

EXETER

NEW·HAMPSHIRE

ADDENDUM

The following Town Warrant Articles were inadvertently omitted in the printing of this year's Annual Town Report.

ARTICLE 39

On petition of Marilyn Kellogg and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to assist the Newmarket/Exeter Child Care Centers, Inc., a non-profit child care agency.

ARTICLE 40

On petition of Marilyn Spoerl and others, to see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for Seacoast Big Brother/Big Sister, a non-profit volunteer organization, to help defray some of the expenses for fiscal year 1987.

ARTICLE 41

On petition of Flavia J. Page and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to help defray some of the expenses for fiscal year 1987-1988 of the Retired Senior Volunteer Program (RSVP).

ARTICLE 42

On petition of Beryl F. Burbank and others, to see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000.00) to assist Seacoast Hospice, a non-profit organization.

ARTICLE 43

On petition of Beverly D. Causey and others, to see if the Town will raise and appropriate the sum of Twelve Thousand Dollars (\$12,000.00) to assist Rockingham Child and Family Services, a private, non-profit social service organization.

ARTICLE 44

On petition of Katharine B. Cornell and others, to see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500.00) for A Safe Place, a shelter for battered women and their children operated by the Seacoast Task Force on Family Violence, a non-profit organization.

ARTICLE 45

On petition of Karen Moyer and others, to see if the Town will vote to raise and appropriate the sum of Seven Thousand Seven Hundred Thirty-Seven Dollars (\$7,737.00) for the Greater Raymond Community Action Center, a part of Rockingham County Community Action Program, Inc, a private, non-profit, anti-poverty agency.

ARTICLE 46

On petition of Mary Frances Dagostino and others to see if the Town will vote to raise and appropriate the sum of Six Hundred Five Dollars (\$605.00) to assist in funding of the Rape Crisis Intervention Program of the Women's Resource Center.

ARTICLE 47

On petition of Lynn Hansell and others to see if the Town will vote to raise and appropriate the sum of One Thousand Eight Hundred Dollars (\$1,800.00) for the Richie McFarland Children's Center.

Once again we have presented a combined annual report for the fiscal years of the Town and School District.

The report is a single source document for residents and is a valuable reference at a cost savings.

The School report is the second section of the 1986 Report.

Town Warrant 1987

State of New Hampshire

To the inhabitants of the Town of Exeter, in the County of Rockingham, in said state, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Exeter, on Tuesday, the tenth day of March next, at eight o'clock in the forenoon, to choose all necessary Town Officers for the ensuing year, by official ballot, and to take other action required to be inserted on said official ballot; the polls to open at eight o'clock in the forenoon and to close not earlier than eight o'clock in the evening, and thereafter to reconvene at the Exeter High School gymnasium on Monday, March 16, 1987 at seven o'clock in the afternoon, for the purpose of acting on all other matters to come before the meeting.

ARTICLE 1

To choose by ballot and plurality vote two (2) selectmen for the term of three (3) years.

ARTICLE 2

To choose by ballot and plurality vote, one (1) Town Clerk for a term of three (3) years.

ARTICLE 3

To choose by ballot and plurality vote, one (1) Town Treasurer for a term of three (3) years.

ARTICLE 4

To choose by ballot and plurality vote three (3) members of the Library Committee for the term of three (3) years.

ARTICLE 5

To choose by ballot and plurality vote one (1) member of the Library Committee for the term of one (1) year.

ARTICLE 6

To choose by ballot and plurality vote one (1) Trustee of Trust Funds for the term of three (3) years.

ARTICLE 7

To choose by ballot and plurality vote one (1) Trustee of the Robinson Fund for the term of seven (7) years.

ARTICLE 8

To choose by ballot and plurality vote one (1) Trustee of the Swasey Parkway for the term of three (3) years.

ARTICLE 9 - Zoning Amendment #1

Are you in favor of the adoption of Amendment #1 to the Zoning Ordinance as proposed by the Planning Board for the Town Zoning Ordinance as follows?

To amend the Zoning Ordinance to make all references to the New Hampshire Revised Statutes Annotated conform to the recodified version of said statutes.

A. Amend Article 4.41.2 - Junkyards - to read: 'To the greatest extent practical, the objectives and purposes of NH RSA 236:111 shall be promoted'.

B. Amend Article 4.50.5 - Performance Standards: Hazardous Waste - to read: 'Hazardous waste shall also be further defined as provided for in NH RSA 147-A:2'.

C. Amend Article 6.71 - Historic Districts: General Administrative - to read: 'The Town, by the authority

granted under N.H. RSA Chapter 674:46, established an Historic District Commission on June 8, 1970'.

D. Amend Article 6.71-6.2 - Historic Districts: Administration, Enforcement and Limitation to read: 'In addition to all others lawfully entitled to enforce these sections, the Historic District Commission is empowered to enforce them in accordance with NH RSA 674:46'.

E. Amend Article 6.83c-4 - Exeter Historic District Sign Ordinance - Commercial District to read: 'All other goals and standards consistent with NH RSA 674:46'.

F. Amend Article 6.83c-4 - Exeter Historic District Sign Ordinance - Residential District to read: 'All other goals and standards consistent with NH RSA 674:46'.

ARTICLE 10 - Zoning Amendment #2

Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend Article 4.20 - LAND CONSERVATION ZONE, to add: 'and no parking lots and roadways are built and no trees over 6' dbh. are removed,' to the 'Permitted Principal' use section; and to add: 'parking lots, roadways and the removal of trees over 6' dbh.' to the 'Special Exceptions*' section.

*In addition to the applicable requirements of Article 6.60 'Special Exceptions', this special exception will be granted only upon proof, supported by appropriate plans and studies, that the proposed construction will not have any material adverse effect on the environment, including soils, surface and groundwater, habitat, and air and water quality.'

ARTICLE 11 - Zoning Amendment #3

Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend Article 6.10.1 - MULTIPLE DWELLINGS - to read: 'Application for multi-family dwellings or open space developments, per Article 6.85, shall require the submission of a site development plan to the Planning Board.'

ARTICLE 12 - Zoning Amendment #4

Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend Article 6.51 - Off-Street Parking - 'Any change of use of a premises, or expansion of building size, to non-residential use and/or multi-family use, or to another different non-residential use, or any expansion of the number of such multi-family or non-residential uses, shall provide off-street parking as required herein. However, when a new building or structure is erected, off-street parking shall be provided in all districts, including the C-1 and WC districts'.

'a. Size and Access: Each off-street parking space shall be rectangular, 9' X 19' exclusive of access drives or aisles, and shall be of usable shape and condition.'

Amend the OFF-STREET PARKING SCHEDULE to be consistent with the proposed Article 6.51: 'Required

Parking Spaces - Retail Stores, Store Groups, Shops, Offices, other than Professional Offices, etc. — 1 space for each 200 square feet of floor space.'

ARTICLE 13 - Zoning Amendment #5

Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend Article 6.87.b - Wetland Conservation District, new paragraph: 'If the Planning Board has doubts as to soil type boundaries, applicants shall be required to provide a high intensity soil mapping, by a certified soil scientist*, of all or part of the area in question.' and amend the last paragraph to read: 'In the event that an area is alleged to be incorrectly designated on the soil survey/field sheets, any person aggrieved by such a designation may present evidence of such incorrect designation to the Planning board. Adequate evidence shall mean on-site soils investigation and analysis conducted by a certified soil scientist*.'

*Certified soil scientist is interpreted to mean a person certified by the United States Department of Agriculture Soil Conservation Service.'

ARTICLE 14 - Amendment #6

Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend Article 6.85.e - General Regulations Governing Open Space Development, new paragraph: 'The Planning Board, at its discretion, may require the applicant to provide high intensity soil mapping, by a certified soil scientist as defined in Article 6.87.b hereof, to determine the boundaries of poorly drained and very poorly drained soils to compute density.'

ARTICLE 15 - Amendment #7

Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 6.88 - GROWTH MANAGEMENT ORDINANCE, 'And whereas the population of the Town of Exeter has increased at a rate of two to three percent between 1970 and 1978, and approximately 1.2% between 1980 and 1983. Now, therefore, this ordinance intends to limit the rate of growth during the term hereof to approximately 3% of the 1986 housing stock which is 4,767 dwelling units.'

A. Regulations - 1. 'No more than 143 building permits for new dwelling units shall be issued per calendar year.'
3. 'In the event that less than 143 permits are issued in one calendar year, the remaining permits shall be carried forward and applied to the next calendar year, up to a maximum of 12 permits to be distributed equally ...'

Amend Article 6.88.c - GROWTH MANAGEMENT ORDINANCE, add: '1.b: That all rent levels are subsidized by the federal or state governments.', and delete 1.c: 'That the proposed housing is consistent with the community's Housing Assistance Plan.'

Amend Article 6.88.c - GROWTH MANAGEMENT

ORDINANCE, delete 2.b and 3.b.1, add to 3.b: 'The applicant has owned the property for a minimum of 6 months by virtue of a deed recorded at the Rockingham County Registry of Deeds, and has a building permit application pending for the same 6 month period ...', change 3.b.2 to read: 'a lot shown on a subdivision plan recorded at the Rockingham County Registry of Deeds prior to January 1, 1985.'

ARTICLE 16 - Zoning Amendment #8

Are you in favor of the adoption of Amendment #8, as proposed by the Planning Board for the Town Zoning Ordinance, as follows?

Amend Article 3.10 - ESTABLISHMENT OF DISTRICTS, by creating an additional district 'H' - Healthcare District and amend the zoning map of the Town of Exeter by changing land in the vicinity of and including the Hospital, as shown on the map posted herewith, from R-2 to H.

Amend Article 4.20 - SCHEDULE I ZONING SCHEDULE OF USE CONTROLS, by adding 'H' - 'Healthcare District', with permitted uses as follows: 'Hospitals; nursing homes; elderly housing with available healthcare facilities or services; other healthcare facilities; medical professional offices; and healthcare administration offices; off-street parking; and other accessory uses customarily incidental to the principal use.'

Amend Article 4.20 - SCHEDULE I ZONING SCHEDULE OF USE CONTROLS, add under PERMITTED PRINCIPAL for the C-2 Zone: 'Access to Healthcare District.'

