ANNUAL REPORT**

**Town of Exeter, New Hampshire
For the year ending December 31, 2010**

**Exeter School District
For the year ending June 30, 2010**

Dedication

Harry B. Thayer III

2010 Annual Report Dedication

It is with a great pride and pleasure that we dedicate the 2010 Annual Report to Harry B. Thayer III.

Harry is a fixture in this town having touched residents' lives in ways both out in front and behind the scenes. We give our deepest thanks to Harry's family; wife Janice, children Melissa, Heather, Christopher and Amanda for sharing his time with us.

As owner and Editor of the Exeter News-Letter, Harry provided us with a thoughtful and professional source of information and entertainment. Many an Exeter resident misses the old News-Letter under Harry's able leadership. Former employees recall having a caring boss who appreciated his employees' hard work rewarded their efforts.

Through many years and countless hours, Harry volunteered his personal time to the betterment of Exeter. Harry has served the public on various Town committees such as the Budget Recommendation Committee, the Zoning Board of Adjustment and the Economic Development Commission. During Harry's tenure on the EDC, the Town saw an economic boost with the efforts made to provide space for commercial and industrial development on Industrial Drive. This area continues to improve and attract new business interests.

Aside from the services Harry gave directly to the Town through his volunteer activities and accomplishments, there are many other institutions that have been guided by Harry's hands and heart. He was a member of the Seacoast School of Technology's Building Committee, a school that continues to thrive as a part of Exeter's fabric. Harry has been a member of the Exeter Historical Society and a Trustee of the Congregational Church. As a member of the Robinson Female Seminary Scholarship Committee, Harry touched the lives of many young people seeking to continue their education after high school.

These activities add up to years of service to the community, but none of them compare to Harry's work on the Fire Department.

Harry joined the Fire Department in September of 1963 as a member of Engine Company 1. He was promoted to Lieutenant of Engine 1 in June of 1980 with following promotions to Captain and then Deputy Chief in 1997. During his career with the Fire Department, Harry was a mentor to new members and helped to maintain our high standards in training and professionalism. As Deputy Chief, Harry served as the president of the Seacoast Chief Fire Officers Association Mutual Aid District. This organization represents 38 fire departments in New Hampshire, Massachusetts and Maine working together for mutual fire protection services. After 45 years with the Department, Harry retired in December of 2008 and remains a close and valued friend of the Exeter Fire Department.

From a grateful Town, we applaud and thank you, Harry.

*Ambrose Swasey,
inventor,
industrialist, public
benefactor.*

Ambrose Swasey was born in the farmhouse known as Fort Rock Farm on Newmarket Road. At the age of eighteen he began work at the Exeter Machine Works. There he met Worcester Warner, with whom he later formed a partnership, first in Chicago, then in Cleveland, Ohio, where their company became well known for the manufacture of astronomical telescopes.

Swasey is credited with inventing the machinery that made possible the construction of the large telescopes at Yerkes Observatory in Chicago, the McDonald Observatory in Texas, and Mount Palomar in California. He was a founder and president of the American Society of Mechanical Engineers and in his lifetime received many academic honors, including a doctorate from the University of New Hampshire in 1930. In the Swasey genealogy he is described as having a “natural, perfect understanding of analytical and descriptive geometry.”

In 1890 Swasey inherited the family farm. He arranged to have trains stop running one Sunday in 1900 in order to move the house across the tracks, closer to the Squamscott River. Retaining some features of the old home, he installed large picture windows overlooking the river and remodeled the house into a comfortable summer residence, where he received many important guests. Like Tuck and French, Swasey was generous with his fortune, donating large sums to the First Baptist Church and the Exeter Hospital. He is said to have so hated the town dump along the river that he offered to build a parkway if the town would move the dump. The town agreed; and, in spite of the fact that the depression had cut into the profits of his business, he began the project. The Swasey Parkway, dedicated in 1931, gave employment to many Exeter residents at a time when jobs were badly needed.

Swasey's chauffeur-driven limousine was a familiar sight on Water Street during his summer vacations almost to the time of his death in 1937 at the age of ninety-one. At his request, the ailing Swasey was brought back to Exeter to die in the same bedroom in which he was born.

99 Years Ago

1911 Town Report

From Highway Agent Report
Resurfacing Water Street
3000 yards at 85 cents per yard \$2550

From the Principal of the Robinson Seminary Report
"An adequate system of ventilation is extremely desirable".

From the Public Library Report
"428 library cards were issued this year".

Paid John W. Hale \$100.00 for ringing town bell.

Paid Newell S. Tilton for cow & dynamite case \$114.00

From the Police Department Report – 91 arrests

From the Fire Department Report – Fire on roof of School Street
School House – value of building \$1200, insurance \$1000,
insurance paid \$11.00. Cause – sparks from chimney falling on
roof.

Town of Exeter Website: town.exeter.nh.us

TOWN CLERK

The Town Clerk's office is located at the Town Office building. Hours are Monday thru Friday 8:30AM till 3:30PM (hours effective October 1997). For more information call 778-0591 ext. 403.

RUBBISH COLLECTION

The Town of Exeter contracts with Northside Carting for curbside rubbish pick-up. All rubbish must be in the Town of Exeter blue plastic bags available at the Town Office and most stores in Exeter and two grocery stores in Stratham. The Town of Exeter has been using the pay-by-the-bag trash system since October 4, 1993.

Trash bags are available in 2 sizes: 33 gallon bags \$2.00 each, 15 gallon bags \$1.00 each. Bags must be curbside by 7AM on your scheduled pick-up day. No limit on amount of bags allowed curbside each week. Check our "trash/recycle pick-up schedule" link on our homepage for your pick-up day, or call Public Works at 773-6157.

RECYCLE COLLECTION

The Town of Exeter contracts with Northside Carting for curbside recycle collection. Pick-up is the same day as your trash pick-up. A blue Town of Exeter recycle bin is needed for pick-up. Bins are available at the Town Office for \$12.00 each. 65 gallon, wheeled recycle carts are available at DPW and at the Town Office for \$45.00 each.

TRASH/RECYCLE HOLIDAY INFORMATION

Northside Carting handles all of the Town of Exeter trash/recycle pick-ups. Northside Carting observes the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day. Trash/recycle will not be picked-up on these holidays. Pick-up will be one day late for the rest of the week following the holiday. For more information call the Public Works Dept. at 773-6157.

RECYCLE OIL

The Town of Exeter recycles used oil from your car, boat or lawnmower. Used oil can be taken to the Transfer Station during regular operating hours. Oil must be in a clear or semi-clear container with a tight fitting cover - plastic milk containers work well. Label the container "used oil".

TRANSFER STATION

The Town of Exeter has a Transfer Station on Cross Road in Exeter. You may dispose of yard waste (grass, leaves, brush); metal items (washers, dryers, dishwashers etc). Items with Freon (refrigerators, freezers, air conditioners, dehumidifiers, etc) can be disposed of with an additional \$7.00 per item sticker. There is also an Electronics disposal area at the Transfer Station. Each electronic item taken there needs a \$10.00 electronics disposal sticker. Construction debris is also allowed at the Transfer with a construction sticker or debris in a construction bag. Construction stickers and bags are \$8.00 each. Call the Public Works Dept. at 773-6157 for more information. All other items must be in a Town of Exeter blue bag. NO bulky items will be accepted at the Transfer Station. Calendar year permits are \$10.00, issued to the vehicle; a five-day permit is \$5.00, issued to the vehicle. All permits, stickers and bags may be purchased at the Town Office. No permits, stickers or bags are sold at the Transfer Station.

BULKY TRASH PICK-UP

You can place one bulky item (furniture, sofa, recliner, mattress, etc.) curbside each week along with your blue bags of trash, with a bulky item sticker. Stickers are \$5.00 each and are available at the Town Office. For more information call the Public Works Dept. at 773-6157.

OTHER BULKY TRASH DISPOSAL OPTIONS:

You can haul your bulky trash to the following disposal sites for a fee. Call ahead for directions & fees.

Best Way Disposal	Waste Management Co.
Raymond, NH 895-6273	Rochester, NH 1-800-847-5303

LEAF PICK-UP

Each fall the Town of Exeter picks up leaves in brown paper biodegradable bags only. There is a limit of 12 bags per household for curbside pickup. Pick-up of leaves is on your regular trash day the week of the scheduled pick-up in the fall ONLY, for one week only. Call Public Works at 773-6157 or check our website for pick-up dates when available. You may also take leaves to the Transfer Station during regular operating hours. No permit needed.

WATER/SEWER BILLING OFFICE

For residents with Town water and sewer service, the billing office is located at the Town Office building. The office is open Monday thru Friday 8:00AM - 4:30PM. Bills are sent quarterly depending on where you live. Questions? Call 773-6108.

TAX COLLECTOR

The Tax Collector is located in Town Office building in the same office as the Water and Sewer billing office. Hours are 8:00AM - 4:30PM Monday thru Friday. Questions? Call 773-6108.

ASSESSING OFFICE

The Assessing Office is located in the Town Office building for assessment and/or exemption information on your property. Hours are Monday thru Friday 8:00AM - 4:30PM. Questions? Call 773-6110.

PLANNING, BUILDING INSPECTOR, ZONING

The Planning Department, Building Inspector, Zoning Department and Natural Resource Planner are located upstairs in the Town Office building. Hours are 8:00AM - 4:30PM Monday thru Friday. Questions for any of the three departments, call 773-6112.

*Note: The Town Office has a ramp at the front entrance and an elevator to the second floor.

PARKS AND RECREATION DEPARTMENT

The Exeter Parks and Recreation Department is located at 32 Court Street, a yellow building three buildings down from the Safety Complex. The Recreation Department sponsors programs for all ages including sports, trips, public pool, tennis, adventure camp, etc. Call 773-6151 for information, or check our website for information about upcoming events.

EXETER PUBLIC LIBRARY

The Exeter Public Library is located at Founder's Park. For hours and more information about the Exeter Public Library, call 772-3101 or go to the library website at www.exeterpl.org

EXETER HISTORICAL SOCIETY

The Exeter Historical Society is located at 47 Front Street. Hours are usually Tuesday & Thursday 2:00PM-4:30PM, Saturday 9:30AM-Noon or by appointment. For more information call the Historical Society at 778-2335.

LOCAL GOVERNMENT CABLE CHANNEL/MEETINGS:

Cable Channel 22 is the Exeter Local Government channel. Tune in to see live broadcasts of the meetings. Check our website for meeting dates & times.

BOARD OF SELECTMEN MEETINGS

Selectmen usually meet on Monday evenings at 7:00PM in the Nowak Room, upstairs in the Town Office building. Check our website or call the Town Office at 778-0591 for the next scheduled meeting date. Agenda items for Selectmen's meetings must be submitted to the Town Manager's Office by 12:00 Noon the prior Wednesday. For more information call 778-0591.

WINTER PARKING BAN

There is a winter parking ban from December 1 thru March 15. During that time NO PARKING is permitted on any public street between Midnight and 6:00AM. Call Exeter Dispatch at 772-1212 for more information.

SNOW EMERGENCY

In the event of a predicted or on-going severe winter snowstorm requiring enhanced actions maintaining snow plowing, and or removal as deemed necessary by the Public Works Director, a snow emergency shall be called. For complete snow emergency information call the Public Works Dept. Monday thru Friday at 773-6157, or Exeter Dispatch at 772-1212.

Fun Fact: Did you know the Town of Exeter has an elevation of 125 feet, and an average temperature of 46.3 degrees. Exeter has 12, 644 acres of land area, 168 acres of water area, for a total of 12,812.9 acres, and total square miles of 20. Exeter is located in Rockingham County. The Town of Exeter was founded in 1638.

Did you know? You can view your Exeter property and assessment information on-line thru Vision Appraisal (<http://data.visionappraisal.com/ExeterNH/DEFAULT.asp>). This database is updated several times a year to reflect the latest assessment information. You can also print your property card from this on-line site.

Fun Fact: The Parks & Recreation Dept. had over 4700 registrants for their programs and sold almost 500 pool passes in 2010!

TOWN OF EXETER, NH
FIRST SESSION OF ANNUAL TOWN MEETING
(DELIBERATIVE SESSION)
SATURDAY, JANUARY 30, 2010

Town Moderator Charles Tucker called the First Session of the 2010 Town Meeting to order at 9:00 AM, and asked attendees to stand for the Pledge of Allegiance to the Flag. He introduced the Town Officials seated at the head tables – (from far right): Finance Director Doreen Ravell, Town Treasurer Donald Brabant, Town Counsel Walter Mitchell, Town Manager Russell Dean, and Town Clerk Linda Hartson; (from his far left): Selectman Matthew Quandt, Selectman Robert Eastman, Selectwoman Julie Gilman, Selectman Chairman William Campbell, and Selectman Robert Aldrich.

Moderator Tucker explained the purpose of this meeting – to deliberate, debate, and/or amend the Articles being presented on the Town Warrant for ballot voting on Tuesday, March 9, 2010. The polls will be open between 7:00 AM and 8:00 PM at the Talbot Gymnasium on Linden Street in Exeter. Moderator Tucker explained the procedure to follow during this meeting, i.e. “Rules of the Moderator”. He will entertain one (1) amendment on the floor at a time, and will recognize the proponent of an Article to speak before any other resident. An amendment can be made, must be seconded, and followed by discussion. Following the discussion he will call for a voice vote, or a card vote, from the registered voters present at this Meeting. Each speaker is to state their name and address in Town. Moderator Tucker explained an Article amendment should not change the substance of the Article. He read a list of non-resident Department Managers and Staff that may be called upon to speak at this Meeting regarding Articles concerning their departments, and asked for a motion allowing them to speak. Such a motion was made, seconded, and approved.

Resident Jim Knight questioned the presence of Town Counsel Walter Mitchell at the front table. **Town Manager Dean** explained that Mr. Mitchell would be able to address any procedural issue that may come up. Selectman Aldrich said there is always Counsel at the School Deliberative Sessions. No further discussion on this matter.

Moderator Tucker spoke about the tradition started at last year’s Deliberative Session to pick a letter of the alphabet that would begin the order of candidates’ names on the ballot. The State follows this practice for their ballots. **Mr. Tucker** once again asked **Town resident Arthur Baillargeon** to pick a letter from the hat. Mr. Baillargeon drew the letter “J”. Each race on the ballot will start with that letter for the first listing, and continue the alphabet from there.

Moderator Tucker said the names of the candidates associated with Article 1 would be listed on the Ballot. Articles 2 through 10 are Zoning Articles and needs no action from this meeting. Previous public hearings have been held regarding the Zoning Articles. Moderator Tucker said he and/or the Planning Director could address any questions or concerns relative to the Zoning Amendments following the meeting.

Article 11: To choose all other necessary Town Officers, Auditors or Committees for the ensuing year.

Moderator Tucker asked if a list of Exeter residents being nominated for the positions was available. **Selectman Chairman William Campbell** presented the following slate:

BUDGET RECOMMENDATIONS COMMITTEE: Carol Aten, Donald Brabant, Robert Corson, Robert Kelly, James Knight, Mark Leighton, Vicky Nawoichyk, Corey Stevens, Don Woodward; **MEASURER OF WOOD & BARK:** Douglas Eastman; **WEIGHER:** Jay Perkins, Sr.; **FENCE VIEWER:** Douglas Eastman.

Article 12: Shall the Town raise and appropriate the sum of \$1,600,000 for the purpose of design, rehabilitation and replacement of public water lines, and authorize the issuance of not more than \$1,600,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to apply to the NHDES Drinking Water State Revolving Fund (SRF) for reduced interest loans. Debt service on this project will be paid from the water fund. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read **Article 12** and called for discussion on this Article. **Public Works Director Jennifer Perry** updated the voters on the water line replacement program. The first section of this proposed program will take place in the Jady Hill area of Town. Ms. Perry said the 20-year program will cost approximately \$2,000,000; with \$200,000 needed for the first year design and \$1.4 million for construction the year after.

Resident Alan Bailey asked how the Town would proceed with the other two (2) bond issue questions. **Selectmen Campbell** suggested Town Counsel Walter Mitchell address Mr. Bailey's question. Mr. Mitchell said he had been in contact with David Barnes of the law firm Divine, Millimet & Branch in Manchester, NH, who is well known for his Bond Counsel capabilities. Mr. Mitchell explained the requirement for 2 bond hearings posted by the second Tuesday in January, with applicable publication in a newspaper, was not required. Since the hearing notice was posted on Jan. 11 and the meeting was scheduled for January 18th, David Barnes's opinion was that Exeter was acting within the legal timeframe. **Mr. Bailey** referred to RSA 33:8A regarding the Finance Act. He believes the publishing requirements of a bond hearing were not met. He said the Local Government Center has its own Bond Counsel and bonds can fail to be issued because of this type of procedural deficiency. The Bond Bank will ultimately have the final say, not Mr. Barnes.

Resident Peter Kennedy asked if the \$200,000 is for an engineering study, and would it be going out to public bid. **Ms. Perry** answered it was for the design of the water lines not for a study. **Mr. Kennedy** asked if there were designs already done. **Ms. Perry** answered there had been several studies done but they do not typically include design. She said there would be public notice and they would accept proposals for engineering services. We do have to follow State law that engineering services be procured based on qualifications.

Resident John Woodward asked if there would be any stimulus money available for this Article or the next Article? **Town Engineer Paul Vlasich** said if the funds were approved, a requirement to use that money meant we had to have a construction contract signed within 8 months. The Town would not be ready to proceed. **Resident Gerry Hamel** questioned if there is an actual plan and budget in place? **Mr. Vlasich** commented that past water studies have shown 1/3 of Town water mains need rehabilitation. With current pricing the estimated cost would be \$1.4 million. Within 20 years we would be asking for more money and this way we will have the money in hand. The Jady Hill project would use up the entire construction money. However, we would package the design and construction bid so that whatever the bid is will be how much money we would have to use. **Mr. Kennedy** asked how the scope of the program could be determined until we get bids? **Mr. Vlasich** answered they would have a good scope on the project early in order to change the extent of the construction. **Mr. Kennedy** is still questioning the process. We still do not know how much money will be used on the Jady Hill project.

Moderator Tucker asked Mr. Kennedy to please summarize his questions so Mr. Vlasich will give a complete answer. **Mr. Kennedy** said these lines have been looked at over 20 years and now we are at a point where we can say \$1.4 million is needed, including \$200,000 for designs. What kind of work is actually being done for this? And is the money coming from the CIP (Capital Improvement Plan)? When will the studies be done? **Mr. Vlasich** said previous money has been spent on studies, and they have found out where the problems are. This money will not be spent on studies.

Town Manager Dean said the State Revolving Fund through the LGC would lend Exeter \$1.6 million. Water rates will go up to help repay this loan. **Mr. Kennedy** asked what percentage rate of the water rate goes toward the Water Fund? **Mr. Dean** said all water money goes to the water fund, and all sewer money goes to the sewer fund.

Resident Brian Grisct said he was on the Water & Sewer Committee for 9 years. Lots of recommendations had been made as well as plans. He still has a problem with specifics of this plan. We have had a change in personnel and now we have two (2) Engineers in this Department. Why are we not doing the engineering in-house? Why are we going outside to get design? **Mr. Grisct** agrees we need to fix the water lines but he thinks we are premature in going forward with this request.

Selectman Campbell said it was his understanding this would be a fulltime job. We hire outside help that will spend their time doing the studies and our people will evaluate the project when it comes in. **Ms. Perry** said that Mr. Campbell is correct. We need Engineers in-house for other projects, as there are many other needs within the Department. We need to use consultants to move forward on the project.

Mr. Knight said he was on the sub-committee in 2002. There was a study done and we paid for it. The plan was presented and at that time \$20 million was needed to complete the project. In 2004 the Town began setting aside \$400,000 each year – first toward a Water treatment plant, then a Water Tower, then Pipe Rehabilitation. We still do not have a comprehensive plan on all

phases of our needs. **Mr. Knight made a motion to reduce the sum to \$100,000 for the purpose of study and design. Gerry Hamel seconded the motion.**

Moderator Tucker called for discussion on the motion. Selectman Campbell understands where Mr. Knight is coming from, but the Board of Selectmen feels this is a good time to do the study. If we wait, interest rates will be higher. The BOS is being aggressive while interest rates are lower.

Resident Anthony Zwaan asked for clarification on the Motion: "Now we are asking \$100,000 for a study?" Dr. Zwaan does not understand the motion. He would like this water issue approved and go forward! He feels the price is too high and he is troubled that there is no financial plan in place. He is in favor of the original plan, and is upset with spending money on another study. **Gerry Hamel** said he agreed with Dr. Zwaan. However, if we take out bond money now, how much money will be spent on interest, and is \$100,000 enough to get the study done, or will the Town come back to the voters for more money? He would like to see a plan in place so the Town will have a better idea on what money would be needed. **Resident Deb Johnson** said she agrees that water should be a priority for all of us, but we should prioritize the water project before moving on to other projects. She feels there is too much money in warrant articles being requested. **Town Treasurer Don Brabant** said if the Town borrows money, the SRF would be a construction loan. We would use the money as we need it and the interest would be charged on the money used. **Ms. Kathy Corson** said she is on the CIP Committee and this project was number 1 on their list. **Mr. Kennedy** supports the project but does not support spending the money without a plan in place. **Mr. Knight** also supports the project. **Mr. Knight withdrew his Motion and Mr. Hamel withdrew his second. Mr. Knight then made a motion to raise \$1 million; however there was no second. Mr. Griset** questions bonding money when he believes there should be \$100,000 - \$200,000 that has been set aside in the Water and Sewer Reserve Funds. If we have the money for engineering, why are we asking for \$1.6 Million for construction when the design will not be ready until 2011 Town Elections? **Mr. Griset made an Amendment to the original Article to add after the words "sum of" -- "\$200,000 for the purpose of the design, rehabilitation and replacement of public water lines, said expenditure to be funded through the Water Reserve Fund."** The motion was seconded and approved. **Moderator Tucker called for discussion on this Amendment.**

Town Manager Dean said there had been a full review by the CIP committee. Typically the design phase comes first with construction after. In moving the project forward we would combine the design and construction into one phase. He is confused about the amendment because of SB2 requirements for bonds. We will be back before the voters at some point for Phase 2. The payback will begin in 2011. **Mr. Kennedy** said we need to stay with the original Article and should not waste the opportunity to get low interest. **Mr. Prior agreed.**

Ms. Johnson asked each Selectman what their top priority is. Each Selectman said that water is the top priority. Ms. Johnson said the money should be put back into the budget instead of appearing on the Warrant as separate Articles. She is in favor of the project in its entirety. **Moderator Tucker called for a voice vote on the Amendment; the NAYS carried.**

Mr. Baillargeon said we need a plan since this project is going to take a number of years. **Mr. Bailey** said this is a huge project and asked how we get this huge amount through a Bond? Also, why are we asking for \$1.6 million instead of a larger amount?

Ms. Perry answered they are working on what they believe can be achieved in a one or two year period of time. She said we could try for a 20-year Bond but it would not be manageable. **Mr. Bailey** asked how far we are from Phase 2? **Resident Frank Ferrara** asked if we have a 5, 10, 20-year plan in place for this Town? He thinks major projects need plans.

Resident Frank Heffernan said this discussion is now procedural. We can debate this up and down for quite awhile. He suggested the Article either be "killed" or take it to the voters. He made a Motion to "Cut off further debate on Article 12." Motion was seconded; voice vote carried. **Moderator Tucker declared ARTICLE 12 would be on the ballot as originally presented.**

Article 13: To see if the Town will vote to raise and appropriate the sum of \$1,050,000 for the purpose of design, rehabilitation and replacement of public sewer lines, and to authorize the issuance of not more than \$1,050,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to apply to the NHDES Wastewater State Revolving Fund (SRF) for reduced interest loans. Debt service on this project will be paid from the sewer fund. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0)

Moderator Tucker read Article 13 and called for discussion on this Article.

DPW Director Jennifer Perry said Article 13 is similar to the previous Article, except we are now addressing Sewer lines. She said the total cost of the project would be \$2.75 million. The area identified in Phase 1 is the Jady Hill area. She said it would be best to take care of all utilities at one time.

Mr. Knight once again expressed concern about the Bond Issue. **Legal Counsel** for the Town, **Walter Mitchell**, reiterated he had spoken with David Barnes who is known for his bond counsel capabilities. **Mr. Mitchell** said the State RSA 40:13 addresses the requirement of normally Posting Notice of a Public Hearing and then holding the hearing 7 days following the posting. **Mr. Dean** told him that both of these issues happened. **Selectman Bob Eastman** said he did not believe the public hearing had been publicized in the local newspaper according to RSA 33:8A, which would make the hearing illegal. **Mr. Mitchell** said that Attorney Barnes disagreed with Mr. Eastman's interpretation. He referred to the wording "notwithstanding other provisions", that SB2 contains the only requirements and indicated that Attorney Barnes will stand on the previous statement.

There was no further discussion; Article 13 will appear on the ballot as presented.

Article 14: To see if the Town will vote to raise and appropriate the sum of Three-Hundred Twenty Thousand Dollars (\$320,000) for the Water Street Diversion Structure Piping Improvements project, to be added to the amount authorized by Article 1 of the May 27, 2009 Special Town Meeting, and to authorize the issuance of not more than One Hundred Sixty Thousand Dollars (\$160,000) in bonds, notes or SRF loans in accordance with the provisions of the Municipal Finance Act, and to authorize the Town to issue and negotiate such bonds, notes or SRF loans and to determine the rate of interest thereon; furthermore, to authorize the acceptance

of grants under the American Recovery and Reinvestment Act of 2009 in the amount of Fifty Percent (50%) of the eligible project cost with the balance to be raised by sewer user fees. This appropriation is contingent upon receipt of American Recovery and Reinvestment Act 2009 Federal Stimulus Funding. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 14 and called for discussion on the Article.

Town Engineer Paul Vlasich spoke about previous applications and bids being received for this project in anticipation of the Stimulus Funding, but they had come in much higher than previously reported. It was also found that ash deposits were found in the soil testing of the property where the Housing Authority building is. There are now environmental issues/concerns that will make the design costs higher than anticipated. He spoke of the Special Town Meeting on May 27, 2009 when the voters had accepted the details for securing the money for this project. However, the money amount needed is now \$700,000 to include the Engineering. If the Town can come up with our share of the money, 50% funding will be received from the Stimulus funds and 50% from SRF. The Town would be responsible for \$105,000.

Selectman Campbell made a motion to amend Article 14 because of a typographical error — **BOARD OF SELECTMEN instead of Town being the authorizing agent. The motion was seconded; voice vote taken; amendment carried.**

Mr. Bailey inquired about environmental concerns in other areas of Town. **Ms. Perry** commented this is not a small project. We are talking about “sewer lines going under a building, Utility, gas lines, hazardous waste handling and disposal”. She does not believe these issues will be the same in other areas of Town. **Mr. Hamel** said this was a good example of having the Engineering designs done before asking for the money. **Resident Michael Lambert** spoke about much discussion at the Special Town Meeting regarding this project. He reminded everyone that Phillips Exeter Academy had similar environmental concerns when they were building the Children’s Center in an adjacent site to the Housing Authority building. **Mr. Kennedy** commented these concerns about “not knowing what is underneath” a specific area are always prevalent when beginning a new project. **Mr. Knight** inquired why we are not rehabbing water lines at the same time we are rehabbing the sewer lines. Should we add money to the request and do the water lines at the same time? **Ms. Perry** commented originally the project was part of the Clean Water SRF funded by DES and did not include water. We would have to address the water line issues in the near future as well. **Mr. Kennedy** asked how close the water lines are to the sewer lines. **Mr. Vlasich** answered water and sewer lines are about 10 feet apart but do cross in some places. **No further discussion on Article 14; Moderator Tucker declared Article 14 will go on the ballot as amended.**

Moderator Tucker said it was time, 10:30 AM, for his Annual Survey to find out how many people at this Deliberative Meeting Session were NOT Town Officials, Town Employees, Committee/Board Members, or representatives of a Social Service speaking on a warrant article. He asked that those “other interested voters” raise their card to be counted. Mr. Tucker counted 37 cards raised. He reminded those voters at home who are watching these proceedings on EXT V Channel 22 that all amendments on the Warrant are being decided by the people at this Meeting – a total of 97 registered voters.

Article 15: Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$19,806,261. Should this article be defeated, the default budget shall be \$19,519,841, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The Board of Selectmen recommends this appropriation 3-2).

Selectman Bob Aldrich gave an overview/explanation of the Budget items listed. He spoke of the General Fund, and other Town department budgets, excluding Water and Sewer. He said the budget had increased 1.76% over the 2009 budget.

Resident Deb Johnson, a Budget Recommendations Committee Member, explained her concerns with the amounts the Committee recommended and what the Board of Selectmen actually put in the Budget. The Committee had included certain items/projects in the Budget and the BOS has made separate articles for these items/projects. She feels this may cause these particular items/projects to be eliminated if the voters are not certain about their importance. She mentioned Article 19 re: Maintenance on Town buildings; Article 22 re: funding for ice and snow removal; Article 33: Swasey Parkway maintenance.

Ms. Johnson made a motion to "move discussion on Article 15 following discussion of Article 33." The motion was seconded; and approved by voice vote.

Article 16: To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the Exeter Fire Association which calls for the following salaries and benefits at the current staffing levels:

Year - Estimated Increase: FY10 \$112,383; FY11 \$58,953; FY12 \$73,139

And further, to raise and appropriate the sum of One Hundred Nine Thousand Eight Hundred and Sixty-Three dollars (\$109,863) for the 2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels. The balance of the first year estimated increase (\$2,250) is part of the FY10 Fire Department budget or available in other Town funds. The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 16 and called for discussion on the Article. Selectman Aldrich gave an overview of the process involved in preparing the figures for the pay plan "Steps" for the Fire Contract. He spoke of the comparison of Exeter to other communities. **Selectwoman Julie Gilman**, a member of the Negotiating team regarding this contract, said changes included the elimination of severance pay and incentive pay; a maximum of 24 years employment to reach maximum step increase in pay, as opposed to original 10-year plan; a 2/3% increase in pay every other year.

Peter Kennedy asked why the funding for this Contract was not included in the overall Town budget? **Selectman Aldrich** explained it is a new contract and needs to be a Warrant Article. The voters of the Town must approve the contract. If the Article is not approved, there will be no raises and the fire personnel will stay at their current salaries/pay.

Mr. Aldrich also said that once the Contract is approved, the request for funding would be in the General Budget every year until the Contract comes up for re-negotiation.

Residents questioned the compounded increases over what the Firemen are receiving now. **Mr. Dean** responded the figures show base pay. The "roll-up" is over time with a total of \$528,000 over 3 years. **Mr. Aldrich** mentioned the amount in the contract covers all salaries and benefits. **Mr. Baillargeon** asked if any new personnel would be hired. No new hires are planned; the figures stated are based on the current staffing level.

There being no further discussion, Moderator Tucker declared Article 16 would go on the ballot as presented.

Article 17: To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the Exeter Police Association which calls for the following salaries and benefits at the current staffing levels:

Year-Estimated Increase: FY10 \$162,272; FY11 \$47,801; FY12 \$53,738;
FY13 \$53,858

And further, to raise and appropriate the sum of One Hundred Seven Thousand Four Hundred Nineteen Dollars (\$107,419) for the 2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels. The balance of the first year estimated increase (\$54,853) is part of the FY10 Police Department budget or available in other Town funds. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 17 and called for discussion on the Article. Selectman Bob Aldrich gave an overview of the Police Contract. It is a similar step-pay plan as was contracted for the Fire Department.

Resident Rob Corson asked what happens if the contract is not approved by the voters? He was told there would be no salary/pay increases until the Town re-entered into a contract. This would mean going through the negotiation process once again; getting three (3) approvals – 1 from the Union; 1 from the governing body (BOS); and 1 from the voters. There would have to be a new Warrant Article next year relating to this contract.

Residents questioned if there would be retroactive pay increases for last year or start with January 1, 2010 date for new contract. Answer was January 1, 2010. **Selectman Aldrich** stated that currently the Police employees are not contributing to health insurance, but if the Article passes they will be contributing 12% to health care – a cost savings for the Town. **Mr. Dean** explained that the Police Association gave up some benefits and the Town agreed to some new ones.

No further discussion on Article 17, Moderator Tucker declared Article 17 will be on ballot as presented.

Article 18: To see if the Town will vote to raise and appropriate, per authorization granted the Board of Selectmen via Article 17 of the 2005 Town Meeting, the sum of Two Hundred Seventy-Five Thousand Dollars (\$275,000) for the purpose of purchasing Tax Map 47, Lot 4.11 situated at 6 Continental Drive and containing 2.05 acres plus or minus, for municipal use as a public safety facility, and to fund this appropriation by authorizing the transfer of \$249,333 from the undesignated fund balance (surplus) as of December 31, 2009, with the balance of the appropriation (\$25,667) to be raised by taxation. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 18 and called for discussion on the Article. Selectman Campbell gave a brief history of the previous land acquisition and sale of same land. Town Meeting had authorized purchase of a piece of land off Epping Road, but the transaction never went through. Now another piece of land off Epping Road has been identified as being available, with water and sewer, and the BOS believes it would be in the best interest of the Town to purchase this lot while it is available. The Department of Revenue Administration has advised the Town that this request must be put on the Warrant, stating the total cost of the land purchase. However, we really need to raise a small amount of the price as we already have the funds from the previous land sale. There are no current plans to build on this land.

Kathy Corson, a member of the Capital Improvement Fund Committee, said this land acquisition was not in the top 5 identified projects in this year's Plan. **Fire Chief Brian Comeau** said one project concerned combining communication with DPW is under further investigation, while the second project is on hold awaiting an answer from the Federal Government on the grant the Town filed to cover all costs. The Fire Department has decided to move forward on this land purchase with the possibility of it being a future site for a sub-station for the Fire Department. **Selectman Campbell** reiterated there are no plans for building at this time, but they do not want to lose the land at this price.

Mr. Corson inquired whether this land would have to be used for a Public Safety complex? **He made a motion to eliminate "public safety facility" language from Article 18. Motion was seconded.** Discussion on amendment ensued. **Mr. Campbell** explained originally the land purchased was set aside for a Fire sub-station, but that plan did not come to fruition. **Dr. Zwaan** spoke about the \$249,000 the Town received from the sale of the land, formerly slated for a Fire Sub-Station. He is pleased to hear that the money is still available, and thinks it would be a good idea to purchase this new site now as long as we have money in the Fund. **Resident Carol Aten** said she supported this good investment.

Mr. Baillargeon asked where the site is and what does it look like? **Ms. Johnson** is concerned that the land is in an obscure location (off Epping Road) and is, in fact, closer to Newfields than downtown Exeter. She does not support this Article and feels the money should be allocated to fix the water situation. **Selectman Campbell** said that studies have been done which showed this is the best location for a second fire-substation. **Fire Chief Comeau** spoke about a study that had been done which shows the response time from this site to Exeter property located across Rte. 101 would be an easier access, as well as the use of Rte. 101 to get to the Hampton end of Exeter would be more accessible. It is always a concern when a fire/ambulance call comes in from these areas as there is often traffic in the downtown area which slows getting to the East end, and the railroad tracks and possible train travel on the West side of Town is a concern.

