnowski,
James A. Plourde,
Sherman E. Chester,
Richard M. Heath,
Board of Selectmen.

A TRUE COPY OF WARRANT — ATTEST:

Robert H. Rowe,
Evelyn H. Zarnowski,
James A. Plourde,
Sherman E. Chester,
Richard M. Heath,
Board of Selectmen.

Paid — 81

Rental waived — 30

Selectmen

We have dedicated this Town Report to Johnny Lusona. His energy, dedication and enthusiasm were obvious to all who knew him. To Johnny, Building Inspector was not a job, but an opportunity to show the love he felt for the people and the Community in which he lived. We were fortunate to have had him as an employee and unfortunate to have lost a good friend. We will miss him.

We will try to cover, in this report, several areas of importance to the Community.

WATER SEARCH

Last year we appropriated \$150,000 to search for a new source of water. The Exeter River provides us with 95% of our drinking water. The remaining 5% comes from the Skinner Springs in Stratham. This is high quality water which does not require treatment. Our objective is to provide water which is only chlorinated and not chemically treated at our plant. The Treatment Plant is 10 years old and parts are wearing out. It costs us \$575.00 per million gallons to operate. We use between 1 million and 1.7 million gallons of water per day, depending upon the season. This is an expensive method.

During the year we have drilled test wells in several areas of town. We concentrated on rock wells as the chance of manganese and iron being in the water is lessened. We were unsuccessful. Now we are drilling in gravel. We have found a source on the Drinkwater Road which has the potential of producing over 1 million gallons per day of quality

water. There is also a site off the Epping Road which is producing less but is of a high quality. We have spent approximately \$30,000 of the original \$150,000. With the remainder of the money, we should be able to drill all the test wells which will be needed. A bond issue will be needed for the finish wells, pipe, pumps and extending of the system. Hopefully, this year a great deal of progress will be made toward achieving these goals. We are all looking forward to water which smells good, looks good and tastes good.

CONTRACTED SERVICES

When one of our sewer personnel retired and another transferred to water, we decided not to replace them, but to hire a private contracting company to maintain our sewer lift stations. On August first we contracted York Waste Water Consultants Inc. of Stamford, Connecticut. We signed this company for a one year contract. We will have daily inspections and maintenance. So far, Mr. Strout, Director of Public Works, is pleased with the progress being made. We feel we are getting better maintenance at no increase in cost. If we continue with the company, they will present us with a 5 year plan listing goals and objectives relative to ongoing maintenance, including replacement of equipment.

TOWN, SCHOOL COMPUTER

We are now on line so that the payroll, taxes, and bookkeeping are programmed into the computer. The capabilities are limitless. Savings in time and money will increase dramatically. The transition has not been an easy one. Our girls in the office have had to be trained and

crosstrained in the computer skills. We want to thank these people for their patience and willingness to adapt to such a major change.

TOWN MANAGER

Don Chick has announced his resignation to be effective on or before November 23, 1984. During his nine years in Exeter he has withstood many controversies. His reorganization plan of several years ago brought cries of protest, yet the majority of the plan is still intact and has been effective. We have 10 less employees now and services provided to the Town are as effective as they were before reorganization. Cost effective Government has always been his main goal. His expertise in budgeting has made this possible, with no decrease in service to the people. We will attempt to bring in a Town Manager several months before Mr. Chick's resignation goes into effect. This will make the transition much smoother.

We wish Don a happy and relaxing retirement and hope he remembers the Town of Exeter with the same fondness with which he will be remembered.

To all our employees, boards and commissions, you are the ones who make the Town run on an even keel. You do not receive the publicity, but you get our job done. A very special thanks to Barbara Blenk, Town Manager's and Board Secretary. Our job is so much easier because of her dedication and professionalism. Hopefully, future boards will be as fortunate as we have been.

Respectfully submitted,

James A. Plourde,
Clerk.

Town Manager

The Town portion of taxes continues to stay within the 2.75 guideline and the Town will end the 1983 year with a surplus. The amount of the surplus has not been determined by the auditor as of the writing of this report.

The selectmen's report summarizes the major issues found by the Town in 1983.

I have enjoyed the eight years as Town Manager in Exeter and thank the citizens, selectmen, department heads, employees,

and boards and commissions for being so good and making my stay so pleasant.