Amend Article 4.30 - SCHEDULE II: ZONING SCHEDULE OF BULK AND COVERAGE CONTROLS; for the Healthcare District 'H'. Add as follows:

- a. No Public Water or Sewer Not applicable
- b. Public Water & Sewer Two acres
- c. Minimum Lot Area (Sq. Ft): Two acres A2AA2 5 A2AA2
- d. Minimum Lot area/Dwelling Unit (sq.) 1,750 A2AA2 11 A2AA2 (2,550)
- e. Minimum Lot Width (Ft.): 200 ft.
- f. Minimum Lot Depth (Ft.) 200 ft. A2AA2 7 A2AA2
- g. Maximum Height Ft/Stories: 86/6
- h. Minimum Front Yard (Ft): 75 ft. (with not less than 25 feet landscaped or wooded area where the zone abuts a residential zone.)
- i. Minimum Side Yard (Ft) one/both 30/60
- j. Minimum Rear Yard (Ft): 50 ft. A2AA2 6 A2AA2
- k. Maximum Lot Coverage (%): 40%*

*A minimum of 35% of the lot shall be maintained for open space and landscaped areas.'

Amend Article 6.51 - Off-street Parking, add the following:

'Health Care Zone - 2.8 spaces per bed for hospital; 4 spaces for each 1,000 square feet of outpatient facilities (excluding storage, utility and maintenance areas); 5 spaces per 1,000 square feet of gross floor area for medical offices (excluding storage, maintenance and utility areas);

0.8 spaces for each nursing home bed, and for elderly housing with available healthcare facilities or services; 3 spaces for each 2 living units.

ARTICLE 17 - Amendment #9

Are you in favor of the adoption of Amendment #9, as proposed by the Planning Board for the Town Zoning Ordinance, as follows?

Amend the zoning map of the Town of Exeter by changing the area now designated as Industrial on the north side of the Squamscott River in the Jady Hill area, consisting of the Nike Mill property and the sewage treatment plant, to 'R-5'.

Amend Article 4.20 - SCHEDULE I ZONING SCHEDULE OF LAND USE CONTROLS, change the title 'R-5 Multi-family, Elderly' to 'R-5 Multi-family'.

Amend Article 4.20 - SCHEDULE I ZONING SCHEDULE OF LAND USE CONTROLS, to change the following: 'R-5 Multi-Family' with permitted uses as follows:

PERMITTED PRINCIPAL - 'Multi-family attached dwellings; low and moderate income elderly residential dwellings; attached clusters of multi-story existing residences.'

ACCESSORY USES - 'Any accessory use permitted in the R-1 Residential District.'

SPECIAL EXCEPTIONS - 'Expansion of non-conforming use; conversion*, community buildings; private schools.'

Amend Article 4.30 - SCHEDULE II: ZONING SCHEDULE OF BULK AND COVERAGE CONTROLS, by changing the controls applicable to the R-5 Zone to read as follows:

- a. DISTRICT: R-5 Multi-Family
- b. No Public Water or Sewer: Not applicable
- c. Public Water and Sewer: 12,000 sq. ft.
- d. Minimum Lot Area (Sq. Ft.): 12,000 sq. ft. A2AA2 5 A2AA2
- e. Min. Lot Area/Dwelling Unit (Sq.Ft) : 3,630 sq. ft.
- f. Minimum Lot Width (Ft.) 100 ft.
- g. Minimum Lot Depth (Ft.): 100 ft. A2AA2 7 A2AA2
- h. Maximum Height Ft/Stories: 40/3.5*
- i. Minimum Front Yard (Ft.): 25 ft.
- j. Minimum Side Yard (Ft.): 25 ft.
- k. Minimum Rear Yard (Ft.): 25 ft. A2AA2 6 12 A2AA2
- l. Maximum Lot Coverage (%) : 30 (60)

*Except that existing non-historic buildings south of Chestnut Street may be replaced by new construction to a height of 50 feet, within the footprint of the existing buildings.'

Amend Article 5.33 - Permissible Structure, to read as follows: 'Only one principal building shall be allowed on a lot in a residential or mobile home district unless otherwise herein provided, except in R-5 Multi-family, in which more than one principal building shall be allowed on a lot subject to the Zoning Schedule of Bulk and Coverage Controls in Section 4.30.'

Amend Article 6.10.2.b - Supplemental Controls, to

read as follows: 'Only one principal structure shall be allowed on a lot except by special exception, and except in the R-5 Zone.'

ARTICLE 18 - Amendment #10

On petition of Page Brown and others, are you in favor of the adoption of Amendment #10, as proposed by the voters of this town as follows?

To vote to see whether the C-3 District along the north side of Route 101 and on the easterly side of Bloody Brook shall be extended along the entire westerly boundary of the Deer Run subdivision commercial lot and continuing along the residential Lot F to Lot J and then turn and run southeast along Lot J continuing in a straight line to the center line of Bloody Brook, and then running south along the center of the Brook to Route 101, all other portions of the C-3 District to remain unchanged.'

The Planning Board recommends approval of this article.

ARTICLE 19

To choose all other necessary Town Officers, Auditors, or Committees for the ensuing year.

ARTICLE 20

To see what sums of money the Town will raise and appropriate for the maintenance of the poor, for repairing and building bridges, for repairing and building sidewalks, for building drains and sewers, for oiling streets, for payment of the Town departments, for lighting streets, for defraying expenses of decorating the graves of soldiers, for payment of firemen during the ensuing year, and for other charges arising within the Town.

ARTICLE 21

To see if the Town will vote to raise and appropriate the sum of Three Hundred Sixty Six Thousand Eight Hundred Sixty Dollars (\$366,860.00) for the purpose of constructing the Court Street Pump Station, said funds to be added to the \$510,000.00 appropriated in 1986, and to authorize the selectmen to raise the sum of Two Hundred Nineteen Thousand Two Hundred Fifteen Dollars (\$219,215.00) by the issuance of serial notes or bonds of the Town under, and in accordance with, the provisions of Chapter 33 (Municipal Finance Act) of New Hampshire Revised Statutes Annotated, as amended, the discretion of fixing the date, maturity, interest, or discount rate, the placement of payment, the form and other details of said bonds or notes to be delegated to the Selectmen, and payments to be made from the sewer fund.

ARTICLE 22

To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, and pursuant to New Hampshire Revised Statutes Annotated, Section 33.7 and Section 33:7-a to incur debt for temporary loans in anticipation of 1987 taxes, and in anticipation of any bond issue which may be voted by the Town, and to issue, therefor, notes of the Town payable within one (1) year after their date, and to pay or renew the same by issue of new notes payable within one (1) year after the date of the original publication.

ARTICLE 23

To see if the Town will authorize the Board of Selectmen to apply for, accept, and expend money from the state, federal, or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in New Hampshire Revised Statutes Annotated Chapter 31, Section 95-b, requiring that such sums be used only for legal purposes for which a town may appropriate funds; and provided that the Selectmen hold a prior public hearing on the action to be taken; and that town funds not be expended, including such federal funds as Land and Water Conservation Funds (LWCF), and funds from the Office of Coastal Zone Management.

ARTICLE 24

Shall we adopt the provisions of RSA 72:1-c which authorize any town or city to elect not to assess, levy and collect a resident tax?

ARTICLE 25

To see if the Town will vote to instruct the Moderator to appoint three (3) citizens to serve on a Regional Refuse Disposal Planning Committee, for the purpose of studying the advisability of establishing a regional refuse disposal district and drawing up a proposed agreement therefore, as authorized by RSA 53-B.

ARTICLE 26

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the purpose of constructing handicapped access to the Town Hall and Town Office, and to authorize the withdrawal of this amount from the Federal Revenue Sharing Fund.

ARTICLE 27

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the purpose of refurbishing the Town Hall Columns, and to authorize the withdrawal of this amount from the Federal Revenue Sharing Fund.

ARTICLE 28

To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) for the purpose of funding reconstruction of a portion of High Street, and to authorize the withdrawal of this amount from the Federal Revenue Sharing Fund.

ARTICLE 29

To see if the Town will vote to raise and appropriate the sum of Eighteen Thousand Dollars (\$18,000.00) as partial reimbursement to the Exeter Area Visiting Nurses Association, Inc. for providing continual home health care services to residents of the Town of Exeter.

ARTICLE 30

To see if the Town will vote to raise and appropriate the sum of Eight Thousand Five Hundred Thirty Six Dollars (\$8,536.00) as its contribution to the Rockingham Planning Commission.

ARTICLE 31

To see if the Town will vote to raise and appropriate the sum of One Hundred Sixty Five Thousand Dollars

(\$165,000.00) for the purpose of repairing and rehabilitating the Exeter Swimming Pool.

ARTICLE 32

To see if the Town will vote to sell a parcel of land approximately 80,000 sq. feet +/- (1.41 acres) on Pickpocket Road in the Town of Brentwood, abutting the property of Cornelius Allsop in the Town of Exeter, for the sum of Twenty Five Thousand Dollars (\$25,000.00).

ARTICLE 33

On petition of Robert Stewart and others to see if the Town will vote to designate Garrison Lane as a scenic road under the provisions of RSA 231:157.

ARTICLE 34

On petition of John Carson and others to see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000.00) for the use by the Exeter Waterfront Committee for design, engineering, and construction associated with improvements to Exeter's waterfront.

ARTICLE 35

On petition of Joanna Pellerin and others to see if the Town will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) for the use of the Exeter Conservation Commission to enable it to purchase land, easements, or water rights, which purchase or purchases it deems to be in the public interest for the purpose of preserving open space and natural resources of the Town and to provide sites for passive recreation.

ARTICLE 36

On petition of Edward Chase and others to see if the Town will vote to raise and appropriate the sum of Thirty Five Thousand Dollars (\$35,000.00) to provide funds for the celebration of the 350th Anniversary of the founding of Exeter.

ARTICLE 37

To see if the Town will vote to raise and appropriate the sum of Eleven Thousand Dollars (\$11,000.00) to defray a portion of the cost of services rendered by the Area Homemaker-Home Health Aide Service, Inc.