Chris Moutis inquired about the Riverwoods land offer to the Town. He understood this would be free and it may be a more favorable site for a sub-station. Much discussion about this site continued. **Asst. Chief Ken Berkenbush explained** the Riverwoods site adds 10 minutes to access the downtown area. Epping Road is actually closer to the entire Town and quicker because of highway use. He reiterated the current land being discussed has water and sewer on it. As far as traffic issues on Epping Road, a traffic light could be installed at the intersection of Epping Road and the new site. **Mr. Hamel** said we should buy this land because the money was intended for that purpose. **Dr. Zwaan** said he thinks the Fire Department needs to make the choice as to where a sub-station will be. The question is about the purchase of the land, not about what we are doing with the property. He asked a procedural question of the Moderator. Can we limit debate on a question? **Motion made to close debate; motion 2nd; voice vote taken, and Ayes had it. No further discussion on amendment; voice vote taken on Amendment – “eliminate public safety facility language” from Article 18. Amendment failed. Moderator Tucker declared Article 18 will be on ballot as originally presented.**

Dr. Zwaan made a motion to limit reconsideration of Articles 12 – 18, with the exception of Article 15. Motion seconded, voice vote – amendment carried.

Article 19: To see if the Town will vote to establish a Non-Capital Reserve Fund under the provisions of RSA 35:1-c for the purposes of maintaining municipal buildings, and to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) to be placed in this Fund, and to appoint the Selectmen as agents to expend from the Fund. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 19 and called for discussion on the Article.

Selectman Aldrich made a motion to amend Article 19 by adding the words “This fund may only be used for projects identified in the Town’s Capital Improvement Program (CIP)” after the words “expend from the Fund.” Motion seconded; voice vote taken; Moderator Tucker called for discussion on the Amendment. No discussion, amendment passed.

Frank Ferraro asked for clarification of the money for Capital projects. He questions the money going into a Non-Capital Reserve Fund as it is an expense account. **Selectman Aldrich** explained the intent is for projects to be reviewed by the Town’s CIP Committee.

Mr. Baillargeon believes the voters should be able to determine which project(s) our money is being spent on and not just put an amount into a General Fund. **Selectmen Aldrich** explained this Article would encompass a number of maintenance projects and would reduce the number of warrant articles for maintenance related projects

No further discussion on amendment; voice vote taken; Amendment passed. Moderator Tucker called for discussion on amended Article.

Selectman Aldrich commented the plan was to fund a Non-Capital Reserve Fund with \$100,000 for maintenance projects submitted from the Maintenance Dept. and approved by the CIP Committee. In 2009, \$60,000 was allocated to the budget for this purpose and will be transferred into this Fund as well as \$35,000 from the 2010 budget.

Town Planner Sylvia von Aulock commented there is a CIP report in the Planning Dept. This is the number one General Government project and did go through public meeting process.

Ms. Johnson reiterated that maintenance of municipal buildings should be part of the Town budget. She asked the Moderator how to strike Article 19 to zero? Moderator Tucker gave a procedural explanation regarding an Article being brought to zero.

Ms. Johnson then made a motion to amend Article 19 to zero. The motion was seconded; Moderator Tucker called for discussion on the Amendment.

Mr. Ferraro agrees these maintenance items should be in the budget. Jay Childs and Anne Surman, Budget Committee members, agree with the motion. Ms. Arico is concerned the money will be used for Articles voted down in the past. Moderator Tucker asked for any further discussion. Seeing none; he called for card vote, amendment passed.

Mr. Ferraro made a motion to amend ARTICLE 19 by "To See If..."; the motion was seconded. Moderator Tucker called for discussion; there being none, he called for a card vote. The Ayes had it. Moderator Tucker said Article 19 would go on the ballot as amended.

Article 20: To see if the Town will vote to authorize the Board of Selectmen to enter into a 10-year lease/purchase agreement for the purpose of lease/purchasing a replacement for the 1989 Pierce Arrow Pumper (E4) for the Exeter Fire Department, disposal of the 1989 Engine 4 and also sale of Engine 2, and to raise and appropriate the sum of Sixty-Six Thousand, Nine Hundred Twenty-Three Dollars (\$66,923), which represents the first of 10 annual payments (a total of \$565,418), for that purpose. This lease contains an escape clause. (The Board of Selectmen recommends this appropriation 5-0).

NOTE: The payment of the first year will be made from funds made available through the adoption of Article 21.

Moderator Tucker read Article 20 and called for discussion on this Article.

Fire Chief Comeau said they were planning to replace two (2) vehicles with one (1) new vehicle that meets State standards, and reduce maintenance costs.

Mr. Bailey asked for clarification of "escape clause" as it relates to the lease. Town Counsel Mitchell explained it was also called "non-appropriation clause" as a provision in the lease, which means there is no obligation if the Town does not appropriate money in future years for that purpose, than it can return the truck.

Resident Joe Baillargeon asked which two vehicles were being disposed of? Chief Comeau said Engine 2 was being traded in, and a rural town in Maine made an offer to purchase the other vehicle (engine 4).

There being no further discussion on this Article, Moderator Tucker said Article 20 would appear on the ballot as presented.

Article 21: To see if the Town will vote to discontinue the Vehicle Replacement Capital Reserve Fund established by the 2007 Town Meeting and return the balance in the fund to the General Fund. These funds will be used to offset the cost of Article 20 of this warrant.

Moderator Tucker read Article 21 and called for discussion on the Article.

Town Manager Dean explained the DRA has told the Town we need to return the funds in the Vehicle Replacement Reserve Fund to the General Fund. The balance of this Fund is \$109,219.85.

Selectman Bob Eastman does not agree with the language of the Article, and made a motion to amend Article 21 to read "To see if the municipality will vote to discontinue the Vehicle Replacement Capital Reserve Fund created in 2007. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. These funds will be used to offset the cost of Article 20 of this warrant." The motion was seconded. No further discussion. Amended Article carried. Moderator Tucker said Article 21 would appear on the ballot as amended.

Dr. Zwaan made a motion to limit reconsideration on Articles 1-20, with the exception of Article 15. The motion was seconded; Ayes carried.

Moderator Tucker said it was 12:20 PM and we still have 25 Articles to discuss. He suggested we have a lunch break, returning at 1:05 PM to resume the proceedings. A motion was made to break for lunch; motion was seconded, Ayes carried.

Deliberative Meeting resumed at 1:08PM

Article 22: To see if the Town will vote to raise and appropriate One Hundred Thousand Dollars (\$100,000), through special warrant article, for the purpose of studying the feasibility of removing the Great Dam, including wetlands evaluation, channel profiling, modeling sediment transport, scour analysis and archaeological surveying; and further to allow the Board of Selectmen to accept a watershed assistance grant in the amount of \$60,000 from the NH Department of Environmental services to offset the total one-hundred thousand dollar (\$100,000) project cost. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 22 and called for discussion on the Article. Selectman Matthew Quandt said he was going to defer his discussion on this Article to Resident Lionel Ingram, Chairman of the Exeter River Study Committee. Mr. Ingram gave a brief history of the Great Dam and the status of the study being done presently. He said it has come down to two (2) options: leave the Dam as it is but do repair work, or remove the Dam using Federal money. The Town had previously allocated \$25,000 for this study and now an additional \$15,000 is needed. Mr. Baillargeon asked what "50-year flood" means? Mr. Ingram explained the State says "you do "X, Y, Z" and we have confidence that Dam will not disappear." Town Engineer Vlasich said "statistically speaking, there may be a 2% chance of having a major storm event within 50 years. Rob Corson asked if the water study shows any potential effect on real property, i.e. downtown area, or any impact on other areas within Town. Mr. Ingram said the study is to provide all possible information to the Town while meeting regulations. Frank Ferraro asked if we will know which choice will be the better way to go? We have a lot of data now but we want as much information as possible. How will our decision affect the water treatment plant and our wells economically? Mr. Ingram said "We have really good data on removal of the dam. We're looking for data on the cost of using well water or ground water as a water supply. We don't want to repair the dam and then remove it." Dr. Zwaan asked how many dams have been removed and what was the cost of the removals? Does the State have much experience with dam removal? Mr. Ingram responded "The State has some experience with dam removal because most dams are privately owned or a water supply." Nora Arico asked what was the original purpose of the Dam?

Mr. Ingram explained it was needed by the Mill when it was operational. We still have an obligation to the Mill and to Phillips Exeter Academy, as well as to the people who live riverside. A water supply has to be provided. If we remove the dam we will have to find some other water supply. Mr. Baillargeon asked how much more expense will come from the taxpayer? Mr. Ingram answered \$125,000 is required: \$60,000 will come from Federal money; \$40,000 from Town funds; and the State will fund the rest.

No further discussion; Moderator Tucker declared Article 24 would go on the ballot as presented.

Article 23: To see if the Town will vote to establish a Non-Capital Reserve Fund under the provisions of RSA 35:1-c for the purposes for funding deficits in the snow and ice budget from year to year, and to raise and appropriate the sum of Thirty-Five Thousand Dollars (\$35,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 23 and called for discussion on the Article.

Selectmen Aldrich explained the snow budget removal budget of \$285,517 has been level funded from 2009 to 2010 as storms dictate whether we are over-budget or under-budget. We have money in the budget to fund snow removal, but cannot be sure how much will be used in a season. Mr. Baillargeon asked where we get the money in years of overage? Jay Childs, member of the Budget Recommendations Committee, asked why not just put the money in the budget so it is there when we need it?

Mr. Ferraro made a Motion to strike all and add "To see if...". The Motion was seconded. Moderator Tucker called for discussion on the amendment. Dr. Zwaan said it is hard to budget for the weather. However, regarding the Reserve Fund, the money will be there if we need it for snow removal. He is against the amendment. Mr. Hamel opposes the amendment. He questions the Fund set up, but agrees with the premise. DPW Director Perry explained the average cost of snow removal over 10 years is \$235,000, but we have had as high as \$350,000. The idea of a reserve fund is to capture the unexpended years to cover the heavy snowfall years. Mr. Ferraro feels this kind of funding makes no sense; put the money into the budget. Anne Surman agrees it is proper budgeting.

There being no further discussion, Moderator Tucker called for a card vote on the amendment. Vote was 25 YES, and 25 NO. Moderator Tucker used his vote to break the Tie, and voted NO. He declared the Amendment did not pass. He called for further discussion on the original Article.

Town Treasurer Brabant asked if the intention of the Fund was for surplus money? Mr. Dean answered YES. At the end of the year any surplus money from snow removal would be appropriated to the Towns' unreserved fund balance, and it would be up to the Town to put money back into the Fund. Mr. Brabant does not support this Article. Discussion continued both for and against this Article, with no further amendments. No further discussion, Moderator Tucker declared Article 23 would go on the ballot as presented.

Article 24: To see if the Town will vote to raise and appropriate the sum of Thirty-One Thousand Dollars (\$31,000) for the purpose of funding senior transportation in 2010, and to fund this appropriation by authorizing the withdrawal of that amount from the Municipal Transportation Improvement Capital Reserve Fund created per RSA 261:153, VI, with no amount to be raised by taxation:

Agency Amount: TASC \$16,000 Taxi Ticket Program \$6,000
Rockingham MOW Transportation \$9,000

The Agencies shall continue to provide to the Town a report of services provided to residents. (The Board of Selectmen recommends this appropriation 5-0)

Moderator Tucker read Article 24 and called for discussion on the Article. Selectwoman Gilman explained this funding comes from the local user fee printed on the motor vehicle registrations. All the money being used for the local service providers is coming from this Fund and not from taxation. After expenditures \$3,000 will remain in reserve.

No further discussion, Moderator Tucker declared Article 24 would appear on the ballot as presented.

Article 25: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Eighteen Thousand Seven Hundred and Seventy-Seven dollars (\$18,777), for the support of COAST, an agency providing regular bus service to the Town. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 25 and called for discussion on the Article. Selectman Aldrich explained the process regarding which Social Service agencies appear on the Warrant, and which ones go into the Budget. This process has worked well in years past.

No further discussion, Moderator Tucker declared Article 25 would appear on the ballot as presented.

Article 26: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Eleven Thousand Dollars (\$11,000), for support of the Rockingham Community Action Program, an agency providing a range of support services to residents including but not limited to health insurance counseling, emergency food and fuel assistance, and job training. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 26 and called for discussion on the Article. Resident Janice Realy made a motion to amend the Article to raise \$13,000 for support of this Program. Motion seconded by Ms. Karen Moyer. Moderator Tucker called for discussion on the Amendment. Selectman Aldrich explained the Social Service Agencies have been level funded from 2009.

Budget Committee Chairman Chris Moutis said a lot of work had been put into interviewing the Social Service groups. Each is carefully looked at before a decision is made as to the Town's support. No further discussion; Moderator Tucker called for a voice vote on the Amendment. Amendment failed; Moderator Tucker declared Article 26 would appear on the ballot as presented.

Article 27: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Eleven Thousand Dollars (\$11,000) for support of Child and Family Services, Inc., an agency providing counseling and support services for families. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 27 and called for discussion on the Article. Ms. Realy made a motion to amend the Article to raise \$13,000 for support of this Agency. Amendment was seconded. Moderator Tucker called for discussion on the Amendment. Ms. Realy said that our community is made up of people not just things or buildings. Mr. Baillargeon spoke about people being on tight budgets, and it is not the time to increase the amount of support we give to agencies.

Donna Schlachman said the Budget Committee and Town have a good process in place and know what we can support. No further discussion; Moderator Tucker called for a voice vote on the amendment. Amendment failed. Moderator Tucker declared Article 27 would appear on the ballot as originally presented.

Article 28: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Nine Thousand Dollars (\$9,000) for the purpose of defraying the cost of services provided to the Town of Exeter and its residents by Big Brothers/Big Sisters of the Greater Seacoast. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 28 and called for discussion on the Article. No discussion; Moderator Tucker declared Article 28 would appear on the ballot as presented.

Article 29: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Seven Thousand Eight Hundred Dollars (\$7,800) for support of the Rockingham Nutrition & Meals on Wheels program, a non-profit agency dedicated to promoting the health, well-being and independence of older and disabled adults throughout Rockingham County. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 29 and called for discussion on the Article. Ms. Realy made a motion to amend the amount to \$10,000. Ms. Moyer seconded the motion. Moderator Tucker called for discussion on the Amendment. Jay Childs, a member of the Budget Committee's Social Service Sub-Committee, explained the Agencies are getting what they want for support. No further discussion; Moderator Tucker called for a voice vote on the amendment. Amendment failed. Moderator Tucker declared Article 29 would appear on the ballot as originally presented.

Article 30: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Seven Thousand Five Hundred Dollars (\$7,500) for support of the Seacoast Hospice, an agency providing support services for those families suffering through a terminally ill diagnosis. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 30 and called for discussion on the Article. Ms. Realy made a motion to amend the amount to \$10,000. Ms. Moyer seconded the motion. Moderator Tucker called for discussion on the Amendment. No discussion; Moderator Tucker called for a voice vote on the Amendment. Amendment failed. Moderator Tucker declared Article 30 would appear on the ballot as originally presented.

Article 31: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Six Thousand Three Hundred Dollars (\$6,300), for the support of the Richie McFarland Children's Center, an agency providing developmental instruction to children under the age of 3. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 31 and called for discussion on the Article. No discussion; Moderator Tucker declared Article 31 would appear on the ballot as presented.

Article 32: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Five Thousand Eight Hundred Dollars (\$5,800), for the support of Lamprey Health Care, an agency providing medical and transportation services. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 32 and called for discussion on the Article. Ms. Realy made a motion to amend the amount to \$6,000. Ms. Moyer seconded the motion. Moderator Tucker called for discussion on the Amendment. No discussion; Moderator Tucker called for a voice vote on the Amendment. The Amendment failed; Moderator Tucker declared Article 32 would appear on the ballot as originally presented.

Article 33: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of Ten Thousand Dollars (\$10,000) for the purpose of performing maintenance activities along the Swasey Parkway, including Spring clean up, mowing, pruning and fall clean up, with said funds to be spent under the direction of the Swasey Parkway Trustees with the concurrence of the Board of Selectmen. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 33 and called for discussion on the Article. Selectman Campbell explained the Trustees of Swasey Parkway needed monetary help a few years ago to maintain the Parkway. It was put on the Warrant, and has been included in the budget since then. This year it was decided to put it back as a Warrant Article. **Deb Johnson** feels this funding should have been put in the budget, and asked if a Trustee could explain why they need this additional money? **Don Clement, a Trustee of the Parkway,** explained that in past years there was enough money in the Trust Fund to maintain the Park. Now the principal from the Fund is being used and it is going down quickly. Last year (2009) about \$14,000 was used on maintenance and an additional \$3,500-\$4,400 for clean-up following the ice storm. The Trust was set up in the 1920s, and is independent of the Town except for the road. The Trustees are elected and responsible for the maintenance. The Park is utilized often and by many people and groups.

Budget Committee Chairman Chris Moutis said the Trustees came to the Committee for help. Funding was put in the budget, but the Town Manager took \$10,000 out of the budget and put it on as a Warrant Article, leaving only \$1,500 in the budget.

Ms. Johnson asked why this request was taken out of the Budget? **Town Manager Dean** explained he had modified the Budget quite a bit before presenting it to the Board. However, he left \$1,500 in the Budget to cover the cost of electricity at the Parkway.

Ms. Johnson made a motion to amend Article 33 to zero. The Amendment was seconded. Moderator Tucker called for discussion on the Amendment.

Mr. Ferraro said he supports the \$10,000 as he wonders what would happen if there were no money for Spring clean-up. He pledges to amend Article 15 to increase the budget by \$10,000 expecting the BOS to put the increase in the budget for this purpose. Mr. Hamel asked if the Budget could be increased? Moderator Tucker said the Budget could be increased as long as it is Amended.

Selectwoman Gilman agrees with Mr. Ferraro. If this gets zeroed out, we need to put the money back in the General Budget. Dr. Zwaan asked if the persons that are proposing to zero this out, are they planning to put this request in the Budget? Parkway Trustee Clement understands there is a difference between Budget and Warrant Article. We, as Trustees, don't have a preference where the monies are, we want to continue doing a good job maintaining the Park. Ms. Johnson mentioned that the Park is a vibrant and important part of the Town. She believes the Warrant Article is not secure. Mr. Griset supports the Amendment. It is important for residents to understand there will be increases in the Budget. The reason the budget increase is only .5% is because ½ Million dollars was taken out of the Budget and put on as warrant articles. He believes this was done to cover the increase in Administration. Mr. Knight agrees with the Amendment and spoke about the Auditor's review regarding "deficiencies and concerns with Trust Funds, and their accountability". Dr. Zwaan is concerned about there being money funded for the Parkway. It was asked how much money there is presently in the Trust Fund? Trustee Jay Perkins said there was "roughly \$17,000 in the Trust at this time."

Discussion continued about whether it was a good idea to let it stay as a Warrant Article or to amend the Budget to include this funding for the Parkway. Mr. Hamel asked "Can we put the \$10,000 as a specific line item or does it have to go into the budget itself?" Moderator Tucker explained changes to the budget are just on the bottom line. The only way to guarantee a dollar amount goes to a particular thing is a Special Warrant Article. Mr. Moutis said he had spoken to Ms. Symms from DRA who said "a line item in the budget could be amended if the 'Intent is read into the minutes of the Deliberative Session'". Town Counsel Walter Mitchell disagreed with this comment and spoke about the "No Means No Statute". He said, "No vote is binding on the Selectmen except with respect to the bottom line with one exception of the No Means No Statute. However, the way it works it only applies if a budget purpose is eliminated or if the appropriations for the budget purpose is zero. Budget purpose doesn't mean the specific line items in the budget; it, instead, means the broad purposes that are on the MS-6 form, which is posted with the Warrant and submitted to DRA after the budget is adopted. It is only those broad purposes that can be zeroed and is then binding. It would be very unusual for the Town Meeting to do away with an entire purpose like public safety or Administration. The only way, as a practical matter, the No Means No Statute really has an effect is with respect to separate warrant articles. If there is a separate warrant article that the Town Meeting zeros out or eliminates the purpose, then that interferes and prohibits the BOS the authority to transfer money from the General Budget to that purpose. Beyond that, there is no practicality in utilizing the No Means No Statute."

There was no further discussion on the Amendment; Moderator Tucker called for a card vote. YES – 29; NO – 14 Moderator Tucker declared Amendment carried. Moderator Tucker called for further discussion on the Article as Amended; there being none; Moderator Tucker declared Article 33 would appear on the ballot as amended. Dr. Zwaan made a motion to “limit debate for reconsideration of Articles 12 through 33, with the exception of Article 15.” Motion was seconded; voice vote – amendment carried.

Moderator Tucker said we would now go back to ARTICLE 15 for discussion. He said Selectman Aldrich had addressed this Article earlier in the Meeting, and gave an overview of the Budget items listed. An amendment had been made and approved to discuss this Article following discussion of Article 33.

Article 15: Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$19,806,261. Should this article be defeated, the default budget shall be \$19,519,841, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The Board of Selectmen recommends this appropriation 3-2.)

Moderator Tucker read Article 15 and called for discussion on this Article.

Selectman Eastman made a motion “To amend the amount of the operating budget from \$19,806,261 to \$19,916,261 which includes the \$100,000 in the Maintenance Fund, and \$10,000 for the Swasey Parkway.” The motion was seconded. Moderator Tucker called for discussion on the Amendment.

Mr. Ferraro thanked Mr. Eastman for making this motion as he had pledged earlier that he would do this. Ms. Arico asked what would happen if this is voted down in favor of the Default Budget. Town Manager Dean said there is currently \$30,000 in the Budget for Maintenance, and \$10,000 in the Budget for the Swasey Parkway. Mr. Hamel said he cannot support this Amendment because we are back to where we began earlier. What is the \$100,000 going to be spent on? He can understand the \$10,000 for the Parkway maintenance. Selectman Campbell believes there is nothing in the Motion to say what the Board of Selectman should do with the money, but would go by the CIP list.

DPW Director Ms. Perry said there is a Capital Improvement list that prioritizes 18 projects up to \$236,000. The top five projects are: the purchase of Maintenance Management Software - \$10,000; Upgrade Security System with Audit Trail for Town Office Bldg - \$3,600; Retrofit Elevator for Security Zone for Town Office Bldg. - \$5,000; Fire Rated Staircase for Town Hall - \$67,000; Town Hall Cupola Painting - \$45,000.

Moderator Tucker asked if there is any further discussion on amendment to increase budget by \$110,000. Mr. Hamel said the Town had already voted on the fire rated stairway for the Town Hall. The people should have a voice in where we are spending the money. Ms. Perry said the Department doesn't like to develop lists in a vacuum and would be happy to discuss a list in a public setting. Ms. Perry said she would welcome other suggestions regarding projects.

Mr. Baillargeon said he is against the fire escape. It has been voted down several times over the years; why fix it now?

Ms. Perry said a safety inspection identified this as non-compliant for the public. There is a need to replace the rear staircase as well. Discussion continued regarding other Town buildings having metal fire escapes and they did not need to be replaced. **Selectman Campbell** said the BOS could have made it a Warrant Article, or could have put it in the budget and no one would have said anything. We need to go forward.

Mr. Kennedy said there have been several opportunities to get involved with the CIP discussions. We must trust our officials. This building has been picked apart, had work done, now we should get along with the business at hand.

No further discussion; Moderator Tucker called for a card vote on the Amendment to increase the budget by \$110,000. Yes – 32, NO – 14. Amendment carried.

Resident Karel Kunz asked for clarification of maintenance vs. municipal improvement. We voted down #19 because we were discussing a Non-Capital Reserve Fund for maintenance; now we want to put the same money into the budget for maintenance, and fund CIP projects. **Town Manager Dean** said this \$100,000 would be added to the budget for Maintenance projects. **Mr. Kunz** said some of these projects don't seem to be maintenance. He is trying to know where the \$100,000 will be put or is it a "backdoor way for an expenditure"? **Mr. Corson** asked what the Capital Improvement threshold is for maintenance? **Mr. Dean** said there is \$25,000+ in Capital Improvement for maintenance. Policy determines anything above \$25,000 and regular maintenance projects are less than \$25,000.

Mr. Griset said he is in support of putting \$100,000 back into the budget. There has been much discussion about the Capital Improvement Project list and the \$25,000 standard figure to go by. When it comes to major improvements and/or changes that are not maintenance, they are separate projects. We want maintenance back in the budget not in the CIP. We, the citizens, say when it is a good time to do a CIP project or not. **Mr. Griset made an amendment to reduce the amount by \$35,000 to \$75,000, thus reducing the budget by \$75,000 for a total budget of \$19,841,261 - \$10,000 specifically for Swasey Parkway and \$25,000 for maintenance items. Motion was seconded.**

Moderator called for discussion on Amendment. Selectman Eastman read the Maintenance Fund Project List giving Facility, Project, Estimated Cost. (List included with Minutes). **Mr. Eastman** agrees with **Mr. Hamel** and **Mr. Griset** about the Fire Rated Staircase should be in the CIP. **Mr. Hamel** said the fire rated staircase should be listed lower on the list; the top priority jobs should be done first.

Town Planner von Aulock gave some background of the CIP. She said the Committee recommended the Non-Capital Reserve Fund because there are many times the maintenance budgeted items were taken out of the budget. She is hearing criticism about the system. She wanted to be sure everyone knew they are not trying to hide anything.

Moderator Tucker called for a voice vote on the Amendment to reduce the budget by \$75,000, making a total of \$19,841,261. The Amendment did not carry. The total budget amount of \$19,916,261 will be on the ballot.

Mr. Bailey is still looking for the answers regarding salaries and benefits. **Mr. Dean** said the Total Wages for 2010 is \$8.4 Million, compared to 2009 of \$8.1 Million. This is a 3% increase over last year, and includes all benefits for full time and part-time personnel. The benefits total \$3.4 Million for 2010, compared to \$2.8 Million for 2009 = a 19.7% increase. **Mr. Bailey** also asked for the number of personnel – Full-Time staff is 132, and Part-Time Staff is 27. These numbers include Library staff as well.

Moderator Tucker asked if there was any further discussion on the budget.

Mr. Knight spoke about the discussion last September regarding the termination of two (2) positions in the Town Offices, namely the positions of Receptionist and Assessing Clerk. The

Budget Committee did not agree with this decision and put the funding for these positions back into the budget. The Town Manager wanted to fund two (2) new positions – Staff Accountant, and Tax and Water Collections Clerk. The Budget Committee did not agree with this decision. However, the Board of Selectmen put the funding for these new positions into the budget. **Mr. Knight made a motion to reduce the general budget by \$104,645. He said this is the amount that covers the wages and benefits related to these positions. (List included with minutes) Motion was seconded. Moderator Tucker called for discussion on Amendment.**

Finance Director Doreen Ravell said she was confused about Mr. Knight's position regarding the new staff as he had voted YES at the Budget Committee meeting, and now he has changed his position. She said that one of the Selectmen had also voted YES, and now he has changed his position on this matter as well. **Ms. Ravell** spoke about the Town Auditors report of "lack of internal control and over-sight" in the Finance Department. The Auditors have scrutinized their ability to perform the daily work in an efficient manner. They have a temporary person working in water/sewer collection who has helped collect the outstanding monies due the Town for water/sewer bills. **Ms. Ravell** is asking to put a full-time person in the budget. She said, "There seems to be a special interest group that is working against us."

Ms. Ravell said she "comes from corporate and now I understand how Washington doesn't move!" Exeter pays the Receptionist \$62,743 plus benefits. She surveyed ten (10) local towns regarding the Receptionist's position, and found that only one (1) town employs 2 part-time positions, with no benefits attached. **Ms. Ravell** thinks it is time for Exeter to move on into the future and realize we do not need a full-time Receptionist.

Ms. Ravell said "The Town employs two (2) part-time positions at full-time levels. The Assessor said his Assessing Clerk has 10 hours that could be available. The present staff works hard without much down time." She realizes this is a bad time to ask for staff but her needs versus the other 2 positions seem legitimate. The Budget Committee never talked to her; nobody came into the office to see what they do. "It would be eye-opening for a citizen if they saw the amount of work processed in the Finance Office."

Mr. Knight spoke about the elimination of the Assessing Clerk and Receptionist. He said, "Both of the ladies have a lot of experience in Accounting as well as years of experience here in Exeter. They had no objection to helping out the Finance Department when it is busy. Sometime later, the Department may need extra help. As for my vote on the new position, there are no minutes available to verify what I said at that meeting." **Mr. Knight** addressed **Ms. Ravell's** comments about the Auditor's Report and said "No where does it say lack of staff is an issue, but it does speak of a lack of training. The report cites that "GASB 34" is the least of the problems. The Auditor's Report for Year ending 2008 just got done! It should have been done a long time ago. There are other problems to be looked at first. \$10,000 of Town money has been spent for consultants to train you and your staff. We do not need to burden the taxpayers with additional staff."

Mr. Dean explained these two (2) new positions are in the budget. He said, "We had to pay Consultants from outside entities to come in and do the work because we don't have the Staff. This is a mandate to fix the material weaknesses in our office. The Department badly needs a Staff Account. Even outside agencies tell us we are understaffed. The Audit of 1990 shows we have the same problem."

Ms. Ravell asked **Mr. Knight** "What training did I receive?" She said she has received NO training from the Town or other consultants, only new software. **Mr. Knight** said he was not referring just to **Ms. Ravell**. **Ms. Ravell** said none of the Staff received any training, except from Harris Computer System on the new computer system. **Mr. Knight** inquired about the Consultants.

Ms. Ravell explained they were not here for training but to help them get GASB34 (Assets of Town on books) completed. She also said the Auditors were not hired to assess the staff.

Selectman Campbell said "The Auditor's Report was disturbing, but in a different way. The Town has a Risk Assessment Problem, and because of this, the Auditor is actually concerned about taking Exeter on as a customer. The Water/Sewer bills were overdue, and the BOS hired a PT person who works full-time to help solve this matter. There were over 150 pay plans set up for customers that were having trouble paying their bills." **Mr. Campbell** said there needs to be more accountability in the Finance Dept. The State is putting more demands on the Finance Department to get out reports. He supports the new staff positions.

Mr. Knight spoke about the Water/Sewer billing issue, and reminded the BOS the reason the bills went out late was because the information was sent to the wrong site; it was not a matter of insufficient staff.

Mr. Hamel said "Exeter has never had this problem before! I have been a member of the Budget Recommendations Committee for 7 years and have never seen this many problems. I recall a few years ago the Finance Department needed help. We have now instituted a Lock Box per the Finance Director's request. New software has been brought in. We have made recommendations such as payroll every other week, instead of weekly; send payroll out and utilize the staff in the office for other projects. But, the Finance Department has not been willing to try any of these recommendations. The bills are not being paid because people have no money in today's economy. We need to wait at least another year before we hire new people. We should use the two (2) people we have on staff." He understands the frustration, but the population in Exeter has not grown that much.

Selectman Eastman said "It is not the Finance Director's responsibility to stand up before this Deliberative Session and belittle other employees of the Town, or express her opinion on how the Selectmen and members of the Budget Committee voted during the budget process. She is here to address the issues of the two (2) positions that she wants." **Mr. Eastman** pointed out that "during David Jodoin's employ (1997-2001), there were no material weaknesses in the Audit Reports. It is up to the Town Manager and the BOS to hold these employees responsible to get the job done."

Mr. Griset spoke about the years he was on the Water/Sewer Committee and worked directly with the water/sewer process. He witnessed first-hand the technological changes. The Town has grown since then. During the past 7 years the number of water/sewer accounts are up 10% - 15%. The former water/sewer collector used to do the paperwork manually and now they are using technology; and still he is hearing how far behind they are because of the workload. He questioned why we are "hiring 2 full-time people for eternity? They have the use of technology and should have caught up on the backlog!"

Mr. Dean reiterated the need for these positions. He spoke to the Amendment and said we need resources to move forward. We need to get better at producing better statements for our Auditors. We need to learn how to create them ourselves. He also said we need to centralize outside Funds; set up accounting systems for the Trust Funds, the Commissions, etc. into our General Ledger. He wants to co-ordinate with these groups to make it happen.

Ms. Realy inquired about the amendment: "If we vote the Amendment down, will we have a live person answering the phone? This is very important to me and to many of my neighbors." The answer was YES - there would be a live person.

Town Treasurer Brabant said the Finance Department does need one (1) new person to assist with Accounting. He doesn't think there is a need for two (2) at this time. There is work that our present Accounting staff person should be doing and it isn't getting done. As for the Audits, things are different today. We have different Auditors and they have much higher standards, which is good for us. He supports the need for a Staff Accountant.

Mr. Knight said the Budget Committee agreed to restore the two (2) positions because of their experience and knowledge of the Town.

Mr. Ferraro made a motion to "Move the Question". **Moderator Tucker** said this Amendment is to reduce the budget by \$104,645, making the budget total \$19,811,616. He asked for a card vote – YES – 25; NO – 14. The Amendment passed, and the budget total reduced.

Ms. Ravell, Finance Director, said the amount Mr. Knight gave to reduce the budget was incorrect. It should actually be \$10,272.50 lower; based on 2 positions, the amount should have been \$94,372.50. **Moderator Tucker** asked if anyone wanted to make a motion to change the amount. No response. **Moderator Tucker** declared Article 15 would go on the ballot as amended, with a budget Total amount of \$19,811,616.

Article 34: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of funding projects to improve energy use and efficiency, carbon emission reduction and use of renewable energy sources for municipal infrastructure, and to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 34 and called for discussion on this Article. **Mr. Griset** said he is very supportive of Alternative Energy. He does not support Capital Reserve Funds, and this applies to Articles 34, 35, and 36. He feels they are "slush" funds for any Capital Improvement Project. He made a motion to amend Article 34 by "To see if..."; the Motion was seconded. **Moderator Tucker** called for discussion on the Amendment.

Selectwoman Gilman explained the purpose of this Article is to apply for Grants for feasibility studies to improve energy use and efficiency. The Town is aggressively looking for funding for projects such as HVAC system for the Town Offices, and the Public Safety Complex; Hydroelectricity on the river. The grants would be for matching funds. The Town would pay zero and we would get things done. Grants such as for the Train Station projects do require matching funds. **Planning Director Sylvia von Aulock** explained that if Stimulus Funds become available, money would become available. We need to do a feasibility study to determine if we qualify. We would have to have matching funds in order to qualify for grant money. New technology is constantly being developed, such as the possible use of wind power for electricity, renewable energy sources, and other technology. **Ms. von Aulock** said "We need to start somewhere. We need to make an investment in the future." **Residents John Woodward and Herb Moyer** believe we need Capital Reserve Funds. If we do away with them we will be going backward.

