

# Exeter Electric Vehicle Expo 2024

*event organized by the Exeter Energy Committee*

**Sunday, September 29, 11:00 AM - 2:30 PM**

**Location: Exeter Town Hall and Bandstand**

Exeter's EV Expo is part of **National Drive Electric Week 2024**. Come join us for this free, fun family-friendly annual event where you can learn about the benefits, use and ownership of electric vehicles. We will have multiple vehicles on display with owners available to answer questions and share experiences. In addition, several electric vehicle car dealers plan to attend and offer test drives of their vehicles. Several info tables will provide timely information from the Exeter Energy Committee, Unitil Electric Utility, Revision Energy and others including information about home EV charging. EV swag and coffee available too! Event is rain or shine. (*\*\*Please note that the event takes place around a busy public street and parking areas open to traffic. Stay aware of moving vehicles. Children are welcome but must be supervised at all times.*)

For more information: [www.driveelectricweek.org](http://www.driveelectricweek.org) and [www.exeternh.gov/energy](http://www.exeternh.gov/energy)

You can register to attend here: <https://driveelectricweek.org/event-attend> or just drop by during the event.

**Bringing your EV to show?** Please register on the Drive Electric site and check the box that you are willing to show your car and answer questions. We will contact you with further details.

National Drive Electric Week presented by:

Plug in America; Electric Vehicle Association; Sierra Club; Drive Electric USA; EVHybridNoire