ARTICLE 38

On petition of Donald P. Schultz and others, to see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the Seacoast Regional Mental Health Center.

ARTICLE 39

On petition of Marilyn Kellogg and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to assist the Newmarket/Exeter Child Care Centers.

ARTICLE 48

On petition of Jeffrey Warnock and others to authorize the Town to provide snowplowing and road sanding on Indian Trail, Split Rock and Runawit Roads (private ways) so as to allow continuous access to emergency, fire, police, and other safety vehicles to approximately twenty-five residences on said roads, but the Town shall not be required to perform general road maintenance and im-

provements. General road maintenance and improvements costs are borne by the residences located on said roads.

ARTICLE 49

On petition of Victor Esposito, Jr., and others to see if the Town will vote to instruct the town's representatives to the General Court to take all necessary measures to insure that no low level radioactive waste from the Seabrook nuclear plant shall be stored or disposed of within the Town of Exeter unless and until the proposed site of the proposed storage or disposal has been approved by the voters of the Town at the Annual Town Meeting by written ballot.

ARTICLE 50

To transact any other business that may legally come before said meeting.

Given under our hands and seals this seventeenth day of February, 1987.

Selectmen

The Board of Selectmen would like to thank all of the Town employees for their continued cooperation and support of our efforts to provide the best possible service for the least amount of tax dollars.

Nineteen Eighty Six was a year full of new projects and finalization of some old ones. Continued growth brings more demands on existing facilities, but we have finally seen the benefits of the hard work of the Industrial Development Commission begin to pay dividends.

Growth is no longer limited to residential but, rather, is beginning to become a mix which is more beneficial to the future health of our community.

We have many projects to look to in 1987; the new library building rising to meet its goal of completion for our 350th anniversary celebration in 1988; several new sewer projects continuing our efforts to improve and expand our existing facilities; analyzing all the previous efforts and studies on water supplies in order to make some viable recommendations to the voters of Exeter and, of great importance to all, a continuing open dialogue with School officials in order to try to get the most out of every tax dollar that is available. If we all take care, we will all be taken care of.

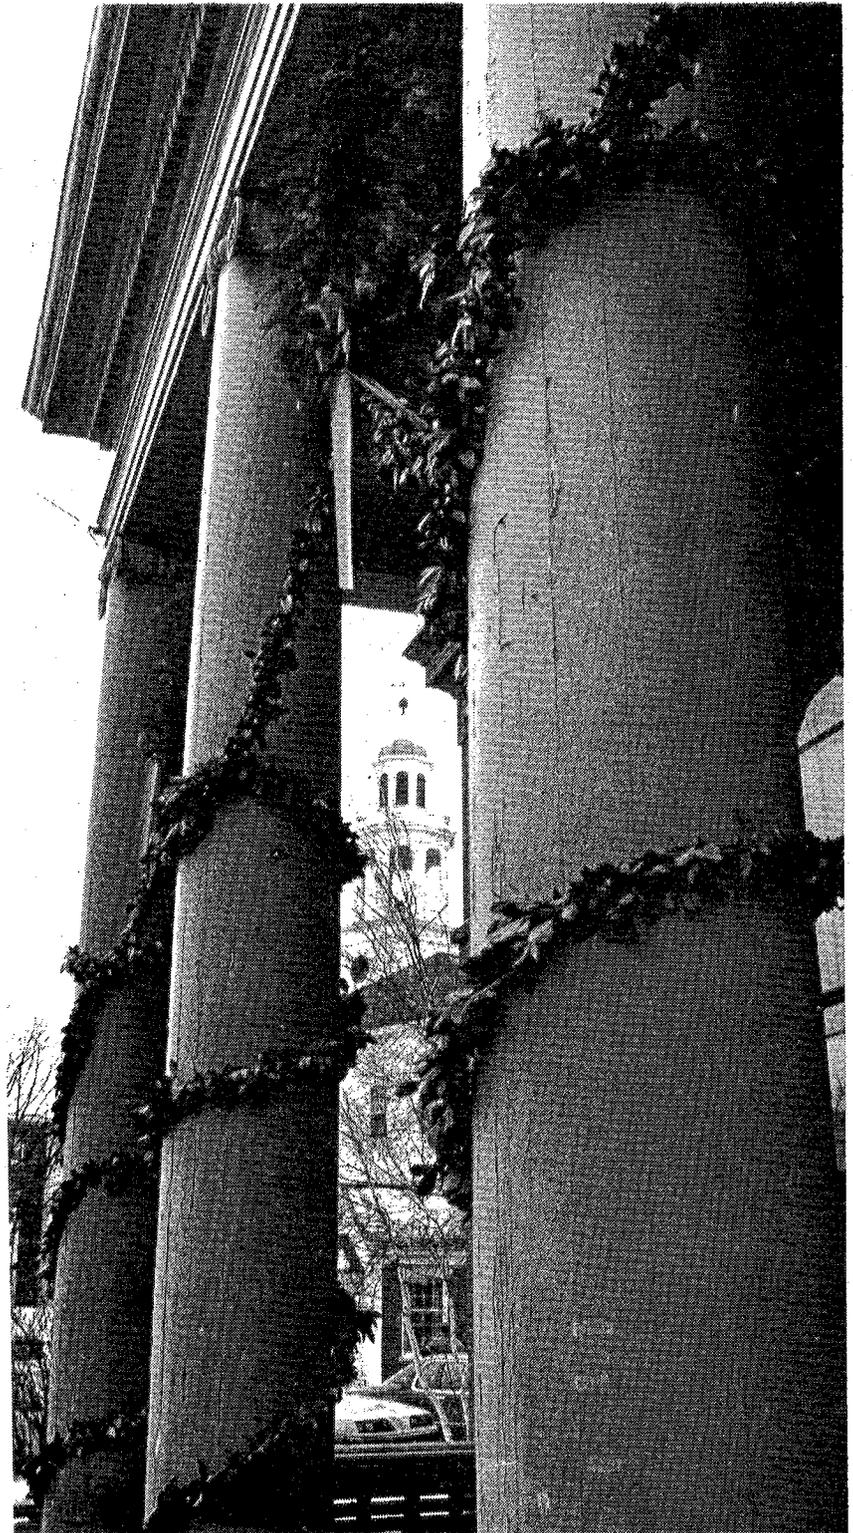

Respectfully submitted,

Sherman E. Chester,
Chairman

Robert H. Stewart,
Vice Chairman

Helen C. Dix,
Clerk

Victor Baillargeon
Evelyn H. Zarnowski
BOARD OF SELECTMEN

Laurel-wrapped pillars of the Exeter Town Hall frame the Congregational Church in December 1986.

Town Manager's Report

As we rapidly approach our 350th birthday, we can reflect on 1986 as a very successful year in the community's history. Our growth has been reasonable and within the parameters of the growth control ordinance, and, for the most part, an extremely welcomed attraction to the community. The way we approach this growth is what town officials must be most attentive to and, as such, we have made an effort to evaluate each issue as a long term manner.

This past year we began a process to assume the costs of capital growth in the budget, the prospect of reduced federal funds came true, and the future success of our replacement and capital upkeep programs rests solely on the tax rate. The first phase of a serious road reconstruction program started and we plan to revitalize at least 2000 feet of roadways annually. As we catch up in the replacement of the equipment area, we are also looking to fu-

ture needs. An analysis of the latest technology has helped us replace equipment with more productive equipment, rather than the addition of more units in many cases.

During the past year, several key positions realized a turnover in personnel with Ed Elcik becoming the City Assessor in Portsmouth; Bill Toland being appointed the State Fire Marshall; and Heywood Stanley retiring from the fire service. I am pleased to wish each of them good luck in their new endeavors; each served the town very well in their many years of service in their respective positions.

A new computer was installed this fall that has increased our internal productivity and will serve us well in the growth of the future. A good deal of the growth we have experienced relates to our enterprise fund, the water and sewer divisions. The computer will aid this effort greatly. Several significant projects in those divisions were

completed and plans for future projects are being developed now. As we plan for our future, major sewer and water projects, we are encouraged by support we continue to receive from the State and Federal governments in meeting these needs.

Again, fiscal control has been a major area of concern. The 1986 town tax rate came in well below my projections, and our departments were able to return a significant surplus to the town to use for taxes in 1987. A forecast for '87 reveals an increase in the rate to cover the library and additional services, but that growth should not exceed 8 percent for the town.

The citizens of Exeter can be proud of the services they receive from town government. The town employees have exceeded the challenges of 1986 and are ready for another busy year. My compliments to all who made 1986 a successful year for the Town of Exeter.

Thomas F. Powers III
Town Manager

Public Works Department

I am very happy to submit my second annual report to the citizens of Exeter. This Department oversees and maintains 81.7 miles of roads and approximately 25 miles of sidewalks, the water /sewer and storm drain systems, all municipal vehicles, and the two town dams. We also prepare contracts, specifications, and plans for outside work contracts. Reviews and inspections of subdivisions and developments are now being done in our Engineering Division.

A brief description of our performance follows this report. Present growth and anticipated future growth has and will continue to strain this Department's resources. I have found the Town's infrastructure like all New England communities to be in fairly rough shape. I believe that with continued support of the Town residents and administration we can maintain present levels of service and also continually replace and/or repair the infrastructure so as not to overburden future generations financially for total replacements. My Department will always strive to serve the community in every way we can.

I would like to thank the Selectmen, Town Manager, fellow Department Heads, and Employees for their assistance and guidance this past year, and look forward to working with all of them in the upcoming year.

Respectfully submitted,
Keith R. Noyes
Public Works Director

PUBLIC WORKS:

Highway Division:

Road Reconstruction: High St - from Pleasant to Buzell Ave.

Allard Street

Michael Avenue

Road Resurfacing: Webster Ave., portions of: Green Hill Rd., Jady Hill Circle, Jady Hill Court, Woodlawn Circle, Tan Lane, Tremont Street, Daniel Street, Jady Hill Dead-end, Hampton Road, Court Street, Gary Lane, and Brentwood Road.