Respectfully submitted,
Donald E. Chick,
Town Manager.

Public Works Highway Division

I respectfully submit the Annual Report for the Town of Exeter's Highway Department.

During the year 1983 there were 16 storms with a total accumulation of approximately 59.5 inches of snow and 4 freezing rain storms.

Spring Clean-Up was omitted due to getting an early start on winter plow damage repairs and the scheduled construction projects. Buzell Avenue, Highland Street, and a portion of Westside Drive were done under our Contract Paving Program and Highway Subsidy Funds.

Summer maintenance consisted of the usual coldpatching of pot holes, storm drain installations, cleaning and repairs, plus traimming and grooming of the roadsides.

A lot was accomplished in the Sidewalk Program with the help of Phillips Exeter Academy. Two bad sections of Front Street and the badly deteriorated concrete sidewalk on Tan Lane were replaced with asphalt. Town employees added another 1,200 feet to the Linden Street area to Sherwood Forest.

Only a portion of the T.R.A. "B" Funds were used and that went to the reconstruction of the Route 88 and Hampton Road intersection for safety. Bell & Flynn again came in with the low price for paving and Town employees assisted by raising the necessary utilities.

Respectfully Submitted,
Robert D. Strout,
Director of Public Works.

Water and Sewer

I respectfully submit the Annual Report for the Town of Exeter's Water and Sewer Departments.

Despite the loss of three employees, two by retiring and one finding employment elsewhere, we were still able to accomplish a lot of the scheduled projects. Again Town employees worked with a local contractor on High Street changing over the services from the old main to the new main in hopes that High Street can be reconstructed within the next couple of years.

Due to the employee problem the Sewer Lift Stations were put out to contract. I felt the Town could save money by hiring qualified, certified individuals rather than hiring and training new employees. I feel the stations are now getting better care and maintenance. The resident operator from York Wastewater Consultants, Inc. has helped us to buy two new pumps that will help keep some of the operating costs down and adjustments have been made to others so that they run more cost efficiently.

Some rodding, pressure cleaning, and bucketing in problem lines has been done.

An extensive drainage project was done in the Salem/Wadleigh Street area in hopes to help out the overloaded lines.

All twelve Water and Sewer Pumping Stations were maintained in the usual manner.

Respectfully Submitted,
Robert D. Strout,
Director of Public Works.

Fire Department

Once again the Exeter Fire Department has finished a productive year with the re-zoning and renumbering of its 107 fire alarm boxes. Every box has been refurbished, painted, and pole markers installed at every location. This task was performed by on duty personnel with no overtime involved.

In addition, through many meetings in and around Exeter our mutual aid system has been updated and many new agreements signed to insure full protection under the most adverse conditions. Ironically, just days after mutual aid personnel from other communities had participated in pre-fire planning here in Exeter, a conflagration struck the Dearborn Warehouse on Garfield Street. Just as the roof of a nearby factory ignited from radiant heat, mutual aid units arrived to extinguish the flames.

During the fire, eleven engines, three ladder trucks, one rescue, and a cascade truck were placed into action to handle a natural gas leak, a chimney fire and a fire alarm activation. The system proved beyond a doubt the value of mutual aid fire protection.

This year has also seen more pre-fire planning and pumping experiments in order to improve the use of large diameter hose.

I wish to thank all members of the Fire Department and all other town agencies for their cooperation, and assistance throughout the year.

Respectfully submitted,
William J. Toland,
Fire Chief.

Fire Department Ambulance

During 1983, the Exeter Fire Department Ambulance Service experienced an increase in total emergency medical responses. The statistical breakdown of types of calls can be found elsewhere in this report.

In the Spring of 1983 high and fast moving water conditions prevailed on the Exeter River. Four boating mishaps occurred in a week due to white water and rapids on the river. Fortunately, all victims were rescued from the river safely with only minor injuries sustained. The operational success of the rescues can be directly attributed to training for a special rescue event and use of proper rescue equipment.

Plans for the coordination of all area human resources is being developed in order to properly care for all medical emergencies at any level, dictated by the scope of the event.

Many first aid and CPR classes as well as demonstrations were conducted for the general public.