Selectman Campbell urged support for the Article as originally presented. There are many energy grants out there and we need to have a Fund available to put the money in. We do not want to go backwards.

Mr. Griset said "The Intent of my Amendment is not to delete \$5,000 requested." He is against a Capital Reserve Fund. The Town Manager and Board of Selectmen could have put this money in the budget.

No further discussion on this Amendment; Moderator Tucker called for a voice vote on the Amendment. The Amendment failed. No further discussion on the Article; Moderator Tucker declared Article 34 would go on the ballot as originally presented.

Mr. Hamel made a motion to limit reconsideration on Articles 12 – 34. Motion seconded; voice vote on Motion; Motion passed.

Article 35: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of making capital improvements to the downtown area including Water, Front, and Lincoln Streets, and to raise and appropriate the sum of One Thousand Dollars (\$1,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Moderator Tucker read Article 35 and called for discussion on the Article. Selectman Campbell explained we need a vehicle to accept grant money. We have some large projects over \$25,000 coming before the Town, and this will allow the Board of Selectmen to do some small projects in the downtown area. Mr. Griset questioned the wording of the Article, as the Article states the Selectmen are the Agents allowed to expend money not the Town. Town Manager Dean said "Once the Fund is established the Town Manager can allocate money through the budget or warrant Article to this Fund. The Selectmen do not need a Fund to accept money; the Capital Reserve Fund is just an accounting process as the money is actually held by the Trustees of the Town Trust Funds." Anne Surman questioned why the word "Grant" is not in the Article. The wording is not clear as to what the Fund is going to be used for.

Mr. Ferraro agrees with Ms. Surman. He can understand energy efficiency being a concern, but the Fund is not specific and so nebulous it is no wonder Mr. Dean and the Finance Director need more staff to track all these Capital Reserve Funds. We need to set up a Capital Reserve Fund for a specific purpose. Mr. Ferraro made a motion to amend Article 35 to "To see if"; motion was seconded; no discussion; card vote taken: YES = 18, NO = 11 Moderator Tucker declared amendment carried. No discussion on amended article, Moderator Tucker declared Article 35 would appear on the ballot as amended.

Article 36: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of making capital improvements to the Exeter train station including land redevelopment improvements, and to raise and appropriate the sum of One Thousand Dollars (\$1,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Moderator read Article 36 and called for discussion on this Article. Mr. Griset made a motion to amend Article 36 by "To see if..." Motion was seconded. Moderator Tucker called for discussion on the Amendment. Mr. Prior said he was not in favor of this amendment. Mr. Woodward said the reason for this Article is to have a vehicle in which to put money so the Town can take advantage of Funds from the Federal Government. The plan is to get parking meters for the Train Station on Lincoln Street.

Ms. Schlachman said she is not in favor of this Amendment. She spoke about the Transportation Fund which receives money from the Motor Vehicle registration fees collected. We need such a Fund/receptacle to place grant money received for improvements to the Train Station.

Mr. Moyer said he is opposed to eliminating this Fund and asked what else is being planned for land redevelopment? **Selectwoman Gilman** said the Town has applied for money to extend the parking lot, and to provide more facilities to use as an all weather place for the train riders. She said, "The more amenities we can provide, the more reason for people to come to Exeter and spend money." The Train Committee is once again looking into purchasing the old baggage building that is adjacent to Gerry's Variety Store. **Mr. Griset** said he would withdraw his motion to amend now that he understands the purpose of this Article. The second was withdrawn as well.

Mr. Griset made a new motion to insert "for purposes of installing a parking payment system, acquisition of land, making of capital improvements, and acquisition of grants." Motion was seconded. No further discussion heard; voice vote – Ayes passed amendment. No further discussion on Article as amended; Moderator Tucker declared Article 36 would go on the ballot as amended.

Article 37: To see if the Town will vote to establish a revolving fund pursuant to RSA 31:95-h, for the purpose of cable access; 50% of all revenues received from cable franchise fee revenues will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the Town's general fund unreserved fund balance. The Town Treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the governing body or Town Manager and no further approval is required by the legislative body to expend. Such funds may be expended only for the purpose for which the fund was created.

Moderator Tucker read Article 37 and called for discussion on the Article. **Selectman Matthew Quandt**, a member of the Cable TV Committee, addressed this Article. He explained the Town is in the process of negotiating a new Cable TV contract with Comcast. The way we set aside franchise fee revenues has changed. Now we need a revolving fund for these fees. **Mr. Knight and Town Manager Dean** explained there needs to be a franchise fee escrow account. "Our current contract has been extended through March 2010. The people who have cable pay this fee (1%) through their bill. People who do not have cable are not paying any fees. Negotiations may not be completed by the March 9th election. These fees are used for upgrades. The Board of Selectmen will hold public hearings before the contract is signed. The Town is suggesting 3 channels – Government Channel, Education Channel, and Access Channel. Comcast has tentatively agreed to this. We urge support for Exeter TV – Channel 22. We are looking at 3% to get this concept up and "off the ground". There is nothing definite, and we are concerned with rising cable fees."

Mr. Ferraro made a motion to strike "or Town Manager" from the Article, referring to expenditure of funds. Motion was seconded. No discussion heard on Amendment; voice vote; Amendment passed. Moderator Tucker called for discussion on Article as amended.

Mr. Griset questioned the "tax" going up and suggested putting 100% of revenues received into a Fund. He said the Board of Selectmen or Town Manager currently can expend any monies received from fees without the Town's approval. If a 5% fee is charged the gross annual revenue could be \$200,000. Even if half of the revenue is put into a Fund, we would be earning interest on that money. Currently the Town receives \$40,000 from franchise fees and it goes into the General Fund. If Mr. Dean decided to spend money on Cable TV related items, he could do so without going to the Board of Selectmen first. **Mr. Corson** said the user's fee is not a tax. **Mr. Knight** asked what happens if this Article is defeated? **Mr. Dean** said the fees will go into the General Fund as they are currently. **He made a motion to amend the percentage of revenues received from cable fees being deposited into a fund as 25%. No second was heard. Motion was defeated.**

Selectman Eastman made a motion to "Move the Question"; motion seconded. No further discussion. Voice vote on Article as Amended. It passed. Moderator Tucker declared Article 37 would go on ballot as amended.

Article 38: To see if the Town will establish the number of members of the Budget Recommendations Committee at not more than (9) nine.

Moderator Tucker read Article 38 and called for discussion on the Article. Selectwoman Gilman explained the reasoning for this Article. This year some of the Budget Recommendations Committee members chose not to continue serving on this Committee. This led the Board of Selectmen to research the number of members on this Committee in past years. Records in the Town Clerk's office showed nothing concrete in the number of members on this Committee. The Board also discussed extending the Committee meetings to a full year rather than just Fall meetings. This would allow Committee members more time to meet with the Department Managers, Finance Director, and Town Manager, to get a better handle on what is actually happening in each area; thus getting a better understanding of the budget requests. The Board feels with this additional information the Committee members will be able to make their recommendations.

Current Budget Committee Member Deb Johnson said this is her first year on the Town Budget Committee. She is currently on the School Budget Committee, and agrees with the new process. However, she feels that 9 members are not enough to handle the number of meetings per Department. She is also concerned about having Day Meetings because Committee members may not be able to take time off from their jobs. **Ms. Johnson made a motion to amend Article 38 to "not more than 15 members"; motion was seconded; voice vote - Amendment passed. Moderator Tucker called for discussion on the Amendment. Selectman Quandt said he is in favor of the amendment and agrees with Ms. Johnson regarding day meetings. Herb Moyer** said he was on the Board of Selectmen from 1988-1991 and remembers there were 21 members on the Budget Committee at that time. **No further discussion on this Amendment. Moderator Tucker called for a voice vote on the Article as Amended. Amendment passed. Article 38 would go on the ballot as amended.**

Article 39: To see if the Town will vote to accept the provisions of RSA 41-11-a, allowing the Board of Selectmen to rent or lease municipal property for a period of up to five years without further approval of Town Meeting.

Moderator Tucker read Article 39 and called for discussion on the Article. **Town Manager Dean** said the Town entered into an Agreement with Provident Bank to lease the lower level of the Town Hall for one (1) year. The Bank has purchased property on Portsmouth Avenue and will be building a Bank at that location. **Mr. Bailey** asked if there is any concern about a municipality becoming a landlord? **Town Manager Dean** said one advantage of a multi-year lease is to secure more favorable business terms on the lease. **Mr. Bailey** asked if it would be wiser to sell the property? **Town Manager Dean** said he would love to lease the lower level of the Town Hall for 5 years for the revenue. Selling the lower level of the Town Hall is not feasible. **Donna Schlachman** said leasing also includes land not just buildings. **No further discussion on this Amendment. Moderator Tucker said Article 39 would go on the ballot as presented.**

Article 40: To see if the Town will authorize the extension of a municipal lease of the Raynes Farm for a period of more than one year.

Moderator Tucker read Article 40 and called for discussion on this Article. **Selectman Campbell** explained this Article is insurance in case Article 39 fails. The lease at the Raynes Farm expires this year and the BOS would like to renew the lease for longer than one (1) year. **Mr. Knight** asked if there should be a time limit such as "up to five years". **Selectman Campbell** said there might be a need for a longer lease because of Federal Funded drainage work that needs to be done. **Selectman Quandt** explained "under the current lease you can amend the Article to five years, and after the five years it would have to go on the warrant." **Mr. Knight made a motion to amend the Article to "not more than five years". Motion was seconded. Moderator Tucker called for any further discussion on the Amendment.**

Pete Richardson, Conservation Committee Commission, reiterated the need to allow leasing for a period of five years because there is a need to make an investment in drainage at the Raynes Farm. **Lee Quandt** asked if Mr. Merrill will be making the investment or will it be the Conservation Commission? **Mr. Richards** said Mr. Merrill will be investing his time and energy as a match for the money the Commission can raise from other sources. **No further discussion; Moderator Tucker called for a card vote on the Article as Amended. YES = 6, NO = 15 The Amendment failed. Moderator Tucker said Article 40 would go on the ballot as presented.**

Article 41: To see if the Town will vote to allow the Board of Selectmen and Town Manager to have the authority to order the Town Treasurer to make expenditures from the Recreation Revolving Fund previously established in 2005 under RSA 35-B:2.

Moderator Tucker read Article 41 and called for discussion on the Article. **Mr. Bailey** made a Motion to amend the Article by deleting "and Town Manager". **Motion seconded. Moderator Tucker called for discussion on Amendment. Mr. Bailey** said this Article presently adds the Town Manager as a signatory for the Fund, which approves vouchers, payroll and other invoices for the Recreation Department. **Herb Moyer** asked what happens if Mr. Dean is removed? He referred to RSA 37:7. **Mr. Dean** said this Article authorizes the Town Manager to sign Town Warrants and to authorize the expenses. The BOS sign the Warrant authorizing the Town Treasurer to disperse the funds. LGC has confirmed this process. **Mr. Moyer** stated we are simply recalibrating the process to follow general accepted procedures.

Mr. Bailey questioned if there is any other Article(s) where the Board of Selectmen and the Town Manager have the authority to approve financial matters? This Article is not like other Articles where the Agents are the Board of Selectmen. Mr. Dean responded "essentially everything else is done this way."

No further discussion; voice vote called for; amendment failed. Moderator Tucker declared Article 41 would go on the ballot as presented.

Article 42: On petition of Christopher Moutis and others, "To see if the Town will vote to prohibit the Town, its agents and/or representatives from eliminating the positions of Receptionist and Assessing Clerk of the Town of Exeter and to retain said positions regardless of whether the default budget or recommended budget is in place, thus upholding the recommendations of the Budget Recommendations Committee and of the Selectmen to retain these same positions in the 2010 budget and allow continued service to Town residents."

Moderator Tucker read Article 42 and called for discussion on this Article. Mr. Hamel, Budget Committee member, explained the Committee had put these two (2) positions back into the budget. This petition is an affirmation of the residents to retain the Receptionist and Assessing Clerk positions. **Selectman Campbell** read a letter from Kelly Geis, Administrative Assistant to Town Manager, who was not able to stay for the entire meeting. Ms. Geis is concerned the Citizen's Petition is seeking to guarantee these two positions and not the employment of all Town employees. She "believes this is an affront to all other employees."

Selectman Eastman reiterated that the Article speaks of the positions and not the individuals. **Ms. Johnson** said "the Petition is in response to keeping the two (2) people who have been with the Town for many years. The Town should be looking to avoid a possible legal suit. **Ms. Arico** said residents do not want to "talk to machines", but rather to a live person who answers the phone. **Town Counsel Mitchell** said if this Article passed, it would be Advisory only. **Mr. Griset** said the citizens want the positions filled.

No further discussion; Moderator declared Article 42 would be on the ballot as presented.

Article 43: On Petition of Herbert Moyer and other registered Exeter voters, to see if the Town will vote to do the following: "Shall New Hampshire's Congressional Delegation be instructed to pursue a new and independent investigation to address thoroughly all of the evidence and unanswered questions related to the events of September 11, 2001? (The record of the vote on this Article shall be transmitted by the Town of Exeter to New Hampshire's Congressional Delegation.)"

Moderator Tucker read Article 43 and called for discussion on the Article. Herb Moyer said this petition is speaking to "non-governmental" research for the 9/11 Commission. How did this disaster really happen? Mr. Moyer said many people have looked at the films, but there are still issues that need to be looked into. There are too many unanswered questions.

No further discussion; Moderator declared Article 43 would be on ballot as presented.

Article 44: On petition of Alan Bailey and others, "To see if the voters will agree that in accordance with Section 37:10 of Title III, Chapter 37 "Town or Village District Managers" the Exeter Town Manager will be compensated within the, in force, "Exeter Pay Plan for non-union employees" and that any multi-year compensation contract shall require the approval of a majority of voters at the annual Town meeting."

Moderator Tucker read Article 44 and called for discussion on the Article. Mr. Bailey said the Board of Selectmen has entered into a multi-year contract with the Town Manager. Mr. Bailey does not believe this is legal, and the Town Manager should be paid like other non-union personnel. **Selectman Campbell** said the BOS has entered into a contract through December 2012 with Mr. Dean. According to a memo from Town Counsel Mitchell, "the BOS stated the contractual obligation to pay his salary is implicitly subject to the availability of funds. The only way to prevent the funds from being available to pay this obligation is for Town Meeting to take action to delete a budget purpose or reduce the amount of the appropriation to "zero". **Mr. Campbell** went on to say that if the Article passes, it would be "Advisory Only". **Mr. Bailey** said his position on this Article for future multi-year contracts should come before the people to be voted on.

No further discussion; Moderator declared Article 44 would be on the ballot as presented.

Article 45: To transact any other business that may legally come before this meeting.

Moderator Tucker said the only other business to come before this meeting is a Motion to Adjourn. The motion was made; seconded; voice vote was YES. Meeting adjourned at 5:40 PM, to be continued on Tuesday, March 9, 2010.

Respectfully Submitted,

**Linda Hartson Macomber, CMC
Exeter Town Clerk**

**(Amended Articles: #14, #15, #19, #21, #33,
#35, #36, #37, #38)**

**TOWN OF EXETER, NEW HAMPSHIRE
SECOND SESSION, ANNUAL TOWN MEETING**

MARCH 9, 2010

The second session of the Annual town Meeting, the Exeter school district Annual Meeting, and Exeter's vote of the Exeter Regional Co-Operative School District Annual Meeting, was held in the Talbot Gymnasium at the School of Seacoast Technology on Linden Street, Exeter, on Tuesday, March 9, 2010. The ACCUVOTE electronic voting machines were examined and declared empty by Selectman Bill Campbell, Assistant Town Clerk Lucia Savage, and School District Clerk Susan Bendroth. Town Clerk Linda Hartson Macomber printed zero reports from each of the three (3) machines; went over the procedure for checking in the registered voters with the Ballot Clerks and Poll Workers; and answered questions concerning the ballot(s). Moderator Tucker officiated the Oath of Office to the poll workers.

Town Moderator Tucker called the meeting to order at 7:00 AM, and asked those present to join him in saluting the American flag. Moderator Tucker spoke about the Absentee Ballots being processed beginning at 1:00 PM; the polls would remain open until 8:00 PM; all voters in line or in a voting booth at 8:00 PM would be allowed to cast his/her ballot. There being no further announcements, Moderator Tucker declared the polls open for voting.

At 7:56 PM, Moderator Tucker reminded poll workers the polls would be closing in 4 minutes; however, the people in line, or in a voting booth, could cast their ballot. The last ballot was cast at 8:22 PM. Town Clerk Hartson Macomber and School District Bendroth closed the ACCUVOTE voting machines, and ran the tabulation tapes for the voting results. Write-in votes, ballots requiring hand counting were processed by official representatives of the Town, the Exeter School District, and Exeter Region Co-Op School.

School District Moderator Steve Hermans reported the results for the Exeter School District at 8:50 PM. Town Moderator Tucker reported the results of the Town voting at 9:25 PM

RESULTS OF TOWN BALLOT ARE AS FOLLOWS:

ARTICLE 1: ELECTION OF TOWN OFFICERS:

SELECTMEN: (vote for 2) - Three Year Term

JOSEPH MONTIBELLO, JR. (110)	COLEEN ST.ONGE (144)
ANNE L. SURMAN (481)	S.MITCHELL "SANDY" WINTER (421)
DONALD CLEMENT (796)	JULIE GILMAN (1113)
BRIAN T. GRISET (465)	

****GILMAN and CLEMENT DECLARED THE WINNERS**

TRUSTEES OF LIBRARY COMMITTEE: (vote for 3) - Three Year Term
BARBARA YOUNG (1297) BETSEY M. CRESPIE (1260)
JOHN HENSON (1243)

****YOUNG, HENSON, and CRESPIE DECLARED THE WINNERS**

TRUSTEE OF SWASEY PARKWAY: (vote for 1); Three Year Term
PETER KENNEDY (634) GERARD "GERRY" HAMEL (877)

**** HAMEL DECLARED THE WINNER**

MARGARET "PEG" DUHAMEL (1509) -- ** WINNER

TRUSTEE OF ROBINSON FUND: (vote for 1) – Three Year Term
PATRICIA S. QUALTER (1413) -- ** WINNER

TRUSTEE OF LIBRARY COMMITTEE: (vote for 1) – One Year Term
KIMBERLY BRISTOL McCARTHY (877)
BARRY SANDBERG (446)

****McCARTHY DECLARED THE WINNER**

TRUSTEE OF TOWN TRUST FUNDS: (vote for 1) – Three Year Term
SANDRA J. PARKS (1425) -- ** WINNER

RESULTS OF ARTICLES 2 – 44: (DENOTES DECLARED WIN)**

Article 2: Zoning Amendment #1: Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: To delete existing definition for "Variance", Section 2.2.75 in its entirety and replace with definition in accordance with NH RSA 674:33, I (b), effective 1/1/2010. (Full text is available in the Planning Department of the Town Offices at 10 Front Street.)

NOTE: This amendment is proposed so that the town will be in compliance with state regulations. **YES = 1,561** NO = 262**

Article 3: Zoning Amendment #2: Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 4, Schedule 1 Notes: #2 Accessory Dwelling Units by deleting subsection (e) in its entirety and replacing with the following: *The accessory dwelling unit is limited to 720 sq. ft.*

NOTE: This amendment is proposed to clarify existing language. **YES = 1,442** NO = 368**

Article 4: Zoning Amendment #3: Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 5.1 Non-Conforming Uses by revising section 5.1.2, 5.1.4A and deleting 5.1.4.B-D, and revising 5.2. Special Exception Criteria subsection H. as follows:

- 5.1.2 Expansion of: Expansion of a non-conforming use is prohibited except by variance.
 - A. The non-conforming use may not be physically extended, reconstructed, enlarged or structurally altered so as to create changes in said use except in conformity with this Ordinance.
 - B. Any change in the purpose, manner, or extent of a non-conforming use permitted only by variance.
- 5.1.4 Continuance of:
 - A: A non-conforming use shall be allowed to continue as long as its purpose, manner or extent does not change. (The remainder of the existing section to be deleted.)
- 5.2.H. That the use shall not adversely affect abutting or nearby property values.

NOTE: This amendment is proposed to regulate expansion of non-conforming uses by requiring variance approval from the Zoning Board of Adjustment for such expansions, to clarify existing language, and to correct inconsistencies.

YES = 1,362** NO = 413

Article 5: Zoning Amendment #4: Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.2 Open Space Development, Objectives by adding the following two objectives:

- 7.2.6 To preserve those areas of the site that have the highest ecological value; for example, wildlife habitat including rare and exemplary species and habitats, water resources, wetlands, streams and rivers.
- 7.2.7 To create a contiguous network of open spaces or “greenways” by linking the common open spaces within the subdivision and to open space on adjoining lands wherever possible.

NOTE: This amendment is proposed to further define the objectives of this ordinance.

YES = 1,444** NO = 367

Article 6: Zoning Amendment #5: Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.3 Open Space Development, Definitions by adding the following definition:

- 7.3.4 Greenways: A contiguous network of open space providing connectivity and movement between larger tracts of protected land.

NOTE: This amendment is proposed to define language used within the article.

YES = 1,458** NO = 339

Article 7: Zoning Amendment #6: Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.5 Single Family Open Space Development by revising the language in subsection 7.5.1 as follows:

- 7.5.1 The minimum area for a Single-family Open Space Development shall not be less than five (5) acres of contiguous land where single family open

space is permitted.

NOTE: This amendment is proposed to create consistent allowances within the article.

YES =1,239 NO = 515**

Article 8: Zoning Amendment #7: Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.5.6 Single Family Open Space Development Internal Setback Requirements by changing title, inserting a new subparagraph C, and replacing the current subparagraph C with the following:

7.5.6 Internal Dimensional Requirements

7.5.6.C. Detached single family units on one parcel shall be set apart from each other a minimum of twenty-five (25) feet.

7.5.6.D Structures shall be a minimum of fifteen (15) feet from side yard property lines and twenty (20) feet from rear yard property lines.

NOTE: This amendment is proposed to create setbacks that are similar to those allowed in a standard subdivision while allowing some additional flexibility.

YES = 1,354 NO = 422**

Article 9: Zoning Amendment #8: Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 9.1 Wetlands Conservation District by in its entirety. (Full text is available at the Planning Department in the Town Office at 10 Front Street).

NOTE: This amendment is proposed to define the wetland conservation overlay district; to clarify the purpose and intent of the ordinance; to define wetland buffers and applicable setbacks; to outline permitted, conditional and prohibited uses within the district; and to provide general administrative guidance for development within the district.

YES = 1,350 NO = 429**

Article 10: Zoning Amendment #9: Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend the following articles in conjunction with the expansion of the Healthcare District.

Amend Article 3.2 Zoning Map by expanding the Healthcare District as depicted on Plan entitled "Zoning Amendment Proposal - Healthcare District Proposed Lines" dated Nov. 5th 2009, (Map available at the Planning Department in the Town Office at 10 Front Street).

Amend Article 6.16 Healthcare District by replacing subsection 6.16.3 to read as follows:

6.16.3 Parking Setbacks: No additional, or enlarged, parking areas shall be installed in the Healthcare District within fifty feet (50) of where the Healthcare District adjoins any residential district or residential uses.

Amend Article 6.16 Healthcare District by adding two new subsections 6.16.4 and 6.16.5 as follows:

6.16.4 Landscape Buffer: In addition to the building and parking setbacks in 6.16.2 and .3, the Planning Board, in its consideration of site plan review applications for site development or redevelopment within the Healthcare

District, shall require landscaping and screening within the fifty (50) foot perimeter setback from any adjacent residential district or residential uses.

6.16.5 The portion of any building constructed within seventy-five (75) feet of the boundary of the Healthcare District with any residential zone shall not exceed the height allowed in the adjoining residential zone. The Planning Board, when considering site plan review applications for construction of a portion of any building located more than seventy-five (75) feet from said boundary which will have a height greater than that allowed in the adjoining residential zone, shall require the applicant to submit shadow studies evaluating the impact of the proposed construction on adjoining residentially zoned property.

NOTE: This amendment is proposed to expand the healthcare district boundary to encompass existing healthcare related uses and in conjunction with Exeter Hospital's Master Plan. Also, to better define buffers, setbacks and other limitations/requirements within the district. **YES = 1,259** NO = 569**

Article 11: Shall the Town choose all necessary Town Officers, Auditors or Committees for the ensuing year, including the following:

BUDGET RECOMMENDATIONS COMMITTEE: Carol Aten, Donald Brabant, Robert Corson, Robert Kelly, James Knight, Mark Leighton, Vicky Nawoichyk, Corey Stevens, Donald Woodward; **Measurer of Wood & Bark:** Douglas Eastman; **Weigher:** Jay Perkins, Sr.; **Fence Viewer:** Douglas Eastman **YES = 1,537** NO = 277**

Article 12: Shall the Town raise and appropriate the sum of \$1,600,000 for the purpose of design, rehabilitation and replacement of public water lines, and to authorize the issuance of not more than \$1,600,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to apply to the NHDES Drinking Water State Revolving Fund (SRF) for reduced interest loans? Debt service on this project will be paid from the water fund. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0). **YES = 1,329** NO = 568**

Article 13: Shall the Town raise and appropriate the sum of \$1,050,000 for the purpose of design, rehabilitation and replacement of public sewer lines, and to authorize the issuance of not more than \$1,050,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to apply to the NHDES Wastewater State Revolving Fund (SRF) for reduced interest loans? Debt service on this project will be paid from the sewer fund. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0). **YES = 1,304** NO = 580**

Article 14: Shall the Town raise and appropriate the sum of Three-Hundred Twenty Thousand Dollars (\$320,000) for the Water Street Diversion Structure Piping Improvements project, to be added to the amount authorized by Article 1 of the May 27, 2009 Special Town Meeting, and to authorize the issuance of not more than One Hundred

Sixty Thousand Dollars (\$160,000) in bonds, notes or SRF loans in accordance with the provisions of the Municipal Finance Act, and to authorize the Board of Selectmen to issue and negotiate such bonds, notes or SRF loans and to determine the rate of interest thereon; furthermore, to authorize the acceptance of grants under the American Recovery and Reinvestment Act of 2009 in the amount of Fifty Percent (50%) of the eligible project cost with the balance to be raised by sewer user fees? This appropriation is contingent upon receipt of American Recovery and Reinvestment Act 2009 Federal Stimulus Funding. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0). **YES = 1,288** NO = 587**

Article 15: Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$19,811,616? Should this article be defeated, the default budget shall be \$19,519,841, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The Board of Selectmen recommends this appropriation 4-1). **YES = 1,026** NO = 804**

Article 16: Shall the Town approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the Exeter Fire Association which calls for the following salaries and benefits at the current staffing levels:
Year & Estimated Increase: FY10 - \$112,383; FY11 - \$58,953; FY12 - \$73,139

And further, raise and appropriate the sum of One Hundred Nine Thousand, Eight Hundred and Sixty-Three dollars (\$109,863) for the 2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels? The balance of the first year estimated increase (\$2,520) is part of the FY10 Fire Department budget or available in other Town funds. (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,067 NO = 796**

Article 17: Shall the Town approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the Exeter Police Association which calls for the following salaries and benefits at the current staffing levels:
Year & Estimate: FY10 - \$162,272; FY11 - \$47,801; FY12 - \$53,738; FY13 - \$53,858

And further, raise and appropriate the sum of One Hundred Seven Thousand, Four Hundred Nineteen Dollars (\$107,419) for the 2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels? The balance of the first year estimated increase (\$54,853) is part of the FY10 Police Department budget or available in other Town funds. (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,013 NO = 846**

Article 18: Shall the Town raise and appropriate, per authorization granted the Board of Selectmen via Article 17 of the 2005 Town Meeting, the sum of Two Hundred Seventy-Five Thousand Dollars (\$275,000) for the purpose of purchasing Tax Map 47, Lot 4.11 situated at 6 Continental Drive and containing 2.05 acres plus or minus, for municipal use as a public safety facility, and to fund this appropriation by authorizing the transfer of \$249,333 from the undesignated fund balance (surplus) as of December 31, 2009, with the balance of the appropriation (\$25,667) to be raised by taxation? (The Board of Selectmen recommends this appropriation 5-0). **YES = 948**** **NO = 869**

Article 19: To see if

Article 20: Shall the Town authorize the Board of Selectmen to enter into a 10-year lease/purchase agreement for the purpose of lease/purchasing a replacement for the 1989 Pierce Arrow Pumper (E4) for the Exeter Fire Department, disposal of the 1989 Engine 4 and also sale of Engine 2, and to raise and appropriate the sum of Sixty-Six Thousand, Nine Hundred Twenty-Three Dollars (\$66,923), which represents the first of 10 annual payments (a total of \$565,418), for that purpose? This lease contains an escape clause. (The Board of Selectmen recommends this appropriation 5-0)

NOTE: The payment of the first year will be made from funds made available through the adoption of Article 21. **YES = 1,215**** **NO = 610**

Article 21: Shall the Town discontinue the Vehicle Replacement Capital Reserve Fund created in 2007? Said funds, with accumulated interest to date of withdrawal, are to be transferred to the Town's general fund. These funds will be used to offset the cost of Article 20 of this warrant. **YES = 1,235**** **NO = 532**

Article 22: Shall the Town raise and appropriate One Hundred Thousand Dollars (\$100,000), through special warrant article, for the purpose of studying the feasibility of removing the Great Dam, including wetlands evaluation, channel profiling, modeling sediment transport, scour analysis and archaeological surveying; and further to allow the Board of Selectmen to accept a watershed assistance grant in the amount of \$60,000 from the NH Department of Environmental Services to offset the total One Hundred Thousand Dollar (\$100,000) project cost.? (The Board of Selectmen recommends this appropriation 5-0). **YES = 992**** **NO = 875**

Article 23: Shall the Town establish a Non-Capital Reserve Fund under the provisions of RSA 35:1-c for the purposes of funding deficits in the snow and ice budget from year to year, and to raise and appropriate the sum of Thirty-Five Thousand Dollars (\$35,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,191** **NO = 629**

Article 24: Shall the Town raise and appropriate the sum of Thirty-One Thousand Dollars (\$31,000) for the purpose of funding senior transportation in 2010, and to fund this appropriation by authorizing the withdrawal of that amount from the Municipal

Transportation Improvement Capital Reserve Fund created per RSA 261:153, VI, with no amount to be raised by taxation?

Agency & Amount: TASC - \$16,000 Taxi Ticket Program - \$6,000
Rockingham MOW Transportation - \$9,000

The Agencies shall continue to provide to the Town a report of services provided to residents. (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,472** NO = 393

Article 25: Shall the Town raise and appropriate, through special warrant article, the sum of Eighteen Thousand Seven Hundred and Seventy-Seven dollars (\$18,777), for the support of COAST, an agency providing regular bus service to the Town? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,431** NO = 480

Article 26: Shall the Town raise and appropriate, through special warrant article, the sum of Eleven Thousand Dollars (\$11,000), for support of the Rockingham Community Action Program, an agency providing a range of support services to residents including but not limited to health insurance counseling, emergency food and fuel assistance, and job training? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,554** NO = 361

Article 27: Shall the Town raise and appropriate, through special warrant article, the sum of Eleven Thousand Dollars (\$11,000) for support of Child and Family Services, Inc., an agency providing counseling and support services for families? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,516** NO = 389

Article 28: Shall the Town raise and appropriate, through special warrant article, the sum of Nine Thousand Dollars (\$9,000) for the purpose of defraying the cost of services provided to the Town of Exeter and its residents by Big Brothers/Big Sisters of the Greater Seacoast? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,368** NO = 528

Article 29: Shall the Town raise and appropriate, through special warrant article, the sum of Seven Thousand Eight Hundred Dollars (\$7,800) for support of the Rockingham Nutrition & Meals on Wheels program, a non-profit agency dedicated to promoting the health, well-being and independence of older and disabled adults throughout Rockingham County? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,693** NO = 222

Article 30: Shall the Town raise and appropriate, through special warrant article, the sum of Seven Thousand Five Hundred Dollars (\$7,500) for support of the Seacoast Hospice, an agency providing support services for those families suffering through a terminally ill diagnosis? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,651** NO = 268

Article 31: Shall the Town raise and appropriate, through special warrant article, the sum of Six Thousand Three Hundred Dollars (\$6,300), for the support of the Richie

McFarland Children's Center, an agency providing developmental instruction to children under the age of 3? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,432** NO = 469

Article 32: Shall the Town raise and appropriate, through special warrant article, the sum of Five Thousand Eight Hundred Dollars (\$5,800), for the support of Lamprey Health Care, an agency providing medical and transportation services? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,419** NO = 447

Article 33: To see if

Article 34: Shall the Town establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of funding projects to improve energy use and efficiency, carbon emission reduction and use of renewable energy sources for municipal infrastructure, and raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in this fund, and appoint the Selectmen as agents to expend from the fund? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,155** NO = 728

Article 35: To see if

Article 36: Shall the Town establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of installing a parking payment system, acquisition of land, and making of capital improvements to the Exeter train station including land redevelopment improvements, and acquisition of grants, and raise and appropriate the sum of One Thousand Dollars (\$1,000) to be placed in this fund and appoint the Selectmen as agents to expend from the fund? (The Board of Selectmen recommends this appropriation 5-0).

YES = 1,223** NO = 675

Article 37: Shall the Town establish a revolving fund pursuant to RSA 31:95-h, for the purpose of cable access; 50% of all revenues received from cable franchise fee revenues will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the Town's general fund unreserved fund balance? The Town Treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the governing body and no further approval is required by the legislative body to expend. Such funds may be expended only for the purpose for which the fund was created.

YES = 908** NO = 778

Article 38: Shall the Town establish the number of members of the Budget Recommendations Committee at not more than (15) fifteen? YES = 1,417** NO = 301

Article 39: Shall the Town accept the provisions of RSA 41-11-a, allowing the Board of Selectmen to rent or lease municipal property for a period of up to five years without further approval of Town Meeting?

YES = 869** NO = 823

Article 40: Shall the Town authorize the extension of a municipal lease of the Raynes Farm for a period of more than one year?

YES = 1,084** NO = 582

Article 41: Shall the Town allow the Board of Selectmen and Town Manager to have the authority to order the Town Treasurer to make expenditures from the Recreation Revolving Fund previously established in 2005 under RSA 35-B:2?

YES = 1,011** NO = 680

Article 42: On petition of Christopher Moutis and others, "To see if the Town will vote to prohibit the Town, its agents and/or representatives from eliminating the positions of Receptionist and Assessing Clerk of the Town of Exeter and to retain said positions regardless of whether the default budget or recommended budget is in place, thus upholding the recommendations of the Budget Recommendations Committee and of the Selectmen to retain these same positions in the 2010 budget and allow continued service to Town residents."