Shim /Stone Chip Seal: Douglass Way and Ridgecrest Drive.

Oil, Sand Seal: Front St: Washington St. to Hobart St.

Elliot St: Grove St to Court St.

Pine St: Linden St to Grove St.

Sections of Franklin St. and Linden St.

Storm Drains: Installed 300 ft. of 10' culvert on Water St., and repaired 10 catch basins.

Ice Storms: 12

Snow: 35' total (plowed 10 storms)

Misc: Reconstructed Front and Main Sts.

Railroad crossings; replaced 60 signs; installed 20 new signs; repainted all parking spaces, crosswalks, and street lines.

Water Division:

Water Breaks: 15

Remote Meter Replacement: 157

New Services: 91

Misc: Hydrant flushing between April 14 & 28

Installed 1,100 ft of water pipe on Michael Avenue and Al-

lard Street.

Contracted Whitman & Howard Engineers to study future water resources and provide recommendations for plant upgrade.

Sewer Division:

Sewer Breaks: 12

Misc: Replaced 300 ft. of sewer pipes on Cottage St.

Installed 900 ft. of sewer pipe on Michael Avenue and Allard Street.

Contracted Hoyle-Tanner Associates to design treatment lagoons upgrade, and administer /inspect Court Street Pump Station upgrade.

Storm water /sewer separation contract completed.

Maintenance Division:

Misc: Town Hall Cupola repaired & repainted; Handicap ramps at Town Hall and Office have been designed and contracts awarded; Capping of landfill started; New barrier free door at Town Hall installed; Site work at Public Works Department completed; Additional offices at PWD were built; Routine maintenance of Police, Public Works, and School vehicles provided.

Engineering Division:

Misc: Provided inspections for road excavations, developments and sub-divisions.

Layout and direction for Oak Haven Sewer /Water Project.

Road History Research Program.

Completed 50% of Pavement Management Program

Fire Department

The Department and the Town lost the services of two Fire Chiefs who left the department in 1986. On February 22, 1986, Chief William Toland resigned to become the New Hampshire State Fire Marshall.

Chief Heywood Stanley retired on September 1, 1986. The Town will miss these two talented and dedicated individuals. On October 27, 1986, William H. Pepler, Jr. was appointed Fire Chief.

The Exeter Fire Department experienced a good year in which fire losses were reduced by 80% from 1985. The town was fortunate because no major fires were reported, no major

storms struck the area, and the normal brush fire seasons was drastically shortened by wet weather. The department also experienced a significant drop in false alarms due to system malfunctions. This was due to improved maintenance programs at the major institutions in the Town, encouraged by this department.

The members of the Department continued to increase their skills to better serve the citizens of the town. Fire fighters trained nearly 6000 hours during 1986, which is a testament to their dedication and professionalism.

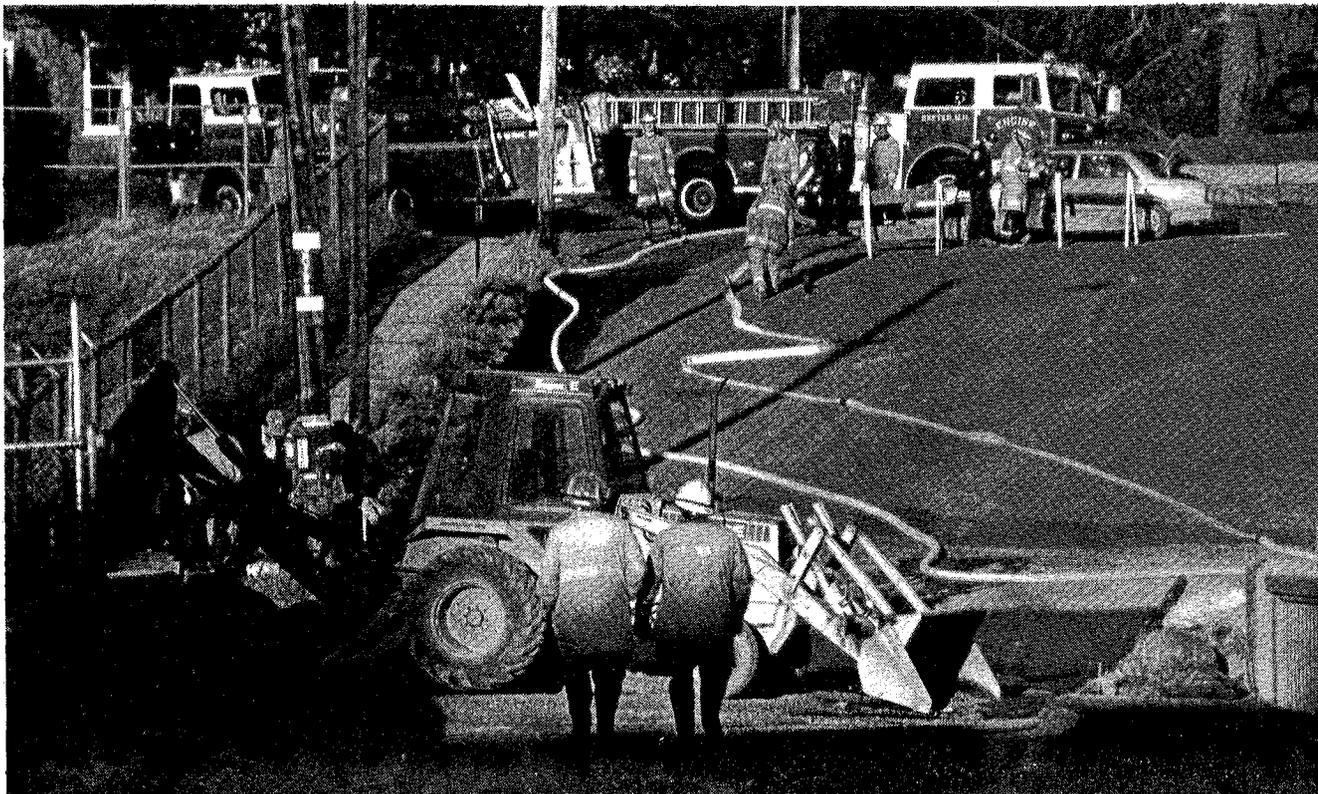

The Fire Prevention Program

was expanded in 1986. In an effort to prevent fire and reduce losses, the department conducted public education, fire code enforcement, building plans review, and fire inspections. Also, several new Master Fire Alarm Boxes were placed into service during 1986.

I would like to thank all members of the Fire Department for their support and cooperation. I would also like to thank the Town Manager, Police, Highway, and all other Town Agencies for their assistance during my first few months as Chief.

Respectfully submitted,
William H. Pepler, Jr.

Chief

Exeter firefighters oversee efforts to secure a gas line break in November 1986 on Chestnut Street at the new library construction site.

Assessor's Office

In my first report to the citizens of Exeter, I would like to express my gratitude for your support during my first six months on the job. For those who may be new to the community, the Assessor's Office has forms available for veterans, elderly, and blind exemptions.

Applications must be filed with this office on or before April 15, for the year you are applying. If you have moved to a new residence within the Town of Exeter, you must contact this office or risk losing the exemption. Current Use for qualifying land is also available, as are Intent to Cut forms for timber and cord wood cutting.

Nineteen Eighty Six was a banner year for new construction of all types. There was a net increase of \$18,654,000 in valuation from 1985, at a ratio of 65%. Interest rates are down

and real property values are increasing at a sixteen to twenty percent annual rate in the Seacoast Region. Apollo Computer had the largest single commercial building and, with the high demand for residential housing and condominiums, Marshall Farms Crossing was the largest single residential developer. GTE had several additions to its plant on Portsmouth Avenue and built a new 30,000 square foot warehouse in the Industrial Park. Exeter welcomed a new Wendy's Restaurant to Portsmouth Avenue.

This office continues to work well with the very capable Building Inspector, Mel Bowley, as we visit sites together to save duplications of effort.

Nineteen Eighty Seven will continue to show growth, but the price and availability of buildable land and the present

high levels of office renewal space could serve to stabilize land and building values. The Assessor's office will be supervising a complete in-house revaluation of all land and buildings in Exeter for the 1988 tax year. To accomplish this, we will be hiring assessors and measurers to gather all field data, beginning in 1987. I will be keeping in communication with all property owners through the Exeter Newsletter, as soon as this project commences.

My sincere thanks is given to Edna Schneider and Ed Elcik, who made my transition to Exeter's Town Assessor a whole lot easier, Town Officer personnel, and to the citizens of Exeter.

Respectfully submitted,
Ralph J. Cutting
Town Assessor

Tax Rate for years 1984, 1985, 1986

	1984 (FY-85)	1985 (FY-86)	1986 (FY-87)

Swasey Parkway

This year, the Trustees of the Swasey Parkway found out what many employers in the area are experiencing this year: the shortage of help. We were unable to hire anyone to work at the park until late spring and it seemed like we were playing catch up all summer long.

We were able to find a retired person from Kingston who worked very hard all summer long to keep the park looking nice. We were able to purchase some new equipment this year that should not only save us money, but man hours also. We will have some of our larger trees taken down in late fall or early winter with plans to set out new trees each year, as we try to replace each tree we take down.

The Community Arts Council built a new stage that was used by Exeter Old Home Night and the Recreation and Parks Department Summer Concert series. We also moved the pole with lights and electricity across the street to allow for better visibility for those attending the concerts and other programs.

We would like to see the fence along the river painted provided money is available. If you would like to help us with this project, just contact one of the three trustees.

One of our major problems each year seems to be vandalism to the grounds. Two of these problems that we will continue to address and try to find a solution to is the drinking and cars driving on the grass situation. We want people to

use the parkway, but not abuse it for others.

Respectfully submitted,
Douglas E. Dicey

Health

This is my fourteenth year as your Health Inspector. This year, the Fire Department, Building Inspector, and myself have worked together giving more attention to the State of New Hampshire new ordinance - Revised Statutes Annotated 155, which was approved May 28, 1986 and to be effective January 1, 1987 concerning smoking. No smoking signs were given to me to post in all necessary food establishments in designated areas, along with public buildings. As in previous years, I have inspected school cafeterias and school buses and found them to be in very good condition. All restaurants and food establishments get inspected regularly; grease traps are given strict attention to, as they are vital to the proper operation of the lagoons.