We look forward to serving you again this year and wish to thank everyone for their continued support.

Respectfully submitted,
John E. Carbonneau,
Lieutenant,
Emergency Medical Services.

Town Forest Fire Warden & State Forest Ranger

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your forest fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every

fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m.

and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

1983 STATISTICS

State Dist. City/Town

No. of Fires	779	284	14
No. of Acres	348	147	28.2

Assessor

As usual, April 15 is the deadline for new applicants requesting exemption for the elderly, veteran or blind. Information concerning eligibility for exemptions may be found at the Assessor's office.

Mobile home owners selling their home must record the transfer with the registry of deeds. For the purposes of transfer in ownership, mobile homes are redefined as manufactured housing. The closing of a sale will be much like normal real estate. Owners selling without the services of a realtor may find they need the use of an attorney.

The Board of Selectmen have given the Assessor permission to reassess all mobile homes "manufactured housing" for the

1984 tax year. The units will be valued at market value, times the ratio being utilized for real estate. Because of the great increase in value that has occurred for used mobile homes, there is a disparity of assessments when comparing new units against old ones. The spread in assessments that is in existence currently has been narrowed considerably.

Planning Board

Thirty three meetings were held for public hearings and work sessions and, in addition, several site walks were taken by the board this year.

The Planning Board has been meeting regularly to deal with a

number of development proposals as well as several zoning issues in preparation for the March '84 Town Meeting.

The Planning Board has deliberated carefully in proposing an ordinance to rezone approximately 60 acres off of Hampton Road, across from the County Courthouse into a professional/technology park. The board feels this site is uniquely situated with convenient access to Route 101 to support a variety of office-related uses. This would have the combined benefit of providing a suitable location and zone for these uses and improve the community's tax base. An essential concern of the Planning Board was to minimize the impact on nearby residential neighborhoods; this, we believe, will be accomplished by routing traffic access onto the 'bypass', selecting compatible permitted uses, and requiring sizeable minimum lot sizes with surrounding open space.

Building development has been increasing as a result of the improvement in the economy and the Planning Department has been inspecting the construction of streets and utilities associated with these projects. Expectations are that the building industry will continue to grow in '84 and a number of substantial residential and commercial plan reviews are being anticipated. Additionally, work is beginning on an update of the elements of the Master Plan as is being required by new legislation passed by the state.

Members of the board wish to extend their appreciation for the cooperation shown by developers and business interests of the town, and to the citizens for their

Health Department

This is my tenth yearly report on the progress and few problems as Exeter Health Inspector. I would like to familiarize you on most of the establishments that I cover, which includes approximately 45 restaurants, 34 day care centers, and foster homes, school buses, eight grocery stores, PEA, all town schools, factories and businesses that employ five or more people, rental buildings, all our Town buildings, septic tanks, leach fields, beauty and barber shops. I keep a close watch on sanitation pertaining to grease traps, house traps, drains and wells, and new construction.

I follow up on all health complaints that I receive. I have very good cooperation with the Fire Chief, Animal Control Officers, and Building Inspector.

I still visit the Health Department of Manchester to gain more knowledge of health problems, being a larger city they encounter more. I have had excellent cooperation from them. I wish to give my sincere thanks to all those that cooperated with me in all my work.

Yours in Health,
J. Harold E. Carbonneau,
Health Inspector.

Swasey Parkway

The trustees wish to thank Bob Eldredge and Gary Lord for their fine work in caring for the Parkway.

We have had several memorial donations of trees, shrubs and money for the Parkway and we thank those who made them. There were six trees given and planted on the Parkway — we have two left, the others were broken or stolen — so we still continue to have the problem of vandalism.

However we will continue to try to keep the Parkway a place to enjoy and be proud of.

Respectfully submitted,
Francis M. Sinclair
Trustee.
Douglas Dacey,
Trustee.
William Toland,
Trustee.

Police Department

For the second consecutive year, we are proud to report that the incidents of reportable crime have decreased in the Town of Exeter. In 1983, we investigated fewer personal and property crimes than reported in 1980, reflecting a three year reduction of approximately 50 percent in some areas. During the past year, we recovered 26 percent of the property stolen and we have a resolution rate of 25 percent in the major crime area, this is about 10 percent above the National average.