YES = 981** NO = 759

Article 43: On petition of Herbert Moyer and other registered Exeter voters, to see if the Town will vote to do the following: "Shall New Hampshire's Congressional Delegation be instructed to pursue a new and independent investigation to address thoroughly all of the evidence and unanswered questions related to the events of September 11, 2001? (The record of the vote on this Article shall be transmitted by the Town of Exeter to New Hampshire's Congressional Delegation.)"

YES = 381 NO = 1,377**

Article 44: On petition of Alan Bailey and others, "To see if the voters will agree that in accordance with Section 37:10 of Title III, Chapter 37 "Town or Village District Managers" the Exeter Town Manager will be compensated within the, in force, "Exeter Pay Plan for non-union employees" and that any multi-year compensation contract shall require the approval of a majority of voters at the annual Town meeting."

YES = 1,044** NO = 678

There were 10,326 registered voters on the checklist at the opening of the polls; 46 residents registered at the polls, making a total of 10,372 registered voters at the close of the Polls. There were 2,007 ballots cast = 1,888 voted in person, and 119 absentee ballots cast. **Total participation = 19%.**

Respectfully submitted,

Linda Hartson Macomber, CMC – Exeter Town Clerk

Dated March 11, 2010

These minutes of the Exeter Town Meeting, 2nd session, showing votes cast on the Official ballot, were signed before me by Linda Hartson Macomber, Exeter Town Clerk, this 11th day of March, 2010.

DEBRA J. UNGER, Notary Public
My Commission Expires March 21, 2012 46

BOARD OF SELECTMEN

The year 2010 has been a challenge. The National and State economies are still struggling to recover from the downturn in 2008. Although New Hampshire's unemployment rate of 5% feels high when you or your neighbor can't find work, we are faring better than the National average of 9.3%

This year the State did not return rooms and meal taxes nor provide any revenue sharing with communities. These actions pushed the burden of supporting all municipal services and their associated costs down to each community's tax payers. In addition, the Town was required to perform a statistical analysis of our property values this year. This valuation covered all properties and resulted in a 4% decrease in the community's overall value. While some land owners saw their property values drop others increased. At the end of 2010 about 1/3rd of property owners saw their tax bill bottom dollar increase, 1/3rd stayed about the same and 1/3rd decreased. Altogether this has made the Town's budget for 2011 need an even more thorough review.

Voters have used great care in discerning the best investment of our tax dollars and considering the needs of the Town in future years as we continue to grow. By approving the purchase of land on Continental Drive for the purpose of building a public safety sub-station, voters see that our community is expecting to grow. Voters approved a Snow and Ice Non-Capital Reserve with an appropriation of \$35,000 to fund deficits in our snow and ice removal budget. Weather is hard to predict at budget time and many years we have expended our total snow/ice budget before the Town even votes on the budget for the given year. Forward thinking voters prepare us for such contingencies.

Voters are ready to go further to improve energy efficiency, renewable energy and reducing carbon emissions in our municipal infrastructure by starting a Capital Reserve Fund to support such work. Due to the efforts of volunteers on the Energy Committee and staff at the Department of Public Works, the Town has seen a reduction of 18% on municipal building electricity bills.

Creating another Capital Reserve Fund for improvements and redevelopment at our train station will help to promote public transportation, savings on carbon emissions and enhancing our local economy through better accessibility. This work associates itself with the Energy Fund to let Exeter grow to a leadership position of sustainable communities. Many residents are already involved in sustainable practices such as buying shares in local farms, shopping at the growing Farmer's Market, shopping locally and walking and biking. The Economic Development Commission was reorganized this year and can use these accomplishments as tools to attract businesses that will increase the value of our commercial properties.

This year the Board successfully negotiated several new contracts. The Police Department had not approved a new contract in 3 years, but this year we came to an agreement that will even out the annual costs of patrolmen's wages and benefits from year to year. The Fire Department's contract was approved in a timely manner and also has the benefit of leveling annual costs for the next 3 years. The Board locked in a 3 year contract for electricity at \$0.079/KWH on our highest energy using municipal structures and street lights. Finally, the Board signed a contract with cable TV provider, Comcast. That will set Exeter apart as a leader in public access TV opportunities. The Board wishes to thank those employees who work diligently on the behalf of residents. The employees' work provides the necessary service required to efficiently administer the Town's needs.

We are beginning the necessary Water and Sewer infrastructure work to bring the Town into compliance with the US Environmental Protection Agency's Administrative Order that was served on the Town in December. Changing water quality standards to protect our drinking water and the Great Bay requires upgrading our systems. Some underground pipes have been in place for 100 years without change. The new standards will require changes in processing and this could lead to expansion of the Water and/or Waste Water treatment plants.

The Town's Departments have begun to evaluate and implement the recommendations of Exeter's Fleet Study. The Study reviewed every piece of automotive equipment and made recommendations for the management, make-up and a replacement schedule of our fleet of vehicles. Some of these recommendations can be seen in our Capital Improvement Plan and Departmental budgets for 2011.

2010 saw the Board approve a new position in the Finance Department for a Staff Accountant. This new position gave the Town the resource we needed to complete the 2009 audit with many of the material weaknesses found in past years being addressed and improving. The Town has not had a clean audit in a while and is now closer with the designation of "Adequate" as opposed to the previous determinations as "Adverse."

The Town of Exeter, like the State of New Hampshire, is run by volunteers. The Board greatly appreciates and admires those who have served this community. Exeter has been blessed with a large body of residents who give us many hours, many nights and many opinions. Whether the ideas we share on how we use our land, where we preserve our heritage, how we give cultural opportunities, how we grow, where to spend and how to spend, every volunteer hour counts. We may not always agree but everyone has an opportunity to participate in the dialogue and we are always looking for new volunteers to join the conversation.

In the coming year, the Board of Selectmen looks forward to the growing improvement of the Town's administration. Increasing efficiencies in our financial services, rolling out long range maintenance programs for paving, sidewalks, infrastructure, vehicles and buildings will keep our town needs met while we work towards a brighter future.

Respectfully submitted,

Julie Gilman
Chairwoman

The cannons at Gilman Park got a new look thanks to an Eagle Scout Project!

TOWN MANAGER

As I started my sixth Town Report to the residents of Exeter, I asked myself how things have changed and how the Town has changed in the past six years. In the normal course of writing I have found while many things have changed, there are many things that remain constant in Exeter's great tradition.

Exeter is the 18th largest community in New Hampshire. 2010 was a census year and it is expected the Town's population will reach close to 15,000. The Town of Exeter is about 20 square miles. We have an active mix of commercial and residential development.

Our population base is stable as is the tax base. As of 2010, Exeter counted 6,126 parcels, with only 60 parcels in current use (undeveloped but available for development). This is an increase in the number of total parcels of 562 from 2000. The greatest areas of increase have been in single family homes, with a 202 unit increase since 2000, and condos, which have increased by 264 since 2000. Single family homes make up 51.4% of the Town's valuation base, while commercial and industrial properties make up 20.6% of the total base.

Exeter has a tremendous amount of community assets that help define who we are as a Town. The American Independence Museum on Center Street, the Historical Society Building at 47 Front Street, the Folsom Tavern, the Bandstand, the Town Hall, Downtown area, and the Powder House are all reminders of the Town's amazing history and current attractiveness. The new Swasey Parkway Pavilion, completed in recent years, has added to the list of assets. The Parkway itself continues to be a prime destination point for walkers and joggers, as well as a prime community gathering space for different events held throughout the year.

Exeter also continues to be an extremely active, vibrant community. The summers echo with the sounds of the Brass Band on Monday evenings in July. The Karaoke Idol events at the Town Hall draw a good crowd. The UFO Festival, while still in its infancy, has attracted national interest. The American Independence Festival each July continues to draw large crowds from within Town and around the State, as a day-long celebration of our revolutionary heritage, culminating with a great fireworks display put on by our Parks & Recreation Department. The Town also has Great Bay Kids, the New Outlook Teen Center, and many other programs and organizations that support our youth and education, and add to our quality of life.

The Portsmouth Avenue business district continues to grow and evolve. The new Rite Aid building is in place, and the old Globe Plaza, now called Exeter Commons, bustles with traffic daily thanks to steady businesses such as Margarita's, Pine Garden, On The Vine, and of course Moe's. Two new hotels have been completed on Portsmouth Avenue and are now mainstays of the landscape. In 2010 the Town's Economic Development Commission was reinstated and re-energized, and now a full committee is in place heading into 2011.

Regarding transportation, the Town continues to be an active player in providing services for both public and senior transportation, supporting COAST, TASC, Meals on Wheels Transportation, and other agencies through a variety of funding mechanisms. The Downeaster Train Station, now in its tenth year of operation since being reinvigorated in 2001, brings people north from Boston and south from Portland. Simply put, it is the busiest stop along the New Hampshire line.

Exeter's Recreation opportunities also continue to be among the best in the seacoast. The Parks & Recreation Department camp at the Recreation Park is sold out each year, with families vying for spots from neighboring Towns on a regular basis. A recently completed expansion of the pool building will continue to make the Daniel Healy Pool an attractive place for Exeter families and their children in 2011. Currier and Walsh fields continue to play host to a successful Little League program and Exeter

Youth Soccer has maintained a strong partnership with the community, with games and leagues at the Recreation Park.

Our Public Library also continues to thrive. An active committee this past year reviewed the long term plan for the Library and completed their report. The Library continues to be a vital community resource providing information, leisure and community activities under the leadership of the Trustees and Library Director.

While it is great to reflect on Exeter's successes, it's also important to acknowledge the challenges ahead. The Town continues to wrestle with a permanent solution to its long term water supply needs. While Exeter is "water rich" in terms of supply, the challenges of an integrated water system, the future of Great Dam, and the age of the infrastructure will continue to persist. The wastewater scenario is also going to be a challenge for the Town over the next 10 years, with regulations stiffening, including concerns over nutrient loading into Great Bay. Many communities on the seacoast have banded together to highlight potential costs of these regulations to our state and federal legislators. The costs will be significant to Exeter as the new regulations could mean a fundamental change is needed in our wastewater treatment system.

Our municipal buildings also continue to age. The Library was built in 1986-87 and will soon be 25 years old. The Public Safety building was built in 1979. The need to address these buildings in some fashion in the coming years will be unavoidable.

We also acknowledge the Town's three largest taxpayers have large amounts of non-taxable property. PEA, Exeter Hospital, and Riverwoods contribute greatly to the Town's tax base. The Town should improve its efforts to attract businesses to Exeter in order to expand the taxable base, and also continue to work at retaining the businesses that are here.

While there have been no shortage of issues to deal with over the past six years, I am reminded everyday just how nice a community Exeter is, and we remain one of the premier towns people wish to relocate to in New Hampshire. Our biggest challenges may be in front of us, but while we work on those challenges, our great schools, quality municipal services, and general quality of life continue to make Exeter stand out amongst our neighbors and beyond.

Thank you to everyone who contributed in 2010 and made Exeter such a nice place to be.

Respectfully submitted,

Russell Dean
Town Manager

TOWN CLERK

I begin by echoing the words and thoughts of many people – “What a year 2010 has been!” In spite of the economy, and the challenges put before us, the staff of the Town Clerk’s Office was very busy. We assisted many residents and newcomers with their motor vehicle titles and registrations; registered new voters; prepared certified copies of birth, death, marriage certificates, and marriage licenses. And let’s not forget the licensing of 2,378 dogs – 153 more than last year! The “E-Reg” on-line motor vehicle renewal program, and the “E-Dog” on-line renewal program continue to be utilized in a positive manner for the convenience of our residents.

Revenue taken into the Town Clerk’s Office was definitely affected by the economy, as people chose not to register the extra vehicle, trailer, camper, and/or motorcycle they were not going to use this year. People gave up their vanity plates and conservation plates to save a few dollars. Many people bought used vehicles instead of new vehicles. In 2009 we registered 18,041 vehicles, and in 2010 we registered 17,824 vehicles – a difference of 217 vehicles. This decrease in motor vehicle transactions resulted in a loss of revenue equaling \$62,434 (2009 = \$2,035,951 and 2010 = \$1,973,517). Revenue derived from requests for certified copies of vital records and marriage licenses was also affected. We saw a slight decrease in revenue equaling \$927 (2009 = \$17,155 and 2010 = \$16,228). The actual number of certified copies was down 350 (2009 = 4917 and 2010 = 4567).

But revenue is not our only responsibility. We have State and Federal laws we need to stay current with, as well as administrative rules and Town Ordinances. We must attend training sessions given by the NH Clerks’ Association as well as the various State agencies we work with. Of major importance in 2010 was the new legislation passed at the State and Federal levels regarding the election process, particularly tightening the security of the electronic voting machines, and sealing the ballots after the elections. We were made aware of new procedures regarding the mailing of absentee ballots – both domestically and overseas, military and non-military. Each of the 3 elections in 2010 (March Town election, September State Primary, and November General Election) had its own requirements and procedures that were different from the other, and training was very important – for us in the Clerks’ office, as well as the Supervisors of the Voter Checklist and the poll workers.

Another vital role of the Town Clerk is “Keeper of all of the Town’s public records”. State laws require that “all books, records, papers, documents, etc. pertaining to Town committees and/or Town boards shall be kept in the Town Clerk’s office”, ensuring the historical records for future generations. Many people visit Exeter each year and come to our office for genealogical and historical searches. It is very important for us to have our filing current.

Each year I thank my co-workers, Eve Quinn, LeeAnn Simpson, Andie Kohler, and Debbie Unger for their continued support and assistance. I cannot emphasize enough how much I appreciate each of these ladies. Their loyalty, hard work, dedication, and professionalism, made it easier for me to be on medical leave and recuperate quicker.

Our Checklist Supervisors – Peg Duhamel, Joanne Toland, and “Fritzi” Bernard – once again worked many hours to keep our Voter’s checklist accurate and current, protecting the integrity of our voters. On behalf of the voters, we thank these ladies for their service. We also thank the residents who worked at the 3 elections this past year. Their willingness to give of their time is very much appreciated. And, last but not least, I thank the residents of Exeter for your continued support and patience. It is my honor to serve you and this Town as your Town Clerk.

Respectfully submitted,

Linda Hartson Macomber, CMC

FINANCE DEPARTMENT

The 2010 year was a challenging year in the Finance Department. Laura Hill, a life-long Exeter resident, volunteered to assist the Finance department from February-May 2010. Laura worked hundreds of unpaid hours for the Town during which time she worked on adding all of the Town's assets to our Fixed Asset module which completed the process for the Town becoming GASB 34 compliant for the 2009 audit.

During the fourth quarter of 2010, the Town interviewed candidates for the staff accountant position and hired Laura Hill as our new Staff Accountant. Laura has a Bachelor of Science Degree in Accounting and an MBA from Southern New Hampshire University. Laura became a Town employee in late October 2010 and has become a valuable employee of the Town and an important part of the Finance team.

During 2010, Munismart software was rolled out to most departments across Town, due to the new fiber optic line that was installed. The Town succeeded in becoming GASB 34 compliant and made great progress in meeting GAAP standards and rose from a decade of receiving adverse audit opinions to a qualified audit opinion for the 2009 audit. This success is directly attributable to my wonderful and cohesive Finance staff. I would also like to thank the management and administrative staff at the Department of Public Works who contributed a great deal of time in helping us smoothly transition utility billing to the DPW. Special thanks also goes out to the Town Manager's Administrative Assistant who worked countless hours during the last tax season. We would not have progressed in so many areas without their assistance. I thank them all for their strong work ethics, loyalty and dedication to the Town.

The Finance Department serves 3,542 water and sewer ratepayers, 6,150 taxpayers, Town Officials and all Town departments with financial accountability, reporting and communication of financial results. Finance records, monitors and analyzes all revenue and expenditures of the Town, collects property tax revenues, water, sewer, disposal and permit revenues and ensures financial compliance with all local, state and federal governments.

Finance works interactively with all Town departments by providing financial management information so that department directors have tools to manage their departmental expenditures.

The Finance Department is here to serve you. We look forward to seeing you during 2011. Please don't hesitate to contact us with your questions or concerns. We are always here to help.

Sincerely yours,

Doreen Ravell, CPA
Finance Director

BUILDING INSPECTOR

Despite the down turn in the housing market, 2010 was (for the most part) a busy year for new homes; nineteen to be exact. We believe the Federal Tax Credit for first time homeowners played a major role.

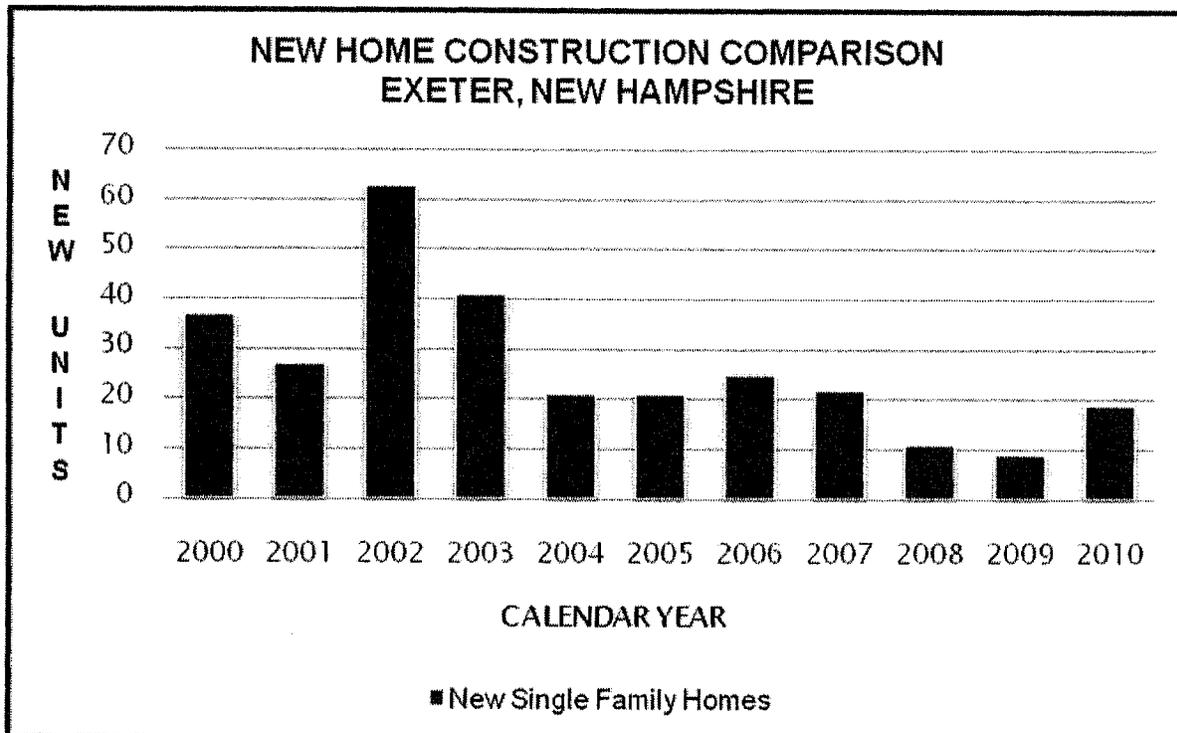

Here in Exeter, the estimated cost of building construction totaled 19 million dollars. This reflects an increase in the value of the town as well. We also have two new hotels on Portsmouth Avenue, The Fairfield Inn and the Hampton Inn. Combined, the hotels have almost two hundred rooms.

The Boulders at Riverwoods was also completed this past summer. There are also more residential rental units in town with the completion of the Meeting Place on Epping Road. We are expecting another building to start this spring in the development.

As always, the Building Department is your resource for information on building codes and safety related concerns.

Respectfully submitted,

Douglas Eastman
Building Inspector

FIRE DEPARTMENT

A Tradition of Service

2010 has been a year of growth for the Town and the Fire Department. The Department conducted final inspections on two new hotels on Portsmouth Avenue along with a new facility at Riverwoods, "The Boulders".

The Department also saw growth in emergency responses, we responded to over 1700 calls for service with the ambulance and over 2400 fire and service calls making 2010 a record year while keeping fire losses down.

Among other projects the town has purchased the land for an additional fire station on Continental Drive and we will soon take delivery of your new fire engine.

The Fire Department produced a 4 video series this summer to introduce the public to the different types of equipment we use, different jobs that we do and some of the advanced training our members have. The video series is called "On the Job". They will air on channel 22 and are posted on "you tube". A big thanks to the Department members for working on this project.

I would like to thank the Department members for their hard work and dedication. Russell Dean, Town Manager and the members of the Board of Selectmen for their ongoing support of the Fire Department's Mission

Respectfully submitted,

Brian Comeau
Chief of Department

Mission Statement

The Exeter Fire Department is committed to protecting the citizens, property and the environment within our community. We will be responsive to the needs of our citizens by providing rapid, professional, humanitarian services essential to the health, safety and well-being of the community. We will accomplish our mission through prevention, education, fire suppression, advanced medical services, hazard mitigation and other related emergency and non-emergency activities.

We will actively participate in our community, serve as role models, and strive to effectively and efficiently utilize all of the necessary resources available to provide a service deemed excellent by our citizens.

EMERGENCY MANAGEMENT

The year 2010 started with a flurry of activity. By the end of February, the residents of Exeter had experienced a wind/rain event leaving much of the town flooded and in the dark again. Thoughts of the 2008 Ice Storm with many residents without electrical service for 11 days were once again going through all our minds.

Once all the electricity was restored and most residents were getting back to normal, round two started with an additional period of heavy rain, that again caused flooding. A state of emergency was declared by the Governor of New Hampshire, making the Town of Exeter eligible for FEMA and State help with recovery that lasted through the end of March.

During these natural disasters and recovery, the Town of Exeter and all towns within the Seabrook Nuclear Power Station evacuation zone, participated in three exercises required by State and Federal regulations, one exercise in each February and March then a graded exercise in May. The Town of Exeter EOC (Emergency Operations Center) was opened and staffed to provide all responsible positions a chance to participate in real life situations and experiences. As with the real disasters, much was learned about communications, logistics of moving personnel and equipment, and the ability for all emergency management partners to work together in order to maximize efforts and prevent duplication of efforts.

The Town of Exeter, Division of Emergency Management worked closely with our FEMA representative and State of New Hampshire Local Liaison to calculate what was spent during the storms and recovery. Over \$155,872 was expended in protective measures and debris removal, by the Fire Department, Police Department and Department of Public Works, during and immediately after the storms. FEMA and the State of New Hampshire reimbursed the Town \$136,388 or 87½% of eligible costs.

As the year continued we had several after action meetings with the State of New Hampshire, Office of Homeland Security and Emergency Management, and public utilities, such as Unitil. As with past storms, much was learned and we are confident that lessons learned from the past can be put into practice during future man-made and natural disasters.

Everyone at the Exeter Fire Department and the Division of Emergency Management would like to thank all employees and residents of Exeter. It's your commitment to safety, and use of good common sense that has allowed us to provide the best quality service, in the most cost efficient manner. Your continued support and vigilance will be necessary for the Town of Exeter to remain prepared to meet future Emergency Management challenges.

Respectfully submitted,

Eric Wilking
Assistant Fire Chief
Deputy Emergency Management Director

HEALTH DEPARTMENT

2010 Mosquito Surveillance and Response Plan for Exeter were coordinated with Municipal Pest Management. The Town experienced no positives for West Nile virus (WNV) or Eastern Equine Encephalitis (EEE).

The FDA grant monies awarded in 2009 was used to purchase 2009 FDA Food Code books for all licensed facilities in Exeter. Three new inspection forms were also printed. The revised food code and inspection process will take effect in January 2011.

The Town has 103 licensed food service facilities as of December 20, 2010. Eight plan reviews were completed. Four new facilities opened and three facilities had a change of ownership. Eighteen temporary permits were granted; this included multiple units at the Fall Festival and the Revolutionary War Festival.

The Department handled 54 complaints; 9 of them were at food service facilities. General complaints ranged from garbage and trash to air quality issues and bees. The food service complaints had 3 unconfirmed illness issues, 2 trash, 2 sanitation and 2 grease issues.

The Department attended several workshops and conferences throughout the year. Topics varied from Health Officer enforcement, to emergency preparedness and food sciences.

A complete breakdown of the Department's health related activities are included in the Exeter Fire Department Consolidated Report.

Questions or concerns regarding environmental and public health issues may be directed to the Exeter Health Department by calling 773-6132 or email to: jjervis@town.exeter.nh.us

The Health Department has a link on the towns' website. It will link you to other State Health Agencies for current issues and rules and regulations.

Respectfully submitted,

Judy Jervis
Deputy Health Officer

HUMAN RESOURCES

The Human Resources Department works to staff Town jobs appropriately, implement and administer benefit programs, policies and legal requirements. The Department provides recruiting assistance to Town departments, maintains personnel records, advises managers regarding employment/employee matters and assists employees however possible.

In 2010 the Town saw four employees reach their retirement. Police Detective David Nelson retired with 28 years of service, Police Captain Stephen Dockery with 24 years of service, Police Secretary Jo-Ann Jacob with 22 years of service and Department of Public Works Sewer Plant Operator Ernie Barham with 24 years of service. The Town also hired twelve new employees to fill vacated positions throughout the year.

Throughout the year the Human Resources Department has put on training workshops, a Flu Clinic, Benefits Fair and was a member of the Town negotiating team for the SEIU contract. I had the opportunity to attend the Local Government Center Annual Conference and took part in beneficial HR seminars. Also while at the LGC Conference I attended our Annual Human Resources Association Meeting and elected new officers. The Part Time Pay Plan was updated and adopted by the Board of Selectmen. As part of the Safety Committee we updated the safety handbook that will be approved by the committee at the beginning of 2011. The Personnel Plan for the non-union employees is expected to be finalized and presented at the beginning of 2011.

I would like to thank all Department Managers, Staff, Town Manager and Board of Selectmen for their support and assistance during the year.

As we look forward we can achieve more by working together.

Respectfully submitted,

Donna Cisewski
Human Resources Director

PARKS AND RECREATION DEPARTMENT

2010 was a great year for our department and a year of change as well. Our programming remained steady with a few minor additions to the lineup of popular programs like youth sports (baseball, track, lacrosse, soccer, flag football and basketball), summer camp, swim programs and a variety of camps.

We spent a great deal of time this year in a phase of refurbishment and facility expansion. Through Revolving Fund monies we repainted/resurfaced the pool in the spring and completed Phase I of the pool bathhouse renovation. The electrical systems at the pool were updated (since their installation in the early 1970s) in this Phase. In the fall we repainted/resealed the tennis courts and did 98% of Phase II of the pool bathhouse. This expanded the deck, men's changing area, concession and improved the outside family bathroom. This work will bring many changes in 2011. We will now be a Wi-Fi hot spot and begin serving Gifford's Ice Cream making us your local ice cream cone shop. We also plan to expand our lap swim times and make some changes to the swim lesson program.

As always, our parks crew has done their best to keep Exeter parks, fields and green spaces looking sharp and free of rubbish. Their work making ice is appreciated by many and provides a safe skating location for the residents. Of course we remain totally organic as well.

We would like to take this opportunity to thank all the volunteers who coach our teams. Your contribution is key to the programs success and key to the development of our youths. Also we cannot forget the many people and groups that adopt our gardens and traffic islands.

All of us at the Parks and Recreation Department look forward to serving you in 2011.

Michael Favreau – Director
Greg Bisson – Asst. Director
Cindy Lundberg – Office Manager

Mike Gingras – Park Foreman
Garry Snook – Park Maintenance
Nancy Bugbee – Office Assistant

Halloween Egg Hunt at Swasey Parkway - October 2010

PLANNING DEPARTMENT

The era of the “McMansion” seems to be over, at least here in Exeter. It wasn’t that long ago when new homes in Exeter were being built at 4,000 square feet and larger. Bigger was better, and definitely very expensive. Many of the homes ranged between \$450,000 and \$650,000. Today, those sizes and prices would raise eyebrows, but between 1999 and about 2006, those homes were bought up as quickly as they were being built.

Fast forward to 2010 and the slogan, “Little is the new big” comes to mind. For the past year, homes being built came in closer to 1,800 to 2,000 square feet and developers continuously talked about making housing “affordable”. In 2010, the range for a new home has been between \$275,000 and \$350,000. I consider this trend for a smaller, cozier “castle”, a good one.

The trend to reduce size also came through in regulation amendments. For example, due to the multiple requests for narrow roads in new small subdivisions, an allowance was created to downsize access roads according to the number of lots served. Specifically, instead of building twenty-four foot wide roads regardless of the size of the subdivision, a developer can build an access road as narrow as sixteen feet, depending on the number of units requested and the conditions of the site.

Another trend for 2010 was to finish long-term projects. Two projects which withstood the test of time and were finally conditionally approved: a 25 lot single family subdivision off of Linden Street and a town house style development with seven additional units off of Columbus Ave. Both projects had been held up for various reasons for over two years, but this was the year that all those loose ends were finally addressed. This should result in some new homes for 2011, hopefully continuing with the trend that smaller is better.

For our team in Planning, we worked very hard on applying for grants, working on updating regulations, finishing the Master Plan, creating another thorough Capital Improvement Program report, reviewing projects, and assisting our many customers. Two feathers in our planning cap came from being awarded a NHDOT grant for the purchase and remodeling of the old train station baggage building as well as assisting with the process of bringing PlanNH to town for another successful charrette.

As always, I would like to thank the Planning and Building staff as well as the land use volunteers that help to make our department vibrant and successful.

Respectfully submitted,

Sylvia von Aulock

POLICE DEPARTMENT

The Exeter Police Department is a 24 hour per day, seven day per week department that provides initial response in emergency situations. The Department's mission is to prevent crime, preserve order and protect the lives, rights and property of all Exeter residents, business owners and visitors. A mission statement guides the employees of the Department in the performance of their duties.

In 2010 the Department had a number of personnel changes. Captain Stephen Dockery retired after 25 years with the Department. Sgt. William Shupe was promoted to Captain to fill the position. Detective Dave Nelson retired after serving 29 years with the Department. We have hired 3 new officers in 2010 as we continue to fill open positions. Officer Jeremy Chadwick, Officer Joshua Dempsey and Officer Justin Ranauro have all joined the Department. The Department wishes all past and new employees the very best.

In 2010 the Police Department responded to 20,369 calls for service. The majority of these calls are answered by or generated by the Uniformed Division of the department. This division consists of four patrol sergeants and thirteen patrol officers as well as the parking enforcement officer and animal control officer. These officers are responsible for handling emergency calls, accidents and traffic enforcement and criminal investigations. In 2010 there will be nearly 10,000 motor vehicle stops conducted by these officers. These stops are made for speeding, reckless operation, drunk or drugged driving and numerous other motor vehicle related offenses. This type of activity has a direct result in keeping our roads safe for pedestrians and motor traffic alike. With the help of funds from Superior Court cases the Department has put out directed patrols for impaired drivers which have led to a number of arrests.

The Staff Division consists of a detective sergeant and four detectives. These officers investigate all crimes, both felonies and misdemeanors. In 2010 they handled a number of major cases to include a homicide/suicide, a first degree assault stabbing case, and a potential second death investigation that is still pending. These detectives also handle internet crime cases, sexual assaults and the majority of juvenile cases. The Department continues to be active in pursuing drug related cases especially in the area of sales of controlled drugs.

Our Communication Division is staffed by six civilian dispatchers. The center is operated 24 hours a day, 365 days a year. They handle all 911 and business calls for Police, Fire and medical calls. Communications personnel will answer approximately 33,200 phone calls and will log over 24,000 calls for service for both Police and Fire departments.

The Department offers a number of services to the community that include teaching DARE, police exploring, Police Athletic League after school program, fingerprint service, child safety seat, read across America, drug testing kits, free gun locks, on-line crime stats, alarm monitoring.

I would like to take this opportunity to thank the men and women of the Exeter Police Department for their hard work and sacrifice on a daily basis. It is their dedication and professionalism that helps makes Exeter such a great place to live and work.

I would also like to thank the Selectman, Town Manager and my fellow department heads for all their help in the past year.

Respectfully submitted,

Richard Kane
Chief of Police

PUBLIC LIBRARY

Vision

The Exeter Public Library is to be the informational hub for the Exeter area, a vital institution that attracts and stimulates a vibrant community.

Mission

The Exeter Public Library's mission is to promote a literate, enlightened citizenship by providing equal access to a range of media, services and programs to meet the informational and recreational needs of the community, and to encourage the discovery and evaluation of ideas and information, especially recognizing the library's responsibility as a place for children to discover the joy of reading.

Exeter's population is not stagnant and neither is the Exeter Library. The Exeter Library, voted the most popular place in town, is more than a building with books; it is the hub of the community and offers materials, programs, and services that fit the needs of the residents whether young, old or somewhere in between.

A number of Exeter residents working together with members of the Library Board of Trustees and library staff developed the Exeter Library Long Range Plan 2011-2021. Thank you to the Exeter citizens who gave their time, insights, and ideas to help the library plan and prepare for the future. Much of the plan was based on a survey of what Exeter residents want from their library. They want more books, more copies of popular titles, more programs, more teen and children's books, and more computers. The results of the survey are on the library website.

The library plans to continue to offer a wide and diverse selection of materials while continuing to offer popular services and programs as well as expanding some and developing new programs.

In addition to purchasing titles in regular, large print, and CD format the library now has downloadable audio books for iPods, MP3 players, and computers as well as downloadable e-books.

Patrons enjoyed the wide range of magazines in the library with a comfortable area to sit, read, often with a cup of coffee or tea. Many adults spend time checking email, surfing the internet, searching for employment, career prep and testing, and writing resumes and cover letters using the computers at the library. The library has added more computers for patron use and is completely wire-less for patrons with laptops.

The library has added Mango, an interactive language-learning site. Exeter patrons can access the site at the library or at home using their library card. There are more than 40 languages each at various levels. You can learn a few words for a vacation or learn the language to use it extensively

Local groups such as quilting and knitting meet at the library. Adult Education groups and local organizations find the library a comfortable place to hold meetings.

Two monthly Book Groups for adults and a variety of programs, books and materials for Exeter residents of all ages keep the library an active and lively place all year long.

Children can enjoy stories and art projects in the Children's Room while their parents or caregivers have a chance to choose books or just sit and relax in the comfortable seating area. Monthly book discussion groups for children 1st grade to 5th grade, teens in 6th grade and 9th grade and up have over 100 children in the library on a Saturday.

Exeter Library's Teen Scene has moved to a larger area on the main level in response to the increasing number of teen library users. The Teen Advisory Board is still going strong and planned a preview opening of the new teen area to ask this population for suggestions for colors and furniture for their area.

Librarians bring programs to the children at the Exeter Recreation Summer Camp and Great Bay Kids Summer Camp at the Exeter Elementary Schools. They bring books and book talks to Exeter seniors at several locations. When there is a need they even deliver books to our residents who are not able to get out.

The Library collects food for the local food pantry instead of fines and collects gently used clothes for Exeter Human Services.