Any complaints that I receive pertaining to health, I fully investigate and are kept confidential - unless it goes beyond the Town's jurisdiction. I am happy to report that I have full support with the Town Officials. Beginning January 1, 1987, I will be working through the Fire Department, and all health calls should be directed to that department.

Yours in Health,
J. Harold E. Carbonneau
Health Officer

Planning Board

With an upturn in the economy, the Planning Board held 44 meetings and conducted numerous site walks in 1986. There were 39 applicants before the Board for various subdivisions and site plan reviews.

Recently, there have been numerous meetings dealing with rezoning proposals.

As development pressure continues, so will our endeavor to analyze these impacts upon the community and balance growth in harmony with the Master Plan.

Members of the Board wish to extend their appreciation for the cooperation shown by developers, business interests and citizens for their contribution to Exeter's planning process.

Exeter Housing Authority

The year 1986, unlike many before, was not a year of growth in the EHA's efforts to provide affordable housing for Exeter's lower income elderly and families with children. The Federal Government, the source of the EHA's funds, continued to provide the dollars needed for our existing programs but, in the interest of deficit reductions, appropriated no federal dollars to increase housing availability for lower income families. While an upsurge of residential building is evident in Exeter and the seacoast, the EHA sees more applicants for family apartments than in previous years.

As the supply of affordable housing remains the same, the waiting time for those interested increases. The EHA has applications pending with the Department of HUD for increased funding for both the Section 8 Existing Housing Program (privately owned apartments occupied by families and elderly throughout Exeter) and publicly owned housing for families.

The EHA Board of Commissioners underwent change in 1986 with the appointment of Anthony A. Dogostino for a five year term. Flavia J. Page resigned after ten years of service as a Commissioner. The remaining four years of her term were filled by the reappointment of Rene-Leo Valiquet, Sr. Mr. Valiquet was subsequently elected Chairman.

During its 1986 Fiscal Year, the EHA assisted up to 159 Exeter households by making

\$434,943.00 in housing assistance payments to private landlords. The EHA operated 107 public housing apartments at an average rent (without utilities) of \$122.00 per month and received \$7,730.00 (\$6.02 per apartment per month) in operating subsidy from the Federal Government. The EHA paid the Town of Exeter \$12,130 in lieu of taxes in 1986.

The Exeter Housing Authority owns and manages the following apartments: Squamscott View Apartments (85 units for the elderly at 277 Water Street); Linden Fields (15 two-three-four bedroom apartments for families off Linden Street); 16-20 Auburn Street and 11-13 Portsmouth Avenue (7 two-three bedroom apartments for families).

Those interested in our programs should contact the office at 277 Water Street, or call 778-8110.

Police Department

Let me begin by highlighting some of the major events that the police department participated in during 1986:

January - Drained and

dredged ponds in Portsmouth seeking possible clues in the disappearance of 8-year old Tammy Belanger; Parental abduction investigation results in arrest of Georgia man - two Exeter Police Officers sent to Georgia to transport suspect back to New Hampshire; Budget committee approves computers for police records and operations; Patrolman David Barbin appointed Juvenile Officer.

February - Police participate in several drills in compliance with Civil Defense and Seabrook evacuation plans; Sponsored a Child Finger-printing program with the Exeter PRO and Bank Meridian where over 300 children were fingerprinted; Juvenile Officer participated in Youth Resource Team.

March - Records section begins to micro-film police reports and established standards for records maintenance; Apollo computer donates IBM computer to department valued at \$3200; Participated in a Child Safety program at the Fox Run Mall in conjunction with Child Safety Week; Chief Caracciolo honored at the New Hampshire Police Academy for over five years service instructing police cadets; Reporter rides with patrol officers and reports findings in local paper.

April - Association members participate in Easter Seals Volley Ball Tournament in Hampton for charity; Department recognized by Chamber of Commerce for Community Service; Chief Caracciolo appointed by the New Hampshire Police Standards Training Council to investigate the problem of Police Retention in the State;

Police Officer David Nelson, making the Water Street rounds during January 1987.

Tested applicants for police officer positions.

May - Police Open House conducted; Firearms Safety Course scheduled; Meeting with Government Safety Committee and Chamber of Commerce to study traffic problems on Portsmouth Avenue; Assisted Seabrook Police with demonstrations at the Power Plant; Ponds in Portsmouth drained again.

June - Police Lieutenant switch positions.

July - \$2 M car theft and check-kiting scheme investigated; Computers delivered to police department; AA awards department pedestrian safety award for 17 years without a pedestrian fatality.

August - Assisted Seabrook Police with demonstrations at the Power Plant; Traffic studies conducted; Chief of Police from Exeter, England tours police department; Three juveniles arrested for robbery at Wendy's Restaurant; Simplex workers picket at Tyco facility.

September - Crime Prevention program implemented by Sgt. Russell Charleston; 'Officer Friendly' begins child safety program in schools; Manpower survey submitted to Town Manager and Board of Selectmen requesting an increase in personnel.

October - Federal Grant in the amount of \$6,256.00 approved for DWI patrols, fully paid by the federal government; I. Bernstein assigned the system manager for the computer system; Business security building checks total 14,600 for one year.

November - 1987 budget proposal submitted to Town Manager; Winter Parking ban in

fect; Searches conducted in Somersworth and Berwick, Maine in reference to Belanger investigation; December - 1986 end of year reports submitted; tested applicants for police officer positions; Police Union and Town agree on a two-year contract.

Some statistics never before reported:

Vacation Home checks - 160; Assisted fire department rescue - 519; Late reported motor-vehicle accidents - 86; Assisted disabled motor vehicles -283; Responded to motor vehicle accidents when no report 8 was required -336; Open doors found - 336; Assisted motor vehicle lockouts -571.

Fire and ambulance calls for other communities:

East Kingston - 69; Ken-sington - 62; Newfields - 27; Plaistow - 394; Greenland - 148; Others - 53. Please note that this dispatch service will not be provided in 1987.

One of the biggest issues that we faced this year was the hiring, training and the retention of qualified personnel. In years past, the labor market for police applicants was viewed as one of plenty.

This changed in the late seventies and early eighties, and has continued to this point in time. Police work lost its attractiveness and glamour to many in the labor market who sought employment elsewhere. The reasons for this change can only be speculated, but they may include the following:

1. A decline in applicants with a public service orientation;
2. Perceived changes in the police role from law enforcement officer to service oriented

generalist. A decline in the population entering the job market, and at the same time a low employment rate;

3. A decreasing number of young men entered the military service;

4. The growing problem of crime and the administration of justice by all agencies within the system.

While many of these factors are not in the control of the police, the effect has been demoralizing. Much time, effort and money is spent in this area that takes away from normal police duties. The experts tell us it takes at least one and a half years from the date one is hired to be fully trained for the work of a policeman. This includes attendance of a ten week police academy, on-the-job training and in-service training programs.

As a result of this problem, I recommended several proposals that could cut costs and ac-

celerate the hiring of new police officers.

They include: Creating a pool of qualified individuals by testing at a central location in the state, developing minimum standards for all applicants, and improving the work environment. This is an issue that must be addressed on a state wide basis. You have my assurance that I will continue to research and follow this problem in the future.

The police department continues to work in many other areas as indicated in this report. We commit ourselves to serving you and welcome your thoughts and interest in the department. In conclusion, I wish to thank all members of the Police Department and all other Town Agencies for their cooperation and assistance throughout the year.

Respectfully submitted,
Frank S. Caracciolo
Chief of Police

Exeter Area Visiting Nurse Association

As we have served the area residents for the past 28 years, it is my pleasure to offer this report to the Exeter residents on how we have served them during Nineteen Eighty-Six.

2422 Nursing visits to the home - registered nurses provide care during illness or after hospitalization.

1479 Home visits by Physical, Occupational, and Speech Therapists - licensed personnel provide therapy during illness or after hospitalization.

903 Home visits by Health Aides - certified aides provide personal care to those unable to do so.

283 Blood Pressure screenings - clinic for detection of abnormalities, monitoring, counseling and referral.

3 Blood sugar and iron screenings - clinic for detection and referral for diabetes mellitus and iron deficiencies. y 287 Footcare Clinic visits - clinic provides assessment, referral and direct footcare to Senior citizens.

372 Flu immunizations - influenza vaccine administered to high risk individuals.

24 Skin Cancer screenings - screening and referral by a Physician.

40 Health promotion/wellness presentations - Agency staff provides teaching - discussion groups or speaking engagements regarding timely health topics.

126 Home visits to Mothers and Children - visits by registered nurses to assess newborn

and new mother, and provide anticipatory guidance.

255 Well-Child Clinic visits - provide well child physical exams, immunizations, and guidance for children from birth to 6 years of age.

Agency highlights for 1986 include:

Increased number of highly skilled visits such as intravenous therapy in the home;

Establishment of the Care Continuum with Exeter Hospital and Seacoast Visiting Nurses;

New skin cancer screening; Addition of a foot clinic;

Combining the blood pressure screening with the Exeter Council on Aging.

The total value of these services was \$241,581.00. Town appropriations met 6% of this cost.

The Exeter Area Visiting Nurse Association looks forward to continuing its mission to provide quality healthcare at the lowest possible cost throughout 1987.

Respectfully submitted,

Claudia W. Finlay

Interim Executive Director

Exeter Recreation & Parks Department

In 1986, the Recreation and Parks Department saw increases in numbers of participants in most every program offered by the department as the community and area continued to see increased growth. It was not only the youth programs that have seen growth,

but, in adult activities and senior citizens activities. As we continue to offer programs to all ages, we see some major changes with the growth. One of these is the need for more parks to build playfields, parks, picnics, along with the need for a youth center. The youth center would be a place where youth could go after school to a drop-in center that would give them a place to talk, play pool or table tennis. If at all possible, the Center would have a gym to play many games. As the population in the schools increases, we see a drop in the number of hours that we can use the facilities. We depend on the use of schools for many of our programs and are thankful we can use them as much as we do. At the present time, we use schools six days a week for our program or another for youth and adults.