We feel that the public has contributed greatly to this reduction in crime and we thank you for your cooperation and continued awareness of the need to become involved in your community. Crime prevention and community awareness are key elements in our efforts to curtail crime, the more the public can tell us, the more effective we can be at our investigation and apprehension duties.

Many other duties are performed by the department and a review of those areas follows this report. We are happy to serve the citizens and visitors in Exeter and welcome your questions and interest in the department. Feel free to call on us at any time.

Visiting Nurse Association

The Exeter Area Visiting Nurse Association experienced a year of growth and change in 1983. The EAVNA operated with the largest budget, caseload and staff in the history of the Agency. The two new services, speech and occupational therapy, were very well utilized. The other disciplines, nursing, physical therapy and home health aides all show a marked increase in visits. Needs are changing. People are staying in hospitals for shorter periods of time and frequently staying at home rather than being cared for in nursing homes. HOME CARE now requires increased skills and up to date technology to meet the needs of the acutely ill as well as the chronically ill. Service was provided as needed 7 days a week, 24 hours a day.

In addition to the HOME CARE program, the MATERNAL & CHILD HEALTH PROGRAM was ever responsive to the needs of its

population, working closely with local pediatricians and the state and federal policy makers.

The Agency's ADULT HEALTH PROGRAM was expanded to meet the needs of the adult population. Foot Care Clinics provided a new service for people needing assistance caring for their feet. Self help sessions were held to assist elders in independent living. Immunization clinics for adults were added to the program and blood pressure clinics were increased to serve the middle and younger adult.

The EAVNA continues to promote a clinical setting to students of health care as well as provide continuing education for its own staff to enable the Agency to continue to meet the changing needs of its clients and of the community.

15,313 units of service were provided to residents of the service area between January 1, 1983 and December 31, 1983. (Individual town statistics are sent to the selectmen of each town.)

In the 80's, the shift of health

care is to the HOME and the COMMUNITY. The EAVNA is meeting the challenges and will continue to collaborate and coordinate with other health providers to assure that quality health care is available to residents of the area.

Exeter Area Visiting Nurse Association, Inc., 26 Propsect Avenue, Exeter, N.H. 603-772-2981. Office Hours - 8 A.M. to 4 P.M. Monday thru Friday. Medicare/Medicaid certified. Member of Community Health Care Association and National Association for Home Care.

Alan Vrooman,
W. Everett Doe, Jr.
Brian McCaffrey,
*Exeter's Representatives,
Board of Directors.*

Recreation and Parks

In 1983, your Recreation and Parks Department saw an increase in the number of people using the outdoor swimming pool, the tennis courts, the parks and commons, as well as more

participation in special events and programs offered by the department. We had but two, maybe three days from June 15th through the end of July where the pool was closed due to bad weather, we even stayed open an extra week as the hot weather started the day we opened the swimming pool and the record heat just continued through the ten week period.

In 1983 we acquired another park to maintain, this area near the dam on Pickpocket Road. We also maintain the land next to the dam in the downtown area. I must say our summer crew did a fine job with the many areas that we maintain as it is a very busy time of the year for our department.

The seasonal programs were well attended with many new people moving to Exeter and participating for the first time. The trips to many sections of our country, and state was again this year a very popular activity, as it has been for the last six or seven years.

With your continued support, we can provide facilities, activities and programs to fill your leisure hours. We are always open for new ideas, just stop by the office and let us know your interest.

The summer concert series was very popular again this year. Plans for the 1984 concert series are to move the Thursday evening concerts to Swasey Parkway where the traffic will not interfere with the music and we hope they will be more enjoyable at the parkway. I would like to thank the many sponsors who helped make the concert program a success, we hope you will

continue to support this program.

The summer movie program went well with plans for 1984 to have the Walt Disney feature "Snow White and the Seven Dwarfs". If you would like to be a sponsor just give us a call.

We appreciate the fine support extended to us over the years as it is a pleasure to fill your leisure hours through Recreation.

This spring, the parks should come alive with color as we set out 1,000 tulip bulbs this fall with the help of the Horticulture class at the Exeter Vocational Center. Our favorite location and I am sure one of yours, is Gale Park on Front Street where through the mixture of flowers the area stays bright throughout the summer months.