Through access to all types of books and information the library is able to offer Exeter residents the opportunity to read, hear, and see whatever interests them in whatever format they may choose, be it books, magazines, audios, DVDs, downloaded e-books or downloaded audio-books, email, or the internet.

Respectfully submitted,

Hope Godino

Dewey celebrates his 3rd birthday
March 2010

PUBLIC WORKS DEPARTMENT

After many months of hard work, the new Pavement Management Plan completed by Town Engineer Paul Vlasich was presented to the Selectmen on April 12th. The new plan is built on MicroPaver; in addition to an inventory of road data and condition assessments, the program predicts future road conditions based on various budget scenarios. The current value of the Town's roadway system is approximately \$53 million, by far the Town's most valuable asset. In order for the Town to maintain the current average road condition, the annual paving budget should be approximately \$1.32 million. Continuing to budget at the current level of \$0.5 million per year will allow the average road conditions to degrade and cause an accumulation of backlog of work. The current backlog stands at \$6.9 million. Paving projects completed in 2010 included reconstruction of Pine Road and paving of Holland Way, Epping Road, and Front Street adjacent to the rail crossing.

In an effort to reduce costs and environmental impacts, Highway Department Superintendent Jay Perkins recommended the installation of new salt/sand spreader control units on all the heavy trucks. This allows for calibrated application of salt to the roadways and reduces application rates by as much as 15 to 20%. This does not affect the safety of the roads or the travelling public, but results in savings that pays for the control units in as little as 2 years.

Several projects were successfully completed by the Maintenance Department including improvements to Town Office security, expansion of the Town Clerk's counter and office area, renovation of the Town Office break room, painting and repairs to the Town Hall cupola, repairs and refinishing of the Town Hall auditorium floors and replacement of the stage curtain, installation of a bronze handrail on the steps at the historic Bandstand that matches the existing rails, and assistance with the Recreation pool bathhouse renovations. Maintenance Superintendent Kevin Smart also participated in the Energy Committee, and implemented many of their recommendations, including energy audits of the Public Safety Complex and Town Hall.

The Town received final approval from NHDES for the reactivation of the Gilman and Stadium Wells in September. The conceptual plan has been developed for a groundwater treatment facility sited at either Gilman Park or adjacent to Lary Lane Well, and associated piping improvements. The wells could meet the Town's current average day demand for water and a lower capital and operating cost than a new surface water treatment plant. The next steps will be final site evaluations, final design and construction, if approved in March 2011. Additional groundwater resources will be investigated to provide additional sources in the future.

The Surface Water Treatment Plant at Portsmouth Avenue continues to provide the majority of drinking water today, and will continue as part of an integrated surface and groundwater system. Water & Sewer Managing Engineer Mike Jeffers has led many improvements completed this year including rehabilitation and reactivation of the upper backwash lagoons to provide storage and reduced flow rates to the sewer system. Also, security improvements including fencing were added at the plant and Skinner Springs. Design of instrumentation and control improvements for the plant and remote pump stations and tanks was started and final installation will continue into 2011. Total

trihalomethanes, which are formed when disinfectant reacts with natural organic matter in the water, were exceeded in the 3rd and 4th quarters. This resulted in public notice of the violations; improvements to process control and instrumentation are underway to reduce these disinfectant byproducts.

In October, the Town received an Administrative Order from USEPA due to continued combined sewer overflows (CSOs). Despite the Town's multi-decade efforts to remove sources of stormwater inflow and groundwater infiltration into the sewer collection system, inflow and infiltration (I & I) are still problematic for the system. The Phase 3 I & I study, which was conducted in 2010, has identified areas of high I & I rates that will need to be addressed to reduce CSOs.

Additional challenges and decisions will face the Department and Town in the next year or two. These include the imminent inclusion of nutrients in the Wastewater Treatment Plant discharge permit that will require significant capital improvements and modifications to the treatment processes and facility; the Great Dam Removal Feasibility Study and resulting considerations for the dam; and continuing capital investments in water, sewer and drainage main replacement programs.

I thank all Public Works employees for their hard work to provide essential, quality services and their dedication to the community. I also thank the citizens of Exeter for their support. I also thank the other Town departments and employees, Town Manager and Board of Selectmen for their guidance, support and assistance throughout the year.

Jennifer R. Perry, P.E.
Director of Public Works

Drain line replacement at Public Works

HUMAN SERVICES

The Human Services Department provides temporary assistance to qualified individuals and families for basic living needs such as shelter, utilities, and medical needs in compliance with New Hampshire R.S.A. 165. The assistance is always granted in the form of a voucher and is funded by the town's operating budget. The Human Service Department also provides information and access to local, state, and federal resources to assist those in financial crisis, on a temporary or ongoing basis. The town contributes to social service agencies in the local area, which provides valuable help to our residents.

This has been a very challenging year for many folks; it appears that everyone knows somebody who's struggling to make ends meet. Many times it takes forming a combination of various resources to get their needs met. It's unfortunate that we are not able to resolve all the issues that come before us however we make an effort to do what we are able to.

The office is open on a part-time basis Monday – Friday 8:30 a.m. to 1:30 p.m. Residents in need of assistance can reach me at 778-0591 ext. 116 or if I am unavailable leave a message on my voice mail. Certain qualifications and documentation are needed to be eligible, and different options are always provided for residents to pursue.

Exeter residents are especially thankful for the assistance available to them from the town through the Human Services Office. Yet again special appreciation for all the support from the local churches, community organizations, and private citizens that continue to contribute to the population of those in need during their difficult times. I also would like to express thanks to the Board of Selectman, our Town Manager, fellow Department Managers, and all other town employees for your cooperation and support during this past year.

Respectfully Submitted,

Sue Benoit
Human Services Director

General Meeting Times for Town Boards and Committees

Board/Committee	Day of Month	Time	Location
Board of Selectmen	Monday	7:00PM	Town Office-Nowak Room

2010 Transfer Station Permits sold	1557

CONSERVATION COMMISSION

In 2010 the Conservation Commission continued their efforts to expand public awareness of conservation lands in town. Many of these projects stemmed from the recently-completed Trail Management Plan recommendations. Projects this year included installing maps on the existing kiosks at the main trailheads for the Henderson Swasey and Oaklands town forests. The trail maps included color-coded trails. With the assistance of Cynthia Fields the trails were also marked on the ground with matching color coded trail blazes. Trail brochures which include a map and description of the trail features were developed and are available for printing on the town's website or water proof versions can be purchased from the Planning Department. It is hoped that this will encourage new users to safely explore the area. These trails were highlighted by hosting public events including a National Trails Day event and an animal track identification hike in the winter lead by wildlife enthusiast David O'Hearn. Several local trail enthusiasts held publicly attended races throughout the year. The organizers Reeder Fahnestock and Sarah Silverberg generously donated a portion of their proceeds from these events to be used for future trail work.

Several trail improvements were conducted with the dedicated assistance of many volunteers from the Trail Management Committee, Timberland Co., Philips Exeter Academy students and staff, New England Mountain Biking Association members, volunteers from the Exeter Christ Church and several local Life Scouts. Much of this work would have been impossible without the assistance of Jay Perkins and his staff at Exeter's Department of Public Works (DPW) either by providing guidance during the planning, or assistance in preparation for or during these events. Following the winter ice storms, numerous volunteers assisted with the arduous task of clearing the large trees that blocked the trail. Trail Committee volunteers concentrated their efforts in the two town forests while Mark Dolloff and David O'Hearn cleared trails in the Little River area. Trail improvements throughout the year included the "Hamburger Hill" realignment at Oaklands, relocating of the McDonnell trail away from the river to avoid contributing to riverbank erosion, improving the trail surface along the Jolly Rand trail, installing a foot bridge and the initial trailbed work at Raynes Farm with the help of Alan Corey. Mark Dolloff and David O'Hearn replaced the planking at the Dudley Brook Bridge using boards Mark's father, Carroll Dolloff cut at the original mill that stood where the Dolloff Farm development now sits. Carroll Dolloff's tradition of dedication to conservation continues today through his son's continued effort and enjoyment of the beautiful Little River corridor. Also this year, the DPW staff designed a new flood-resistant replacement footbridge on the Little River using materials re-claimed from the old water tower.

The Conservation Commission and Raynes Farm Stewardship Committee continued to implement projects to maintain the barn and improve public use of the Raynes Farm property. This year, the Conservation Commission re-signed a 5 year lease agreement with Stuart Farm. They continue to sustain the area as a working farm and the important grassland habitat it provides. Several roof leaks that occurred as a result from winter wind storms were repaired using insurance claim funds. The area was highlighted in a Service Event for a local church group which worked to install a trail, remove invasive plants and maintain the re-claimed Wiggin gravesite. A footbridge was later installed with the help of volunteer Alan Corey.

In addition to trail and outreach events, the Conservation Commission continued to improve our understanding of the natural resources in town. Surveys were conducted on several parcels of conservation land to document potential vernal pools. A group of members went out during a rainy spring thaw evening to conduct a "Big Night" survey during spring salamander migration. Work to inspect conservation lands for mis-use, invasive plant presence and to mark boundaries to improve public awareness continued and will become an annual effort. Members also participated in the biweekly water quality monitoring for the Exeter and Little Rivers during the months of May – September as part of the state Volunteer River Assessment Program. In addition, several land

the Morrissette property located south of the Exeter River between Court and Linden Street. They met with representatives from UNH Cooperative Extension to discuss future management goals. In addition, the Morgan Ryan property was transferred from the Nature Conservancy to the town.

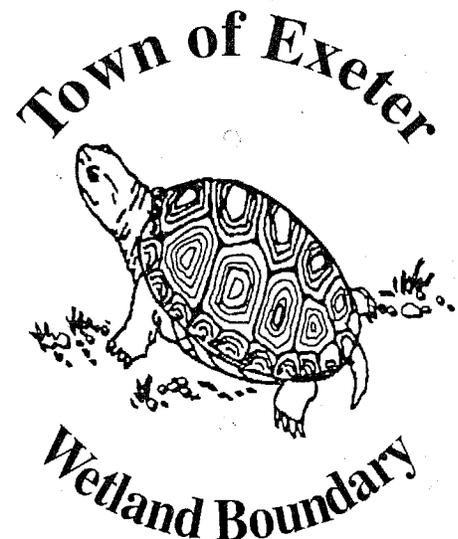

In reflecting upon the accomplishments of 2010, the Commission is again reminded of their fortunes with such a dedicated group of volunteers, including those serving on the board itself and thanks each and every one of you!

Exeter Christ Church Volunteers at Raynes Farm

Metal Conservation & Wetland boundary markers are available at the Planning Office for \$1.00 each. (shown smaller than actual size)

PLANNING BOARD

After years of thoughtful leadership by Langdon Plumer and Dennis Derby, I was honored to serve as Chair in 2010. Gratefully, I had much assistance from the Board's new Vice Chair, Ken Knowles. While sitting on the board for the past ten years, I have learned patience, humility and moderation from Lang and Dennis. As I continue in this role, I will strive to utilize these qualities in my chairmanship.

For 2010, the makeup of the board remained relatively the same. Most of the members have remained on the board for more than a decade. Members' dedication and consistency has resulted in a very educated and effective board. The Board was lucky enough to gain one new alternate member in 2010, Peter Cameron. Still, as with all our volunteer boards, we look forward to new volunteers in the year to come.

Much like the economy, 2010 was a quiet year for the Exeter Planning Board as developers remained cautious. The lull gave the board a chance to work on new Site and Subdivision Regulations as well as approve some unfinished chapters of the town's Master Plan.

Despite the quiet year, the board did approve a few minor subdivisions resulting in four additional lots. Also, Linden Commons, a 25 lot, open-space development off of Linden Street was conditionally approved after a three year planning process. Another long-term case involved the property formally owned by the VFW on Columbus Avenue. This was conditionally approved for a seven unit, cottage style community.

Commercial projects included the new parking lot configuration for 100 Domain Drive (the old Apollo Computer building) in the Stratham Industrial Park. This property straddles the Stratham-Exeter line. With the new configuration, the owner will be able to market the property as a multi-tenant building which will hopefully attract new businesses to the area.

As always, the subcommittees of the Planning Board were busy working through yearly goals. The Zoning Ordinance Review Committee continued to work to bring the Zoning Ordinance in compliance with goals set forth in the town's Master Plan. These new regulations will be part of the March 2011 ballot. The Capital Improvements Project Committee worked diligently with various departments to develop a recommended list of projects for 2011 for use by the Budget Recommendations Committee and the Select Board. None of these committees could be productive without the expertise of our Town Planner, Sylvia von Aulock, who took the Capital Improvements Project Report to new heights this year.

The Planning Board could not function without the support of the staff of the Planning Office. The town does indeed have a wonderful asset in the makeup of this office with the years of experience and the knowledge that these employees possess. A special thanks goes to Sylvia von Aulock, Town Planner; Barbara McEvoy, our recording secretary and Deputy Code Enforcement Officer; Christine Szostak, Secretary; and Kristen Murphy, Natural Resource Planner.

Regards,

Kathy Corson
Chairwoman

ZONING BOARD OF ADJUSTMENT

The Exeter Zoning Board of Adjustment sits as a five member quasi-judicial body to hear and decide on four types of applications: variance, special exception, appeal from administrative decision and equitable waivers of dimensional requirements.

The Zoning Board of Adjustment convened for eleven meetings in 2010 and considered a total of twenty-four (24) new applications:

- * Special Exception applications: 3 *received*, 1 withdrawn, 1 granted and 1 denied.
- * Variance applications: 16 *received*, 12 granted, 2 denied and 2 tabled.
- * Appeals from Administrative Decisions: 1 *received* and 1 denied.
- * Equitable Waivers of Dimensional requirements: 2 *received* and 2 granted.
- * Rehearing Requests: 2 *received* and two granted.

The "Zoning Ordinance Review Committee" (ZORC), a subcommittee created by the Planning Board in 2006 to conduct a comprehensive, chapter-by-chapter review of the Exeter Zoning Ordinance, met regularly throughout this year. They will continue to meet throughout 2011 to discuss various zoning issues and review the existing ordinance.

The board would like to acknowledge Mr. Michael Dawley and thank him for over fifteen years of service to the Exeter community as a Zoning Board of Adjustment member!

Respectfully submitted,

Hank Ouimet
Chairman

HISTORIC DISTRICT COMMISSION

Here in Exeter we are blessed with a particularly lovely town. Our Federal and Victorian buildings along the banks of a cleaned-up river make a uniquely beautiful place to live, work, and attract visitors. The purpose of the Historic District Commission – as it clearly states on every District use application – is to “preserve Exeter’s heritage as seen in its exterior architecture while promoting full use and enabling development”.

We do this by reviewing any proposed changes to the outside of any building in the district. Mostly these are simple, such as new signs, windows, and doors.

Sometimes there are structural changes. This year we even had a church that put a communications tower in its belfry – perfectly acceptable, and totally unnoticeable from outside.

Sometimes the changes are drastic and final as when we are looking at tearing down a building. We have reworded the section on demolition in our guidelines to be sure any structure scheduled to be torn down gets checked by the Heritage Commission first. This is to be sure we don’t lose something important because nobody realized its significance. As I write this we have just had our first public reading of this change of procedure.

The Historic District Commission meets the third Thursday of the month in the Nowak Room of the Town Office, our meetings are public and we welcome visitors.

Respectfully submitted,

Pamela Gjettum, Chairman

Moving their “house” along the Squamscott River

HERITAGE COMMISSION

The Heritage Commission was established at the February 2006 Town Meeting. The Commission meets, weather or schedule permitting, on the first Wednesday of each month at 7:00 p.m. in the Wheelwright Room of the Town Office.

The Commission's primary purpose is to provide recommendations and advice to the Board of Selectmen and other town boards and commissions relative to the Town of Exeter historical and cultural resources. At the Heritage Commission's recommendation the Town of Exeter applied for and received Certified Local Government designation through the New Hampshire Division of Historical Resources in 2009. This is a program that is designed to promote the preservation of pre-historic and historic sites, objects, buildings and districts by establishing a partnership between a local government and the New Hampshire Division of Historical Resources.

In December of 2009 the Heritage Commission was notified that it was awarded a grant through the Certified Local Government Program to conduct a town wide mapping survey, which is the first step in the process that will eventually identify historical and cultural resources throughout the town. A full town wide survey is a comprehensive effort that will take several years to complete. In 2010 the Town also received a grant for a planning study for the historic Winter Street cemetery. During 2011 the Heritage Commission is looking forward to taking an active role in understanding the historical and cultural implications of removal of the Great Dam in downtown Exeter. The Heritage Commission will be seeking interested town residents to help with these efforts.

In 2009 the citizens of the Town voted to adopt a Demolition Review Ordinance. This ordinance provides for the opportunity to seek alternative options for our historical resources for a specified time prior to possible demolition. The Heritage Commission received five formal requests for buildings to be demolished in 2010. Four of those no longer exist, the fifth remains standing and has been deemed to be historically significant, but its demolition appears eminent. The Commission also keeps a watchful eye for potential opportunities that would help the Town preserve and to better understand its historical and cultural heritage.

Respectfully submitted,

John W. Merkle
Chairman

EXETER RIVER STUDY COMMITTEE

This past year, the River Committee's primary focus has been on the Great Dam removal feasibility study. Most of the work has been done by a work group, composed of members of the River Committee, Exeter River Local Advisory Committee, the Exeter Department of Public Works, and the N. H. Department of Environmental Services. This work group was co-chaired by Mimi Becker of the River Committee and Deborah Loiselle, N.H. Department of Environmental Services.

The work group developed a Request for Proposal (RFP) for consultants to gather information that would fill gaps in our data, be the basis for state and federal permitting, allow assessment of historical, cultural and environmental impacts, and address locally identified concerns. A goal of the RFP is that at the completion of the feasibility study the citizens of Exeter would have enough information to determine whether they wanted to remove or renovate the Exeter River Great Dam.

To ensure that local concerns were clearly identified and incorporated into the RFP, the work group, supported by the Rockingham Planning Commission, held a Public Meeting on 29 April 2010. Facilitated by Theresa Walker and others, more than 100 members of the public participated in this meeting. A report of participants' issues, questions, concerns and information brought forward was compiled and posted the Town website, as well as made available to those who requested it.

The Board of Selectmen approved the RFP document in the Fall 2010. The RFP went to bid in late October.

The River Committee then set up a Contractor Selection Committee, chaired by Paul Vlasich from Exeter Department of Public Works. This committee included Eric Hutchins, NOAA, a key Federal partner.

Having received six bids, the selection committee began its review process in mid- December. Currently, the committee is waiting responses to a set of questions from the contenting firms.

Additionally, the River Committee's recommended river hazards policy, clarifying the responsibilities for river hazard removal, providing an approach to river hazards for the Town, and informing the property owners along the river, was approved by the Board of Selectmen.

Respectfully submitted,

Lionel Ingram
Chairman

EXETER RIVER LOCAL ADVISORY COMMITTEE

The Exeter River Local Advisory Committee (ERLAC) celebrated its 14th year of stewardship of the river and its watershed in 2010. The year was marked by productive partnerships with several organizations, including the Rockingham Planning Commission, NH Department of Environmental Services, NH Coastal Program Piscataqua Region Estuaries Partnership, Eastern Mountain Sports, and local Conservation Commissions. These partnerships provide ERLAC with an opportunity to work with communities in the watershed to advocate effectively for the protection of water quality, water quantity, wildlife habitat, and recreational opportunities.

ERLAC partnered with the Brentwood Conservation Commission to hold the 9th annual vernal pool workshop in May. Children and adults waded into woodland pools to identify salamanders, turtles and clusters of frog eggs. Development of forestland threatens vernal pools in every watershed community, and ERLAC continues to advocate for the protection of vernal pools and their forested uplands.

In June, ERLAC partnered with Eastern Mountain Sports on an event designed to get people out on the river in canoes and kayaks. Dozens of people, adults and children, paddled the lower Exeter River on new boats provided by EMS or on their own boats, leaving from Gilman Park in Exeter and guided by ERLAC representatives.

ERLAC continues to work closely with the NH Department of Environmental Services (DES) on projects of great importance. The first project was the geomorphic assessment of the Exeter River, a two year project completed this year. The purpose of the assessment was to identify erosion and other threats to water quality. ERLAC will continue to work with DES and watershed communities to implement restoration projects identified in the Plan. The second project was the nomination of the lower portion of the Exeter River and the tidal Squamscott River to the NH Rivers Management and Protection Program. ERLAC worked closely with DES staff to complete the nomination and the numerous public information meetings held in the watershed to explain the nomination. ERLAC is hopeful all of the river, fresh and tidal, will be enrolled in the RMPP in 2011.

ERLAC is comprised of dedicated volunteers that meet the fourth Tuesday of each month at 7:00PM in the conference room at the Rockingham County Nursing Home in Brentwood. Representatives are needed from your community. Please call 778-0885 for more information, or visit www.exeterriver.org

Exeter Arts Committee

The Exeter Arts Committee's mission is to encourage, support and promote the arts in Exeter and surrounding towns. The Committee is appointed by the Board of Selectmen and consists of nine citizen members (six of whom must be residents of Exeter) and one representative from the Board of Selectmen. With the exception of the Selectmen's Representative, Committee members serve staggered three-year terms. The Committee meets in the Gallery, once a month on the FOURTH Thursday.

The Exeter Arts Committee continues its stewardship of the historic Town Hall Gallery in the old Town Hall and it provides collaborating opportunities in the gallery's workroom. Continued improvement of the gallery space is one of our major goals, as well is optimizing its use.

A chronological history of the activities and shows at the Town Hall Gallery

January –February 2010: Independent of the Committee, itself, the Gallery was used for a wonderful show of photographic works, mounted by the NEW HAMPSHIRE SOCIETY OF PHOTOGRAPHIC ARTISTS. The Society borrows the space free-of-charge. They have a great show, and they make superb use of the space. Their show typically continues into February. They are very respectful and appreciative of the gallery space. (2011 may see them adding an additional show, focusing <pun intended> on Exeter, England, sometime in the fall.)

March of 2010: was slightly different from our usual schedule. With the entire Town of Exeter celebrating the sesquicentennial of Lincoln's visit, we were delighted to have the Historical Society make great use of the gallery space for an exhibit on historical aspects of the Town and Lincoln's visit.

March into April 2010: The EAC sponsors a YOUTH ART MONTH which completely fills the gallery with artwork from students from Kindergarten through Twelve grade. In 2010, 12 area public, private and charter schools shared artwork selected by their art teachers. Wonderful energy for this show is generated by visits from classes from the participating schools, which are used as educational experiences. It is a great joy to watch the students show off their works to fellow students, teachers, and their families. Attendance at this show is usually among the highest of the year. For the first time in 2010, one of the schools used the gallery to hold a real 'class', spending time comparing, contrasting and commenting on the art. We hope to have more experiences like this in the future!

April -May 2010: Every year, EAC presents the SPRING SHOW, with a theme of renewal and regeneration. This show is focused on spring, with works featuring flowers and environmental themes. This show often continues into May, and is frequently a good source for Mother's Day gifts!

July 2010: In 2010, the SAA used the Gallery for a show of its own, this year called SPLASH. Beach chairs, sand buckets and blankets accented the theme.

September 2010: Under the guidance and enthusiasm of special EAC friends, Dean Scott and Bill Childs, we offered a new and exciting show to the fall line-up. Labeled "Emerging Artists" this year, it featured some more daring and unusual works of all media by artists under 30. 2011's show will be altered slightly to focus entirely on artists under 30 and will therefore be called "30 under 30." 2010's show was the most well-attended of all of our shows and brought new faces and vitality to the gallery. In fact, "Emerging Artists" owed a good portion of its success to the energy of Gillian Fournier, who is now an official member of the EAC!

October-November 2010: October also brought us a new show! Having discovered that October was apparently 'country fair' and 'quilt' season, we decided to alter our show schedule. Under the chairship

of Barbara London, the Gallery was filled with art-with-accompanying poetry. Barbara's connections in the music, art and poetry communities brought us more new faces. We were delighted with the response and with the show. Interestingly, this particular show seems to invite guests to return for second visits! A good thing!!

November 2010: The Exeter Center for Creative Arts put the Gallery space to great use with their Holiday Show. ECCA is very active with local artists and supplies us with a wide variety of talents!

December 2010: Historically our most active show, the Holiday show joyfully begins the same day as the Festival of Trees. This year's show was slightly smaller, perhaps due to more craft and art shows in the area, and to an economy that does not necessarily encourage purchase of art. We are certainly hoping for a healthier economy next year, but are happy to be able to offer so many shows FREE of charge!

In addition to these recurring shows, we also are entrusted with supplying **art for the walls of the Town Office**, across the street from the Gallery. We hold a so-called Lottery Day three times a year (every four months) to change the displays of local artworks...all original photos, watercolors, oils and pastels. From the Nowak Room, down through the hallways and stairs, our local artists get a chance to share their work with the town.

As part of this additional 'exposure' (pardon the pun), and with the blessing of the Townspeople, the committee was very excited to upgrade the quality of lighting in the room. Removing the anti-art fluorescent lights was a rewarding experience!! Our next capital dream is to redesign the moveable walls of the gallery. The current gray fabric walls are not permanent and are a bit wobbly when in contact with energetic youth. The fabric is also starting to show signs of the frequent application of nails, screws and Velcro. All in good time, as they say.

Our very active and talented co-chair, Bev Tabet, has taken over the responsibility of the EAC website and she has done a fantastic job. An avid photographer, Bev updates the website with her own photos as every show appears. Please enjoy them at www.exeterarts.org. Note that we have also changed our website to a much easier and more recognizable URL.

For 2011, we are exploring options for other new and different shows! In February, The Open Studio (formerly the Painting Club), will mount their first show with a percentage of their 'profits' going to the American Heart Association. We are also entertaining the option for an 'abstract' art show during the summer, under the leadership of Gillian Fournier. Also, in May, in coordination with the Exeter's Got Talent Day, the spring show will be called "Our Town" and will focus on local landscapes, scenes and faces. It has also been mentioned that the New Hampshire Art Teachers' Association might be interested in having a place to show off their talents. Someday, we hope to have continual shows, every week-end, throughout the year!!

We, all the members and friends of the Exeter Arts Committee, are very honored and proud to be part of such a cooperative, enthusiastic committee and to participate in such a positive endeavor!!

Please do visit our website, check our calendar often and enjoy the great photos!!

Appreciatively,

Jane Kiernan, Chair 2010-2011

Bev Tabet, Co-Chair 2010-2011

ROBINSON FUND

The Robinson Fund is an Exeter charitable trust whose citizens elect its seven members. The funds were given to the Town in 1853 by the Will of William Robinson, an Exeter native who attended Phillips Exeter Academy and for whose sister existed no similar educational facility in the area. The Will specified that the funds be for "the only and sole instruction of females...all other things being equal, always to give preference to the poor and the orphan." In 1869 the newly-built Robinson Female Seminary opened its doors to females from the Exeter area.

From 1869 until 1955, Robinson Seminary was the only public school in Exeter to serve post-elementary females (males attended the Tuck High School). In 1954 the School District passed a bond issue to build an addition to the Tuck School. The first co-educational class graduated from Exeter High School in 1956. A fire in 1961 destroyed the Seminary building. The Lincoln Street Elementary School and related playgrounds now occupy the site.

Four of the current Robinson Fund Trustees attended the Seminary; two are graduates and two attended the Seminary but graduated from the then new co-ed Exeter High School.

In the early 1990's, to avoid discrimination on the basis of gender, the Trustees petitioned the County Probate Court. In 1996 the Court issued a decree that discontinued the existing income distribution and established a new Trust purpose: "...to create a fund to provide opportunities to enrich and enhance the educational experience of post-elementary age individuals within the area served by the Exeter Region Cooperative School District, through the development of programs, scholarships and grants." Following this new decree Trustees awarded the first Robinson Fund Scholarships to graduating seniors of the Exeter Region Cooperative School District in June 1998.

In 2010 the Robinson Trust Fund awarded \$50,750 in college scholarships to eleven Exeter High School graduates ranging from \$3,000 to \$10,000 a year. Scholarship awards, given for up to four years, are based on financial need. Recipients must maintain satisfactory grades throughout their college experience to continue receiving the scholarships.

Additionally, trustees approved and paid grants to the Abraham Lincoln educational observance program which was carried out on various school levels totaling \$15,713, and miscellaneous expenses (foreign tax withholdings, printing, etc.) of \$517.00. Management fees paid to Cambridge Trust Company totaled \$13,452 for the year. As of December 31, 2010, the trust fund balance stood at \$1,576,162, up \$42,447 over the previous year.

Respectfully,
Harry Thayer, Secretary
The Robinson Fund Trustees

Peter Smith, President; Joanna Pellerin, Vice President; Patricia Qualter, Treasurer; Barbara Gagne, Joan Smart and Judy Churchill.

Income Balance 12/31/2010	\$ 46,856

TRANSPORTATION COMMITTEE

(A timeline of events reported in chronological order.)

March: At a monthly Transportation Committee Meeting, Rad Nichols of Coast Bus noted that expansion of Route 7 service wouldn't be possible due to under-funding of the Coast Bus requests from Exeter for operating expenses.

April: The New Hampshire Department of Transportation's Transportation Enhancement Program announced approval of a \$403,200 grant to purchase the baggage-building portion of the former train station located on Lincoln Street. This project proposal was one of only two in the Rockingham Planning Commission area to be funded in this round of grants. Seventy percent of the purchase price will be grant funded, or \$282,240; the remainder of the project includes both in-kind services and \$71,960 in funds.

May: In Concord, at the Local Government Center's Seminar, Practical Steps for Planning Community Transportation, Exeter's Local Option Fee is recognized as a "success story".

June: HB 1138 goes into effect allowing the Selectmen to expend funding from the Local Option Fee for the purposes for which it was intended, without the need of holding a special Town Meeting or requiring a vote at the Deliberative Session.

July: A mid-year service report reveals the Rockingham Nutrition Meals-on-Wheels program's transportation budget is outgrowing its funding due to increased ridership.

August: The annual New Hampshire Department of Transportation Report shows a small increase in NH Highway block grant funding. The total amount of \$289,000 is slated for Exeter's Class IV (Urban Compact) Highways and Class V (Town) Highways. This money is returned to the Town of Exeter mostly from the roughly \$790,000 that Exeter resident's pay to the State of New Hampshire when registering their motor vehicles.

September: Local Bus Service Planning Grant thru Tiger II was not successful in its bid for funding. Twenty million dollars went to the Portsmouth Bridges project. A planning grant went to the Town of Claremont & to the Upper Valley, Lake Sunapee Region Planning Area.

October: The Transportation Committee endorsed supporting a recommended \$1.50 increase of the Local Option Fee to fully fund transportation services and improve access to other transportation services. This would bring the fee up to \$4.00. The Committee also recommended creating a seasonal in-town bus loop service connecting neighborhoods and town services. A trial run would consist of providing a passenger bus for eight weeks and include such stops as the Library, the Rec. Park (pool and tennis courts), Town Office and Swasey Park, aside from various neighborhoods. Initial cost estimates for the service are approximately \$10,000.

Also in October: PlanNH, along with staff and town officials organized a public workshop involving residents from the Lincoln Street Train Station area to take part in a public planning effort in an attempt to identify potential improvements and overcome neighborhood issues. In January of 2011, the results of the event will be presented, identifying opportunities to improve this area of town.

November: Exeter is recognized at the New Hampshire Department of Transportation's State Coordination Council meeting for Innovative & Sustainable Transportation funding for its Senior & Handicapped residents. Also, the T.A.S.C. program received an award for Outstanding Community Transportation Coordination Project. Two of the four awards earned in the Seacoast area went to Exeter area organizations.

Existing Transportations Services: Rockingham Nutrition & Meals on Wheels Program, (603-679-2201), provided a total of 6,726 rides for seniors for the first 11 months of 2010. Those trips can be organized into the following categories:

2,461 Site Trips

includes rides to the Senior Center for activities, meals or both. a 35%increase

770 Medical Trips

includes annual exams, illness check-ups, chemotherapy & regular dialysis treatments

1,954 Shopping Trips

Regularly scheduled runs to Exeter area grocery stores and local pharmacies. A 29% increase

2,541 Other Trips

Miscellaneous: ex: hairdresser appointments, Post Office, Town Office & banks.

It is estimated that the organization will provide approximately 7,588 rides for the full year.

A ride is defined as 1 person per destination or each way whether the ride is curb-to-curb, door-to-door or door through door as different services have different abilities.

On a monthly basis, the Meals on Wheels program averages roughly 632 in-town rides to seniors per month.

Transportation Assistance for Seacoast Citizens Program T.A.S.C., will have provided roughly 220 rides per month, both in town & out of town. A 29% increase over 2009.

The Taxi vouchers program continues to be a success. Of the vouchers sold, 32% sold were seniors in their sixties, 33% in their seventies, 34% in their eighties, and 1% in their nineties.

Lamprey Health Care's A.D.A. wheel-chair compatible service estimates 2,350-2,500 rides including a shopping trip service.

Coast bus route 7 & A.D.A compatible wheel chair service estimates 6,650 rides this year.

The Committee will continue to identify potential funding sources via the various streams of federal funding including those identified by the Governor's Commission on Disability.

As always, we will examine ways to supplement rather than duplicate existing services with other transportation systems.

Proper funding and continued recognition by local, county and state agencies will enable Exeter's Transportation Committee to successfully serve the town. One way to insure the committee's sustainability is to encourage town residents to volunteer to fill vacancies. If you are interested in transportation related issues, please make inquiries with the Town's Administration Office and join our group.

With warm thanks to all Committee members who's hard work & dedication allowed the many milestones to be achieved.

Respectfully,

Don Woodward, Chairman

TRUSTEES OF SWASEY PARKWAY

The Swasey Parkway continues to be one of the most visited and used spots for many town citizens and visitors. This beautiful park along the banks of the Squamscott is a peaceful refuge for a lazy stroll on a warm summer day, an early morning jog, a picnic with family or friends or just simply a quiet place to sit and take in the beauty of the surroundings and the warmth of the sun.

Once again the trustees would like to thank the Town of Exeter for its continued support of \$10,000 each year to help support the maintenance of the park. These funds assist us in pruning the shrubs and trees and to provide continued landscaping which we would not be able to do from the earnings from the trust fund.

For a second year in a row Yankee Clipper Landscaping has done a great job getting the park mowed quickly so the public can enjoy the park. Thanks again to Phillips Exeter Academy students, who during their annual Community Action Day, rake up and clean the parkway.

The Parkway Pavilion continues to be a popular place for wedding receptions, concerts and other general public performances including the Parks and Recreation Department summer concerts. What a beautiful way to spend a warm summer evening in the park!

The Parkway is also home to the Farmer's Market, which is held every Thursday afternoon. This event has grown in size and popularity.

We are committed to keeping the park as a welcoming place for our town.