At town meeting this year we will have a warrant article requesting funds to renovate the outdoor swimming pool. This is the first major request for funding other than yearly maintenance that we have requested in the eleven years we have had the pool. We hope you will support this request as we have more than eleven thousand students and adults using the pool during the summer months, along with our important learn-to-swim program that is also offered during this time. If the work is done correctly, it should not require any major work in a number of years. If for any reason the pool is not renovated, we will be forced to close this until this work is done, as it has a very serious leak: one that must be rectified before the pool is used again.

Some of the changes made this year at the Recreation Park on the Hampton Road was the conversion of two of the tennis courts into multi-purpose courts that can be used for basketball or street hockey. The number of people using the tennis courts this year, and in the last five years, has dropped to a point that we stopped charging to play in September of this year with plans to not charge this spring and summer. It does not pay to have a person at the courts when you only bring in a small amount of money from the courts. We will have a person on hand during the baseball, soft-ball, swimming and soccer seasons to run the concession stand and to collect fees for the pool.

I would like to thank the Exeter Selectmen, the Town Manager, Phillips Exeter Academy, and the Exeter School Department for their continued support this past year. Also, thanks go to the Exeter News-Letter and WMYF Radio for allowing me to have a weekly column and radio show on recreation. Most of all I would like to thank our many volunteers who give so many hours throughout the year. It would be almost impossible to count the hours you put in. You make our programs what they are: fun for both youth and adults.

A special thank you to our Recreation Advisory Board, for their continued support and interest in our department. The members include: Regina Delaney, Chairperson; Ella Call, Dave Corey, Don Cloutier, Irene Curran, Pat Rowen, and our newest member, Helen Carr Dix. These people serve on our

board without any payment because they are interested in their community and want to be involved. Again, we thank you for your support.

Respectfully submitted,
Douglas E. Dicey
Director

Welfare/ Mediation

Direct Relief is to assist persons whose income is not sufficient to maintain a decent standard of living. Emergency assistance is available only on a temporary basis and, due to a continuing low unemployment rate, this portion of the budget has decreased slightly.

Although the Town is no longer responsible for costs of children in placement or nursing home costs, we continued to receive bills through the year for services rendered in 1985. Payment of these bills resulted in a deficient budget and, hopefully, we have seen the last of them.

The Exeter Mediation Program, a parent-child dispute resolution process, continues to meet with local families to assist them in resolving conflicts. Volunteer mediators donated 299 hours of their time meeting with families in crisis in 73 mediation sessions over the year.

Respectfully submitted,
Maureen Barrows,
Welfare/Mediation Director

Public Library

This time next year, we shall be in a new building with room for everything. This last year in the old building we have been

buoyed by a sense of hope, enduring the cramped and the broken knowing it's only for a short time.

In the meantime, we have been happily busy. A gratifying number of individuals and families have been willing to pay an out-of-town fee in order to use our collection, especially the growing and very popular areas of large print books and books on tape. The children's programs are busy and well-received. The Friends Group is larger and stronger: they ran an enormous book sale during sidewalk sale days and the cookbook they printed to raise money for the museum passes sold out in the first edition. As a foretaste of things to come, they also sponsored a program on women writers "Alas A Woman Whop Attempts the Pen" which brought a large audience even on a miserable snowy day. Next year we will have a large, comfortable meeting room and lots of programs.

Once again, thanks to everybody who helped and so many of you did — all the mothers who bake food and caretake during the children's programs; the people who sorted, lugged and sold books during the book sale; Wayne Hartford, who delivers to the nursing homes and to people who can't get out; Edna Willey and Ethel Tucker who come in and help; everybody in the Friends Group. And thanks especially to Andrew Carnegie and Bernard Robertson, who have guided the new building through its perilous early stages.

Respectfully submitted,
Pamela Gjettum
Librarian

Conservation Commission

This has been a year of challenges and rewards for the Conservation Commission. With open space disappearing at an alarming rate, and the cost of land rapidly rising, the Commission took its concern for the future of open space in Exeter to the voters. At the 1986 Town Meeting, citizens signaled a like concern by appropriating \$50,000.00 for the purpose of preserving open space, natural resources and sites for passive recreation. This foresightedness has assured the availability of funds when suitable land comes on the market. It must be noted that under Exeter's Capital Improvements Program for the years 1986-1991, the Conservation Commission has indicated its intent to request a similar appropriation during each of those years. Today's spiraling land values and shrinking natural resources dictate the necessity of these requests. The Commission is grateful for a well informed citizenry who value Exeter's natural endowments and wish to protect them.

In 1986, the Commission welcomed new member Emily Carlson and farewelled longtime member and past chairman Frank Kozacka. The town is fortunate to have such capable volunteers.

Our Youth Conservation Campers this year were Rebecca Benjamin and David Emanuel. Rebecca and David will be giving their report to the Commission at our February meeting. We thank them, in advance, for the interest they have shown in

environmental education.

The Commission was kept busy this year with the review of numerous 'dredge and fill' applications. This right of review was granted by state law in 1973 under RSA 483-A as a means of insuring local participation in the protection of wetlands from unwarranted excavation, fill or dredging. Applications and wetlands information may be obtained at the Building Inspector's office.

In late May, a fire in Henderson Swasey Park claimed between three and five acres of young pines, hemlocks and hardwoods in the area known as the Ledges. Worse damage was averted by an alert and well trained fire department. Our sincere thanks to Ronnie Nudd and his crew.

In the good news category, the Commission has undertaken several noteworthy projects this year:

In an effort to broaden the spectrum of passive recreation uses of Henderson Swasey Park, the Commission sponsored Anthony Federer from the New England Orienteering Club to map the park and its environs for orienteering. Orienteering is a fast growing sport which involves finding one's way over unfamiliar terrain by means of map and compass. Park abutters have been very receptive of the project. The Industrial Park has not only given consent to the mapping of its lands, but is willing to co-sponsor the map and provide parking lots for the staging of orienteering meetings. Much deserved applause for the Industrial Park and its civic mindedness;

Commissioners David Weber, David Ouellet, and Emily

Carlson have planned, written and produced a new brochure which locates and describes two of Exeter's largest open space holdings.

These brochures are available for twenty-five cents at the Town Clerk's Office, the Parks and Recreation Office, and the Chamber of Commerce. Proceeds will be used to cover the cost of printing and help pay for future updating of the brochure;

David Ouellet designed, constructed, and installed a sign for the Smith Page Cove Conservation Area off Drinkwater Road. The Cove entrance was brushed out earlier this fall when the entire Commission turned out to accomplish the task. More such work is contemplated for the spring, including a fire pond clean up day.

In February, 1986, the Commission voted to initiate and fund an ongoing program of professional deed and boundary research.

Through this vital undertaking we hope not only to locate many gift parcels of land, but to improve the accuracy of Exeter's Open Space mapping. This will enable the town to better plan for future use of its open space and provide public access to more passive recreation areas.

In order to continue its own environmental education, the Commission attended the 1986 Natural Resource Lecture Series sponsored by the Rockingham County Conservation District and the Rockingham Planning Commission. It sent delegates to a soils workshop, the Sixteenth Annual Meeting of the New Hampshire Association of Conservation Commissions, and a spring regional

meeting. The Commissioners felt the information presented at these meetings was invaluable. Some of the protective ordinances they were introduced to may prove to be useful tools for Exeter in the future.

As many of you may know, the Conservation Commission has lost the services of the Vocational Education Forestry students. Due to difficulty in obtaining liability insurance, the school may no longer allow students to risk working with heavy equipment. This leaves the town with no one to carry out the management of conservation lands. Because of this, the Commission, on the recommendation of County Foresters Phil Auger and Paul Crosby, applied for and received federal matching funds through the Agricultural Stabilization and Conservation Service. With these funds the Commission will be able to hire a consulting forester to help revise and update its management plans as well as oversee their execution.

With a last look at 1986, we would like to express our appreciation and thanks to the boards, agencies and individuals of the town, county and state for their help and encouragement in all our endeavors. We would especially like to salute the Allen Street Coalition whose contribution to conservation in Exeter is unprecedented. This group of private citizens deserves all our gratitude. Their efforts have saved the Folger Wentworth property along Parkman Creek, thus helping to protect one of Exeter's best salt-water marsh habitats. 8 We are indeed in

their debt.

Historic District Commission

The Historic District Commission meets on the Tuesday of each month at the Town Office Building, 10 F Street, at 7:00 p.m.

During the year we have been working to improve the management of the Commission. We have taken all of the outside changes that we are charged with. We have 121 buildings of historical significance. There are buildings within the District that have a lesser historical value many times these buildings serve as a break between styles of architecture and other.

We have been concentrating between cases on what we have and documenting them. A map has been drawn of the boundaries of the district. A young citizen of the community came forth for his Boy Scout Eagle project and took pictures of all the buildings. We have picture documentation of August, 1986, of all structures in the districts.

Working in close cooperation with the Planning Board we have devised Amendment the zoning changes. These amendments help to more clearly define the Historic District Commission and its authority.

The Commission wishes to thank John Merkle for his

years of unselfish services as Chairman.

Exeter Council On Aging

The Exeter Council on Aging would like to thank the Exeter Board of Selectmen and Town Manager for their assistance over the last year.

The Council has joined forces with the Exeter Area Visiting Nurse Association for the monthly blood pressure clinics held at the Senior Housing and the Exeter Senior Citizen's Center. The Council will be starting their twelfth year with the discount taxi rides with help from Cooperative Alliance for Seacoast Transportation (COAST) and the Town of Exeter providing funding for eleven thousand discount taxi rides. The program has a budget of \$30,250.00, with the Town and COAST each contributing \$10,450.00, and the seniors paying the remaining \$9,350.00. The rides are provided through Exeter Taxi Service. We feel that this is one program that has served the senior citizens well over the years and has provided more than one hundred and thirty two thousand rides during the eleven years.

The Council has a monthly newsletter that is printed in Massachusetts free of charge to our Council and to Exeter Senior Citizens with funding for the printing from sponsors supplied by the printer.