We have a gifts catalogue that will give you many ideas on items that your Recreation Department could use, from a park bench to lights at the tennis courts, why not stop by the Recreation and Parks office, 32 Court St. and pick up a catalogue. This program is very popular in many sections of the country.

I would like to thank the Phillips Exeter Academy, the Exeter School Department and the Exeter Highway Department for their help over the last year.

Respectfully submitted,
Douglas E. Dicey,
Director.

Public Library

Welcome to Barbara Young, who is our new Children's Librarian. Barbara is almost a native, as she has lived here with her husband and five children for several years and was one of the original Friends of the Library group. The children's section is already livelier and Barbara makes sure that the Library has floats in the Old Home Day and Christmas parades.

The Library got a lot of help from individuals last year. We really need and appreciate it. Last year we raised \$15,000 for the building fund, a fantastic amount for a low key letter campaign. Seventeen of our one hundred magazine subscriptions are gifts: that makes quite a difference. We kept a hundred and fifty-two of the many books people gave us: the rest went into our giant three day booksale at the Town Hall last summer. The other big fundraiser was the calendar with scenes of old Exeter. Ben Swiezynski donated the pictures, and the proceeds went to buy passes for the Boston Museums of Fine Arts, Science, Children's Museum and the Aquarium. So thanks to everybody who sold books or calendars or calendar ads; to the mothers who made cookies and helped out at the children's programs; and thanks to Martha Walsh, who delivers books to people who can't get out and Marjorie Rowell who makes regular deliveries of books and movies to the nursing homes. Community support such as this is what makes the difference between a good library and a terrific one. No wonder Exeter

had the highest per capita use in the state last year.

Respectfully submitted,
 Pamela Gjettum,
Librarian.

Conservation Commission

The year 1983 was busy and productive for the Conservation Commission. The Commission held monthly meetings and was represented by members at state, regional and local meetings concerning topics of mutual interest.

Environmental education continues to be of great importance to the Commission's purposes. This year one Junior High School student was sponsored to attend conservation camp at the Society for the Protection of New Hampshire's Forests' camp at Bear Brook State Park. Through the efforts of Sheila Duff a lecture and film program from the Nature Conservancy and the New Hampshire Audubon Society on endangered species was provided all Exeter students from grades one through eight. The Commission continues its involvement with the monitoring of acid rain and promoting public awareness of the problem. It sponsored the 1983 Warrant Article calling upon the federal government to reduce sulfur dioxide emissions by 50% nationwide. Junior High School students, under the direction of Mr. Roy, will be working on an acid rain monitoring program this year.

In our on going tree planting

program, the Commission and the Highway Department, in a joint effort, have provided the town streets with forty new shade trees.

Members of the Commission walked Henderson/Swasey Park in June to pick trash, (Encouragingly little was found.), assess gypsy moth damage, (Unfortunately a great deal had occurred), and check progress on timber stand improvement cuttings, the fire road grading project and the various projects of the Voc. Ed. students. It was noted that public usage of the park is increasing. Hiking, jogging and cross country skiing are among the most popular uses of the park. A variety of wildlife has been spotted this year within the park, including deer, turkey and grouse. The Commission plans to renovate an old field in the park over the course of the next two years to provide better habitat and food for wildlife.

In an effort to expand Exeter's green belt, provide more open space for recreation and preserve an ecological balance in the use of town land, the Commission applied to and received permission from the Selectmen to pursue the purchase of land abutting Henderson/Swasey Park.

Recycling remains a major concern of the Commission. This year the Commission funded the new glass recycling bins at Cross Road Dump and promoted public awareness of the new site for glass and newspapers through advertising.

Several new projects are worthy of notice this year:

Carl Anderson Jr. has been instrumental in laying the

groundwork for a future Orientating course in Henderson/Swasey Park.

The Boy Scouts have been actively involved in the use of the Smith Page Cove property studying ecology and wildlife and forest management.

We are thankful to students from the Voc. Ed. School for several projects they have completed in Henderson/Swasey Park. They have trenched an area long the gas line to provide some much needed drainage, rebrushed the grouse area and the perimeter of the old field and worked on timber stand improvement cuttings.