Respectfully submitted,

Jay Perkins

www.melansonheath.com

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Exeter, New Hampshire

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Exeter, New Hampshire, as of and for the year ended December 31, 2009, which collectively comprise the Town's basic financial statements as required by accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 2 in the financial statements, management has not recorded a liability for its net OPEB obligation in its governmental activities, and accordingly, has not recorded an expense for the current period change in that liability. Accounting principles generally accepted in the United States of America require the liability be presented in the government-wide financial statements. The amount that would be reported in government-wide financial statements for the Town's governmental activities are not reasonably determinable. The Town estimates that the amount to be reported in the enterprise funds and business-type activities is immaterial.

Additional Offices:

Andover, MA • Greenfield, MA • Ellsworth, ME • Manchester, NH

In our opinion, because of the effects of the matter discussed in the preceding paragraphs, the financial statements referred to previously do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the governmental activities of the Town of Exeter, New Hampshire as of December 31, 2009, or the changes in its financial position for the year then ended.

In addition, in our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Exeter, New Hampshire, as of December 31, 2009, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Town has not presented a Schedule of Funding Progress of its Other-Post Employment Benefits Liability that, under accounting principles generally accepted in the United States, is necessary to supplement, although not required to be part of, the basic financial statements.

In accordance with *Government Auditing Standards*, we have also issued a report dated November 18, 2010, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Melanson, Heath + Company P.C.

TOWN OF EXETER, NEW HAMPSHIRE

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Exeter (the Town) conform to generally accepted accounting principles (GAAP) as applicable to governmental units, except as indicated in Note 2. The following is a summary of the more significant policies:

A. Reporting Entity

The government is a municipal corporation governed by an elected Board of Selectmen. As required by generally accepted accounting principles, these financial statements present the government and applicable component units for which the government is considered to be financially accountable. In fiscal year 2009, it was determined that no entities met the required GASB-39 criteria of component units.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded

for the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as is the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Fund Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The government reports the following major governmental funds:

- The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

The government reports the following major proprietary funds:

- The *Water fund* accounts for the operating activities and capital projects of the Town's water services.
- The *Sewer fund* accounts for the operating activities of the Town's sewer services.

The *private-purpose trust fund* is used to account for trust arrangements, other than those properly reported in the pension trust fund or permanent fund, under which principal and investment income exclusively benefit individuals, private organizations, or other governments.

The *agency funds* account for fiduciary assets held by the Town in a custodial capacity as an agent on behalf of others. Agency funds report only assets and liabilities, and therefore, have no measurement focus.

D. Cash and Short-Term Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in the General Fund. Certain special revenue and fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts. A cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements

under the caption “cash and short-term investments”. The interest earnings attributable to each fund type are included under investment income.

E. Investments

State and local statutes place certain limitations on the nature of deposits and investments available. Deposits in any financial institution may not exceed certain levels within the financial institution. Non-fiduciary fund investments can be made in securities issued by or unconditionally guaranteed by the U.S. Government or agencies that have a maturity of one year or less from the date of purchase and repurchase agreements guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase.

Investments for the Trust Funds consist of marketable securities, bonds and short-term money market investments. Investments are carried at market value.

F. Interfund Receivables and Payables

Transactions between funds that are representative of lending/ borrowing arrangements outstanding at the end of the fiscal year are referred to as “due from/to other funds” (i.e., the current portion of interfund loans).

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (for enterprise funds only), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$ 10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	30
Building improvements	20
Infrastructure	25
Vehicles	5-15
Office equipment	5
Computer equipment	5

H. Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vested sick and vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

I. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

J. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

K. Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of the revenues and expenditures/expenses during the fiscal year. Actual results could vary from estimates that were used.

2. Departures from Generally Accepted Accounting Principles

The significant departures of the financial statements from generally accepted accounting principles are as follows:

- Management has elected not to report Other Post-Employee Benefits as required by GASB 45.

3. Stewardship, Compliance, and Accountability

A. Budgetary Information

The Town's budget is originally prepared by the Town Manager under the supervision of the Board of Selectmen. It is then reviewed by the Budget Recommendations Committee. The Board of Selectmen then finalizes the operating budget, which is subject to deliberative session under RSA 40:13.

The final version of the budget is then voted on by the general population at the ballot the second Tuesday in March of each year. Should the operating budget of the Town fail to pass, the Town operates under a default budget as described in RSA 40:13.

The approved budget is subsequently reported to the State of New Hampshire on the statement of appropriation form in order to establish the current property tax rate.

The Selectmen cannot increase the total of the approved budget; however, they have the power to reclassify its components when necessary.

B. Budgetary Basis

The General Fund final appropriation appearing on the "Budget and Actual" page of the fund financial statements represents the final amended budget after all reserve fund transfers and supplemental appropriations.

C. Budget/GAAP Reconciliation

The budgetary data for the general fund is based upon accounting principles that differ from generally accepted accounting principles (GAAP). Therefore, in addition to the GAAP basis financial statements, the results of operations of the general fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with budgetary data.

The following is a summary of adjustments made to the actual revenues and other sources, and expenditures and other uses, to conform to the budgetary basis of accounting.

<u>General Fund</u>	<u>Revenues and Other Financing Sources</u>	<u>Expenditures and Other Financing Uses</u>
Revenues/Expenditures (GAAP basis)	\$ 15,444,601	\$ 15,047,336
Other financing sources/uses (GAAP basis)	<u>296,738</u>	<u>217,882</u>
Subtotal (GAAP Basis)	15,741,339	15,265,218
Add end of year appropriation carryforwards to expenditures	-	115,428
To reverse NHRS on behalf contributions	(236,204)	(236,204)
Recognize use of fund balance as funding source	<u>500,000</u>	<u>-</u>
Budgetary basis	<u>\$ 16,005,135</u>	<u>\$ 15,144,442</u>

D. Deficit Fund Equity

The following funds had deficits as of December 31, 2009 (also see Note 19):

<u>Nonmajor Governmental:</u>		
Great Bridge	\$ (173,774)	(B)
Water Treatment Design	\$ (63,566)	(B)
Stewart Park Seawall	\$ (105,794)	(B)
Police Grant Fund	\$ (3,857)	(A)
Planning Board Fund	\$ (56,238)	(A)
Pandemic Flu	\$ (19,803)	(A)

(A) The deficits in these funds will be eliminated through future departmental revenues and bond proceeds.

(B) The Town will develop a plan to address these deficits.

4. Cash and Short-Term Investments

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. RSA 48:16 limits "deposit in any one bank shall not at any time exceed the sum of its paid-up capital and surplus, exception that a Town with a population in excess of 50,000 is authorized to deposit funds in a solvent bank in excess of

the paid-up capital surplus of said bank.” The Town does not have a deposit policy for custodial credit risk

As of December 31, 2009, the Town’s bank balance of \$ 17,389,725 was not exposed to custodial credit risk. The Town’s bank balances are fully insured and collateralized through additional collateral agreements with the financial institutions.

5. Investments

A. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. State law employs the prudent person rule whereby investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

Presented below (in thousands) is the actual rating as of year end for each investment of the Town:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Rating as of Year End</u>
Certificates of deposits	\$ 25	N/A
Corporate equities	149	N/A
Corporate bonds	15	Aa3
Mutual funds	137	N/A
State investment pool	<u>7</u>	N/A
Total investments	<u>\$ 333</u>	

B. Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Town does not have policies for custodial credit risk.

Of the Town’s investment of \$ 333,286, the government has a custodial credit risk exposure of \$ 307,963 because the related securities are uninsured, unregistered and held by the Town’s brokerage firm, which is also the Counterparty to these securities. The Town manages this

custodial credit risk with SIPC and excess SIPC. However, of the Town's total exposure, \$ 7,346 is invested in the New Hampshire State Investment Pool.

C. Concentration of Credit Risk

The Town places no limit on the amount the Town may invest in any one issuer. Investments in any one issuer (other than U.S. Treasury securities and mutual funds) that represent 5% or more of total investments are:

Carolina First Bank (CD)	\$ 25,323
--------------------------	-----------

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Information about the sensitivity of the fair values of the Town's investments to market interest rate fluctuations is as follows:

<u>Investment Type</u>	Fair <u>Value</u>	<u>Investment Maturities (in Years)</u>	
			<u>6-10</u>
Corporate bonds	\$ <u>14,677</u>	\$	<u>14,677</u>
Total	\$ <u><u>14,677</u></u>	\$	<u><u>14,677</u></u>

E. Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. The Town does not have policies for foreign currency risk.

6. Taxes Receivable

The Town bills property taxes semi-annually, in May and November. Property tax revenues are recognized in the fiscal year for which taxes have been levied. Property taxes are due on July 1 and December 1. Delinquent accounts are charged 12% interest. In March of the next year, a lien is recorded on delinquent property at the Registry of Deeds. The Town purchases all the delinquent accounts by paying the delinquent balance, recording costs and accrued interest. The accounts that are liened by the Town will be reclassified from

property taxes receivable to unredeemed tax liens receivable. After this date, delinquent accounts will be charged interest at a rate of 18%. The Town annually budgets amounts (overlay for abatements) for property tax abatements and refunds.

Taxes receivable at December 31, 2009 consist of the following (in thousands):

Property Taxes		
2009	\$ 1,925	
2008	14	
2007	<u>2</u>	
		1,941
Unredeemed		
2008	365	
2007 & prior	<u>198</u>	
		563
Land Use		95
Yield Taxes		<u>3</u>
Total		<u>\$ 2,602</u>

7. Allowance for Doubtful Accounts

The receivables reported in the accompanying entity-wide financial statements reflect the following estimated allowances for doubtful accounts (in thousands):

	<u>Governmental</u>	<u>Business-Type</u>
Property taxes	\$ 254	\$ -
Utilities	-	54

8. Intergovernmental Receivables

This balance represents reimbursements requested from Federal and State agencies for expenditures incurred in fiscal 2009.

9. Interfund Fund Receivables/Payables

Although self-balancing funds are maintained, most transactions flow through the general fund. In order to obtain accountability for each fund, interfund receivable and payable accounts must be utilized. The following is an

analysis of the December 31, 2009 balances in interfund receivable and payable accounts:

<u>Fund</u>	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
Governmental Funds:		
General fund	\$ 365,408	\$ 171,000
Special Revenue Funds:		
Recreation	-	94,000
Trust and Agency Funds:		
Expendable Trusts	171,000	271,408
Enterprise Funds:		
Water	13,380	-
Sewer	-	13,380
Total	<u>\$ 549,788</u>	<u>\$ 549,788</u>

10. Capital Assets

Capital asset activity for the year ended December 31, 2009 was as follows (in thousands):

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental Activities:				
Capital assets, being depreciated:				
Buildings and improvements	\$ 4,056	\$ -	\$ -	\$ 4,056
Machinery, equipment, and furnishings	5,086	27	-	5,113
Infrastructure	6,063	-	-	6,063
Total capital assets, being depreciated	15,205	27	-	15,232
Less accumulated depreciation for:				
Buildings and improvements	(2,815)	(134)	-	(2,949)
Machinery, equipment, and furnishings	(3,386)	(322)	-	(3,708)
Infrastructure	(4,012)	(121)	-	(4,133)
Total accumulated depreciation	(10,213)	(577)	-	(10,790)
Total capital assets, being depreciated, net	4,992	(550)	-	4,442
Capital assets, not being depreciated:				
Land	7,483	-	-	7,483
Works of art	647	-	-	647
Construction in progress	-	126	-	126
Total capital assets, not being depreciated	8,130	126	-	8,256
Governmental activities capital assets, net	<u>\$ 13,122</u>	<u>\$ (424)</u>	<u>\$ -</u>	<u>\$ 12,698</u>

	Beginning <u>Balance</u>	<u>Increases</u>	<u>Decreases</u>	Ending <u>Balance</u>
Business-Type Activities:				
Capital assets, being depreciated:				
Buildings and improvements	\$ 66	\$ -	\$ -	\$ 66
Machinery, equipment, and furnishings	602	-	-	602
Infrastructure	<u>23,900</u>	<u>6,723</u>	<u>-</u>	<u>30,623</u>
Total capital assets, being depreciated	24,568	6,723	-	31,291
Less accumulated depreciation for:				
Buildings and improvements	(47)	(2)	-	(49)
Machinery, equipment, and furnishings	(312)	(40)	-	(352)
Infrastructure	<u>(19,047)</u>	<u>(613)</u>	<u>-</u>	<u>(19,660)</u>
Total accumulated depreciation	<u>(19,406)</u>	<u>(655)</u>	<u>-</u>	<u>(20,061)</u>
Total capital assets, being depreciated, net	5,162	6,068	-	11,230
Capital assets, not being depreciated:				
Land	197	-	-	197
Construction in progress	<u>5,664</u>	<u>1,127</u>	<u>(6,723)</u>	<u>68</u>
Total capital assets, not being depreciated	<u>5,861</u>	<u>1,127</u>	<u>(6,723)</u>	<u>265</u>
Business-type activities capital assets, net	<u>\$ 11,023</u>	<u>\$ 7,195</u>	<u>\$ (6,723)</u>	<u>\$ 11,495</u>

11. Accounts Payable and Accrued Expenses

Accounts payable represent additional 2009 expenditures paid after December 31, 2009.

Governmental Activities:

General government	\$ 81
Public safety	174
Public works	275
Culture and recreation	44
Conservation	<u>3</u>
Total depreciation expense - governmental activities	<u>\$ 577</u>

Business-Type Activities:

Water	\$ 395
Sewer	<u>260</u>
Total depreciation expense - business-type activities	<u>\$ 655</u>

12. Due to Other Governments

The school district assessments for the period July 1, 2009 through June 30, 2010 were \$ 10,784,264 for the Exeter School District and \$ 13,223,239 for the Exeter Regional Cooperative. The School District assessments are paid in monthly installments. As of December 31, 2009, \$ 5,779,156 and \$ 6,998,232 was paid, respectively, leaving a total balance of \$ 11,230,115 to be paid through June 30, 2010.

13. Deferred Revenue

Governmental funds report *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period.

The balance of the General Fund *deferred revenues* account is equal to the total of all December 31, 2009 receivable balances, except property taxes that are accrued for subsequent 60 day collections.

14. Anticipation Notes Payable

The Town had the following notes outstanding at December 31, 2009:

	<u>Interest Rate</u>	<u>Date of Issue</u>	<u>Date of Maturity</u>	<u>Balance at 12/31/09</u>
State revolving fund note payable	1.05%	07/16/03	upon construction completion	\$ <u>375,398</u>
Total				\$ <u><u>375,398</u></u>

The following summarizes activity in notes payable during fiscal year 2009:

	<u>Balance Beginning of Year</u>	<u>New Issues</u>	<u>Maturities</u>	<u>Balance End of Year</u>
Bond anticipation	\$ 2,030,000	\$ -	\$ (2,030,000)	\$ -
State revolving fund	3,129,704	770,296	(3,900,000)	-
Tax anticipation note	1,500,000	-	(1,500,000)	-
State revolving fund	<u>269,974</u>	<u>105,424</u>	<u>-</u>	<u>375,398</u>
Total	<u>\$ 6,929,678</u>	<u>\$ 875,720</u>	<u>\$ (7,430,000)</u>	<u>\$ 375,398</u>

15. Capital Lease Obligations

The Town is the lessee of certain equipment under capital and operating leases expiring in various years through 2010. Future minimum lease payments under the capital and operating leases consisted of the following as of December 31, 2009:

	<u>Capital Leases</u>
2010	\$ 125,216
2011	50,395
2012	50,394
2013	50,395
2014	50,304
2015	<u>50,394</u>
Total minimum lease payments	377,098
Less amounts representing interest	<u>(44,094)</u>
Present Value of Minimum Lease Payments	<u>\$ 333,004</u>

16. Long-Term Debt

A. General Obligation Bonds

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities. General obligation bonds currently outstanding are as follows:

<u>Governmental Activities:</u>	Serial Maturities Through	Interest Rate(s) %	Amount Outstanding as of <u>12/31/09</u>
General	09/01/16	4.0 - 4.5%	\$ 404,600
General	07/01/11	2.49%	268,418
Conservation Land	05/01/15	3.90%	<u>1,800,000</u>
Total Governmental Activities:			<u>\$ 2,473,018</u>

<u>Business-Type Activities:</u>	<u>Serial Maturities Through</u>	<u>Interest Rate(s) %</u>	<u>Amount Outstanding as of 12/31/09</u>
Sewer	09/01/16	4.0 - 4.5%	\$ 190,400
Sewer	07/01/11	2.49%	149,678
Sewer	12/01/22	3.98%	281,124
Epping Road	09/01/28	3.97%	2,138,600
State Revolving Loan	08/15/29	1.35%	3,752,946
Total Business-Type Activities:			\$ <u>6,512,748</u>

B. Future Debt Service

The annual payments to retire all general obligation long-term debt outstanding as of December 31, 2009 are as follows:

<u>Governmental</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2010	\$ 492,008	\$ 93,921	\$ 585,929
2011	492,008	76,574	568,582
2012	357,800	59,227	417,027
2013	357,800	45,157	402,957
2014	357,800	31,040	388,840
2015-2019	415,602	19,445	435,047
Total	\$ <u>2,473,018</u>	\$ <u>325,364</u>	\$ <u>2,798,382</u>

<u>Business-Type</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2010	\$ 377,212	\$ 241,565	\$ 618,777
2011	383,470	222,697	606,167
2012	313,653	210,546	524,199
2013	318,842	200,059	518,901
2014	324,206	189,371	513,577
2015-2019	1,616,396	777,833	2,394,229
2020-2024	1,667,529	475,014	2,142,543
2025-2029	1,511,440	154,572	1,666,012
Total	\$ <u>6,512,748</u>	\$ <u>2,471,657</u>	\$ <u>8,984,405</u>

C. Changes in General Long-Term Liabilities

During the year ended December 31, 2009, the following changes occurred in long-term liabilities (in thousands):

	Total Balance 1/1/09	Additions	Reductions	Total Balance 12/31/09	Less Current Portion	Equals Long-Term Portion 12/31/09
<u>Governmental Activities</u>						
Bonds payable	\$ 3,049	\$ -	\$ (576)	\$ 2,473	\$ (492)	\$ 1,981
Other:						
Capital leases	475	-	(142)	333	(111)	222
Compensated Absences	411	13	-	424	(21)	403
Subtotal	886	13	(142)	757	(132)	625
Totals	\$ <u>3,935</u>	\$ <u>13</u>	\$ <u>(718)</u>	\$ <u>3,230</u>	\$ <u>(624)</u>	\$ <u>2,606</u>

	Total Balance 1/1/09	Additions	Reductions	Total Balance 12/31/09	Less Current Portion	Equals Long-Term Portion 12/31/09
<u>Business-Type Activities</u>						
Bonds payable	\$ 1,016	\$ 6,039	\$ (542)	\$ 6,513	\$ (377)	\$ 6,136
Other:						
Compensated Absences	51	2	-	53	(3)	50
Totals	\$ <u>1,067</u>	\$ <u>6,041</u>	\$ <u>(542)</u>	\$ <u>6,566</u>	\$ <u>(380)</u>	\$ <u>6,186</u>

17. Restricted Net Assets

The accompanying entity-wide financial statements report restricted net assets when external constraints from grantors or contributors are placed on net assets.

Permanent fund restricted net assets are segregated between nonexpendable and expendable. The nonexpendable portion represents the original restricted principal contribution, and the expendable represents accumulated earnings which are available to be spent based on donor restrictions.

18. Reserves of Fund Equity

"Reserves" of fund equity are established to segregate fund balances which are either not available for expenditure in the future or are legally set aside for a specific future use.

The following types of reserves are reported at December 31, 2009:

Reserved for Encumbrances and Continuing Appropriations - An account used to segregate that portion of fund balance committed for expenditure of financial resources upon vendor performance.

Reserved for Perpetual Funds - Represents the principal of the nonexpendable trust fund investments. The balance cannot be spent for any purpose; however, it may be invested and the earnings may be spent.

Reserved for Other Purposes - Represents amounts segregated to cover deficits reported in nonmajor governmental funds without a specific funding source.

19. General Fund Undesignated Fund Balance

The undesignated general fund balance reported on the balance sheet is stated in accordance with generally accepted accounting principles (GAAP), which differs in respect to how undesignated fund balance is reported in accordance with the budgetary basis for reporting for the State of New Hampshire for tax rate setting purposes. The major difference is the State of New Hampshire considers revenues in connection with property tax receivables to be available to liquidate liabilities when billed rather than received.

The following summarizes the specific differences between GAAP basis and budgetary basis of reporting the general fund undesignated fund balance:

GAAP basis balance	\$ (650,555)
Deferred revenue	<u>2,007,717</u>
Tax Rate Setting Balance	<u>\$ 1,357,162</u>

20. Commitments and Contingencies

Outstanding Lawsuits - There are several pending lawsuits in which the Town is involved. The Town's management is of the opinion that the potential future settlement of such claims would not materially affect its financial statements taken as a whole.

Grants - Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

21. **Retirement System**

The Town follows the provisions of GASB Statement No. 27, Accounting for Pensions for State and Local Government Employees, with respect to the employees' retirement funds.

A. *Plan Description*

Full-time employees participate in the State of New Hampshire Retirement System (the System), a multiple-employer contributory pension plan and trust established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Substantially all full-time state employees, public school teachers and administrators, permanent firefighters and permanent police officers within the State of New Hampshire are eligible and required to participate in the system. Full-time employees of political subdivisions, including counties, municipalities and school districts, are also eligible to participate as a group if the governing body of the political subdivision has elected participation.

The New Hampshire Retirement System, a Public Employees Retirement System (PERS), is divided into two membership groups. State or local employees and teachers belong to Group I. Police officers and firefighters belong to Group II. All assets are held in a single trust and are available to each group, funding policies, vesting requirements, contribution requirements and plan assets available to pay benefits are disclosed in the System's annual report available from the New Hampshire Retirement System located at 4 Chenell Drive, Concord, New Hampshire 03301-8509.

B. *Funding Policy*

Plan members are required to contribute a percentage of their gross earnings to the pension plan, which the contribution rates are 5% for employees and teachers and 9.3% for police and fire. The Town makes annual contributions to the pension plan equal to the amount required by Revised Statutes Annotated 100-A:16, and is 3.7% for teachers and 6.81% for all other covered employees. The Town's contributions to the System for the years ended December 31, 2009, 2008, and 2007 were \$ 797,365, \$ 762,084, and \$ 698,745, respectively, which were equal to its annual required contributions for each of these years.

The payroll for employees covered by the System for the year ended December 31, 2009, was unavailable. Contribution requirements for the year ended December 31, 2009, were as follows:

State of New Hampshire	\$	236,204
Town		797,365
Employees' contributions		<u>474,871</u>
Total	\$	<u><u>1,508,440</u></u>

22. Post-Employment Health Care and Life Insurance Benefits

In addition to the pension benefits described in a previous note, the Town provides post-employment health care and life insurance benefits, in accordance with state statute RSA 100-A:50, to participating retirees. Presently the Town finances these benefits on the pay-as-you-go basis and does not contribute to a qualified plan (trust) as defined by *GASB Statement No. 43 Financial Reporting for Post-Employment Benefit Plans Other Than Pension Plans*. The number of participants currently eligible to receive benefits and cost of benefits for retirees, their dependents, or their survivors for year-ended December 31, 2009 was not available.

GASB Statement No. 45, Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions was effective December 31, 2008; however, it has not been implemented.

23. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no significant reductions in insurance coverage from the previous year and have been no material settlements in excess of coverage in any of the past three fiscal years.

24. Beginning Fund Balance/Net Asset Reclassification/Restatement

The following provides a summary of the Town's Governmental Fund restatement and reclassifications:

	<u>General Fund</u>	<u>Water Fund</u>	<u>Epping Road Construction</u>	<u>Nonmajor Funds</u>	<u>Total</u>
Beginning Fund Balance as previously reported	\$ 1,181,804	\$ 923,360	\$ (4,415,902)	\$ 2,230,136	\$ (80,602)
Establish deferred revenue	(1,847,153)	-	-	-	(1,847,153)
Reclassify to Water Enterprise fund	-	(923,360)	4,415,902	-	3,492,542
Reclassify to Sewer Enterprise fund	-	-	-	(1,087,632)	(1,087,632)
Beginning fund balance as restated	<u>\$ (665,349)</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,142,504</u>	<u>\$ 477,155</u>

The following provides a summary of the Town's Enterprise Funds restatements and reclassifications:

	<u>Water Fund</u>	<u>Sewer Fund</u>	<u>Total</u>
Beginning net assets as previously reported	\$ -	\$ -	\$ -
Reclassify from governmental fund	1,667,162	1,087,632	2,754,794
Record beginning of year capital assets	7,191,733	3,830,754	11,022,487
Record beginning of year bonds and notes payable	(5,430,572)	(1,014,840)	(6,445,412)
Record other beginning of year accruals	<u>(38,957)</u>	<u>(26,194)</u>	<u>(65,151)</u>
Beginning net assets, as restated	<u>\$ 3,389,366</u>	<u>\$ 3,877,352</u>	<u>\$ 7,266,718</u>

Town of Exeter Capital Improvement Program

Background

The CIP is a critical component of the strategic plan for Exeter. This plan identifies the capital needs of the town and indicates how these needs might be funded over a six-year period. It describes long-term capital needs for all municipal departments including highway, police, fire, parks and recreation, water, sewer, public library and other departments.

The CIP is a planning document. As such, it is updated annually and subject to change as the needs of the town change, and adjustments are made for new regulations, growth in population, transportation alternatives, or other needs. The effective use of a CIP process provides for considerable advance project identification, public discussion, project design and definition of scope, cost estimating, and financial planning.

Statutory Authority

The CIP, conforms to the requirements of “Title LXIV Planning and Zoning; Chapter 674; Local Land Use Planning and Regulatory Powers; Capital Improvement Program; Section 674:5-7”.

Process

The CIP process is coordinated annually by the Town’s Planning Department. Each municipal department submits a 6-year listing of proposed projects, including vehicle and equipment needs in excess of \$25,000. These requests are analyzed and prioritized through a CIP subcommittee process composed of representatives from elected and appointed boards, and town staff. Projects are ranked and discussed with each Department and the Planning Board. The Planning Board then adopts the CIP each year in September, and forwards the report to the Selectmen. The Board of Selectmen determines the final listing of projects to be presented to the Town Meeting each year. Under SB2, most projects are then voted on by the voters at the March elections.

Purpose

The goal of the CIP is to establish a system of procedures and priorities by which to evaluate public improvement projects in terms of public safety, public need, project continuity, financial resources, and the strategic goals for the Town. The CIP allows town departments to establish a methodology and priority system to continue providing efficient and effective services. It also provides an opportunity for citizens and interested parties to voice their requests for community improvement projects.

Guiding Principles

The guiding principles used to develop the Capital Improvement Program (CIP) are as follows:

- To preserve and improve the infrastructure of Exeter through public facility construction, rehabilitation and maintenance;
- To maximize the useful life of capital investments by scheduling major renovations and modifications at the appropriate time in the life-cycle of the facility;
- To identify and examine current and future infrastructure needs and establish priorities among projects so that available resources are used to the town’s best advantage; and

- To improve financial planning by comparing needs with resources, estimating future bond issues as required, and identifying potential fiscal implications to Exeter taxpayers and ratepayers.
- To provide a forward looking planning tool for the purpose of contributing to the creation of a stable real property tax rate;
- To aid the Town's elected officials, appointed committees, and department heads in the prioritization, coordination, and sequencing of various municipal and school improvements;
- To provide the Town with a guide to be used by the Municipal Budget Committee, Board of Selectman, and School Board for their annual budgeting process;
- To inform residents, business owners and developers of needed and planned improvements.

Responsibility and Process:

Development and revision of the CIP falls under the responsibility of the Planning Board. Several years ago, the planning board created a subcommittee made up of representatives from the planning board, budget committee and board of selectmen to carry out the many tasks related to project review and project prioritization. With administrative assistance from the Town Planner and the Town Manager the subcommittee meets with department representatives to discuss all projects within the six year plan and to make recommendations. Departments have the opportunity to make revisions and after a second round of discussions, the subcommittee ranks all the projects. The information is presented to the full planning board for additional recommendations. The Planning Board allows a final round of possible changes or additions prior to a final public hearing. After approval by the Board, the CIP is forwarded to the Board of Selectmen for their use during budget planning.

Definition:

The Capital Improvement Program Committee has defined any capital improvements as having a cost of at least \$25,000. Eligible items include new buildings or additions, land purchases, studies, substantial road improvements and purchases of major vehicles and equipment.

About This Document:

This report is divided into multiple sections which are as follows:

- Top Projects Based on CIP SubCommittee Rating: Pages 5 and 6. This section provides the reviewer with a background on how the committee rates the projects and provides both the overall top ten rated projects, as well as the top projects in each category.
- CIP – Summary of Project by Year: Pages 7-9. This section provides the reviewer with a list of all projects within the next six years and includes the project number, title, year, priority ranking, and associated costs. Projects are organized in the following categories:
 - General Government (planning, town manager/selectmen, town-owned property and buildings),
 - Public Safety Fire Department
 - Department of Public Works (engineering and highway),
 - Parks and Recreation

- Conservation Commission
- Water
- Sewer
- CIP Subcommittee Recommendations to Department Managers: Pages 10-16. This section is a summary table of information and recommendations provided to department representative during the project review.
- CIP Subcommittee Member Rating Tally Sheet: Pages 17 and 18. This section provides the reviewer with a complete list of rating values from each of the four members of the subcommittee for all 2011 projects.
- Vehicles and Equipment Summary Sheets: Pages 19-21. In 2009, Mercury Associates was hired by the town to complete a comprehensive analysis of the town's vehicles. The "Report on Fleet Management Best Practices", an assessment for the Town of Exeter, was completed in November of 2009. Since then, a committee consisting of the Fire Chief, Police Chief, Public Work Director, Maintenance Superintendent, Highway Superintendent and Town Manager have met develop a strategy in maintaining and purchasing vehicles and equipment for the town. As a result, the CIP subcommittee did not review vehicles and only a list of vehicle requests are provided in this report.
- Project Worksheets: Projects requested for 2011 are further defined in the project worksheet section. This provide background, project scope, cost and other details for each project.

Top Projects Based on CIP Subcommittee Rating

Background: The CIP Subcommittee is responsible for prioritizing the CIP projects. The process for doing so is quite extensive, beginning with a thorough project review. First, the committee meets with department representatives to discuss and understand the projects. Then, focusing primarily on projects scheduled for the next year, the committee members rate the projects.

The present rating system was developed by the subcommittee in an effort to recognize how various project elements were more critical than others. A list of six elements was established, each element (see bulleted list) is associated with a weighted factor. For example “public safety/health/welfare” is considered 25% of the total score, whereas “partnership funding” is only 10% of the score. The Sub Committee members score each element from 0 to 10 points. To calculate the score or rate of the project, the weight is multiplied by the point value allotted by the subcommittee member and the scores for each element are added together.

H3. WWTP Upgrade Design & Construction	Year 2010	Cost 130,000		
	Weighting	Max Points	Score	
• Public Health/Safety/Welfare	25%	8	2.00	
• Identified Infrastructure Issues	22%	10	2.20	
• Operational Savings/ Cost Avoidance	15%	8	1.20	
• According to Master Plan	15%	5	0.75	
• Partnership Funding	10%	2	0.20	
• Measurable Economic Benefits	7%	6	0.42	
• Other Considerations	6%	5	0.30	
Total Score of the Project			7.07	

A sample of a project’s rating system is included here and a complete list of 2011 rated projects by the four members can be found on sheets 17 and 18.

This year the top overall projects are provided as well as the top projects in each category.

Also, it should be noted that both the average and median scores are provided. (See footnote for definition.)

Overall Top Ten Projects in 2011

Based on Average Rating¹

Based on Median Rating²

Based on Average Rating ¹			Based on Median Rating ²		
1	G5: Water Meter Replacement	8.69	1	G5: Water Meter Replacement	8.75
2	G2: Ground Water Treatment Facility	8.67	2	G2: Ground Water Treatment Facility	8.61
3	B1 Self-Contained Breathing Apparatus	8.40	3	B1 Self-Contained Breathing Apparatus	8.30
4	D3: Sidewalk Hazard Repair	7.91	4	D3: Sidewalk Hazard Repair	8.08
5	D1: Supplemental Pave. Manage. Funds	7.72	5	D2: Portsmouth Ave Reconstruction	8.04
6	D2: Portsmouth Ave Reconstruction	7.65	6	D1: Supplemental Pave. Manage. Funds	7.87
7	H1: Jady Hill Area – Utility Improvements	7.33	7	H1: Jady Hill Area – Utility Improvements	7.49
8	A4: Town Office Modular HVAC	6.90	8	A4: Town Office Modular HVAC	7.41
9	H4: Main Sewer Pump Station FM Repairs	6.71	9	G6: WTP Waste Stream Reduction	7.20
10	G6: WTP Waste Stream Reduction	6.60	10	F1: Raynes Farm Improvements	6.93

¹ Average Rating = total number of all four scores divided by four (there are four members rating the projects). Example: Project H1 scores are 9.5+9.5+10+8.35=37.35/4=9.34

² Median Rating discard the highest and lowest scores and average the remainder. Example: Project H1, the high and low scores are 10 and 8.35. This leaves 9.5+9.5=19/2=9.5

The following is the list of top projects for each category within the CIP.

Top Project for General Government based on Average Rating

	Project No.	Project Name	Project Year	Project Cost	Average Rating
1	A4	Town Officer Modular HVAC System	2011	\$253,715	6.90

ASSESSING DEPARTMENT

2010 has been a busy year in the Assessing Office. The primary focus was a reassessment of values from Vision Appraisal. Starting in February, Vision conducted a sales survey, visited neighborhoods, recalibrated the appraisal software, reconstructed all the costs tables, and revalued 6,100 properties to approximately market value. The project took eight months to complete. The new values are effective as of April 1, 2010.

The Assessor managed the reassessment, as well as overseeing the daily operations of the office which included: building permits, new subdivisions, processing elderly exemptions, veterans credits, disabled exemptions, timber tax bills, abatements, hundreds of name and address changes, updating the tax maps, and resolving local State appeals and answering dozens of taxpayer questions.

A sales ratio study is conducted monthly after the deeds are received, processed, and scanned onto the Vision assessment records. This procedure helps identify the relationship of market real estate sold properties and the new 2010 assessed values.

All assessment information is now on-line through Vision Appraisal, along with the Town tax maps. The office counter terminal for the public is also available along with current sales data and taxpayer indexes. Information on exemptions, credits, current use and timber tax are available at the counter also.

After the 2010 reassessment, Exeter's median ratio was 97.5% of market value. Some taxpayer's saw their assessments go down while others went up. However, the goal of a reassessment update was to accomplish market value for every taxable property. The process encourages equity and proportionality for every taxpayer. This ensures owners of similar classes of property are sharing the burden equitably. The assessment value does not raise or lower the tax bill on a property that is a result of budgetary requirements.