The Editor of this newsletter is Vernon Schnare. The program is starting its sixth year without any cost to the Council. The newsletters are placed around town each month by members of the Council. If you do not see a copy and would like one, stop by the Recreation Office, 32 Court Street. We do not mail them.

The Exeter Council on Aging lost one of its valued members this past year: J. Harris Melia passed away after a brief illness. He is missed by all.

In 1987, we will have had five charter members on the Council the full fourteen years. They include Flavia Page, Robert Shaw, Lawrence Dougherty, J. Harold Carbonneau, and Doug Dicey.

The Council still has the Exeter Senior Citizens' Trust Fund and, thanks to the funds, the bills for the renovation of the Exeter Senior Center are paid in full.

The next goal is to try and set money aside to renovate the other side of the present building once the funds become available. The trust fund receives donations throughout the year. If you would like to donate to the trust fund, you may send a check or money order to: Exeter Senior Citizen's Trust Fund, c/o Doug Dicey, Exeter Recreation Center, 32 Court Street, Exeter, NH 03833.

Respectfully submitted,
Douglas E. Dicey,
Former Chairman

Board Of Adjustment

The Board convened for 15 public meetings in 1986, at which time 63 petitions for variances or special exceptions were heard. Of the 46 variance requests, 20 were approved and 10 or 17 special exceptions were approved.

The Board of Adjustment sits as a quasi-judicial body to hear appeals such as variances when it is alleged that the strict enforcement of the ordinance creates an unique hardship when applied to the owner's land. A special exception may permit a use in a zone upon a finding by the Board that all conditions of the zoning ordinance may have been complied with.

Board of Adjustment hearings are scheduled on the first Tuesday of each month at 7:00PM in the Nowak Room. Applications for appeals are due in the Planning Office two weeks prior to a scheduled hearing.

Building Inspector

Building construction increased again in 1986 at about the same rates as it did in 1985. We were up close to \$3 million over 1985. Exeter saw its first half million dollar new house in modern times.

There were many homes built for the low and middle income groups also. This is an in-

dication to me that our Growth Control Ordinance is working.

The Building Inspector's office works closely with the Assessor's Office, Planning Board, Public Works, Fire Department, Police Department, Historic District Commission, Zoning Board of Adjustment, and the Health Officer. Each department has input in the plan review process if the planned

project involves them.

Permits were issued in amount of \$20,555,994, which generated \$71,170.38 in revenue for the Town.

Again, my sincere thanks to the citizens of Exeter for allowing me to serve as your Building Inspector.

Respectfully submitted,
E. Melvin Bowley
Building Inspector

Mosquito Control

The municipally funded and operated mosquito control for the Exeter area serves Exeter, Hampton Falls, Newfields, and Stratham. Within this district, a crew of three handles both the control of the adult and the immature stages of the mosquito. In addition to mosquito control, the crew also constructs horse fly traps and places them on the saltmarshes to reduce those pest populations. Initially started in response to mosquito nuisance and an outbreak of eastern equine encephalitis in 1973, the mosquito control program has progressed to detailing a marsh management plan soon in the future to revive diluted and impounded saltmarshes.

Since marsh management and mosquito control go hand in hand, the Exeter area and Essex County (MA) mosquito controls have been working together with State officials to evaluate the need of a saltmarsh management program. This long term goal is to landscape the saltmarshes to both facilitate wildlife and, at the same

time, to provide predatory fish access to mosquito larvae. This work, known as "open marsh water management" will be described in future newspaper articles.

In reference to this past year, the Summer was a wet season and most mosquitoes that thrived on freshwater were up in 1986 over the prior year, according to trapping, data especially from mid June through mid July. The freshwater sites that we initially visited in April and treated when necessary, had to be re-visited through June and July due to the rainfall that kept water levels high. Saltmarshes along the often rain swollen Squamscott River hatched mosquito larvae more times than prior years as pools were frequently filled in the 100 acres of breeding saltmarsh in Exeter, Newfields, and Stratham. The 15 acres of breeding saltmarsh in Hampton Falls was not much more predictable. The hatching of many mosquito larvae, even with intensive larval control efforts, resulted in a total of 33,047 mosquitoes turning up in the 8 adult monitoring traps, set

weekly, which were identified and recorded. Represented in the greatest number was the cattail marsh mosquito, a species difficult to control which has become an increasing problem in New England over the last four years. We will be working on this pest first by mapping its breeding sites.

In reference to adulticiding, the 'truck spraying' is most effective in urban areas and, therefore, only larviciding is done in Hampton Falls. In the other towns, like in past years, it was a challenge to coincide spray routes with acceptable weather conditions and adult mosquito populations. The patience that the residents have shown has been much appreciated.

The Mosquito Control Commission wishes to thank everyone for their support in "fighting the bite" and are looking forward to a year of continued emphasis on the safety, both to the public and the environment, and the use of scientific methods to continue improving the efficiency of mosquito control.

School Board of Exeter, NH

School District Warrant

To the inhabitants of the School District in the Town of Exeter, County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Exeter AREA High School in said Exeter on Monday, the ninth day of March, 1987 at seven o'clock in the evening to act upon the following articles:

1. To see if the District will vote to authorize the School Board to transfer to Capital Reserve any of its unencumbered surplus funds remaining on hand at the end of the 1986-87 school year. Said unencumbered surplus funds are to be distributed to Capital Reserve as follows: \$5,000 to the District parking lot payment Capital Reserve established at the 1985 District Meeting with the remainder going to the Roof, Heating System, Window and Electrical Systems Improvements Capital Reserve established at the 1984 District meeting. The total payment to Capital Reserve shall not, however, exceed one-half of one percent of the last assessed valuation of the Town of Exeter.
2. To see if the District will vote to authorize the School Board to apply for, accept, and expend, without further action by the School District Meeting, money from any source which becomes available during the fiscal year. Said money must be used for legal purposes for which the School District may appropriate money; requires a public hearing on the action to be taken; must not require the expenditure of other School District funds; and must be exempt from all provisions of RSA 32 relative to limitations and expenditures of School District monies.
3. To see if the District will vote to authorize the School Board to make application for, accept, and expend, on behalf of the School District all gifts, advances, grant in Aid, revenue sharing funds, or any other funds for educational purposes as may now, or hereafter be available or forthcoming from the United States Government, the State of New Hampshire, or any of its municipalities, or any other state, local, or federal agency.
4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for the School District officials and agents, and for the payment of the statutory obligations of the District.
5. To hear reports of Agents, Auditors, and Committees or Officers heretofore chosen and pass any vote relating thereto.
6. To transact any other business which may legally come before this meeting.

Given under our hands at Exeter this 19th day of February, 1987.

REPORT OF THE SCHOOL ADMINISTRATORS
WAYNE F. GERSEN, SUPERINTENDENT
NATHAN S. GREENBERG, ASSISTANT SUPERINTENDENT

In 1986-87, each of the School Boards in SAU 16 spent considerable time on the development of long range plans to address the increasing student population at the elementary level, and the deficiencies of the High School facility. In their deliberating each Board has formed broad based Committees that include citizens, staff members, and administrators in an effort to ensure that proposed changes in facilities meet the local needs. A brief description of the planning efforts and the resulting proposals in each community follows:

Brentwood

The School Board and Long Range Planning Committee are submitting a series of warrant articles to address safety and maintenance needs at the Swasey School, and a warrant article to authorize the Board to hire an architect to develop physical facility plans for consideration in 1988-89. This architect will work with the Board and the Long Range Planning Committee generate alternative methods for adding on to Swasey School to meet the projected enrollment increases.

East Kingston

The School Board and Long Range Planning Committee are recommending a \$1,400,000 addition to the Andrews Lane School. The proposed addition will provide the school district with the necessary classroom space to accommodate projected long term population growth; provide the students and the town with a much needed multi-purpose room; allow the School Board to retire the antiquated Browns Academy facility; and, ensure that the school district will meet the present and proposed elementary school minimum standards.

Exeter

The Exeter School Board and Budget Committee approved an elementary grade reorganization plan that will enable the administration to reduce pupil/teacher ratios to 22:1 without requiring additional construction. Also, the School Board created two advisory committees to review the operation and cost of the Region 18 Vocational Center. As a result of these Committee's efforts, tuition reform legislation has been introduced that could provide relief to all communities in SAU 16.

Kensington

After several attempts in the past two years, the School Board and Building Committee secured approval for a building addition at a special school district meeting in the Fall. As a result, the school district will construct a four room addition on to the present elementary school. This addition will be ready for student occupancy in September of 1987.

Newfields

The School Board recently created a community based Long Range Facilities Committee to assist them in planning for the district's long range physical plant needs. The School Board is concerned about the present building and site in light of the projected student population increase. As an initial step, the Board and the Long Range Facilities Committee will investigate the purchase of a parcel of land to build a school facility large enough to satisfy student enrollment increases and meet state construction standards.

Stratham

The Stratham School Board, Space Needs Committee, and Elementary School Building Committee are recommending the construction of an elementary school and the purchase of a site of land for this new school. The growth in housing and the resultant increase in the student population requires a major construction project. The specific information on this project will be provided at several neighborhood coffees and at a public hearing.

At the same time, the Cooperative Study Committee has been working with Cooperative Study Committee members from Greenland, Rye, Newington and New Castle to study the feasibility of forming a cooperative school district. The Cooperative Study Committee will present a proposal along with its recommendations at a Special School District meeting in late March or early April.

SAU 16

In addition to the projects and studies being conducted and proposed by each of the individual towns in the SAU, the SAU Board voted to form an AREA Review Committee to study the present AREA Agreement and its impact on our present secondary facilities, particularly the High School.

The actions and proposals that will be put forth to the voters this year and next, are a result of the studies commissioned by the School Boards, and developed with active participation from community members.

We urge you, to listen, study and ask questions regarding the proposed plans, so that each individual town can make the necessary decisions and take the appropriate actions to meet both the short and long term educational facility needs of the children in SAU 16.