The Commission wishes to thank everyone who helped us throughout the year.

Housing Authority

The Exeter Housing Authority entered into construction contracts in June, 1983 to build three 2-bedroom apartments on Auburn Street and rehabilitate the 130 year old structure on the corner of Portsmouth Avenue and Auburn Street into four apartments. Federally funded, and using property acquired by a Community Development Block Grant, this project will provide seven apartments for lower income non-elderly families. Rent, including the cost of utilities, will be based on 30% of the family's adjusted income.

Margaret Duhamel and Rene Valiquet were elected Chairman and Vice Chairman in April, 1983. Selectmen appointed Robert A. Coty as a Commissioner to fill the term of Edward Gustafson who resigned in April, 1983.

The EHA made \$332,100 in assistance payments during its fiscal year 1983 via the Section 8 Existing Housing Program. This Program provides rental assistance for as many as 151 elderly and non-elderly lower income families in privately owned dwellings in Exeter. Both

assistance payments and administrative costs for this program are federally funded.

The 85 unit Squamscott View Apartments for the elderly and 15 unit Linden Fields Apartments for families were fully occupied in 1983. Preference in occupancy for these subsidized apartments is given to the 16 elderly and 43 non-elderly Exeter residents on a waiting list who are not presently receiving Section 8 Housing Assistance. The EHA made a 1983 Payment in Lieu of Taxes to the Town of Exeter of \$6,750.49.

Persons interested in our programs may contact our office at 277 Water Street, 778-8110.

Respectfully submitted,
 Board of Commissioners.
 Margaret D. Duhamel,
 Rene L. Valiquet,
 Robert Curran,
 Flavia Page,
 Robert A. Coty,
Executive Director,
 J. Douglas Guy III.

Historic District Commission

The Historic District Commission is responsible for reviewing requests for changes within the Front Street and Downtown historic districts for compliance to the district ordinances. The Commission presently consists of six members appointed by the selectmen. One selectman also acts as an additional member of the board.

During 1983 the Commission has reviewed and evaluated applications for changes in existing facades, site features, new construction, changes to

existing signage and new signs to be erected within the historic districts. The Commission has also provided advice and guidance to individuals and businesses seeking information regarding general maintenance and preservation measures appropriate to their specific structures.

At the March 1983 Town Meeting voters adopted a revised historic district ordinance. As adopted it provides better definition of the areas controlled by the ordinance and guidelines on which to evaluate additions to or changes to the districts. The Commission has also revised its application and procedures.

The Commission meets the third Tuesday of every month at the Town Offices. All meetings are open to the public and citizen participation and input is encouraged.

John W. Merkle,
Chairman,
Betsy MacDonald,
Vice Chairman,

Robert Stewart,
Evelyn Zarnowski.

Exeter Board of Adjustment

The Board of Adjustment heard a record number of cases in 1983, sometimes sitting twice a month to accommodate applicants. Of the 61 cases heard, there were 25 applications for variances and 33 for special exceptions. As a result of special exceptions granted for

conversions, 21 additional dwelling units have become available to residents. Variance requests were predominantly concerned with setback requirements on pre-existing small lots in town. Of the 25 cases heard, 18 were granted. One modification of a previously granted variance was approved and two appeals from an administrative decision made by town officials were upheld by the board.

Because of the inefficiency of older homes, the Board of Adjustment anticipates their conversion into multiple dwellings will continue to be a regular item on our agenda as both new and existing owners strive to cover their costs for both purchase and maintenance of these units.

The Board of Adjustment consists of five members and, under 1983 legislation, alternates have been decreased to three. Hearings are held on the first Tuesday of each month, with additional meetings scheduled when deemed necessary. Applications for appeals are due in the Planning Office two weeks prior to a scheduled hearing in order to meet requirements of notice to abutters and posting in a local newspaper.

Respectfully submitted,
Daniel W. Jones,
Chairman.

Francis Doherty, Warren Hanson,
Albert Field, Richard Niebling.

Alternates:

Eugene Lambert.