Once again I would like to thank Exeter property owners for their understanding and support in running a successful assessment program, and look towards 2011 for another busy year in the Assessing Office.

Respectfully submitted,

John DeVittori CNHA
Town Assessor

Part X SUPPLEMENTAL INFORMATION WORKSHEET

A. INTERGOVERNMENTAL EXPENDITURES

Report payments made to the State or other local governments *on reimbursement or cost-sharing basis*. Do not include these expenditures in part VIII.

Purpose (a)	Account No. (b)	Amount (c)
Payments made to other local governments for:		
Schools		M12 25,641,633
Sewers		M80
All other - County	4931	M89 20,245,163
All other - Towns	4199	M89
Payments made to State for:		
Highways	4319	L44
All other purposes	4199	L89

C. DEBT OUTSTANDING, ISSUED, AND RETIRED

Long-term debt purpose (a)	Bonds outstanding at the beginning of this fiscal year (b)	Bonds during this fiscal year		Outstanding at the end of this this fiscal year (e)
		Issued (c)	Retired (d)	
Industrial revenue	19T	24T	34T	44T
All other debt	19U 4,063,895	29U 2,383,600	39U 1,127,275	49U 5,320,220
Interest on water debt	19I			

C. SALARIES AND WAGES

Report here the total salaries and wages paid to all employees of your city before deductions for social security, retirement, etc. Include also salaries and wages paid to employees of any utility owned and operated by your government, as well as salaries and wages of city employees charged to construction projects. These amounts may be taken from the W3 form filed by your government for the year ended December 31.

Total wages paid
2009
7,118,995

D. CASH AND INVESTMENTS HELD AT END OF FISCAL YEAR

Report separately for each of the two types of funds listed below, the amount of cash on hand and on deposit and investments in Federal Government, Federal agency, State and local government, and non-governmental securities. Report all investments at market value. Exclude accounts receivable, value of real property, and all non-security assets.

Type of fund (a)	Amount at end of fiscal year Omit cents (b)
Bond funds - Unexpended proceeds from sale of bond issues held pending disbursement	W31
All other funds except employee retirement funds and nonexpendable trust funds.	W61

Remarks

Part XI

CERTIFICATION

This is to certify that the information contained in this report was taken from official records and is complete to the best of our knowledge and belief.

Signatures of a majority of the governing body:

William E. Campbell

Michael J. [unclear]

GENERAL INSTRUCTIONS

Three copies of this report are sent to each municipality. Selectmen, treasurer and tax collector are expected to cooperate in making out this report. When completed, one copy should be returned to the Department of Revenue Administration and one copy should be placed in your municipal records. The third copy is for the use in preparing the annual printed report for the voters. Please be sure you have completed Part IX, items A-D.

WHEN TO FILE: (R.S.A. 21J)

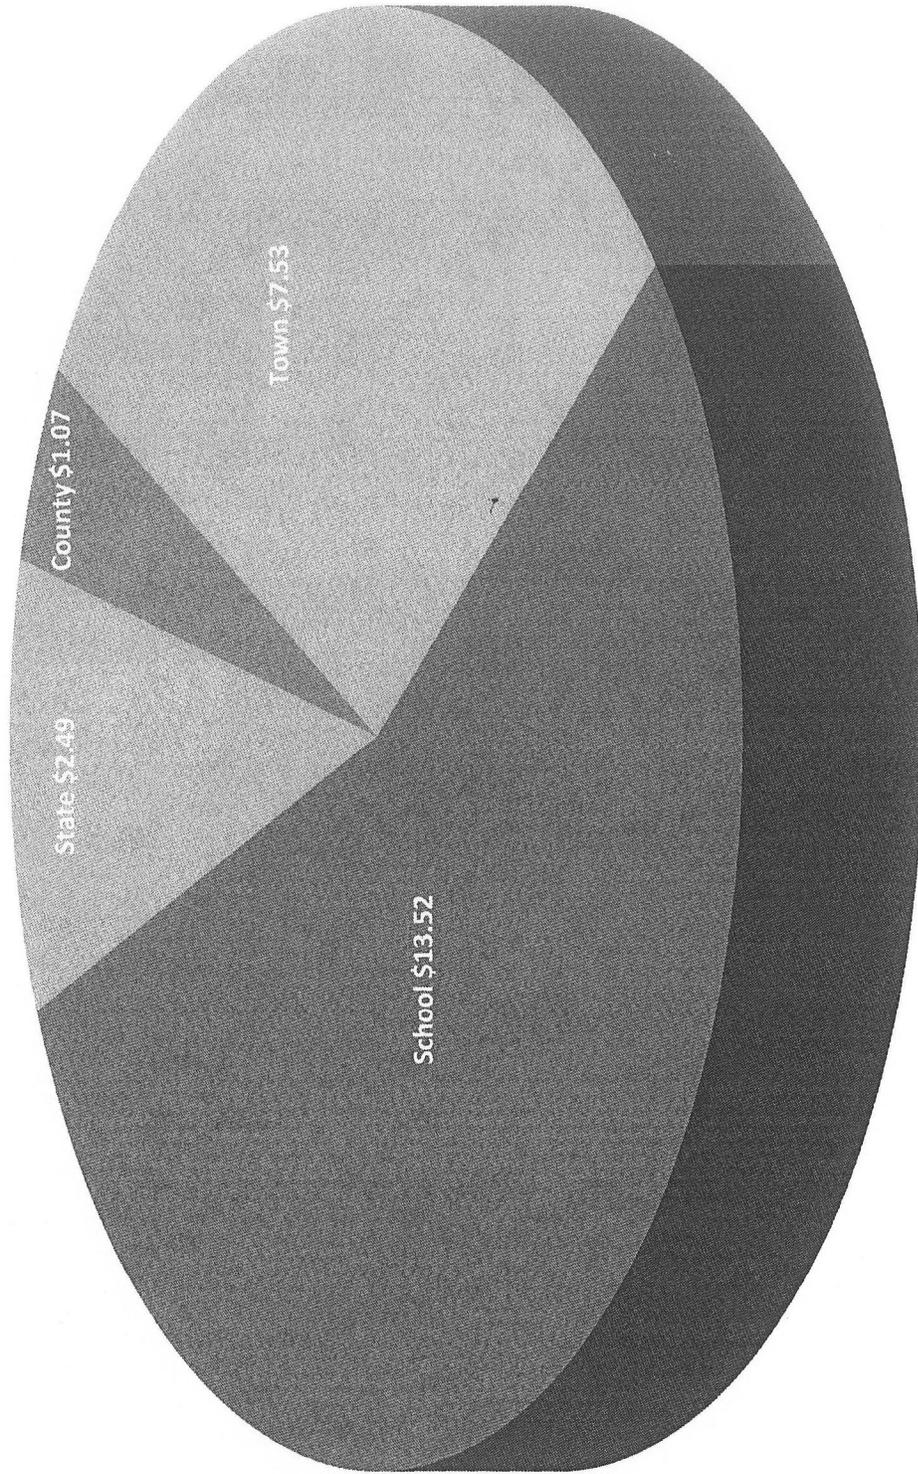

For cities/towns reporting on a calendar year basis, this report must be filed on or before April 1.

For cities/towns reporting on an optional fiscal year basis (year ending June 30), this report must be filed on or before September 1.

WHERE TO FILE

Department of Revenue Administration
State of New Hampshire
Community Services Division
PO Box 487
Concord, NH 03302-0487

Boards, Commissions & Committees
Appointment Application

Committee Selection:

1st Choice: _____ 2nd Choice: _____

Name: _____

Address: _____

Email: _____

Phone: _____ Cell: _____

Please describe your interest in serving on this committee.

Please provide any background information that would be of interest to the Board when considering your application, including previous committee service or other relevant experience. (*resume can be attached*)

Are you aware of any conflicts that could arise affecting your service on this committee?

Are you aware of the meeting schedule and able to commit to attending regularly? **YES** **NO**

After submitting this application for appointment to the Town Manager:

- The application will be reviewed and you will be scheduled for an interview with the Selectmen
- Following the interview the Board will vote on your potential appointment at the next regular meeting
- If appointed, you will receive a letter from the Town Manager and will be required to complete paperwork with the Town Clerk prior to the start of your service on the committee or board.

Signature: _____ Date: _____

Please submit to: Town Manager, Town of Exeter 10 Front Street Exeter, NH 03833

**Town of Exeter

Article 19 Shall the Town vote to recommend that the Board of Selectmen re-establish the Water and Sewer Advisory Committee with no more than seven (7) members to be chosen in accordance with the Board of Selectmen's policies governing appointments to volunteer boards, committees and commissions? To further recommend that the charge of this Committee be similar to that of the former Committee in that they should provide advice to the Board of Selectmen regarding the water and sewer systems for the Town of Exeter including rates, budget development, abatements and capital improvements?
YES
NO

Article 20 Shall the Town upon the re-establishment of the Water and Sewer Advisory Committee, vote to have the Board of Selectmen appoint seven (7) members in accordance with the Board of Selectmen's policies governing board appointments to volunteer boards, committees and commissions within 45 days of passage?
YES
NO

Article 21 Shall the Town confirm Article 37 of the 2010 Town Warrant for cable access?
YES
NO

SAMPLE

Article 22 Shall the Town of Exeter establish a Capital Reserve Fund under the provisions of RSA 35:1, known as the Highway Improvement Fund, for the purpose of improving town roads and to appoint the Selectmen as agents to expend from the fund? Further, shall the Town recommend to the Board of Selectmen that they should annually place an article on the Town Warrant to appropriate funds to the Highway Improvement Fund? Such appropriations should come from franchise fee revenue received from the Town's cable provider to the extent such revenue is not otherwise restricted or reserved by the action of the legislative body. The monies in the fund shall be allowed to accumulate from year to year and shall not be considered a part of the Town's general fund unreserved fund balance. Funds in the Highway Improvement Fund may be expended only for the purpose for which the fund was created.
YES
NO

Article 23 Shall the Town of Exeter vote, to raise and appropriate the sum of Five Hundred (\$500) dollars and no cents to defray the expense of the annual Exeter Holiday Christmas Parade for the public under the direction of the Selectmen or a committee to be appointed to serve gratuitously for this purpose? (Majority vote required) Recommended by the Board of Selectmen
YES
NO

Article 24 Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriation by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$20,163,648? Should this article be defeated, the default budget shall be \$19,960,113, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (Majority vote required) Recommended by the Board of Selectmen
YES
NO

TURN BALLOT OVER AND CONTINUE VOTING

SAMPLE

ARTICLES CONTINUED

Article 25 Shall the Town vote to raise and appropriate, through special warrant article, the sum of three-hundred fifty-four thousand, two-hundred dollars (\$354,200) for the purpose of purchasing a portion of the Goupil property (tax map 73, lot 276) (the 'old train station baggage building') on Lincoln Street, and converting it into a visitor's center and ticket office for the community? The total project cost is \$403,200, with a federal grant offset of \$282,240 funding 70% of the project, in-kind services from the Town Department of Public Works and other organizations funding \$49,000 of the project, and general taxation funding \$71,960 of the project. (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 26 Shall the Town vote to authorize the Board of Selectmen to enter into 7-year lease/purchase agreement(s) for the purpose of lease/purchasing each of the following pieces of equipment for the Department of Public Works:

Equipment	Principle	Interest	Total
Hwy 6-Wheel Dump Truck	\$150,614	\$27,111	\$177,725
Sidewalk Tractor	\$125,000	\$22,500	\$147,500
Total	\$275,614	\$49,611	\$325,225

SAMPLE

and raise and appropriate the sum of \$51,776 in 2011, which represents the first of 7 annual payments (a total of \$325,225), for this purpose? These lease agreements shall contain an escape clause. (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 27 Shall the Town vote to authorize the Board of Selectmen to enter into a 5-year lease/purchase agreement for the purpose of lease/purchasing SCBA (Self-Contained Breathing Apparatus) equipment for the Exeter Fire Department, and raise and appropriate the sum of \$62,843, which represents the first of 5 annual payments (a total of \$291,128), for this purpose? This lease agreement shall contain an escape clause. (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 28 Shall the Town vote to raise and appropriate the sum of two-hundred fifty-thousand dollars (\$250,000), to be added to the Town's paving budget, for the purpose of paving town roads? (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 29 Shall the Town vote to raise and appropriate, through special warrant article, the sum of one-hundred forty-seven thousand dollars (\$147,000) for the purpose of completing the final phase of structural repairs and improvements to the brick exterior of the Town Hall, as recommended in the 2001 structural engineering report completed for the Town by SEA Engineers? (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 30 Shall the Town vote to authorize the purchase of a conservation easement on the Rider Property located in both Exeter and Kensington, which easement will be acquired by both the Town of Exeter and the Town of Kensington, and raise and appropriate the sum of forty-thousand dollars (\$40,000), by special warrant article, to go toward that purchase? This sum will be combined with the \$32,000 available from the Exeter Conservation Bond approved by the 2003 Town Meeting and \$13,000 from the Exeter Conservation Fund to fund Exeter's 12.5% share of the total purchase price. The balance of the purchase price will come from the Town of Kensington (12.5%), from a Farm and Ranch Land protection grant (50%), and by donation from the landowner (25%). (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 31 Shall the Town vote to authorize the Board of Selectmen to enter into a 3-year lease/purchase agreement for the purpose of lease/purchasing a utility dump truck for the Department of Public Works, and raise and appropriate the sum of \$20,329 in 2011, which represents the first of 3 annual payments (a total of \$58,569), for this purpose? This lease agreement shall contain an escape clause. (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 32 Shall the Town vote to raise and appropriate, through special warrant article, the sum of thirty-seven thousand dollars (\$37,000) for the purpose of completing two projects identified in the Raynes Farm Long Range Development Plan including the full replacement of the barn roof, and demolition of the silo connector and the rebuilding of the barn opening on the Town-owned barn located on the Town-owned Raynes Farm property on Newfields Road? (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 33 Shall the Town vote to raise and appropriate, through special warrant article, the sum of twenty-one thousand, six hundred ninety-five dollars (\$21,695), for the support of various Human Service agencies that will serve Exeter residents in 2011: Agencies: New Generation Shelter (\$2,000); Families First (\$3,000); New Outlook Teen Center (\$2,700); Great Bay Red Cross (\$800); Great Bay Kids (\$2,495); Seacoast Mental Health (\$8,500); RSVP (\$2,200)? (Majority vote required) Recommended by the Board of Selectmen **YES** **NO**

Article 34 Shall we adopt the provisions of RSA 41-14:a which, if adopted, will authorize the Board of Selectmen to acquire or sell land, buildings, or both: provided it first complies with statutory requirements, including consultation with the planning board and conservation commission, and the holding of two duly noticed public hearings? **YES** **NO**

Article 35 Shall the Town vote to increase the current motor vehicle local option fee from \$2.50 to \$3.25 to fund transportation services for senior and disabled residents and transportation service needs consistent with RSA 261:153 VI? Proceeds from the fee will be deposited into the Town's Municipal Transportation Improvement Fund. This article will not impact the tax rate. **YES** **NO**

YOU HAVE NOW COMPLETED VOTING

EXETER TOWN WARRANT – 2011

To the inhabitants of the Town of Exeter, in the County of Rockingham, in the said State, qualified to vote in Town affairs:

First Session

You are hereby notified that the first session (the Deliberative Session) of the Annual Town Meeting will be held on Saturday, February 5, 2011 beginning at 9:00 a.m. at the Arthur L. Hanson III Center for the Performing Arts at Exeter High School, 1 Blue Hawk Drive. The first session will consist of explanation, discussion and debate of each of the following warrant articles, and will also afford voters who are present the opportunity to propose, debate and adopt amendments to warrant articles, except those articles in which wording is prescribed by state law.

Second Session

The second session of the annual town meeting, to elect town officers by official ballot and to vote on all warrant articles as they may have been amended at the first session, will be held on Tuesday, March 8, 2011 at the Talbot Gymnasium at the Tuck Learning Center, 30 Linden Street. Polls for voting by official ballot will open at 7:00 a.m. and close at 8:00 p.m.

Article 1

To choose the following: 1 Moderator for a 2-year term; 2 Selectmen for a 3-year term; 1 Town Clerk for a 3-year term; 1 Town Treasurer for a 3-year term; 3 Trustees of the Library for a 3-year term; 1 Trustee of Trust Funds for a 3-year term; 1 Trustee of the Robinson Fund for a 7-year term; 1 Trustee of Swasey Parkway for a 3-year term; 1 Supervisor of the Checklist for a 3-year term.

Article 2: Zoning Amendment #1: Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 3.2 Zoning Map by rezoning Tax Map/Lot # 88-3, #88-4 and # 88-5 from an R-1, Single Family Residential zoning district to an I-Industrial Zoning District.

Article 3: Zoning Amendment #2: Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 2.2.50 Multi-Use definition by clarifying the existing definition and adding density requirements for same within the C-2 and NP districts.

Article 4: Zoning Amendment #3: Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 5.3.1. by deleting subsection B. (Lot Merger Clause) in its entirety according to legislation that has recently passed which no longer allows for mandatory merging of non-conforming lots.

Article 5: Zoning Amendment #4: Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 5.7.7 and 5.7.8 of the Historic District Sign Regulations to further clarify the titles of each section by adding the phrase “Zoning Districts” to the end of each title.

Article 6: Zoning Amendment #5: Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 6, SUPPLEMENTARY USE REGULATIONS, by adding a new section entitled: “6.18 Cemetery Regulations”, in accordance with state regulations.

Article 7: Zoning Amendment #6: Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 9.1.5 Permitted Uses, by adding to the list of allowances elevated, uncovered decks (including gazebo or garden-type structures), storage sheds and native non-invasive plantings.

Article 8: Zoning Amendment #7: Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 9.1. Wetlands Conservation District to make corrections and clarifications within sections 9.1.1.A, 9.1.3.F, 9.1.5.B, 9.1.6.A.3.

Article 9: Zoning Amendment #8: Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 9.3.4 Use Regulations – subsection C. Building Setbacks” to clarify and correct a reference.

Article 10: Zoning Amendment #9: Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 9.4 FLOODPLAIN DEVELOPMENT ORDINANCE by deleting the present Floodplain Development Ordinance in its entirety and replace it with a new ordinance tailored to the needs of the Town of Exeter.

Article 11: Zoning Amendment #10: Are you in favor of the adoption of Amendment #10 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article 12.4 LIMITS OF APPROVAL by allowing the Zoning Board of Adjustment to grant one-year extensions to previously granted approvals.

Article 12

To see if the Town will vote to raise and appropriate the sum of six-million three-hundred fifty thousand dollars (\$6,350,000) for the design and construction of a new groundwater treatment facility at Gilman Park or on property in the adjacent area to include land around the Lary Lane Well, equipping and upgrading the Lary Lane, Gilman Park, and Stadium Well facilities, together with necessary water main upgrades, and to authorize the issuance of not more than (\$6,350,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to accept any state or federal grants related to the project. Debt service will be paid from the water fund.

(3/5 ballot vote required for approval.)

Recommended by the Board of Selectmen

(NOTE: This project is eligible for 30% forgiveness from the principal and interest on an SRF loan from the New Hampshire DES that may range from 3.0 to 4.4 million dollars.)

Article 13

To see if the Town will vote to raise and appropriate the sum of two million nine hundred thousand dollars (\$2,900,000) for the purpose of making water, sewer, and drainage improvements to the Jady Hill area, including replacement and repair of water and sewer lines to address inflow and infiltration problems to the Town's sewer system, and to authorize the issuance of not more than (\$2,900,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to accept any state or federal grants related to the project. Debt service will be paid \$2,650,000 from the sewer fund, \$250,000 from the general fund.

(3/5 ballot vote required for approval.)

Recommended by the Board of Selectmen

Article 14

To see if the Town will vote to raise and appropriate the sum of (\$750,000) for the purpose of replacing water meters throughout the Town, and to authorize the issuance of not more than seven hundred fifty thousand dollars (\$750,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to accept any state or federal grants related to the project. Debt service will be paid from the water fund.

(3/5 ballot vote required for approval.)

Recommended by the Board of Selectmen

(NOTE: This project is eligible for 30% forgiveness from the principal and interest on an SRF loan from the New Hampshire of \$750,000.)

Article 15

To see if the Town will vote to raise and appropriate the sum of five hundred seventy five thousand dollars (\$575,000) for the purpose of replacing two aged and defective culverts over Norris Brook, and to authorize the issuance of not more than (\$575,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to accept any state or federal grants related to the project.

(3/5 ballot vote required for approval.)

Recommended by the Board of Selectmen

Article 16

To choose all other necessary Town Officers, Auditors or Committees for the ensuing year.

Article 17

On petition of Maureen Barrows and others, Shall the Town of Exeter establish and adopt a Budget Committee consistent with the mandates of RSA 32:14 and RSA 32:15, with the said Committee having twelve (12) at large members who shall be elected initially for a term of one year, as required by RSA 32:15 III. (Majority vote require, by ballot only)

Article 18

On petition of Gerard Hamel and others, Shall the following twelve (12) be nominated to serve on the budget committee and elected immediately upon the passage of Budget Committee? Christopher Moutis, James Knight, Deborah Johnson, Jay Childs, Anne Surman, Renee O'Barton, Frank Ferraro, Gerard "Gerry" Hamel.

Article 19

On petition of Robert Eastman and others "Shall the Town of Exeter establish a Water and Sewer Advisory Committee with nine (9) members to be nominated and elected immediately upon the passage of this article? It shall be the charge of the committee to offer oversight, analysis, input and recommendations to the Selectmen, the Budget Committee and the CIP Committee. The said committee shall review the Jady Hill projects as proposed. The said committee shall also make informed recommendations to the citizens regarding the Town of Exeter establishing an elected Water and Sewer Commission pursuant to RSA 38:18, RSA 149-I:19 and RSA 38-C:1, for the management of these town utilities. The committee's study, analysis and recommendations are to be made by October 30, 2011 for the purpose of action at the next town meeting."

Article 20

On petition of Robert Eastman and others, "Shall the following nine (9) be nominated and elected immediately upon the passage of the Water and Sewer Advisory Committee? Joseph Baillargeon, Donald Brabant, Robert Eastman, Brian Griset, Robert Kelly, Eugene Lambert, Mark Leighton, Corey Stevens and James Tanis."

Article 21

On petition of Laura Picciano and others, Shall the Town rescind Article 37 of the 2010 town warrant and replace it with a new cable access revolving fund in accordance with RSA 31:95-C and restrict annual revenue of \$20,000 from cable service franchise fees for the purpose of operating and maintaining Public Access, Education and Government programming channels? Any surplus in the said fund shall not be deemed a part of the general fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of the revenue. The Board of Selectmen shall be appointed as agents to expend from the fund. All funds, with accumulated interest to date of withdrawal, in the cable access revolving fund established by Article 37 of the 2010 town warrant are to be transferred to the municipality's general fund. (Statutory reference, RSA 31:95-C).

Article 22

On petition of Gerard Hamel and others, Shall the Town of Exeter authorize the establishment of a Capital Reserve Fund, pursuant to RSA Chapter 35? The fund will be known as the Highway Improvement Fund. This fund shall be funded by all franchise fee revenue from the Town cable provider to the extent such revenue is not otherwise restricted or reserved by the action of the legislative body and may be expended exclusively for improving and maintaining Town roads, and to appoint the Board of Selectmen as agents to expend from the fund. The monies in the fund shall be allowed to accumulate from year to year and shall not be considered a part of the town's general fund unreserved fund balance. The town treasurer shall have custody of all monies in the fund.

Article 23

On petition of Darius Thompson and others to see if the Town of Exeter, NH will vote, to raise and appropriate the sum of Five Thousand (\$5,000.00) dollars and no cents to defray the expense of the annual Exeter Holiday Christmas Parade for the public under the direction of the Selectmen or a committee to be appointed to serve gratuitously for this purpose.

Recommended by the Board of Selectmen

(Majority vote required)

Article 24

Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriation by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$20,163,648. Should this article be defeated, the default budget shall be \$19,960,113, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

(Majority vote required)

Recommended by the Board of Selectmen

Article 25

To see if the Town will vote to raise and appropriate, through special warrant article, the sum of three-hundred fifty-four thousand and two-hundred dollars (\$354,200) for the purpose of purchasing a portion of the Goupil property (tax map 73, lot 276) (the 'old train station baggage building') on Lincoln Street, and converting it into a visitor's center and ticket office for the community. The total project cost is \$403,200, with a federal grant offset of \$282,240 funding 70% of the project, in-kind services from the Town Department of Public Works and other organizations funding \$49,000 of the project, and general taxation funding \$71,960 of the project.

(Majority vote required)

Recommended by the Board of Selectmen

Article 26

To see if the Town will vote to authorize the Board of Selectmen to enter into 7-year lease/purchase agreement(s) for the purpose of lease/purchasing each of the following pieces of equipment for the Department of Public Works :

Equipment	Principle	Interest	Total
Hwy 6-Wheel Dump Truck	\$150,614	\$27,111	\$177,725
Sidewalk Tractor	\$125,000	\$22,500	\$147,500
Total	\$275,614	\$49,611	\$325,225

and to raise and appropriate the sum of \$51,776 in 2011, which represents the first of 7 annual payments (a total of \$325,225), for this purpose. These lease agreements shall contain an escape clause.

(Majority vote required)

Recommended by the Board of Selectmen

Article 27

To see if the Town will vote to authorize the Board of Selectmen to enter into a 5-year lease/purchase agreement for the purpose of lease/purchasing SCBA (Self-Contained Breathing Apparatus) equipment for the Exeter Fire Department, and to raise and appropriate the sum of \$62,843, which represents the first of 5 annual payments (a total of \$291,128), for this purpose. This lease agreement shall contain an escape clause.

(Majority vote required)

Recommended by the Board of Selectmen

Article 28

To see if the Town will vote to raise and appropriate the sum of two-hundred fifty-thousand dollars (\$250,000), to be added to the Town's paving budget, for the purpose of paving town roads.

(Majority vote required)

Recommended by the Board of Selectmen

Article 29

To see if the Town will vote to raise and appropriate, through special warrant article, the sum of one-hundred forty-seven thousand dollars (\$147,000) for the purpose of completing the final phase of structural repairs and improvements to the brick exterior of the Town Hall, as recommended in the 2001 structural engineering report completed for the Town by SEA Engineers.

(Majority vote required)

Recommended by the Board of Selectmen

Article 30

To see if the Town will vote to authorize the purchase of a conservation easement on the Rider Property located in both Exeter and Kensington, which easement will be acquired by both the Town of Exeter and the Town of Kensington, and to raise and appropriate the sum of forty-thousand dollars (\$40,000), by special warrant article, to go toward that purchase. This sum will be combined with the \$32,000 available from the Exeter Conservation Bond approved by the 2003 Town Meeting and \$13,000 from the Exeter Conservation Fund to fund Exeter's 12.5% share of the total purchase price. The balance of the purchase price will come from the Town of Kensington (12.5%), from a Farm and Ranch Land protection grant (50%), and by donation from the land owner (25%).

(Majority vote required)

Recommended by the Board of Selectmen

Article 31

To see if the Town will vote to authorize the Board of Selectmen to enter into a 3-year lease/purchase agreement for the purpose of lease/purchasing a utility dump truck for the Department of Public Works, and to raise and appropriate the sum of \$20,329 in 2011, which represents the first of 3 annual payments (a total of \$58,569), for this purpose. This lease agreement shall contain an escape clause.

(Majority vote required)

Recommended by the Board of Selectmen

Article 32

To see if the Town will vote to raise and appropriate, through special warrant article, the sum of thirty-seven thousand dollars (\$37,000) for the purpose of completing two projects identified in the Raynes Farm Long Range Development Plan including the full replacement of the barn roof, and demolition of the silo connector and the rebuilding of the barn opening on the Town-owned barn located on the Town-owned Raynes Farm property on Newfields Road.

(Majority vote required)

Recommended by the Board of Selectmen

Article 33

To see if the Town will vote to raise and appropriate, through special warrant article, the sum of twenty-one thousand, six hundred and ninety-five dollars (\$21,695), for the support of various Human Service agencies that will serve Exeter residents in 2011:

Agency	Amount
New Generation Shelter	\$2,000
Families First	\$3,000
New Outlook Teen Center	\$2,700
Great Bay Red Cross	\$800
Great Bay Kids	\$2,495
Seacoast Mental Health	\$8,500
<u>RSVP</u>	<u>\$2,200</u>
Total	\$21,695

(Majority vote required)

Recommended by the Board of Selectmen

Article 34

Shall we adopt the provisions of RSA 41-14:a which , if adopted, will authorize the Board of Selectmen to acquire or sell land, buildings, or both: provided it first complies with statutory requirements, including consultation with the planning board and conservation commission, and the holding of two duly noticed public hearings.

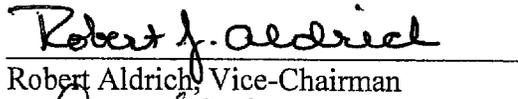

Article 35

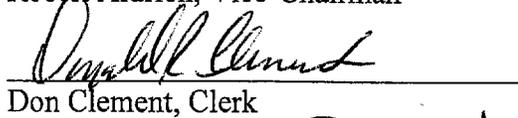

To see if the Town will vote to increase the current motor vehicle local option fee from \$2.50 to \$3.25 to fund transportation services for senior and disabled residents and transportation service needs consistent with RSA 261:153 VI. Proceeds from the fee will be deposited into the Town's Municipal Transportation Improvement Fund. This article will not impact the tax rate.

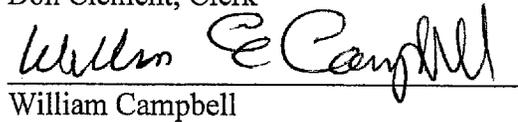

To transact any other business which may legally come before this meeting.

Given under our hands and seal this 27th day of January, 2011.

Julie Gilman, Chairwoman

DEFAULT BUDGET OF THE TOWN

OF: Town of Exeter

For the Ensuing Year January 1, 2011 to December 31, 2011

or Fiscal Year From _____ to _____

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

- 1. Use this form to list the default budget calculation in the appropriate columns.
- 2. Post this form or any amended version with proposed operating budget (MS-6 or MS-7) and the warrant.
- 3. Per RSA 40:13, XI, (a), the default budget shall be disclosed at the first budget hearing.

GOVERNING BODY (SELECTMEN)

or

Budget Committee if RSA 40:14-b is adopted

Under penalties of perjury, I declare that I have examined the information contained in this form and to the best of my belief it is true, correct and complete.

Jeffrey G. Williams

EXETER SCHOOL DISTRICT WARRANT 2011 ANNUAL MEETING

To the inhabitants of the School District of the Town of Exeter, County of Rockingham, State of New Hampshire, qualified to vote upon District affairs:

You are hereby notified to meet as follows:

FIRST SESSION: at the Lincoln Street School Library, Lincoln Street in said Exeter on Tuesday, February 8, 2011, at 7:00 pm for explanation, discussion, debate and possible amendment of the following warrant articles.

1. Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein totaling \$14,908,586? Should this article be defeated, the operating budget shall be \$14,998,368 which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board recommends \$14,908,586 as set forth on said budget.)

2. Shall the District authorize the School Board to spend \$373,673 from the fund established by the voters in 1997 to offset the 2011-2012 Exeter Taxpayers share of the Exeter Region Cooperative School District's bond payment (principal and interest) for the new middle level cooperative school building? (The School Board recommends the approval of this article.)

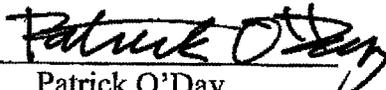

3. To hear reports of agents, auditors, and committees or officers heretofore chosen.

4. To transact any other business which may legally come before the meeting.

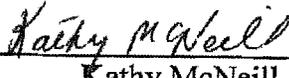

SECOND SESSION: At the Talbot Gym at the Tuck Learning Campus on Linden Street in said Exeter on Tuesday, March 8, 2011, to choose the following School District Officer(s): one (1) school board member for a three (3) year term and vote on the articles listed as 1 and 2 above, as those articles may be amended at the First Session; by ballot, the polls to open at seven of the clock in the forenoon, and to close no earlier than eight of the clock in the evening.

Given under our hands at said Exeter on this 11th day of January, 2011.

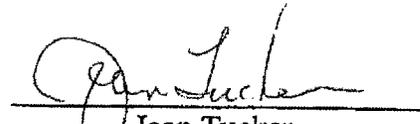

EXETER SCHOOL DISTRICT SCHOOL BOARD:

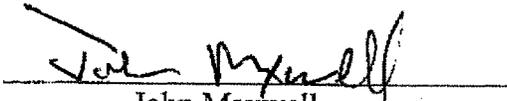

Patrick O'Day

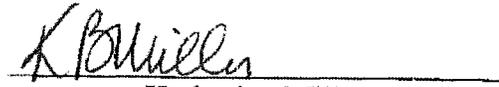

Kathy McNeill

Jean Tucker

John Maxwell

Katherine Miller

**Minutes of the Exeter School District
First Session of the 2010 Exeter School District Annual Meeting
Deliberative Session – Tuesday, February 2, 2010 – 7:00 PM
Lincoln Street School Library**

Attendance:

School Board Members Present: Jean Tucker, Kate Miller, Patrick O'Day, Kathy McNeill

School Board Members Absent: John Maxwell

Moderator: Stephen Hermans

SAU: Paul Flynn, Associate Superintendent

Moderator Hermans called the 1st session of the Exeter School District Annual Meeting to order at 7:05 PM on Tuesday, February 2, 2010. The Pledge of Allegiance was done, he introduced the board and explained that the purpose of this meeting was to explain, discuss and debate each warrant article to determine the form of the ballot that will be voted on at the 2nd session on Tuesday, March 9, 2010 at the Talbot Gymnasium at the Tuck Learning Campus on Linden Street in Exeter. He reviewed the procedure that he would read the article, recognize a board member to talk to the article and then recognize any voter who wishes to speak to the article.

Moderator Hermans read Warrant Article #1:

Warrant Article #1: Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein totaling \$14,496,744? Should this article be defeated, the operating budget shall be \$14,685,970 which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board recommends \$14,496,744 as set forth on said budget.)

Patrick O'Day spoke to the article stating that they worked on the budget with the leaders of the schools protecting the integrity but being fiscally sensitive.

Kate Miller commended the principals for working diligently on all aspects of the budget making it a fair budget with fixed costs going up sharply.

Moderator Hermans declared the article to appear on the ballot as presented.

Moderator Hermans read Warrant Article #2:

Warrant Article #2: Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter School Board and the Exeter Paraprofessional Association (including aides and assistants) covering the three year period from September 1, 2010 to August 31, 2013 which calls for an increase in total salaries and a continuation of other non-salary benefits and salary increases so that the approximate increase in the cost of paraprofessional salaries and salary related benefits because of this agreement and step increases, where applicable, for each of the three years (subject to change resulting from changes in the number of paraprofessionals employed) over the preceding year will be: 2010-2011, \$50,837. For 2011-2012, the increase will range from 0% to 3% based upon the Consumer Price Index for the previous 12 months (assuming a 3% maximum increase over 2010-2011 would be \$88,982). For 2012-2013, the increase will range from 0% to 3% based upon the Consumer Price Index for the previous 12 months (assuming a 3% maximum the increase over 2011-2012 would be \$93,896.)