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Exeter School District
Exeter, New Hampshire

We have examined the general purpose financial statements of the Exeter School District and the combining fund and account group financial statements of the School District as of and for the year ended June 30, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

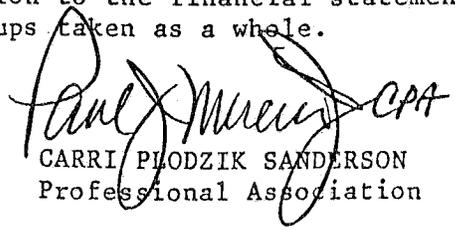

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Exeter School District, at June 30, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in our opinion, the combining fund and account group financial statements referred to above present fairly the financial position of each of the funds and account groups of the Exeter School District, at June 30, 1986, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining fund and account group financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Exeter School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose, combining fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective funds and account groups taken as a whole.

AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROLS

To the Members of the School Board
Exeter School District
Exeter, New Hampshire

We have examined the general purpose financial statements of the Exeter School District for the year ended June 30, 1986, and have issued our report thereon dated October 23, 1986. As part of our examination, we made a study and evaluation of the internal control systems, including applicable internal administrative controls, used in administering federal financial assistance programs to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards, the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U.S. General Accounting Office, the Single Audit Act of 1984, and the provisions of OMB Circular A-128, Audits of State and Local Governments. For the purpose of this report, we have classified the significant internal accounting and administrative controls used in administering federal financial assistance programs in the following categories:

Accounting Controls

Budgeting Cycle
Payroll Cycle
Expenditure (other than payroll) Cycle
Revenue Cycle
Financial Reporting Cycle
Data Processing Cycle

Controls Used in Administering Federal Programs

Political Activity
Davis-Bacon Act
Civil Rights
Cash Management
Relocation Assistance and Real Property Acquisition
Federal Financial Reports

The management of the Exeter School District is responsible for establishing and maintaining internal control systems used in administering federal financial assistance programs. In fulfilling that responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of internal control systems used in administering federal financial assistance programs

Exeter School District

Auditor's Report on Internal Accounting Controls

are to provide management with reasonable, but not absolute, assurance that, with respect to federal financial assistance programs, resource use is consistent with laws, regulations, and policies; resources are safeguarded against waste, loss, and misuse; and reliable data are obtained, maintained, and fairly disclosed in reports.

Because of inherent limitations in any system of internal accounting and administrative controls used in administering federal financial assistance programs, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the systems to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study included all of the control categories listed above.

With respect to the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Exeter School District, our study and evaluation was limited to a preliminary review of the systems to obtain an understanding of the control environment and the flow of transactions through the accounting system. Our study and evaluation of the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Exeter School District did not extend beyond this preliminary review phase.

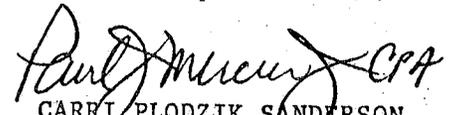

Our study and evaluation was more limited than would be necessary to express an opinion on the internal control systems used in administering the federal financial assistance programs of the Exeter School District. Accordingly, we do not express an opinion on the internal control systems used in administering the federal financial assistance programs of the Exeter School District.

Also, our examination, made in accordance with the standards mentioned above, would not necessarily disclose material weaknesses in the internal control systems used solely in administering nonmajor federal financial assistance programs.

However, our study and evaluation and our examination disclosed no condition that we believe to be a material weakness in relation to a federal financial assistance program.

This report is intended solely for the use of management and the applicable federal agencies and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report, which, upon acceptance by the Exeter School District is a matter of public record.

AUDITOR'S REPORT ON COMPLIANCE WITH LAWS
AND REGULATIONS RELATED TO NONMAJOR
FEDERAL FINANCIAL ASSISTANCE PROGRAMS

To the Members of the School Board
Exeter School District
Exeter, New Hampshire

We have examined the general purpose financial statements of the Exeter School District for the year ended June 30, 1986, and have issued our report thereon dated October 23, 1986. Our examination was made in accordance with generally accepted auditing standards; the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U.S. General Accounting Office, the Single Audit Act of 1984 and the provisions of OMB Circular A-128, Audits of State and Local Governments; and code of federal regulations 34 CFR 74:62, Audit Requirements for State and Local Governments and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The management of the Exeter School District is responsible for the District's compliance with laws and regulations. In connection with the examination referred to above, we selected and tested transactions and records from nonmajor federal financial assistance programs to determine the District's compliance with federal, state and local laws and regulations, noncompliance with which we believe could have a material effect on the allowability of program expenditures.

The results of our tests indicate that for the transactions and records tested, the Exeter School District complied with the laws and regulations referred to above, except as described in the accompanying Schedule of Findings (Schedule II). Our testing was more limited than would be necessary to express an opinion on whether the Exeter School District administered those programs in compliance in all material respects with laws and regulations, noncompliance with which we believe could have a material effect on the allowability of program expenditures; however, with respect to the transactions that were not tested by us, nothing came to our attention to indicate that the Exeter School District had violated laws and regulations, other than those laws and regulations for which we noted violations in our testing referred to above.

AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION
SCHEDULE OF FEDERAL FINANCIAL ASSISTANCE

To the Members of the School Board
Exeter School District
Exeter, New Hampshire

We have examined the general purpose financial statements of the Exeter School District for the year ended June 30, 1986, and have issued our report thereon dated October 23, 1986. Our examination of such general purpose financial statements was made in accordance with generally accepted auditing standards and the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U.S. General Accounting Office and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying Schedule of Federal Financial Assistance is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. The information in that schedule has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

The accompanying notes are an integral part of these financial statements.

ADMINISTRATIVE SPENDING PRIORITIES - 1987-88

Outlined below are the administrative spending priorities for the 1987-88 budget. While these priorities are carried over from previous fiscal years, their urgency has not diminished, and, in the case of Priorities III through VI, the focus has changed significantly. These priorities are crucial to ensuring that the Exeter School District can maintain a quality educational program in the coming years. The administrative spending priorities follow:

PRIORITY I - RESTRUCTURE AND UPGRADE THE TEACHER'S SALARY SCHEDULE - In Exeter, as is true for the entire region, the salaries paid to ALL teachers must be upgraded. While the negotiated salary increases for the past school year were approximately 10%, the entry level salary, at \$15,500 remains low compared to other areas of potential employment for recent college graduates, and our overall salary schedule is putting us at a competitive disadvantage in a tight market. This year, for example, most neighboring Massachusetts districts are offering \$18,000 for entry level teachers, with correspondingly higher salaries for experienced teachers. This year, there were several instances where our primary candidate refused a job offer because of our current salary structure. Unless we continue to upgrade our salary schedules, teacher recruitment will continue to be difficult.

PRIORITY II - CONTINUE FUNDING THE ESTABLISHED PLANS FOR PLANT MAINTENANCE, EQUIPMENT REPLACEMENT, FURNITURE REPLACEMENT, AND CAPITAL RESERVE The 1986-87 budget included significant increases in the Maintenance and Operations Programs, the funding of many key maintenance projects, and the funding of the established cycle of furniture and equipment replacement. Furthermore, the Board maintained its commitment to the warrant articles that provide the monies for the Capital Reserve Trust Fund established in 1984, approved a warrant article to fund several capital projects removed from the general fund budget, and helped the administration develop a Five Year Capital Improvement Plan. This commitment has enabled the School District to upgrade its facilities, and this commitment must be continued even if the district seeks a major bond issue at Exeter AREA High School.

PRIORITY III - PROVIDE FINANCIAL SUPPORT FOR THE RECOMMENDATIONS OF THE SCHOOL BOARD REGARDING THE PROPOSED HIGH SCHOOL IMPROVEMENT MODULE DESCRIBED IN THE NESDEC REPORT, AND/OR ANY IMPROVEMENTS TO THE ATHLETIC FIELDS

The recently released NESDEC report recommended immediate action on a High School Improvement module. This new construction would provide the High School with an auditorium; a library; improved lockerroom, office, and cafeteria facilities; and additional science laboratories. Additionally, the Board needs to address the issue of athletic fields for the High School.

PRIORITY III - PROVIDE FINANCIAL SUPPORT FOR THE RECOMMENDATIONS OF THE SCHOOL BOARD REGARDING THE PROPOSED HIGH SCHOOL IMPROVEMENT MODULE DESCRIBED IN THE NESDEC REPORT, AND/OR ANY IMPROVEMENTS TO THE ATHLETIC FIELDS,
continued

After reviewing proposals related to these issues at the SAU level, the Board may have recommendations for the Budget Committee to consider. Financial support for these Board recommendations will be crucial to the future improvement of facilities in Exeter.

PRIORITY IV - CONTINUE TO FUND CURRICULUM INITIATIVES The Elementary Curriculum Development Committee and the High School Curriculum Committee are continuing their efforts to identify the texts and materials needed to upgrade their instructional areas. For the coming year, an emphasis will again be placed on the purchase of Science and Language Arts materials at the elementary level. Additional funds may also be requested to improve the assessment capabilities in our district, so that we can determine the progress students are making in each curriculum area. Finally, the Enrichment Programs at the Elementary and Secondary levels must be sustained through continued funding.

PRIORITY V - CONTINUE PROVIDING FUNDS FOR CURRICULUM AND STAFF DEVELOPMENT - In the current year, funds were provided for curriculum and staff development, and additional funds were re-directed from the computer account into staff development to qualify for the Governor's Initiative for Technology. In the coming year, more funds should be earmarked for training activities, particularly in the areas of student assessment and the writing process. Full implementation of the curriculum initiatives undertaken in the past years will require training of teachers and administrators.

PRIORITY VI - PROVIDE FINANCIAL SUPPORT FOR THE SCHOOL BOARD'S 1986-87 GOALS - The School Board's 1986-87 goals and their potential impact on the 1987-88 budget are outlined below:

Upgrade the Curriculum for Grades 1 through 12

Funding for this goal will be accomplished as indicated in Priority III and V, above.

Improve the Delivery of Special Education

The recommendations of the Special Education Department will be presented to the Budget Committee for their consideration.

Develop a long range plan for the Exeter School District Priority II, above, addresses this Board goal.