Building Inspector

Construction in 1983 increased to the highest level since 1978, with permits issued in the amount of \$9,413,134, generating revenue for the town in excess of \$32,000. As noted in the following list, residences played a major part in construction, with 43 new single family homes and 12 condominium units. 26 mobile homes were placed in the parks in town, including the two new parks established this year. Standard & Thomson is constructing a factory in the industrial district off Route 101; this was the largest project for the year.

Any form of improvement or addition to property must be cleared through the Building Inspector's office if the cost is estimated to be over \$1,500, including material and labor (even if you do the work yourself). The fee is \$4.00 per \$1,000. A permit fee for placement of a mobilehome is \$25.00 and for furnaces and boilers, \$1.00. Do not hesitate to contact my office if you have any doubt as to whether or not a building permit will be necessary.

I urge your support for the adoption of the BOCA Building Code which is on the warrant for this year's Town Meeting.

My sincere appreciation is extended to town personnel, contractors, builders, and the citizens of Exeter for their cooperation throughout the year.

Respectfully submitted,
John D. Lusona,
Building Inspector.

Council on Aging

The Exeter Council on Aging, a group of volunteers who meet monthly to discuss problems of senior adults here in Exeter, also plan events throughout the year. Some of the projects sponsored by the council include the monthly blood pressure clinics, the discount taxi program, the monthly newsletter, ID cards, plus other special events. The monthly newsletter has been in existence for one year now and the response has been very good, as it has taxi tips, and many articles of interest to Exeter Senior Citizens.

We will sign a new taxi contract with the Exeter Taxi Service for 1984 providing nine-thousand rides for the year. I would like to extend my thanks to the volunteers who sell tickets at the Recreation Center, Monday through Friday each week so you, the senior adults in Exeter, may have this fine program. In 1983 J & L Cab Company went out of business due to the untimely death of John Vineau, but service was interrupted for only a short time as the Exeter Taxi Service took over and honored our tickets. We have a few plans in the works for the taxi program for 1984 and these will be announced

after the first of the year.

The council also has speakers from the State Council On Aging throughout the year as well as slide shows and movies. The Rockingham Nutrition program provides funding for meals five days a week at the Recreation Center where up to 40 people have a well-balanced meal, along with special dinners around the holidays.

In late December of 1983 the Council lost one of its very active members as George Barter passed away after having a heart attack one day at the Center. George will be remembered as the coffee man at the meals, the I.D. man who took your photo and made up your Council on Aging ID card, and was a member of the crew who worked on the toys for tots program for the Recreation Department for a number of years. George was a very quiet man, but a very hard worker, the Council lost more than a worker, they lost a friend.

Respectfully submitted,
Douglas E. Dicey,

Welfare

Thanks to a relatively low unemployment rate in our area, the Direct Relief portion of the Welfare budget is once again in the black. This category of the budget is to assist persons whose income is not sufficient to maintain a decent standard of living. It provides temporary assistance of an emergency nature, namely food and shelter.

Each New Hampshire town pays a share of costs for eligible persons receiving state assistance or confined to nursing homes. This past year there were many more referrals than usual, hence an unusually high cost.

The Exeter Mediation Program, a parent-child dispute resolution program, is ongoing. Juvenile placements are down and for the first year in many, no Exeter referrals were made to the Youth Development Center or to Odyssey House. There were still group home and foster home placements for various reasons; but overall costs are down in comparison with communities of similar size. Two years ago, I looked to the day we could delete Juvenile Delinquent Support from the Exeter budget. 1984 is the year.

I look forward with hope and enthusiasm.

Respectfully submitted,
Maureen Barrows
Welfare administrator.

Old Home Night

The eleventh Annual Exeter Old Home Night was held on June 25th, the traditional last Saturday of June.

As usual we worried about the

weather but despite the few showers we were able to hold the festivities as planned.

The Parade started the Day off with 70 units forming at the Lincoln Street School and proceeded down Front Street ending at the Swasey Parkway. Some of the highlights of the Parade was the Exeter Brass Band, The New England Wheelmen, Antique Cars & Fire Trucks, Bands, Floats, and decorated bikes and doll carriages.

At the completion of the Parade the fun and games began in the Parkway sponsored by the Exeter Area Jaycees, following the games the Exeter Fire Department put on a demonstration and the Hey Penny Puppets put on an excellent performance.

Don Doane and his staff from the Phillips Exeter Academy supplied us with another fine array of food.