And further to raise and appropriate the sum of \$50,837 for the 2011-2012 year, such sum representing the additional costs attributable to the increase in salaries and salary related benefits over those included as part of Article 1, the 2010-2011 operating budget? Pursuant to RSA 273-A:12, the terms of this collective bargaining agreement, if approved, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board recommends that the School District enter into this agreement and make the appropriation of \$50,837.)

Kate Miller spoke to this article commending the union for being flexible in their approach to these negotiations in the shadow of tough economic times. She explained the agreement and felt it is realistic.

Moderator Hermans declared the article to appear on the ballot as presented.

Moderator Hermans read Warrant Article #3:

Warrant Article #3: Shall the District authorize the School Board to spend #373,673 from the fund established by the voters in 1997 to offset the 2010-2011 Exeter Taxpayers share of the Exeter Region Cooperative School District's bond payment (principal and interest) for the new middle level cooperative school building? (The School Board recommends the approval of this article.)

Kathy McNeill spoke to this article stating that it will have no effect on taxes.

Moderator Hermans declared the article to appear on the ballot as presented.

Moderator Hermans read Warrant Article #4:

Warrant Article #4: To hear reports of agents, auditors, and committees or officers heretofore chosen.

No reports.

Moderator Hermans read Warrant Article #5:

Warrant Article #5: To transact any other business which may legally come before the meeting.

Arthur Baillargeon complimented the School Board and committee members for their many hours of service involved in the budget process.

SECOND SESSION: At the Talbot Gym at the Tuck Learning Campus on Linden Street in said Exeter on **Tuesday, March 9, 2010**, to choose the following School District Officer(s): two (2) school board members for three (3) year terms; School District Moderator for three (3) year term; School District Clerk for three (3) year term; School District Treasurer for three (3) year term and vote on the articles listed as 1, 2, and 3 above, as those articles may be amended at the First Session; by ballot, the polls to open at seven of the clock in the forenoon, and to close no earlier than eight of the clock in the evening.

Moderator Hermans adjourned the meeting at 7:21 PM on Tuesday, February 2, 2010.

Respectively submitted,

Susan E.H. Bendroth, Exeter School District Clerk
February 2, 2010

**Minutes of the Exeter School District
Second Session of the 2010 Exeter School District Annual Meeting
Voting Session – March 9, 2010**

The polls were open from 7:00 AM – 8:00 PM at the Talbot Gymnasium on the Tuck Learning Campus.

Results of the election were as follows:

Exeter School District School Board Member, term ending at 2013 election

Patrick O'Day	1225
Jean C. Tucker	1373

Exeter School District Moderator, term ending at 2013 election
Stephen G. Hermans 1497

Exeter School District Clerk, term ending at 2013 election
Susan EH Bendroth 1461

Exeter School District Treasurer, term ending at 2013 election
Deanna MacDonald 1404

Article #1: Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein totaling \$14,496,744? Should this article be defeated, the operating budget shall be \$14,685,970 which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board recommends \$14,496,744 as set forth on said budget.)

YES 1399 NO 439

Article #2: Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter School Board and the Exeter Paraprofessional Association (instructional aides and assistants) covering the three year period from September 1, 2010 to August 31, 2013 which calls for an increase in total salaries and a continuation of other non-salary benefits and salary increases so that the approximate increase in the cost of paraprofessional salaries and salary related benefits because of this agreement and step increases, where applicable, for each of the three years (subject to change resulting from changes in the number of paraprofessionals employed) over the preceding year will be: 2010-2011, \$50,837. For 2011-2012, the increase will range from 0% to 3% based upon the Consumer Price Index for the previous 12 months (assuming a 3% maximum the increase over 2010-2011 would be \$88,982). For 2012-2013, the increase will range from 0% to 3% based upon the Consumer Price Index for the previous 12 months (assuming a 3% maximum the increase over 2011-2012 would be \$93,896).

And further to raise and appropriate the sum of \$50,837 for the 2011-2012 year, such sum representing the additional costs attributable to the increase in salaries and salary related benefits over those included as part of Article 1, the 2010-2011 operating budget? Pursuant to RSA 273-A:12, the terms of this collective bargaining agreement, if approved, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board recommends that the School District enter into this agreement and make the appropriation of \$50,837.)

YES 1101 NO 726

Article #3: Shall the District authorize the School Board to spend \$373,673 from the fund established by the voters in 1997 to offset the 2010-2011 Exeter Taxpayers share of the Exeter Region Cooperative School District's bond payment (principal and interest) for the new middle level cooperative school building? (The School Board recommends the approval of this article.)

YES 1426 NO 402

Respectfully Submitted,

Susan EH Bendroth, Exeter School District Clerk

2010-2011 REPORT OF THE SUPERINTENDENT OF SCHOOLS

Opportunities and challenges confront public education today. Considering the scope of history, these are not unique, but they do require creative solutions. For the first time in the history of our country, gasoline sold for an average of over \$3.00 per gallon at Christmastime; social security recipients did not receive a cost of living adjustment for the second consecutive year; the US economy exceeded a \$13 trillion debt; and our nation remains at war in Iraq and Afghanistan. It is no wonder that public service organizations, including New Hampshire's public schools, are forced to confront a difficult reality.

Even with these economic conditions, the expectation to provide an outstanding and comprehensive education for our students remains at the forefront of the six communities that comprise School Administrative Unit 16. Families stay here and young couples move here because of the excellent educational programs and services for which our seven independent school districts are known.

Our collective mission as responsible citizens is to continue to provide the best possible public education for the most affordable cost because our children are our future. They are the ones who will have to confront massive national debt and who continue to struggle for international peace.

SAU 16 STRATEGIC PLAN

One of the most significant accomplishments of this year is the unanimous adoption of an SAU Strategic Plan that will set the course for the delivery of programs and services for the next five years. From what began as an initiative in late 2008 concluded with 70 diverse individuals, representing all six towns in the SAU, recommending specific action plans to the SAU Joint Board in October 2010. The Strategic Plan Steering Committee included representation for all seven school districts and captured significant recommendations in the following areas: Communications; Community Involvement; Curriculum and Assessment; Design and Philosophy; Governance; Lifestyles; and Special Education. The implementation phase of the Strategic Plan has begun and individual School Boards have begun to prioritize their goals and future work based on this plan.

Curriculum, Communications, and Community Service

Three of the significant areas that have already begun to see added attention are curriculum, communications, and community service. The new Vision Statement is clear: "To provide a rigorous and comprehensive education that will prepare our students for diverse post-secondary educational opportunities, a competitive workplace, and active civic participation."

Even though some budget issues have led to larger class sizes, fewer administrators, and creative funding strategies, teachers and staff work hard to provide outstanding curriculum opportunities for students. This includes, but is not limited to, the increase of kindergarten time at Newfields Elementary and Main Street Schools; additional course offerings at Exeter High School (EHS), including greater involvement with Project Running Start at both EHS and the Seacoast School of Technology (SST) where high school students earn college credit; the expansion of direct math instruction at the Cooperative Middle School; and more in-depth science instruction at East Kingston Elementary School. The delivery of a solid curriculum that emphasizes high expectations for every student is the foundation of our collective educational mission that will "help students gain knowledge and skills that build intellect, character, and a lifelong thirst for learning."

Communications with various constituent groups remains crucial in today's information society. Websites for both the SAU and individual schools are updated regularly to provide valuable information to students, parents, and community members. Newspapers regularly carry a variety of stories from athletics to fine arts accomplishments and from budget to human interest stories. The local cable access channel broadcasts many local interest programs from School Board meetings to high school football and soccer games. Watch for the expansion of programming during the upcoming year when SAU 16 will host its own separate "Educational Channel" that will be available to Comcast viewers in all six towns within the SAU. This was made possible through the Town of Exeter's negotiations with Comcast this year.

While continuing many past efforts this year, every school within the SAU took an active role in providing extensive community service that impacted others in a positive way. This included numerous efforts to provide food and basic necessities to families and local food pantries. Kensington Elementary was very involved with its Jingle Bells Jaunt for the second consecutive year. Over 10,000 food items were donated in two years to help others. Rather than accepting gifts during the holiday season, the staffs at Stratham Memorial School and Newfields Elementary School asked parents to donate items to the NH Food Bank or Pease Greeters respectively. Also, for the second consecutive year, the Do Good Denim project collected over 2,500 pairs of slightly-used jeans that were distributed to students in the North Country where their communities were hardest hit by the closing of mills and the significant loss of jobs. Through the collective efforts of many of the school nurses, often unsung heroes within the SAU, many struggling families received holiday baskets. Limited space here does not allow for the extensive enumeration of all of the outstanding acts of service that our students and staff perform each year. Suffice it to say, however, that community service is very important and visible within our school communities.

PRINCIPAL OF THE YEAR--2011

Ms. Margaret Callahan, Principal of the Seacoast School of Technology (SST) since 2007, was selected as the Career and Technical Education Principal of the Year by the New Hampshire Association of School Principals. This impressive distinction highlights the outstanding work that Ms. Callahan has done, and continues to do, at SST and throughout the state. Her support of students and staff and her success with significant community involvement for the 13 programs offered at SST regularly reaps benefits for the school. It is important to note that SST serves students from six different area high schools and is considered to be the best high school career and technical education center in New Hampshire.

CHAMPIONS FOR CHILDREN

The SAU 16 Champions for Children award was established last year as an opportunity for each school district to recognize individuals who have distinguished themselves by demonstrating significant involvement in programs and/or services that directly benefit the students and families of SAU 16.

Since its inception 35 individuals have been recognized for their outstanding contributions to our districts. This year's award recipients include the following school board recognitions: Exeter Region Cooperative - Dr. Philip Hatcher, Rev. Michael Pike, Susan McFarland Moynahan, Martha LaPerle, Ed Pease, Kathy Bean, Langdon Plumer, Mike Wentworth, and the Robinson Trust Board of Trustees; East Kingston - Chris Benson; Exeter - Sue Bendroth and Deanna MacDonald; Kensington - Lili Spinosa; Newfields—Laura Gowing; Brentwood—Sheila Lane; Stratham - Susan Bessemer, Jordan Ambargis, Nathan Merrill, Bruce Scamman, Susan Adler, Jennifer Snow, and Patricia Dukeman. These individuals have significantly impacted their respective schools and communities. Congratulations to each of them!

SOLAR ARRAYS

Drive onto the grounds of Exeter High School today and see the large solar array that was installed this year. In conjunction with Revolution Energy, Chief Financial Officer (CFO) Nathan Lunney played a pivotal role in securing an investment of \$200,000 from Unitil, one of our public utilities, as well as significant savings through tax credits from the US Department of Energy to assist in the funding of this conservation effort. This initiative has both economic and educational benefits to the Exeter Region Cooperative School District.

The East Kingston Elementary School District is also in the process of installing its own 60 kW solar array on school grounds. This was funded by a competitive federal block grant that was initiated by School Board member, Bob Nigrello. These two examples display the commitment of the seven districts within the SAU to find creative ways to conserve natural resources while also assisting taxpayers with long-term costs of essential services.

BLUE RIBBON AWARDS

For 29 consecutive years, New Hampshire Partners in Education has recognized the volunteer efforts of parents and community members who are directly involved in local schools. In October 2010, every elementary school in SAU 16 and the Seacoast School of Technology distinguished themselves by achieving this prestigious award. This is an outstanding accomplishment and a clear acknowledgement of the positive relationships that exist between our schools and their local communities.

EHS ACCREDITATION RENEWAL PROCESS

Exeter High School completed the process of its ten-year accreditation review that is coordinated through the New England Association of Schools and Colleges (NEASC). After an extensive self-study done by the EHS staff and administration, the onsite review by the sixteen-member NEASC Visiting Team took place in November 2010. This effort involves significant individual and group work by the entire administration, faculty, and staff at EHS. All of this work is connected directly toward making our high school program and students better prepared to meet the challenging demands of education and living in the 21st Century.

SPECIAL EDUCATION MEDICAID UPDATE

The SAU office was notified in early September 2010 by the Department of Health and Human Services (DHHS) to prepare for an audit of the NH Medicaid to the Schools program in all school districts for medically related services billed in the 2008-2009 school year. In late October, a federal audit process was initiated by the Centers for Medicare and Medicaid Services (CMS) requesting records under the Payment Error Rate Measurement Program (PERM).

The SAU 16 school districts have recovered an estimated \$3.5M from Medicaid billing in the years since the previous audit in 2001. Audit activities require a detailed production of service delivery records and other documents across all operations in the SAU, including but not limited to: transportation; physical, occupational, and/or speech and language therapies; nursing and counseling services; and rehabilitative assistants. An early analysis of the findings evidenced a low error rate in transaction logs indicating minimal exposure for recovery of funds already received by the district. This recovery of funds is commonly called a "payback."

In response to the first round of the DHHS audit findings, our schools were able to produce documentation preserving \$132,000 of the initial \$140,000 challenge. Additional evidence and

justification have been provided to the DHHS auditor to retain the remaining \$8,000.00 balance. A final letter of findings is anticipated in late winter 2011. The federal audit challenge was also answered and given the verification documents the districts produced, it is likely that any revenue loss, if any, will be minimal.

This excellent outcome is evidence of a truly collaborative effort among the SAU offices, each school's staff members, and our Medicaid billing contractor, Multi-State Billing Company. On behalf of the exceptional learners in our schools, I want to thank the members of the SAU 16 communities for their assistance and support.

RX REBATE PROGRAM

Due to the significant efforts of Associate Superintendent Paul Flynn, the Rx Rebate Program offered by the federal government for school districts who have retirees who do not participate in Medicare Part D is continuing to pay dividends. Since enrolling in the rebate program in March 2009, SAU districts have been reimbursed \$109,000.

COMMON CORE STATE STANDARDS

In July 2010, the New Hampshire Board of Education adopted the Common Core State Standards (CCSS) in Math and English Language Arts. In tandem with this recent adoption was the approval by the SAU 16 Joint Board of our Strategic Plan which includes many curriculum action plans. These two decisions have focused the curriculum work within the districts. Math, English Language Arts, and Science curriculum areas are each represented by a SAU team of teachers and administrators giving each curriculum area grade level and district overview. The work of curriculum committees is to review and identify the essential skills in each content area by grade level. This work should be completed by June 2011 in all three content areas. Along with this review is the completion of a cross-walk between our current curricula with the newly adopted CCSS.

NO CHILD LEFT BEHIND

Both the Cooperative Middle School (CMS) and Exeter High School (EHS) have been designated as "Schools in Need of Improvement" (SINI) because of student results on the annual New England Common Assessment Program (NECAP) tests. CMS was designated a SINI in 2008. However, the 2009 results indicated that CMS met "Adequate Yearly Growth" (AYP) in all categories. CMS must make AYP in all categories for two years in a row to have the SINI designation removed by the New Hampshire Department of Education. EHS was designated a SINI due to the 2009 NECAP performance of its educational disabled and economically disadvantaged students in both math and reading.

Due to each school's status as a SINI, the Exeter Region Cooperative School District has been deemed a "District in Need of Improvement" (DINI). Both schools have developed a SINI plan and the District has developed a DINI plan to address areas in need of improvement. These plans are available for review on the SAU 16 website. Included within these plans was the creation of SINI and DINI teams that meet regularly to monitor progress.

STUDENT ASSESSMENT

During the fall of 2010, all students in grades 3-8 and 11 participated in the New England Common Assessment Program (NECAP) exams in reading and mathematics. Fifth, eighth and eleventh graders participated in a writing component as well. In May 2010, the NECAP Science Test was administered to all students in grades 4, 8 and 11. The results of those tests indicate that the performance of SAU 16 students continue to be strong relative to their statewide peers.

Annually in May, the CMS and EHS administer the Northwest Evaluation Association (NWEA) Measures of Academic Progress. This computer adaptive instrument provides one indicator of each student's growth over a set period of time in reading, language usage, and mathematics. The NWEA program also provides valuable information that assists in grouping students and illustrating specific instructional suggestions for each student.

All students are assessed in a variety of ways including teacher-developed tests, projects, displays and presentations. Elementary teachers use a variety of assessments such as the Dynamic Indicators of Basic Early Literacy Skills (DIBELS), California Achievement Tests, Terra Nova Tests, Gates MacGinitie Reading Tests, and other benchmark assessments to diagnose individual strengths and weaknesses and better inform their instructional practice. It is important to remember that any standardized test is one indicator and one type of assessment. In addition to using multiple measures, our teachers encourage and provide opportunities for students to demonstrate what they "know and are able to do."

CONTRACT NEGOTIATIONS

There are now eleven formal collective bargaining associations within SAU 16; five of them were open to negotiations with their respective school boards during the current school year. All five of them reached tentative agreements that will be presented to the voters in the respective districts for action in March 2011. Voter approval is necessary in order for the agreements to become effective. These involve the teachers associations in the Brentwood, Kensington, Newfields, Stratham, and the Exeter Region Cooperative districts. During the 2011-2012, five other contracts will be open for negotiations.

NEWFIELDS PRINCIPAL CHANGE

Mrs. Helen Rist became the Principal of Newfields Elementary School in July 2010. She replaced Mr. Dennis Dobe who accepted the position of Principal at Woodland Heights Elementary School in Laconia. Mr. Dobe faithfully served the Newfields community for seven and a half years. His hard work and solid professional efforts on behalf of the students and families in Newfields have been well received and sincerely appreciated.

Mrs. Rist is a resident of Dover and came to SAU 16 from the Newington Public School where she served as Teaching Principal from 2003-2010. From 1988-2003, she served as classroom teacher, resource room teacher, reading specialist, and assistant principal at Garrison Elementary School in Dover.

TUCK LEARNING

The diverse educational avenues provided through the SAU continue to manifest the collective commitment to meet the many individual needs of our secondary school students. Consider the on-going success of the project-based **Great Bay eLearning Charter School (GBeCS)** that currently serves 165 students in grades 8-12 with 60% of those students coming from one of our six communities.

The **Exeter Adult Education** program captures the interest of over 500 students who choose from among courses that enrich their lives to courses leading to high school diplomas or GED (General Educational Development). It is important to note that the Enrichment Program is now in its 44th year!

The **Exeter High School Alternative Education** program provides an educational opportunity that includes a combination of academic, behavioral, social, civic, and work based learning

experiences. The goal of their program is to empower students to succeed as knowledgeable graduates leading productive lives within the community.

The **Seacoast School of Technology (SST)** offers an outstanding array of career and technical education programs for students from six area high schools including Exeter. The outstanding success of these programs is measured in both the consistent and regular work opportunities provided to students and the significant community involvement by area businesses and leaders who provide support and serve on advisory boards that assist with funding and public relations for the school.

SEACOAST PROFESSIONAL DEVELOPMENT CENTER

The Seacoast Professional Development Center (SPDC) is enjoying a successful year and would like to thank its member SAUs and districts for the ongoing support of the center. Jennifer Middaugh, Coordinator, has recently presented a newly revised business plan for the center which will be reviewed by the board of directors at the winter meeting. Ms. Middaugh is a tremendous asset to the center and is to be commended for her ongoing efforts to provide quality professional development opportunities to area educators.

TECHNOLOGY

The SAU 16 Technology Committee is focusing its efforts on curriculum development and review of policies contained within the SAU 16 Technology Plan. Subcommittees have been formed and special thanks are extended to Richard Pratt and Rebekah Prince for chairing the subcommittees.

The IT Department would like to recognize Jim Kach for his service to SAU 16 and its member schools. Jim has been a contributing member of our technology team and has been a positive force in keeping our schools and classrooms technology ready. We wish Jim many well wishes for a very happy retirement and welcome his continued part-time service.

In summary, it is important to note that each school year brings its own set of challenges and opportunities. On behalf of all of the students, families, and staff served by SAU 16, please accept my gratitude for your support of our schools—even in these difficult economic times. It is a pleasure for me to be working with you in this most important undertaking because our students are our future leaders, workers, parents, and taxpayers.

Respectfully submitted,

MICHAEL A. MORGAN
Superintendent of Schools

2011 SCHOOL DISTRICT WARRANT

EXETER REGION COOPERATIVE SCHOOL DISTRICT

To the inhabitants of the Exeter Region Cooperative School District, County of Rockingham, State of New Hampshire qualified to vote upon District affairs:

You are hereby notified to meet as follows:

FIRST SESSION OF THE ANNUAL MEETING (Deliberative Session): In the Arthur L. Hanson III Center for the Performing Arts at Exeter High School, 1 Blue Hawk Drive in Exeter, New Hampshire on **Thursday, February 10, 2011, at 7:00PM** for explanation, discussion, debate, and possible amendment of the following warrant articles:

1. Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$48,922,530? Should this article be defeated, the default budget shall be \$48,922,530, which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board and Budget Advisory Committee both recommend \$48,922,530 as set forth on said budget.)

2. Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Education Association covering the three year period from September 1, 2011 to August 31, 2014 which calls for the following increases in salaries and benefits at the current staffing levels:

Year	Estimated Increase
2011-12	\$ 449,365
2012-13	\$ 499,641
2013-14	\$ 595,017

and further raise and appropriate the sum of \$449,365 for the 2011-12 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year? Pursuant to RSA 273-A:12, the terms of this collective bargaining agreement, if approved, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board recommends this appropriation. The Budget Advisory Committee does not recommend this appropriation.)

3. Shall the District raise and appropriate to the expendable trust fund known as the "Maintenance Fund" (established by the 2001 District meeting under RSA 198:20-c for the purpose of funding long term and/or unexpected maintenance/repair projects of school buildings and grounds) the sum of the amount of the June 30, 2011 undesignated fund balance (surplus) up to \$40,000? (The School Board and Budget Advisory Committee both recommend this appropriation.)

4. To hear reports of agents, auditors, and committees or officers heretofore chosen.

5. To transact any other business which may legally come before the meeting.

SECOND SESSION: At the polling places designated below on Tuesday, **March 8, 2011**, to choose the following School District Officers:

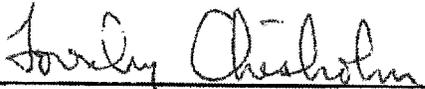

School District Board Member (East Kingston)	3-year Term Expiring 2014,
School District Board Member (Exeter)	3-year Term Expiring 2014,
School District Board Member (Stratham)	3-year Term Expiring 2014,
School District Board Member (Kensington)	2-year Term Expiring 2013,
School District Moderator	1-year Term Expiring 2012,
Budget Committee Member (Brentwood)	3-year Term Expiring 2014,
Budget Committee Member (Exeter)	3-year Term Expiring 2014,
Budget Committee Member (Kensington)	3-year Term Expiring 2014;

and vote on the articles listed as **1, 2, and 3**, as those articles may be amended at the First Session; by ballot, the polls to be open at the polling places at the hours designated below:

<u>VOTERS IN TOWN OF</u>	<u>POLLING PLACE</u>	<u>POLLING HOURS</u>
Brentwood	Recreation Center	8:00 AM to 7:00 PM
East Kingston	East Kingston Elementary School Multi-purpose Room	8:00 AM to 7:00 PM
Exeter	Talbot Gymnasium Tuck Learning Campus	7:00 AM to 8:00 PM
Kensington	Kensington Town Hall	8:00 AM to 7:30 PM
Newfields	Newfields Town Hall	8:00 AM to 7:00 PM
Stratham	Stratham Municipal Center	8:00 AM to 8:00 PM

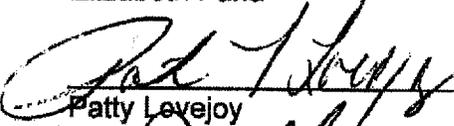

Given under our hands at EXETER on this 24th day of January, 2011.

INDEPENDENT AUDIT REPORT SUMMARY FISCAL YEAR ENDING JUNE 30, 2009

General Financial Statements and Federal Awards: Unqualified Opinions

PLODZIK & SANDERSON

Professional Association/Accountants & Auditors

193 North Main Street • Concord, New Hampshire • 03301-5063 • 603-225-6996 • FAX: 224-1380

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Exeter Region Cooperative School District
Exeter, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Exeter Region Cooperative School District as of and for the year ended June 30, 2009, which collectively comprise the Exeter Region Cooperative School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Exeter Region Cooperative School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 11 to the financial statements, management has not recorded the long-term costs of retirement health care and obligations for other postemployment benefits in governmental activities. Accounting principles generally accepted in the United States of America require that those costs be recorded, which would increase the liabilities and expenses of the governmental activities. The amount by which this departure would affect the liabilities, net assets and expenses of the governmental activities is not reasonably determinable.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the governmental activities of the Exeter Region Cooperative School District as of June 30, 2009, or the changes in financial position thereof for the year then ended.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the remaining aggregate remaining fund information of the Exeter Region Cooperative School District, as of June 30, 2009 and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report that the School District's internal control over financial reporting and our tests of compliance contracts, and grant agreements and other matters. The purpose of that report is to describe financial reporting and compliance and the results of that testing, and not to provide financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiry and measurement and presentation of the required supplementary information. However, we do not express an opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements of the Exeter Region Cooperative School District's basic financial statements. The combining and individual fund information and are not a required part of the basic financial statements. The federal awards is presented for purposes of additional analysis as required by the U.S. GAO, *Audits of States, Local Governments, and Non-Profit Organizations*, and is a part of the financial statements of the Exeter Region Cooperative School District. The combining and individual fund information and expenditures of federal awards have been subjected to the auditing procedures applied in our opinion, are fairly stated in all material respects in relation to the basic financial statements.

December 13, 2010

SCHEDULE II EXETER REGION COOPERATIVE SCHOOL DISTRICT Schedule of Findings and Questioned Costs For the Fiscal Year Ended June 30, 2009

SECTION I - SUMMARY OF AUDITOR'S RESULTS

A. Financial Statements

1. The auditor's report expresses an unqualified opinion on the financial statements of each major fund and the aggregate remaining fund information, and an adverse opinion on the financial statements of the governmental activities.
2. There were no material weaknesses identified relating to the internal control over financial reporting.
3. There were no significant deficiencies identified which were not considered material weaknesses relating to the internal control over financial reporting.
4. There were no instances of noncompliance material to the financial statements identified.

B. Federal Awards

1. There were no material weaknesses identified relating to the internal control over major programs.
2. There were no significant deficiencies identified which were not considered material weaknesses relating to the internal control over major programs.
3. The auditor's report on compliance for major programs expresses an unqualified opinion.
4. There are no audit findings required to be reported in accordance with Circular A-133, which are reported in Section III of this Schedule.
5. The program tested as a major program is CFDA No. 84.002: Adult Education – Basic Grants to States.
6. The threshold for distinguishing between Types A and B programs was \$300,000.
7. The Exeter Region Cooperative School District was determined not to be a low-risk auditee.

**MINUTES OF THE EXETER REGION COOPERATIVE SCHOOL DISTRICT
FIRST SESSION OF THE 2010 ANNUAL MEETING
DELIBERATIVE SESSION – THURSDAY, FEBRUARY 4, 2010
EXETER HIGH SCHOOL - ARTHUR HANSON III PERFORMING ARTS CENTER**

ERCSD Board Members Present:

Kris Magnusson – Chair – Brentwood
Kate Segal – Exeter
Jennifer Maher – Stratham
Barbara RigordovaEva – Kensington

Townley Chisholm – Vice-Chair – Exeter
Patricia Lovejoy – Stratham
Dave Miller – East Kingston
Michael Grant – Newfields

ERCSD Board Members Absent:

Tomasen Carey – Exeter

Administration: Michael Morgan, Nathan Lunney

Chair of Budget Advisory: Robert Aldrich

Moderator: Charles Tucker, Esq.

ERCSD Clerk: Susan Bendroth

Moderator Tucker called the meeting to order at 7:02 PM followed by the Pledge of Allegiance and introduction of the board members, administration and other parties. He explained that the purpose of the meeting was to discuss, debate and possibly amend the following warrant articles, which would then be voted on Tuesday, March 9, 2010. As moderator he would read each article, someone from the board would speak to the article and then anyone interested in speaking to the article would have an opportunity to do so. They would need to come up to the microphone on the floor, identify themselves and town in which they reside and is providing an amendment would need to do so in writing. He would entertain a voice vote first; only upon question would he ask to have a card vote.

Moderator Tucker read Warrant Article #1:

1. Shall the district raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$48,529,350? Should this article be defeated, the default budget shall be \$48,991,020, which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board and Budget Advisory Committee both recommend \$48,529,350 as set forth on said budget.)

Nathan Lunney thanked the Budget Advisory Committee, the Board and the Administration for their work on coming up with this budget. He stated the proposed budget is less than the default budget and went on to highlight the changes.

Moderator Tucker noted with no questions, the article would be placed on the ballot as presented.

Moderator Tucker read Warrant Article #2

2. Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Area Administrators Association covering the two year period from July 1, 2010 to June 30, 2012 which calls for the following net increases in salaries and benefits at the current staffing levels:

Year	Estimated Increase
2010-2011	\$ 28,510
2011-2012	\$ 36,026

and further raise and appropriate the sum of \$28,510 for the 2010-11 fiscal year, such sum representing the additional costs attributable to the net increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels paid in the prior fiscal year? Pursuant to RSA 273-A:12, if approved, the terms of this collective bargaining agreement, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board recommends this appropriation.)

Patty Lovejoy stated the administrators formed a union and a contract agreement needed to be negotiated. She explained the provisions in the contract highlighting the changes in the health care benefits.

Liz Faria of Brentwood asked what happens if the voters vote down this article. Patty Lovejoy responded by saying there would be no raises but the current health plan that is more expensive would stay in place.

Robert Aldrich proposed an amendment to the article as a result of the January 26, 2010 Budget Advisory meeting. He made a motion to add (The School Board and Budget Advisory Committee both recommend this appropriation.) Arthur Baillargeon, Exeter, seconded the amendment and the amendment was voted on. Moderator Tucker declared that the article would be placed on the ballot as amended.

Moderator Tucker read Warrant Article #3:

3. Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Education Association covering the three year period from September 1, 2010 to August 31, 2013 which calls for the following increases in salaries and benefits at the current staffing levels:

Year	Estimated Increases
2010-11	\$ 98,540
2011-12	\$ 894,984
2012-13	\$ 853,174

and further raise and appropriate the sum of \$98,540 for the 2010-11 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year? Pursuant to RSA273-A:12, if approved, the terms of this collective bargaining agreement, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board recommends this appropriation.)

Michael Grant explained that this was a lengthy process with several goals in mind of minimizing increases, seeking to reduce health insurance and making adjustments to the salary scale. He felt a good part of these goals were achieved with respect on both sides. He went on to explain the agreement.

Arthur Baillargeon, Exeter asked if there are any population increases in 2011-2012 or 2012-2013.

Michael Morgan responded by saying none were anticipated.

Malcolm Allenson, Brentwood asked if the vote was split or unanimous.

Michael Grant stated that the large majority was in favor.

Robert Aldrich proposed an amendment to the article as a result of the January 26, 2010 Budget Advisory meeting. He made a motion to add (The School Board and Budget Advisory Committee both recommend this appropriation.) Susan Canada, Stratham, seconded the amendment and the amendment was voted on. Moderator Tucker declared that the article would be placed on the ballot as amended.

Moderator Tucker read Warrant Article #4:

4. Shall the District raise and appropriate to the expendable trust fund known as the "Special Education Trust Fund" (established by the 2002 District meeting under RSA 198:20-c for the purpose of funding unanticipated special education expenses) the sum of the amount of the June 30, 2010 undesignated fund balance (surplus), up to \$100,000? (The School Board and Budget Advisory Committee both recommend this appropriation.)

Kate Segal Spoke to this article explaining that we are responsible for meeting the needs of all of our students.

Moderator Tucker noted with no questions, the article would be placed on the ballot as presented.

Moderator Tucker read Warrant Article #5:

5. Shall the District raise and appropriate to the expendable trust fund known as the "Maintenance Fund" (established by the 2001 District meeting under RSA 198:20-c for the purpose of funding long term and/or unexpected maintenance/repair projects of school buildings and grounds) the sum of the amount of the June 30, 2010 undesignated fund balance (surplus) after giving effect to any appropriation under Article 4, above, up to \$80,000? (The School Board and Budget Advisory Committee both recommend this appropriation.)

Tomasen Carey explained that this article covers any unforeseen problems.

Arthur Baillargeon, Exeter, asked how much was spent last year?

Nathan Lunney responded by saying that no money was put into this fund last year but \$40,000 was added the year before. The Tuck Campus was renovated for \$200,000 over 5 years so it was decided not to add to it last year.

Moderator Tucker noted the article would be placed on the ballot as presented.

Moderator Tucker read Warrant Article #6:

6. On the petition of Jeffrey P. Bryan and others:

To see if the Exeter Region Cooperative School District will vote to authorize the written statement of the recommendation or non-recommendation by the Budget Advisory Committee on any and all appropriations articles according to RSA 32:5v guidelines, to be printed on the school district warrant.

Elyse Seeley, Brentwood spoke to this article and offered an amendment to this article. The article would read the same with the addition: **in the manner that you see on this year's ballot.**

Helen Joyce, Stratham seconded the amendment and a vote was taken.

Moderator Tucker declared that the article would be placed on the ballot as amended.

Moderator Tucker read Warrant Article #7:

7. To see if the voters of the Exeter Region Cooperative School District direct the School Board to support any and all efforts of the New Hampshire School Boards Association to seek legislative repeal of RSA 273-A:12, Section VII., the provision in statute commonly referred to as the statutory "Evergreen Clause," to restore local control in the collective bargaining and school district budget processes. (The School Board recommends adoption of this article.)

Kris Magnusson explained that this allows the Board to negotiate the way they always have.

Moderator Tucker declared that the article would be placed on the ballot as amended.

8. To hear reports of agents, auditors, and committees or officers heretofore chosen. No reports.

9. To transact any other business which may legally come before the meeting.

Arthur Baillargeon, Exeter wanted to take this opportunity to thank the Board for their dedicated hours and the Superintendent for his leadership.

Helen Joyce, Stratham, as the chair person of the SAU Communication Committee, wanted everyone to know that guidance positions have been cut from CMS and the high school and because of the economic woes is not recommending that these positions be put back in but when considering the academic, social and psychological development of the students that these positions be top priority in the future to reinstate.

Kris Magnusson thanked Ms. Joyce for her comment and assured her that the Board will be watching, listening and asking about the impact of the reduced budget decisions.

Liz Faria, Brentwood commented that with an approximate total of 23,972 voters not many people came out tonight.

SECOND SESSION: At the polling places designated below on Tuesday, March 9, 2010, to choose the following School District Officers:

School District Board Member (Brentwood)	3-year Term Ending 2013
School District Board Member (Exeter)	3-year Term Ending 2013