The Highlight of the evening was the giant fireworks display which ended another excellent time.

We wish to thank the estimated 2,500 people who attended, plus a special thanks goes to the Exeter Area Jaycees, The Exeter Lions and Lionesses, The Exeter Public Works Dept., Ralston Tree, Exeter & Hampton Electric Co., and the Townspeople who volunteered their time. Without their help and support we wouldn't have an Old Home Night.

We are looking forward to 1984's Old Home Night as being on June 30, 1984, and as being as

fun filled as they have been in the past.

Respectfully submitted,
Exeter's Old Home Day Committee,
Burt and Barbara Young,
Cheryl Sturgis,
Sue Doyle,
Bob Croall.

Mosquito Control Commission

The mosquito control for the towns of Exeter, Hampton Falls, Stratham, and Newfields is a cooperative effort for maximum efficiency. A supervisor and three assistants make up the staff. The seacoast area towns have the mosquito problem caused by the tidal marshes. There are thirteen towns currently with a control program in New Hampshire; eleven of these are seacoast area. Saltmarsh mosquitoes live the immature part of their life in stagnant marsh pools. The predominant species can manage four or more generations per year. With each adult emergence from the aquatic stage, hordes of the hungry insects fly inland, up to twenty miles to search out a blood meal. These mosquitoes are a great problem because there are so many, fly the furthest to bite, attack in broad daylight even in a breeze, and can transmit the disease Eastern Equine Encephalitis (EEE) to humans and horses from birds.

The tide rises "extra high" once or twice a month. It takes this flood tide to fill the pools where the mosquitoes will then hatch. For some reason this only happened three times over the summer to significantly hatch the most problem species.

The other major source of

mosquitoes is standing water in freshwater swamps and woodland pools. The eggs of these mosquitoes hatch after the spring thaw and summer rains. In 1983 the spring was very wet. This caused many mosquito producing areas to be enlarged but cool weather slowed development and allowed a long time to treat (April through mid May). The summer was very dry. The mosquito that hatches after summer rains was no problem. Dry, hot, weather also shortens the life of the adult mosquito and there were few left by the summer's end and except for recent ones from the saltmarsh.

Mosquito annoyance in late July and August can be caused by rain filled tires, pails, treeholes, birdbaths, etc. in your own backyard. These mosquitoes don't fly far and have great influence in your immediate vicinity. Up to seven thousand can be produced at the same time out of a square foot of surface water. This problem can be lessened if such water is changed or ridded every week, or when the wiggly mosquito larvae appear. Pails can be kept upside down; discarded tires can be filled with dirt or removed. Mosquitoes produced from such small, easy to prevent places are able to cause much annoyance.

If you are unable to remove old tires from around your home, give us a call at the Exeter Offices and we may be able to assist you.

Mosquito adulticiding, or "fogging" the streets, is a back up control method used in Exeter, Stratham, and Newfields. It is for those times when larviciding (spraying the immatures) is not enough. We adulticide when monitoring indicates there are too

many mosquitoes. We also spray when there is a high population of the mosquitoes that spread EEE (there are others besides the saltmarsh mosquitoes). The threat of EEE outbreaks was low in N.H. due to a low level of the species that cause it, unlike Southeast Mass. The EEE threat was higher last year in N.H. and nine horses died in Southeast N.H. Adulticiding is less effective in rural areas opposed to urban since there are fewer streets. All chemicals that are administered have been extensively researched, proven safe and effective, and are approved and given registration by the State Pesticide Control Board. In 1984, a biological insecticide (a bacterium) will be tested for its effectiveness on saltmarsh mosquitoes. This will be done in cooperation with the Entomology Department of UNH.

It would be unfeasible to eradicate mosquitoes and the object of the program is to lower the over all number for as many people as possible. To do this, we use scientific methods to maximize the program's effectiveness, economy, and safeness to the environment.

The commissions would like to thank the people in high mosquito problem areas who understand our efforts to improve the program from year to year. If the number of mosquitoes becomes unbearable around your home, please notify us at the Exeter Town Offices to help better target the problem. We thank everyone who showed interest and support for the project in 1983.

Respectfully submitted,
Mark Weaver,
Supervisor.
